Okwami Abazali futhi Kusenesikhathi Impilo

Izici eziphawulekayo zesiko laseNdiya sekuyisikhathi eside ziwukufuna iqiniso eliphelele kanye ne-guru-guru ehambisanayo **1-2** ubuhlobo. Indlela yami yangiholela esihlakaniphini esifana noKristu esimpilo yaso enhle yaqoshwa isikhathi eside. Wayengomunye wamakhosi amakhulu ayizinsika zaseNdiya.

Njengoba bekhula kuzo zonke izizukulwane, bavikele izwe labo ekubhujisweni kweBhabhiloni neGibhithe.

Ngithola izinkumbulo zami zokuqala zimboza izici ezingavumelani nomlando womuntu owake waba khona. Izinkumbulo ezicacile zafika kimi ngempilo ekude, i-yoga **1-3** phakathi kweqhwa laseHimalaya. Lokhu kuboniswa kwesikhathi esidlule, ngesixhumanisi esingenakulinganiswa, kwanginika nombono wesikhathi esizayo.

Ukuhlazeka kobuntwana akususiwe engqondweni yami. Ngangicasukile ngokucasuka ukuthi angikwazi ukuhamba noma ukukhuluma ngokukhululeka. Kwavela ukuqhuma komthandazo ngaphakathi kimi njengoba ngangiqaphela ukungabi namandla komzimba wami. Impilo yami enamandla ngokomzwelo yathatha isimo sokuthula njengamagama ezilimini eziningi. Phakathi kokudideka kwangaphakathi kwezilimi, indlebe yami yajwayela kancane kancane ama-syllables esiBengali ajikelezayo abantu bakithi. Ububanzi obukhohlisayo bengqondo yosana! Njengoba umuntu omdala ebhekwa njengomuntu onamathoyizi nezinzwane kuphela.

Ukuvuvuka kwengqondo kanye nomzimba wami ongaphenduli kwangenza ngaba nezinhlupho eziningi zokukhala. Ngikhumbula ukudideka komndeni ngokucindezeleka kwami. Izinkumbulo ezijabulisayo nazo ziyangilandela: ukuphulula kukamama, kanye nemizamo yami yokuqala yokukhuluma kahle nokunyathela phansi. Lokhu kunqoba kwasekuqaleni, okuvame ukukhohlwa ngokushesha, kuseyisisekelo semvelo sokuzethemba.

Izinkumbulo zami ezifinyelela kude azihlukile. Ama-yoga amaningi ayaziwa ukuthi agcine ukuziqaphela kwawo ngaphandle kokuphazamiseka ngokushintsha okukhulu ukuya nokubuya "ekuphileni" kanye "nokufa." Uma umuntu engumzimba nje kuphela, ukulahlekelwa kwawo kubeka isikhathi sokugcina sobunikazi. Kodwa uma abaprofethi eminyakeni eyizinkulungwane bekhuluma iqiniso, umuntu empeleni ungumuntu ongaphili. Inggikithi eqhubekayo yobugovu bomuntu ihlotshaniswa okwesikhashana nokuqonda kwengqondo.

Nakuba izinkumbulo ezingavamile nezicacile zobuntwana azivamile kakhulu. Ngesikhathi sohambo emazweni amaningi, ngilalele izinkumbulo zakuqala ezivela ezindebeni zamadoda nabesifazane abathembekile.

Ngazalwa eminyakeni eyishumi yokugcina yekhulu leshumi nesishiyagalolunye, futhi ngadlula iminyaka yami yokuqala eyisishiyagalombili eGorakhpur. Lena indawo engazalelwa kuyo eZifundazweni Ezihlangene zasenyakatho-mpumalanga yeNdiya. Sasingabantwana abayisishiyagalombili: abafana abane namantombazane amane. Mina, Mukunda Lal Ghosh oneminyaka **engu-1-4**, ngangiyindodana yesibili kanye nengane yesine.

Ubaba noMama babengamaBengali, besigaba *samaKshatriya* . **1-5** Bobabili

babusiswa ngemvelo yobungcwele. Uthando lwabo oluhlangene, oluzolile nolunesithunzi, aluzange luziveze kalula. Ukuzwana okuphelele kwabazali kwakuyisikhungo esizolile sesiphithiphithi esijikelezayo sezimpilo eziyisishiyagalombili ezisencane.

UBaba, uBhagabati Charan Ghosh, wayenomusa, enonya, ngezinye izikhathi enolaka. Njengoba ayemthanda kakhulu, thina bantwana kodwa sasiqaphela ibanga elithile elihloniphekile. Njengoba ayeyisazi sezibalo nesokucabanga esivelele, wayeqondiswa ngokuyinhloko ukuhlakanipha kwakhe. Kodwa uMama wayeyindlovukazi yezinhliziyi, futhi wasifundisa ngothando kuphela. Ngemva kokufa kwakhe, uBaba wabonisa ububele bakhe bangaphakathi. Ngaphawula ngaleso sikhathi ukuthi amehlo akhe ayevame ukuguqukela kobukamama.

Umama ekhona, saqala ukujwayelana nemibhalo engcwele ngendlela emnandi nebabayo. i *i-mahabharata* futhi *i-ramayana* **1-6** babe ngobuhlakani kubizwe ku-hlangana i izidingo

kwe isiyalo. Imiyalelo futhi isijeziso wahamba isandla ku isandla.

Isenzo sansuku zonke sokuhlonipha ubaba sasinikezwa nguMama owayesigqokisa kahle ntambama ukuze amamukele ekhaya evela ehhovisi. Isikhundla sakhe sasifana nesephini likamongameli, eBengal-Nagpur Railway, enye yezinkampani ezinkulu zaseNdiya. Umsebenzi wakhe wawuhlela ukuhamba, futhi umndeni wethu wawuhlala emadolobheni amaningana ngesikhathi ngiseyingane.

Umama wayebabambele isandla esivulekile abaswele. Ubaba naye wayenomusa, kodwa inhlonipho yakhe ngomthetho nokuhleleka yafinyelela esibalweni semali. Amaviki amabili umama wachitha imali engaphezu kwemali kaBaba ayeyithola ngenyanga ekondleni abampofu.

"Engikucelayo nje, ngicela, ukuthi nigcine izinhlangano zenu zosizo zingaphakathi komkhawulo ofanele." Ngisho nokukhuzwa okumnene ngumyeni wakhe kwakumzisa ubuhlungu uMama. Wayala inqola ye-hackney, engabatsheli abantwana ukuthi kukhona ukungezwani.

"Kuhle nge; Mina ekuseni ukuhamba kude ku- yami kamama ekhaya." Yasendulo umkhawulo!

Saqala ukukhala ngokumangala. Umalume wethu wafika ngesikhathi esifanele; wahlebela ubaba iseluleko esihlakaniphile, esasigoqwe kusukela ezikhathini zasendulo. Ngemva kokuba ubaba esho amazwi ambalwa okubuyisana, umama wajabula wakhipha itekisi. Ngakho-ke kwaphela inkinga eyodwa kuphela engake ngayibona phakathi kwabazali bami. Kodwa ngikhumbula ingxoxo ehlukele.

"Ngicela unginike ama-rupee ayishumi ngowesifazane oswele osanda kufika endlini." Ukumamatheka kukaMama kwakunethonya lako.

"Kungani ngidinga ama-rupee ayishumi? Elinye lanele." Ubaba wanezela isizathu: "Lapho ubaba nogogo nomkhulu beshona ngokuzumayo, ngaqala ukunambitha ubumpofu. Ukudla kwami kwasekuseni okuwukuphela kwami, ngaphambi kokuhamba amamayela amaningi ukuya esikoleni sami, kwakuyibhanana elincane. Kamuva, eyunivesithi, ngangiswele kakhulu kangangokuthi ngafaka isicelo kujaji ocebile sosizo lwe-rupee eyodwa ngenyanga. Wenqaba, ephawula ukuthi ngisho ne-rupee ibalulekile ."

"Yeka ukuthi ukhumbula kabuhlungu kangakanani ukwenqatshwa kwaleyo rupee!" Inhliziyo kamama yayinengqondo ngokushesha. "Uyafuna yini ukuthi lona wesifazane akhumbule kabuhlungu ukwenqaba kwakho amarupee ayishumi awadingayo ngokushesha?"

"Uyanqoba!" Ngesenzo esidala samadoda anqotshiwe, wavula isikhwama sakhe semali. "Nansi imali engama-rupee ayishumi. Mnike yona ngentando yami."

Ubaba wayevame ukuthi kuqala athi “Cha” kunoma yisiphi isicelo esisha. Isimo sakhe sengqondo ngowesifazane ongaziwa owayefuna Uzwela lukaMama olwaluvele luvele kalula kwakuyisibonelo sokuqapha kwakhe okuvamile. Ukungafuni ukwamukelwa ngokushesha - okuvamile engqondweni yaseFrance eNtshonalanga - empeleni kuwukuhlonipha isimiso "sokuzindla okufanele." Bengihlala ngithola ubaba enengqondo futhi elinganisela ngokulinganayo ezahlulelweni zakhe. Uma ngi ekwazi ukuqinisa izicelo zami eziningi ngempikiswano eyodwa noma ezimbili ezinhle, wayehlala ebeka umgomo ofiselekayo eduze kwami, kungaba uhambo lweholide noma isithuthuthu esisha.

Ubaba wayengumuntu oqondisa izingane zakhe ngokuqinile eminyakeni yazo yokuqala, kodwa isimo sakhe sengqondo yena ngokwakhe wayengumSpartan ngempela. Wayengakaze aye eshashalazini, isibonelo, kodwa wafuna ukuzilibazisa emikhubeni ehlukahlukene engokomoya nasekufundeni i- *bhagavad gita* . 1-7 Egwema zonke izinto zokunethezeka, wayezobambelela ku- eyodwa ubudala i-pair kwe izicathulo kuze kube bona babe akusizi ngalutho. Okwakhe amadodana uthenge izimoto ngemva Zaqala ukusetshenziswa kakhulu, kodwa ubaba wayehlala enelisekile ngemoto yenqola ukuze ahambe nsuku zonke eya ehhovisi. Ukuqongelela imali ngenxa yamandla kwakungavamile kuye. Ngesinye isikhathi, ngemva kokuhlela iCalcutta Urban Bank, wengaba ukuzizuzisa ngokuba namasheya ayo. Wayemane efisa ukwenza umsebenzi womphakathi ngesikhathi sakhe sokuphumula.

Eminyakeni eminingana ngemva kokuba ubaba ethathe umhlalaphansi ngenxa yempesheni, kwafika isazi sezimali saseNgilandi sizohlola izincwadi zeBengal-Nagpur Railway Company. Umseshi omangazwe wathola ukuthi ubaba wayengakaze afake isicelo samabhonasi adlulelwe yisikhathi.

"Yena wenza i umsebenzi kwe ezintathu madoda!" i umgcinimabhuku utshele i inkampani. "Yena ine ama-rupee 125,000 (mayelana \$41,250.) okwakumelwe akwenze njengesinxephezelo." Izikhulu zanikeza ubaba isheke lale mali. Akazange acabange kangako ngayo kangangokuthi akazange ayinake noma yikuphi ukukhulunywa ngayo emndenini. Kamuva wabuzwa umfowethu omncane uBishnu, owabona idiphozithi enkulu esitatimendeni sasebhangwe .

"Kungani kufanele ujabule ngenzuzo yezinto ezibonakalayo?" kuphendula uBaba. "Lowo ophishekela umgomo wokulinganisela akajabuli ngenzuzo futhi akacindezelwa ukulahlekelwa. Uyazi ukuthi umuntu ufika engenamali kuleli zwe, futhi uhamba engenalo nelilodwa i-rupee."

UBABA

IBhagabati I-Charan I-Ghosh

A Umfundi kwe IsiLahiri IsiMahasaya

Ekuqaleni komshado wabo, abazali bami baba abafundi benkosi enkulu, uLahiri Mahasaya waseBenares. Lokhu kuxhumana kwaqinisa ubuntu bukaBaba bokuzidela ngokwemvelo. Umama wavuma ngendlela emangalisayo kudadewethu omdala uRoma: "Mina nobaba wakho sihlala ndawonye njengendoda nomfazi kanye ngonyaka, ngenhloso yokuba nabantwana."

Ubaba waqala ukuhlangana noLahiri Mahasaya ngo-Abinash Babu, oneminyaka engu-1-8 isisebenzi ehhovisi laseGorakhpur leBengal-Nagpur Railway. U-Abinash wafundisa izindlebe zami ezincane izindaba ezithinta inhliziyo zabangcwele abaningi baseNdiya. Wayephetha njalo ngokuhlonipha inkazimulo ephakeme yomfundisi wakhe.

"Wake wezwa ngezimo ezingavamile lapho ubaba wakho aba ngumfundi kaLahiri Mahasaya?"

Kwakuyintambama yasehlobo evilaphayo, njengoba mina no-Abinash sasihleli ndawonye egcekeni lasekhaya, lapho abuza khona lo mbuzo othakazelisayo. Nganikina ikhanda lami ngimomotheka ngokulindela.

"Eminyakeni edlule, ngaphambi kokuba uzalwe, ngacela isikhulu sami esiphezulu - ubaba wakho - ukuba anginike ikhefu lesonto emisebenzini yami yaseGorakhpur ukuze ngivakashele umfundisi wami eBenares. Ubaba wakho wahlekisa ngecebo lami."

"Ingabe uzoba ngumlandeli wenkolo?" wabuza. 'Gxila emsebenzini wakho wasehhovisi uma ufuna ukuqhubeka phambili.'

"Ngeshwa ngihamba ngiya ekhaya endleleni yasehlathini ngalolo suku, ngahlangana noyihlo ebhasini. Waxosha izinceku zakhe kanye nesithuthi sakhe, wahamba eceleni kwami. Efuna ukungiduduza, wangibonisa izinzuzo zokulwela impumelelo yezwe. Kodwa ngamuzwa ngokukhathala. Inhliziyo yami yayiphinda ithi: 'Lahiri Mahasaya! Angikwazi ukuphila ngaphandle kokukubona!'"

"Indlela yethu yasiyisa emaphethelweni ensimu ethule, lapho imisebe yelanga lasemini yayisabonakala khona emahlathini amade otshanini basendle. Sama kancane ngokumangala. Lapho ensimini, amamitha ambalwa nje ukusuka kithi, kwavela isimo somfundisi wami omkhulu ngokuzumayo! **1-9**

"Bhagabati, uqine kakhulu emsebenzini wakho!' Izwi lakhe lazwakala ezindlebeni zethu ezimangele. Wanyamalala ngendlela engaqondakali njengoba efikile. Ngiguqe ngamadolo ngangimemeza ngithi, 'Lahiri Mahasaya! Lahiri Mahasaya!' Ubaba wakho wayenganyakazi ngenxa yokumangala isikhashana.

"Abinash, angigcini nje ngokukunika *ikhefu* , kodwa ngizinika *ikhefu* lokuqala

eBenares kusasa. Kumelwe ngimazi lo Lahiri Mahasaya omkhulu, okwaziyo ukuzenza umuntu ngokuthanda kwakhe ukuze akunxusele! Ngizothatha umkami ngicele lo mphathi ukuba asiqalise endleleni yakhe engokomoya. Ungasiqondisa kuye?'

"Yebo.' Injabulo yangigcwalisa ngempendulo emangalisayo yomthandazo wami, kanye nokuguquka okusheshayo nokuhle kwezinto.

"Ngobusuku obulandelayo mina nabazali bakho saqeqesha eBenares. Sahamba ngenqola yamahhashi ngosuku olulandelayo, futhi bese kuba wayenayo ku-ukuhamba ngokusebenzisa okuncane imizila ku- yami othisha okuyimfihlo ekhaya. Ukungena yakhe okuncane

Indlu yokugezela, sakhothama phambi kwenkosi, sivaleleke ngendlela yayo evamile yokuma kwe-lotus. Wacwayiza amehlo akhe ahlabayo wawabeka phezu kukababa wakho.

"'Bhagabati, uqine kakhulu esisebenzini sakho!' Amazwi akhe ayefana nalawo ayewasebenzise ezinsukwini ezimbili ngaphambili ensimini yaseGorakhpur. Wanezela, 'Ngiyajabula ukuthi uvumele u-Abhinash ukuba angivakashele, nokuthi wena nomkakho nihambe naye.'

"Kwabajabulisa kakhulu ukuthi wasungula abazali bakho emkhubeni ongokomoya we *-Kriya Yoga* . **1-10** Ubaba wakho futhi mina, njengabafundi bomfowethu, bengingabangane abaseduze kusukela ngosuku olukhumbulekayo lombono. ULahiri Mahasaya wayenesithakazelo esiqinile ekuzalweni kwakho. Impilo yakho ngokuqinisekile izoxhunyaniswa neyakhe: isibusiso senkosi asisoze saphela."

ULahiri Mahasaya washiya leli zwe ngokushesha ngemva kokuba ngingene kulo. Isithombe sakhe, esisefreyimuni ehlotshisiwe, sasihlala sihlobisa i-altare lomndeni wethu emadolobheni ahlukehlukene lapho uBaba ayethuthelwa khona yihhovisi lakhe. Kaningi ekuseni nakusihlwa sasithola mina noMama sizindla phambi kwendlu engcwele eyenziwe ngokungemthetho, sinikeza izimbali ezicwiliswe ku-sandalwood paste enephunga elimnandi. Ngangithandaza kuye njalo ngezikhathi zobunzima noma ukudideka, ngithola ngaphakathi kimi isiqondiso sakhe esiduduzayo. Ekuqaleni ngangidabuka ngoba wayengasaphili ngokwenyama. Njengoba ngangiqala ukuze ngithole ukuthi ukhona yonke indawo ngasese, angiphindanga ngakhala. Wayevame ukubhalela labo babafundi bakhe ababelangazelela ukumbona: "Kungani nize nizobona amathambo nenyama yami, ngibe ngiseduze ne- *kutastha yenu* (ukubona ngokomoya)?"

Ngabusiswa cishe ngineminyaka eyisishiyagalombili ngokuphulukiswa okumangalisayo ngesithombe sikaLahiri Mahasaya. Lokhu okuhlangenwe nakho kwaqinisa uthando lwami. Ngesikhathi ngisepulazini lomndeni wethu e-Ichapur, eBengal, ngahlaselwa yi-Asiatic cholera. Impilo yami yayiphelelwe yithemba; odokotela babengakwenza. lutho. Eceleni kombhede wami, uMama wangikhombisa ngokuxhamazela ukuthi ngibheke isithombe sikaLahiri Mahasaya odongeni

Ngaqaphela ukuthi naye wayebone umlilo okhanyayo engangilulame ngawo ngokushesha esifweni esasivame ukubangela ukufa.

Enye yezinto zami eziyigugu kakhulu yilesi sithombe esifanayo. Esinikezwe uBaba nguLahiri Mahasaya uqobo, sinokunyakaza okungcwele. Lesi sithombe sasinomsuka oyisimangaliso. Ngizwile indaba kumfundi womfowabo kaBaba, uKali Kumar Roy.

Kubonakala sengathi inkosi yayingathandi ukuthwetshulwa izithombe. Ngesikhathi sokubhikisha kwayo, kwathathwa isithombe seqembu lakhe kanye neqembu labantu abazinikele, okubalwa kubo uKali Kumar Roy. Kwakungumthwebuli wezithombe omangele owathola ukuthi ipuleti elalinezithombe ezicacile zabo bonke abafundi, alizange liveze lutho ngaphandle kwendawo engenalutho phakathi nendawo lapho ayelindele khona ukuthola imidwebo kaLahiri Mahasaya. Lesi simo saxoxwa kabanzi.

Umfundi othile kanye nomthwebuli wezithombe onguchwepheshe, uGanga Dhar Babu, waqhosha ngokuthi lesi sibalo esibalekile ngeke simbalekele. Ngakusasa ekuseni, njengoba isazi sihleli ngesimo se-lotus ebhentshini lokhuni kanye isihlenqo ngemuva kwakhe, uGanga Dhar Babu wafika nemishini yakhe. Ethatha zonke izinyathelo zokuqapha ukuze aphumelele, waveza amapuleti ayishumi nambili ngobugovu. Kulelo nalelo phuzu ngokushesha wathola uphawu lwebhentshi nesikrini sokhuni, kodwa futhi isimo senkosi sasingekho.

Ekhala futhi eqhekezekile, uGanga Dhar Babu wafuna umfundisi wakhe. Kwathatha amahora amaningi ngaphambi kokuba uLahiri Mahasaya aphule ukuthula kwakhe ngokuphawula okukhulelwe:

"Mina ekuseni Umoya. Ithini yakho ikhamera bonakalisa i ukukhona yonke indawo Akubonakali?"

"Ngiyabona ukuthi akunakwenzeka! Kodwa, Mnumzane oNgcwele, ngifisa ngothando isithombe sethempeli elingokwenyama lapho lodwa, embonweni wami omncane, lowo Moya ubonakala uhlala khona ngokugcwele."

"Woza, bese kuthi, kusasa ekuseni. Mina intando ukuma ngoba wena."

Umthwebuli wezithombe waphinde wagxilisa ikhamera yakhe. Kulokhu lesi sithombe esingcwele, esingamboziwe ngendlela engaqondakali, sasibukhali epuleti. Umphathi akazange athathe esinye isithombe; okungenani, angikaze ngibone nesisodwa.

Isithombe siphinde savezwa kule ncwadi. Izici zikaLahiri Mahasaya ezinhle, zabalingisi abadumile, azisho neze ukuthi wayengowaluphi uhlanga. Injabulo yakhe enkulu yokuxhumana noNkulunkulu yembulwa kancane ku- a ngandlela thile

okungaqondakali ukumamatheka. Okwakhe amehlo, ingxenye vula ku- bonisa a igama elijwayelekile isiqondiso kuvuliwe i umhlaba wangaphandle, nawo uvaliwe ingxenye. Engazi nhlobo izithiyo zomhlaba ezibuthakathaka, wayephapheme ngokuphelele ngaso sonke isikhathi ezinkingeni ezingokomoya zabantu abafuna isibusiso sakhe.

Ngemva nje kokuphulukiswa kwami ngamandla esithombe somfundisi, ngaba nombono ongokomoya onethonya. Ngihlezi embhedeni wami ngolunye usuku ekuseni, ngacabanga kakhulu.

"Yini ebangela ubumnyama bamehlo avaliwe?" Lo mcabango ohlodayo wafika ngamandla engqondweni yami. Ukukhanya okukhulu kwabonakala ngokushesha emehlweni ami angaphakathi. Izimo zobuNkulunkulu zabangcwele, behleli esimweni sokuzindla emihumeni yasezintabeni, zakhiwe njengezithombe ezincane zebhayisikobho ku-

Okwami Umama Ukufa Futhi I Imfihlakalo I-Amulet

Okwami kamama omkhulu kunabo bonke isifiso kwakuyi i umshado kwe yami umdala umfowethu. "Ah, nini Mina bheka i ubuso kwe

Mka-Ananta, ngizothola izulu kulo mhlaba!" Ngangivame ukuzwa uMama eveza ngala mazwi imizwa yakhe enamandla yamaNdiya yokuqhubeka komndeni.

Ngangineminyaka engaba yishumi nanye ubudala ngesikhathi sokuthembisana kuka-Ananta umshado. Umama wayeseCalcutta, eqondisa ngenjabulo amalungiselelo omshado. Mina noBaba sasala sodwa ekhaya lethu eBareilly enyakatho yeNdiya, lapho ubaba athuthela khona ngemva kweminyaka emibili eLahore.

Ngaphambilini ngangibone ubuhle bemicikilisho yomshado wodadewethu ababili abadala, uRoma no-Uma; kodwa ngo-Ananta, njengendodana endala, izinhlelo zaziyingimbinkimbi ngempela. Umama wayemukela izihlobo eziningi, nsuku zonke zifika eCalcutta zivela emakhaya akude. Wazihlalisa kahle endlini enkulu, esanda kuthengwa e-50 Amherst Street. Konke kwakusekulungele—izibiliboco zedili, isihlalo sobukhosi sobungqingili lapho uMfowethu ayezothwalwa khona aye ekhaya lomlobokazi, imigqa yezibani ezimibalabala, izindlovu ezinkulu zekhadibhodi namakamela, ama-orchestra aseNgilandi, aseScotland naseNdiya, abahlabeleli abangochwepheshe, abapristi bemicikilisho yasendulo.

Mina noBaba, sinomoya wokugubha umkhosi, sasihlela ukujoyina umndeni ngesikhathi somcimbi. Nokho, ngaphambi nje kosuku olukhulu, ngaba nombono osabekayo.

KwakuseBareilly phakathi kwamabili. Njengoba ngangilele eceleni kukaBaba e-piazza yendlu yethu encane, ngavuswa ukuzulazula okungavamile kwenethi yomiyane phezu kombhede. Amakhethini abuthakathaka ahlukana futhi ngabona isimo sikamama esithandekayo.

"Vusa uyihlo!" Izwi lakhe lalimane lihlebeza. "Gibela isitimela sokuqala esitholakalayo, ngehora lesine ekuseni. Shesha uye eCalcutta uma ungangibona!" Umuntu onjengoboya wanyamalala.

"Baba, Baba! Umama uyafa!" Ukwesaba okukhulu ngezwi lami kwamvusa ngokushesha. Ngakhala kakhulu ngezindaba ezibuhlungu.

"Ungakhathazeki ngalokho kucabanga kwakho okungaqondile." Ubaba wanikeza ukuphika kwakhe okuphawulekayo esimweni esisha. "Umama wakho usempilweni enhle kakhulu. Uma sithola noma yiziphi izindaba ezimbi, sizohamba kusasa."

Ukusa okudabukisayo kwafika namazwi acacile: "Umama ugula kakhulu; umshado uhlehliwiwe; woza ngokushesha."

Mina noBaba sahamba siphazamisekile. Omunye womalume bami wasihlangabeza

endleleni endaweni yokushintshela. Isitimela saduma kakhulu saya kithi, sisondela ngokukhula kwe-telescopic. Kusukela ekuphazamisekeni kwami kwangaphakathi, kwavela ukuzimisela okungazelelwe kokuziphonsa emzileni wesitimela. Njengoba ngangivele ngilahlekelwe umama, ngangingeke ngikwazi ukubekezelela izwe elingenalutho ngokungazelelwe. Ngangimthanda uMama njengomngane wami othandekayo emhlabeni. Amehlo akhe amnyama aduduzayo ayeyisiphephelo sami esiqinisekile ezinhlekeleleni ezincane zobuntwana.

"Ingabe yena okwamanje bukhoma? Mina kumisiwe ngoba eyodwa okokugcina umbuzo ku- yami umalume.

"Yebo uyaphila!" Akazange aphuze ukuchaza ukuphelelwa yithemba ebusweni bami. Kodwa angizange ngimkholwe.

Lapho sifika ekhaya lethu eCalcutta, kwakuwukubhekana nemfihlakalo emangalisayo yokufa. Ngawa ngacishe ngafa. Kwadlula iminyaka ngaphambi kokuba noma yikuphi ukubuyisana kungene enhliziyweni yami. "Yimi engikuqaphile, impilo ngemva kokuphila, ngesisa somama abaningi! Bheka emehlweni ami amehlo amabili amnyama, amehlo amahle alahlekile, uyawafuna!"

Mina noBaba sabuyela eBareilly ngokushesha ngemva kwemikhosi yokushisa izidumbu zabathandekayo. Njalo ekuseni ngangihamba uhambo oludabukisayo lokukhumbula isihlahla esikhulu *se-sheoli* esasimboze utshani obubushelelezi, obuluhlaza okwesibhakabhaka phambi kwendlu yethu yokuhlala. Ngezikhathi zokubhala izinkondlo, ngangicabanga ukuthi izimbali *ze-sheoli ezimhlophe* zazizisakaze ngokuzinikela ngokuzithandela phezu kwe-altare elinotshani. Ngazizwa ngidonseleka kakhulu ezintabeni zaseHimalaya.

Omunye wabazala bami, owayesanda kuqeda ukuhamba emagqumeni angcwele, wasivakashela eBareilly. Ngalalela izindaba zakhe ngentshiseko mayelana nendawo yokuhlala yama-yogi nama-swami ezintabeni eziphakeme. **2-1**

"Masibaleke siye eHimalaya." Isiphakamiso sami ngolunye usuku kuDwarka Prasad, indodana encane yomnikazi wendawo yethu eBareilly, sawela ezindlebeni ezingenazwela. Wembula icebo lami kumfowethu omdala, owayesanda kufika ukuzobona ubaba. Esikhundleni sokuhleka kancane ngaleli cebo elingasebenzi lomfana omncane, u-Ananta wakwenza kwaba yinto eqondile ukungihleka usulu.

"Kuphi kuyinto yakho iwolintshi ingubo? Wena angikwazi yiba a i-swami ngaphandle lokho!"

Kodwa amazwi akhe angijabulisa ngendlela engachazeki. Aletha isithombe esicacile sami ngizulazula eNdiya njengendela. Mhlawumbe avusa izinkumbulo zempilo yangaphambilini; noma kunjalo, ngaqala ukubona ukuthi ngizogqoka kalula kangakanani izingubo zalolo hlelo lwezindela olwalusungulwe kudala.

Ngelinye ilanga ngixoxa noDwarka ekuseni, ngezwa uthando ngoNkulunkulu luhla ngamandla okukhukhula kwezulu. Umngane wami wayenaka kancane inkulumo eyalandela, kodwa mina ngangizilalele ngenhliziyo yonke.

Ngabaleka ntambama ngalolo suku ngaya eNaini Tal emagqumeni aseHimalaya. U-

Ananta waxosha ngokuzimisela; Ngaphoqeleka ukubuyela eBareilly ngokudabukisayo. Uhambo lokuya eBareilly kuphela olwaluvunyelwe kwakuyilolo olujwayelekile ekuseni oluya esihlahleni *se-sheoli* . Inhliziyo yami yakhala ngenxa yoMama abalahlekile, abangabantu nabangcwele.

Imali yokuqasha eyashiywa emndenini ngokushona kukaMama yayingenakulungiseka. UBaba akazange aphinde ashade phakathi neminyaka yakhe ecishe ibe ngamashumi amane esele. Ecabanga ngendima enzima yokuba uBaba-Mama emhlambini wakhe omncane, wakhula waba nomusa kakhulu, wangeneka kalula. Ngokuzola nokuqonda, waxazulula izinkinga ezahlukahlukene zomndenini. Ngemva kwamahora ehhovisi wathatha umhlalaphansi njengesiboshwa esisele ekamelweni lakhe, eqhuba *i-Kriya Yoga* ngokuthula okumnandi. Esikhathini eside ngemva kokushona kukaMama, ngazama ukuzibandakanya nomuntu osebenza naye.

Umdlengikazi waseNgilandi ukuze anakekele imininingwane ezokwenza impilo yomzali wami ibe ntofontofo. Kodwa uBaba wanikina ikhanda.

I-amulet, njengemvubelo engokomoya, yayisebenza buthule ngaphakathi kimi. Phakathi kweqhwa laseHimalaya, nganginethemba lokuthola inkosi eyayivame ukubonakala kimi emibonweni.

Umndeni wawusuhlala eCalcutta, lapho ubaba ayethuthelwe khona unomphele. Elandela isiko lamaNdiya lamadoda, u-Ananta wayelethe umakoti wakhe ukuba azohlala ekhaya lethu, manje eliku-4 Gurpar Road. Lapho ekamelweni elincane elise-attic ngangizindla nsuku zonke futhi ngilungiselela ingqondo yami ukufuna kwaphezulu.

Usuku olukhumbulekayo lwafika nemvula engapheli. Lapho ngizwa amasondo enqola ka-Amar emgwaqweni, ngabopha ngokushesha ingubo yokulala, izimbadada, isithombe sikaLahiri Mahasaya, ikhophi yencwadi ethi iBhagavad *Gita*, intambo yamabhere omthandazo, kanye nezindwangu ezimbili zokubopha. Lesi sithungo ngasiphonsa ngisuka efasiteleni lami lesitezi sesithathu. Ngagijima ngehla gezitebhisi ngadlula umalume, ngithenga izinhlanzi emnyango.

"Ini kuyinto i injabulo?" Okwakhe ukubuka uzulazule ngokusolisayo sekuphelile yami umuntu.

Ngamomotheka ngokungazibophezeli ngahamba ngaya emzileni. Ngithatha isikhwama sami, ngajoyina i-Amar ngokuqapha. Sashayela saya eChadni Chowk,

isikhungo sezimpahla. Kwase kuphele izinyanga sigcina imali yethu yokuthenga izingubo zaseNgilandi. Njengoba sazi ukuthi umfowethu ohlakaniphile angadlala indima yomphenyi kalula, sacabanga ukumnqoba ngezingubo zaseYurophu.

Endleleni eya esiteshini, sama umzala wami, uJotin Ghosh, engangimbiza ngokuthi uJatinda. Wayengumuntu osanda kuguquka, elangazelela isazi sefilosofi eHimalaya. Wagqoka isudi entsha esasiyilungiselele. Sasinethemba lokuthi sifihle kahle! Inhliziyo yethu yagcwala injabulo ejulile.

"Esikudingayo manje izicathulo ze-canvas." Ngaholela ozakwethu esitolo esasibonisa izicathulo ezinezinsila zerabha. "Izihloko" kwe isikhumba, uthole kuphela ngokusebenzisa i ukuhlatshwa kwe izilwane, kumele yiba engekho kulolu hambo olungcwele." Ngama emgwaqweni ukuze ngisuse isembozo sesikhumba ku- *Bhagavad Gita yami* , kanye nezintambo zesikhumba ku- *sola topee yami* (isigqoko sokuzivikela) esenziwe ngesiNgisi.

Esiteshini sathenga amathikithi okuya eBurdwan, lapho sasihlela ukuthuthela khona eHardwar emagqumeni aseHimalaya. Lapho nje isitimela, njengathi, sesindiza, ngakhuluma ngezinto ezimbalwa engangizilindele.

"Cabanga nje!" Ngakhipha isidoda. "Sizoqalwa ngabaphathi futhi sizizwele ukudideka kwengqondo yendawo yonke. Inyama yethu izobe igcwele amandla okuzikhukhumeza kangangokuthi izilwane zasendle zaseHimalaya zizosondela kithi ngokuthula. Amahlosi ngeke abe ngaphezu kwamakati asekhaya amnene alinde ukuphulula kwethu!"

Lo mbono ofanekisela isifiso engangicabanga ukuthi sizoba mnandi, kokubili ngokomfanekiso nangokoqobo, waletha ukumamatheka okunentshiseko ku-Amar. Kodwa uJatinda wasusa amehlo akhe, wawaqondisa ngefasisitela endaweni ebalekayo.

"Imali mayihlukaniswe kathathu." UJatinda waphula ukuthula isikhathi eside ngalesi siphakamiso. "Ngamunye wethu kufanele athenge ithikithi lakhe eBurdwan. Ngakho-ke akekho esiteshini ozocabanga ukuthi sibaleka ndawonye."

Ngavuma ngokungazelele. Lapho kuhwalala isitimela sethu sama eBurdwan. UJatinda wangena ehhovisi lamathikithi; mina no-Amar sahlala epulatifomu. Salinda imizuzu eyishumi nanhlanu, sabe sesibuza imibuzo engasizi ngalutho. Sifuna nxazonke, samemeza igama likaJatinda ngokwesaba okukhulu. Kodwa wayesenyamalele endaweni engaziwa emnyama ezungeze isiteshi esincane.

Ngangithukile ngokuphelele, ngishaqekile kakhulu. Ukuthi uNkulunkulu uzobhekana nalesi sigameko esidabukisayo! Isenzakalo esithandekayo sokundiza kwami kokuqala okuhlelwe kahle ngemva Kwakhe sonakaliswa ngonya.

"Amar, kumele sibuyele ekhaya." Bengikhala njengengane. "Ukuhamba kukaJatinda okunonya kuyisibonakaliso esibi. Lolu hambo luzohluleka nakanjani."

"Ingabe lokhu yakho uthando ngoba i Nkosi? Awukwazi wena ukuma i okuncane ukuhlolwa kwe a ukukhohlisa "Umngane?"

Ngesiphakamiso sika-Amar sokuhlolwa kwaphezulu, inhliziyo yami yazinza. Sazivuselela ngenyama emnandi edumile yaseBurdwan, *i-sitabhog* (ukudla kukankulunkulukazi) kanye *ne-motichur* (ama-nuggets eparele elimnandi).

Emahoreni ambalwa, saqeqeshwa eHardwar, ngeBareilly. Sishintsha izitimela eMoghul Serai, saxoxa ngendaba ebalulekile njengoba silinde epulatifomu.

"Amar, maduze nje singase siphenywe kakhulu yizikhulu zesitimela. Angilulazi ubuhlakani bomfowethu! Kungakhathaliseki ukuthi umphumela uba yini, ngeke ngikhulume amanga."

"Konke Mina buza kwe wena, Mukunda, kuyinto ku- gcina namanje. Ungakwenzi lokho ukuhleka noma ukumamatheka ngenkathi Mina ekuseni ukukhuluma."

Ngalesi sikhathi, i-ejenti yesiteshi yaseYurophu yangihlasela. Yaphakamisa i-telegram engayiqonda ngokushesha incazelo yayo.

"Ingabe wena ukugijima kude kusukela ikhaya ku intukuthelo?"

"Cha!" Ngajabula ukuthi ukukhetha kwakhe amagama kwangivumela ukuba ngiphendule ngokugcizelela. Ngangazi ukuthi kwakungeyona intukuthelo kodwa "ukudabuka okukhulu kukaNkulunkulu" okwakuyimbangela yokuziphatha kwami okungajwayelekile.

Isikhulu sabe sesiphendukela ku-Amar. Ukuphikisana kwamaqhinga okwalandela akuzange kungivumele ukuba ngilondoloze amandla aqinile okwelulekwa.

"Uphi umfana wesithathu?" Indoda yafaka iphimbo eligcwele legunya ezwini layo. "Woza; khuluma iqiniso!"

"Mnumzane, ngiyabona ukuthi ugqoke izibuko zamehlo. Awuboni yini ukuthi singabantu ababili kuphela?" U-Amar wamomotheka ngendelelo. "Angisiye umthakathi; angikwazi ukuqamba umngane wesithathu."

Isikhulu, siphazamiseke kakhulu yilobu buwula, safuna insimu entsha

yokuhlasela. "Ungubani igama lakho?"

"Ngibizwa ngokuthi uThomas. Ngiyindodana kamama waseNgilandi kanye nobaba ongumNdiya ongumKristu oguqukile." "Ubani igama lomngane wakho?"

"Mina shayela yena Thompson."

Ngalesi sikhathi injabulo yami yangaphakathi yayisifinyelele esicongweni; ngaya esitimeleni ngaphandle kokuhlonipha umthetho, ngishaya ikhwela ukuze ngihambe. U-Amar walandela nesikhulu, esasikholwa futhi sinomthwalo wemfanelo ngokwanele. ukuzosifaka egunjini laseYurophu. Kusobala ukuthi kwamzwise ubuhlungu ukucabanga ngabafana ababili abangamaNgisi abayingxenywe behamba engxenyeni eyabelwe abantu bomdabu. Ngemva kokuphuma kwakhe ngenhlonipho, ngalala esihlalweni ngahleka kakhulu. Umngane wami wayebonakala sengathi ujabule kakhulu ngokunqoba isikhulu saseYurophu esinolwazi.

Epulatifomu ngangihlele ukufunda ithelegamu. Kumfowethu, yayithi: "Abafana abathathu baseBengali abagqoke izingubo zesiNgisi babaleka ekhaya beya eHardwar ngeMoghul Serai. Ngicela ubagcine ngize ngifike. Umvuzo omkhulu ngezinsizakalo zakho."

"Amar, ngikutshelile ukuthi ungashiyi amashejuli abhalwe phansi ekhaya lakho." Ukubuka kwami kwakuhlazisa. "Kumelwe ukuba umfowethu uthole eyodwa lapho."

Umngane wami wavuma ngokunamahloni ukuthi ucindezelekile. Sama isikhashana eBareilly, lapho uDwarka UPrasad wayesilindele ngethelegamu evela ku-Ananta. Umngane wami wakudala wazama ngesibindi ukusibamba; ngamqinisekisa ukuthi indiza yethu ayizange ithathwe kalula. Njengasesikhathini esidlule, uDwarka

wengqaba yami isimemo ku- isethi phambili ku- i Izintaba zaseHimalaya.

Ngesikhathi isitimela sethu simi esiteshini ngalobo busuku, mina ngilele ubuthongo, u-Amar wavuswa esinye isikhulu esibuzo imibuzo. Naye waba yisisulu sezinto ezixubile zika-"Thomas" no-"Thompson." Isitimela sasihola ngokunqoba safika eHardwar ekuseni. Izintaba ezinhle zazibonakala zikhanga kude. Sagijima esiteshini sangena enkululekweni yezixuku zedolobha. Isenzo sethu sokuqala kwakuwukushintsha izingubo zendabuko, njengoba u-Ananta ngandlela thile ayengene ekuzifihleni kwethu kwaseYurophu. Ngafikelwa yimicabango yokubanjwa.

Njengoba sasibona kungcono ukuthi sisuke eHardwar ngokushesha, sathenga amathikithi okuqhubekela enyakatho siye eRishikesh, indawo ende ehlanjululwe yizinyawo zamakhosi amaningi. Ngangisegibele isitimela kakade, kanti u-Amar wayesalele epulatifomu. Wamiswa ngokuzumayo yisimemezelo esivela ephoyiseni. Umnakekeli wethu ongamukelekile wasiphelezela saya endlini encane yesiteshi futhi wathatha imali yethu. Wachaza ngenhlonipho ukuthi kwakuwumsebenzi wakhe ukusibamba kuze kufike umfowethu omdala.

Ukufunda lokho i abangasebenzi indawo oya kuyo wayenayo ube i Izintaba zaseHimalaya, i iphoyisa okuhlobene a okungajwayelekile indaba.

"Ngiyabona ukuthi uyahlanya ngabangcwele! Awusoze wahlangana nomuntu kaNkulunkulu omkhulu kunalowo engimbonile." izolo nje. Mina nomfowethu iphoyisa sahlangu naye okokuqala ezinsukwini ezinhlanu ezedlule. Sasihambahamba ngaseGanges, befuna umbulali othile ngokujulile. Imiyalelo yethu kwakuwukuba simbambe, ephila noma efile. Wayaziwa ngokuzenza isadhu *ukuze* aphange abahambi. Ngaphambi kwethu, sabona umuntu owayefana nencazelo yesigebengu. Wawushaya indiva umyalo wethu wokuma; sagijima ukuze simnqobe. Lapho ngisondela emhlane wakhe, ngaphatha imbazo yami ngamandla amakhulu; ingalo yesokudla yale ndoda yayinqunywe cishe ngokuphelele emzimbeni wayo.

"Ngaphandle kokukhala noma ukubuka inxeba elibi, isihambi saqhubeka ngesivini saso esimangalisayo. Njengoba sigxuma phambi kwaso, sakhuluma buthule."

"Mina ekuseni hhayi i umbulali wena kukhona befuna."

"Ngadumala kakhulu ukubona ukuthi ngilimaze umuntu ohlakaniphile obukeka njengoNkulunkulu." Ukukhothama Ngimi ezinyaweni zakhe, ngacela uxolo kuye, futhi nganikela ngendwangu yami yesigqoko ukuze nginciphise ukuvuza kwegazi okukhulu.

"Ndodana, lokho bekuyiphutha eliqondakalayo kuwe.' Ungcwele wangibheka ngomusa. 'Gijima, ungazigxeki. Umama Othandekayo uyanginakekela.' Wafaka ingalo yakhe elenga esiqwini sayo, bheka! yanamathela; igazi layeka ukugeleza ngendlela engaqondakali.

"Wozani kimi ngaphansi komuthi ngaleya ezinsukwini ezintathu nizongithola ngiphilile ngokuphelele. Ngakho-ke ngeke nizizwe nizisola."

"Izolo mina nomfowethu iphoyisa siye endaweni ebekiwe ngentshiseko. I- *sadhu* yayilapho futhi yasivumela ukuba sihlale ingalo yayo. Yayingenasilonda noma inxeba elincane!"

"Mina ekuseni ukuhamba nge I-Rishikesh ku- i I-Himalayan ukuhlala wedwa.' Yena ubusisiwe thina njengoba yena uhambe ngokushesha. Mina

umuzwa lokho yami impilo ine ube kuphakanyisiwe ngokusebenzisa yakhe ubungcwele."

Iphoyisa laphetha ngokuphuma komoya ongcwele; okuhlangenwe nakho kwalo kwakusobala ukuthi kwalimthuthule ngale kokujula kwalo okuvamile. Ngesenzo esihlaba umxhwele, langinika isiqeshana esinyathelisiwe mayelana nesimangalisayo. Ngendlela evamile ehlanekazelwe yohlobo lwephephandaba olumangalisayo (olungaphuthelwa, maye! ngisho naseNdiya), inguqulo yentatheli yayinehaba kancane: yayibonisa ukuthi i- *sadhu* yayikade cishe unqunywe ikhanda!

Mina no-Amar sakhala ngokuthi besimkhumbula u-yogi omkhulu owayengathethelela umshushisi wakhe ngendlela efana nekaKristu. I-India, ebimpofu ngokwezinto ezibonakalayo emakhulwini amabili eminyaka edlule, kodwa inengcebo yaphezulu engapheli; "izinto eziqoshwe emkhathini" ngokomoya zingase zihlangane ngezikhathi ezithile eceleni kwendlela, ngisho nangabantu bezwe abafana naleli phoyisa.

Sabonga iphoyisa ngokuqeda isizungu sethu ngendaba yalo emangalisayo. Cishe lalisikisela ukuthi linenhlanhla kunathi: lalihlangane nosanta okhanyiselwe ngaphandle komzamo; ukufuna kwethu okuqotho kwaphela, hhayi ezinyaweni zomphathi, kodwa esiteshini samaphoyisa esinzima!

Ngiseduze nezintaba zaseHimalaya kodwa, ekuthunjweni kwethu, kuze kube manje, ngitshale u-Amar ukuthi ngizizwa ngishukumiseleke kabili ukufuna inkululeko.

"Masihambe uma ithuba livela. Singahamba ngezinyawo siye eRishikesh engcwele." Ngamomotheka ngokukhuthazayo.

Kodwa umngane wami wayesephenduke umuntu ophelelwe yithemba ngokushesha nje lapho imali yethu eqinile isithathwe kithi.

"Uma siqale uhambo oluya ezweni eliyingozi kangaka lehlathi, kufanele siqede, hhayi edolobheni labangcwele, kodwa esiswini sezingwe!"

Umfowabo ka-Ananta no-Amar bafika ngemva kwezinsuku ezintathu. U-Amar wabingelela isihlobo sakhe ngokukhululeka kothando. Ngangingasabuyisani; u-Ananta akatholanga lutho kimi ngaphandle kokukhuzwa kanzima.

"Ngiyaqonda ukuthi uzizwa kanjani." Umfowethu wakhuluma ngendlela eduduzayo. "Engikucelayo nje ukuthi ungiphelezele siye eBenares ukuyohlangana nosanta othile, bese uya eCalcutta ukuyovakashela ubaba wakho ososizini izinsuku ezimbalwa. Ngemuva kwalokho ungaqhubeka nokufuna kwakho inkosi lapha."

U-Amar wangena engxoxweni ngalesi sikhathi ukuze aphike noma yisiphi isifiso sokubuyela eHardwar nami. Wayejabulela ukufudumala komndeni. Kodwa ngangazi

ukuthi angisoze ngawuyeka umzamo wokufuna umfundisi wami.

Okwethu iphathi ukuqeqeshwa ngoba IBenares. Lapho Mina wayenayo a eyodwa futhi ngokushesha impendulo ku- yami imithandazo.

U-Ananta wayehlele isu elihlakaniphile. Ngaphambi kokungibona eHardwar, wayeme eBenares ukuze acele isazi esithile semiBhalo ukuthi singixoxise kamuva. Bobabili isazi kanye nendodana yaso babethembise ukuthi bazongixosha endleleni ye *-sannyasi* .

U-Ananta wangiyyisa ekhaya labo. Indodana, insizwa eyayikhuluma ngokujabula, yangibingelela egcekeni. Yangixoxisana nami ngengxoxo ende yefilosofi. Ethu unolwazi olucacile ngekusasa lami, washaya indiva umbono wami wokuba yindela.

"Uzobhekana nosizi oluqhubekayo, futhi awukwazi ukuthola uNkulunkulu, uma uphikelela ekulahleni imithwalo yakho yemfanelo evamile! Awukwazi ukuxazulula i-karma yakho yangaphambilini 4-2." ngaphandle kokuhlangenwe nakho kwezwe.

Amazwi kaKrishna angafi afika emlonjeni wami ephendula: "Ngisho nalowo one-karma embi kakhulu ohlala ezindla ngami, ulahlekelwa ngokushesha yimiphumela yezenzo zakhe ezimbi zangaphambilini. Njengoba engumuntu ophakeme, ngokushesha uthola ukuthula okungapheli. Arjuna, yazi lokhu ngokuqinisekile: umuntu ozinikele obeka ithemba lakhe kimi akasoze abhubha!" 4-3

Kodwa ukubikezela okunamandla kwale nsizwa kwangithuntuthelisa kancane ukuzethemba kwami. Ngayo yonke intshiseko yenhliziyo yami ngathandaza buthule kuNkulunkulu:

"Ngicela uxazulule ukudideka kwami ungiphendule, lapha manje, uma ufuna ngiphile impilo yomuntu ohlubukile noma umuntu wezwe!"

Ngabona *isadhu* esinobuso obuhle simi ngaphandle kwendlu yososayensi. Kusobala ukuthi wayezwile ingxoxo enamandla phakathi kwami nomuntu ozibiza ngokuthi uyisiwula, ngoba umuntu ongamazi wangibiza ukuba ngime eceleni kwakhe. Ngazizwa amandla amakhulu egeleza ekuthuleni kwakhe. amehlo.

"Ndodana, ungamlaleli lowo muntu ongazi lutho. Ephendula umthandazo wakho, iNkosi ingitshela ukuthi ngikuqinisekise ukuthi indlela yakho kuphela kule mpilo ingeyelabo abalahliwe."

Nge ukumangala njengoba kahle njengoba ukubonga, Mina ukumamatheka ngenjabulo ku- lokhu okunqumayo umlayezo.

"Suka kulowo muntu!" "Ongazi lutho" wayengibiza evela egcekeni. Umqondisi wami ongcwele waphakamisa isandla sakhe ebusisa wabe esehamba kancane kancane.

"Lowo *sadhu* uhlanya njengawe." Kwakuyisazi esinezinwele ezimhlophe esenze lokhu okuthakazelisayo. Yena nendodana yakhe babengibheka ngendlela exakile. "Ngizwe ukuthi naye ushiye ikhaya lakhe efuna uNkulunkulu ngendlela engacacile."

Ngaphenduka. Ku-Ananta ngathi ngeke ngiqhubeke nengxoxo nababungazi bethu. Umfowethu wavuma ukuhamba ngokushesha; ngokushesha saqeqeshwa ukuya eCalcutta.

Mina ukuma ngemuva yami umdala umfowethu, U-Ananta.

UMkhosi Wokugcina We-Solstice ogujwa nguSri Yukteswar, ngoDisemba, 1935. UGuru wami uhleli phakathi nendawo; mina ngingakwesokudla sakhe, egcekeni elikhulu lendlu yakhe yokuhlala eSerampore .

"Mnu. Detective, uthole kanjani ukuthi ngibaleke nabangani bami ababili?"
Ngaveza ilukuluku lami elivuthayo ku-Ananta ngesikhathi sohambo lwethu lokubuyela ekhaya. Wamomotheka kabi.

"Esikoleni sakho, ngithole ukuthi u-Amar uphumile ekilasini lakhe futhi

akabuyanga. Ngaya ekhaya lakhe ngakusasa ekuseni ngathola uhlelo lwesikhathi olubekiwe. Ubaba ka-Amar wayesanda kuhamba."

inqola futhi kwakuyi ukukhuluma ku- i umqeqeshi.

"Indodana yami ngeke ingiphelezele ngiye esikoleni sayo ekuseni. Isinyamalele!' kusho ubaba ebubula.

"Ngizwe ngomfowethu ohamba ngebhasi ukuthi indodana yakho nabanye ababili, begqoke amasudi aseYurophu, bagibele isitimela eHowrah Station,' kusho indoda. 'Baphe umshayeli wetekisi isipho sezicathulo zabo zesikhumba.'

"Ngakho-ke Mina wayenayo ezintathu izinkomba-i uhlelo lwesikhathi, i abathathu kwe abafana, futhi i IsiNgisi izingubo."

Bengilalele ukuvezwa kuka-Ananta ngenjabulo exubile kanye nokukhathazeka. Ukuphana kwethu kumqeqeshi webhasi kwakungalungile kancane!

"Yebo, ngaphuthuma ukuthumela ama-telegram kubaphathi besiteshi kuwo wonke amadolobha u-Amar ayewagcizelele ohlelweni lwesikhathi. Wayehlele uBareilly, ngakho ngathumela umngane wakho uDwarka lapho. Ngemva kokubuza endaweni yakithi yaseCalcutta, ngathola ukuthi umzala uJatinda wayengekho ngobusuku obubodwa kodwa wafika ekhaya ngakusasa ekuseni eggoke izingubo zaseYurophu. Ngamfuna futhi ngammema esidlweni sakusihlwa. Wavuma, engasakwazi ukuzibamba ngenxa yendlela yami enobungane. Endleleni ngamholela esiteshini samaphoyisa ngokungazelele. Wayezungezwe amaphoyisa amaningana engangiwakhethe ngaphambilini ngenxa yokubukeka kwawo okunonya. Ngaphansi kobuso bawo obusabekayo, uJatinda wavuma ukuphendula ngokuziphatha kwakhe okungaqondakali.

"Ngaqala ukuya eHimalaya nginomoya opholile ngokomoya,' echaza. 'Ugqozi lwangigcwalisa ngethemba lokuhlangana namakhosi. Kodwa ngokushesha nje lapho uMukunda ethi, "Ngesikhathi sokuzijabulisa kwethu emihumeni yaseHimalaya, amahlosi azohlala ekhanga futhi ahlale eduze kwethu njengezimpungushe ezithambile," umoya wami waqina; amaconsi okujuluka aqala ebunzini lami. "Kuthiwani-ke?" Ngacabanga. "Uma isimo esibi samahlosi singashintshwa ngamandla okuqonda kwethu okungokomoya, azosiphatha ngomusa wamakati asekhaya?" Engqondweni yami, ngangivele ngizibona ngiyisiboshwa esiphoqeletwe esiswini sehlosi - ngingena lapho hhayi kanyekanye nomzimba wonke, kodwa ngezingcezu zezingxenywe zalo ezingana !"

Intukuthelo yami ngokunyamalala kukaJatinda yaphela ngokuhleka. Isiqephu esilandelayo esihlekisayo esitimeleni sasifanele bonke ubuhlungu ayengibangele bona. Kumelwe ngivume ukuthi nginomuzwa omncane wokwaneliseka: noJatinda wayengakaphunyuki ekuhlanganeni namaphoyisa!

"U-Ananta, **4-4** Uyinja ezelwe iysisigebengu!" Ukubuka kwami ukuzijabulisa kwakungengaphandle kokucasuka okuthile. "Futhi ngizotshela uJatinda ukuthi

ngiyajabula ukuthi akashukunyiswanga yisimo sokukhohlisa, njengoba kwakubonakala, kodwa kuphela umuzwa wokuhlakanipha wokuzilondoloza!"

Ekhaya eCalcutta, ubaba wancicela ngenhliziyo ukuthi nginciphise izinyawo zami zokuzulazula kuze kube yilapho, okungenani, ngiqeda izifundo zami zasesikoleni samabanga aphezulu. Ngesikhathi ngingekho, ngothando wayehlele icebo ngokuhlela isazi esingcwele, uSwami Kebalananda, 4-5. ukuza njalo endlini.

"I- isihlakaniphi intando yiba yakho IsiSanskrit umfundisi," yami umzali kumenyezelwe ngokuzethemba.

Ubaba nginethemba ku- anelise yami inkolo izifiso ngu imiyalelo kusukela a wafunda isazi sefilosofi. Kodwa amatafula aphenyuka ngobuqili: uthisha wami omusha, ngaphandle kokunikeza ubumpofu bokucabanga, wavusa amalahle esifiso sami sikaNkulunkulu. Engazi ubaba, uSwami Kebalananda wayengumfundi ophakeme kaLahiri Mahasaya. Lo mfundisi ongenakuqhathaniswa wayenabafundi abayizinkulungwane, abadonseleka kuye buthule. ngokungenakuphikiswa kwamandla akhe amakhulu adonsela phansi. Kamuva ngafunda ukuthi uLahiri Mahasaya wayevame ukuchaza uKebalananda njengo- *rishi* noma isazi esikhanyisiwe.

Izimonyo ezinde ezinde zakha ubuso obuhle bomfundisi wami. Amehlo akhe amnyama ayengenacala, ebonakala njengomntwana. Zonke izinyakazo zomzimba wakhe omncane zaziphawulwa yingxoxo ephumuzayo. Wayehlala emnene futhi enothando, wayeqinile engqondweni engapheli. Amahora amaningi esijabule ndawonye sawachitha sizindla ngokujulile *ngeKriya* .

UKebalananda wayeyingcweti edumile kuma- *shastra asendulo* noma izincwadi ezingcwele: ulwazi lwakhe lwamenza wabizwa ngokuthi "uShastri Mahasaya," okwakuvame ukukhulunywa ngaye. Kodwa intuthuko yami ezifundweni zesiSanskrit yayingaphawuleki. Ngafuna wonke amathuba okuyeka uhlelo lolimi lwe-prosaic nokukhuluma nge-yoga kanye ne-Lahiri Mahasaya. Umfundisi wami wangiphoqa ngolunye usuku ngokungitshela okuthile ngempilo yakhe nomphathi.

"Akuvamile unenhlanhla, Mina kwakuyi uyakwazi ku- hlala eduze IsiLahiri IsiMahasaya ngoba ishumi iminyaka. Okwakhe I-Benares Ikhaya kwakuyinjongo yami yohambo lwasebusuku. Lo mfundisi wayehlala ekhona egumbini elincane elingaphambili esitezi sokuqala. Njengoba ehleli esihlalweni sokhuni esingenamhlane, abafundi bakhe bamgqokisa ngemihlobiso. Amehlo akhe akhazimula futhi adansa ngenjabulo yoBunkulunkulu. Ayehlala evalekile, ebheka nge-orb yangaphakathi ye-telescopic aye endaweni yenjabulo yaphakade. Wayengavamile ukukhuluma isikhathi eside. Ngezinye izikhathi amehlo akhe ayegxila kumfundi odinga usizo; amazwi aphilisayo athululwa njenge-avalanche yokukhanya.

"Ukuthula okungachazeki kwaqhakaza ngaphakathi kimi ngokubuka kwenkosi. Ngagcwala iphunga lakhe, njengokungathi livela e-lotus engapheli. Ukuba naye, ngisho nangaphandle kokushintshana izwi izinsuku eziningi, kwakuyisipiliyoni esashintsha wonke umzimba wami. Uma kukhona isithiyo esingabonakali esiphakama endleleni Ukugxila kwami, ngangizindla ezinyaweni zomfundisi. Lapho izimo ezinzima kakhulu zazifika kalula ngaphakathi kwami. Imibono enjalo yayingiphunyuka phambi kwabafundisi abancane. Inkosi yayiyithempeli likaNkulunkulu eliphilayo elineminyango eyimfihlo evulekele bonke abafundi ngokuzinikela.

"ULahiri Mahasaya wayengeyena umhumushi wemibhalo engcwele othanda izincwadi. Wangena kalula 'emtatsheni wezincwadi waphezulu.' Igwebu lamazwi kanye nemfucuza yemicabango kwakuphuma emthonjeni wolwazi lwakhe lonke. A "Iphunga elimnandi" "Santa" Izibonisi Okwakhe Izimangaliso

"Ukuya njalo into Lapho kuyinto a isizini, futhi a isikhathi ku- njalo inhloso ngaphansi i izulu."

Ngangingenalo lolu hlananipho lukaSolomoni lokungiduduza; ngangingibheka ngibhekabheka nxazonke, kunoma yiluphi uhambo oluvela ekhaya, ukuze ngibone ubuso bomfundisi engangimlindele. Kodwa indlela yami ayizange ihlangane neyakhe kwaze kwaba yilapho ngiqeda izifundo zami zesikole samabanga aphezulu.

Kwadrula iminyaka emibili phakathi kohambo lwami no-Amar oluya eHimalaya, kanye nosuku olukhulu lokufika kukaSri Yukteswar empilweni yami. Phakathi naleso sikhathi ngahlangana nezazi eziningana—"uSanta Wephunga," "uTiger Swami," uNagendra Nath Bhaduri, uMaster Mahasaya, kanye nososayensi odumile waseBengali, uJagadis Chandra Bose.

Ukuhlangana kwami "noSanta Wephunga" kwaba nezingenisiso ezimbili, enye yayivumelana kanti enye yayihlekisa.

"UNKulunkulu ulula. Konke okunye kuyinkimbinkimbi. Ungafuni izindinganiso eziphelele ezweni lemvelo elihlobene ."

Lezi ziphetho zefilosofi zangena kancane endlebeni yami njengoba ngangimi buthule phambi kwesithombe sethempeli sikaKali. Ngaphenduka, ngabhekana nendoda ende eyayigqoke izingubo zayo, noma ukungabi nazo, okwayiveza njengesadhu *esizulazulayo* .

"Ngempela usungene ekudidekeni kwemicabango yami!" Ngamomotheka ngokubonga. "Ukudideka kwezici ezingemnandi nezesabekayo emvelweni, njengoba kufanekiselwa uKali, 5-1." iphazamise amakhanda ahlakaniphile kunawami!

"Bambalwa abaxazulula imfihlakalo yakhe! Okuhle nokubi kuyimpicabadala eyinselele impilo eyibeka njenge-sphinx ngaphambi kwayo yonke inhlakanipho. Njengoba bengazami sisombululo, amadoda amaningi alahlekelwa yimpilo yawo, isijeziso manje njengasezinsukwini zikaThebes. Lapha nalaphaya, umuntu omude onesizungu akalokothi akhale ngokungotshwa. Kusukela kuma- *maya* 5-2 wezinto ezimbili ukhipha iqiniso elingenakuhlukaniswa lobunye.

"Wena khuluma nge ukukholelwa, mnumzane."

"Sekuyisikhathi eside ngizihlola ngobugotho, indlela ebuhlungu kakhulu yokuhlakanipha. Ukuzihlola, ukuqaphela imicabango yakho ngokungaphezi, kuyinto exakile neyishaqisayo. Kuphula ubugovu obukhulu kakhulu. Kodwa ukuzihlaziya kweqiniso ngezibalo kusebenza ukukhiqiza ababoni. Indlela 'yokuziveza,' ukuvuma komuntu ngamunye, iphumela kubantu abazidlayo, abaqiniseka ngelungelo labo lokuthola ulwazi."

okuyimfihlo izincazelo kwe UNkulunkulu futhi i indawo yonke."

"Iqiniso" ngokuthobeka uthatha umhlalaphansi, cha ukungabaza, ngaphambi okunjalo ukuzidla ubuqambi." Mina kwakuyi ukujabulela i ingxoxo.

"Umuntu akanakukugonda iqiniso laphakade aze azikhulule ekuzikhukhumezeni. Inggondo yomuntu, evezwe odakeni oluyikhulu leminyaka, igcwele impilo enyanyekayo yokukhohlisa okungenakubalwa komhlaba."

Ukulwa kwezimpi akubalulekile lapha, lapho umuntu eqala ukulwa nezitha zangaphakathi! Azikho izitha ezifayo lezi, ezizonqotshwa amandla amaningi asabekayo! Ezikhona yonke indawo, eziphazamisayo, ezilandela umuntu ngisho elele, ezihlome ngobuqili ngesikhali esibi, la masosha anezinkanuko zokungazi afuna ukusibulala sonke. Akacabangi muntu ofihla izinhloso zakhe, ezinikela kuye isiphetho esivamile. Ingabe angabonakala engenamandla, eyisithutha, ehlazisayo?

"Mnumzane ohloniphekile, awunazwelo ngabantu abaningi

abadidekile?" Isazi sathula isikhashana, sabe sesiphendula

ngokungaqondile.

"Ukuthanda uNkulunkulu ongabonakali, iRepository of All Virtues, kanye nomuntu obonakalayo, okubonakala sengathi akanayo, kuvame ukudideka! Kodwa ubuhlakani bulingana ne-maze. Ucwangingo lwangaphakathi ludalula ngokushesha ubunye kuzo zonke izingqondo zabantu - ubuhlobo obuqinile bezisusa zobugovu. Okungenani ngomqondo owodwa, ubuzalwane bomuntu buyavezwa. Ukuthobeka okukhulu kulandela lokhu kutholwa okulinganiselayo. Kuvuthwa kube uzwela kwabanye abantu, kungaboni amandla okuphulukisa omphefumulo olindele ukuhlolwa."

"I- abangcwele kwe njalo ubudala, mnumzane, babe umuzwa njenge wena ngoba i usizi kwe i umhlaba."

"Umuntu ongajulile kuphela olahlekelwa ukusabela ezinhluphekeni zokuphila kwabanye, njengoba ecwila ekuhluphekeni kwakhe okuncane." Ubuso bukaSADHU obunonya bathamba ngokuphawulekayo. "Lowo oqhuba Ukuzihlukanisa nge-scalpel kuzokwazi ukwanda kwesihawu somhlaba wonke. Ukhululwa ezidingweni ezivalekile zobugovu bakhe. Uthando lukaNkulunkulu luyaqhakaza emhlabathini onjalo. Ekugcineni isidalwa siphendukela kuMdali waso, ngaphandle kwesizathu esinye ngaphandle kokubuza ngobuhlungu: 'Kungani, Nkosi, kungani?' Ngezinhlungu ezingenamahloni, umuntu ekugcineni uqhutshwa eBukhoneni obungenamkhawulo, obubuhle bakhe kuphela obufanele bumhuhe.

Mina nosaziwayo sasikhona eThempelini laseKalighat laseCalcutta, lapho ngangiye khona ukuyobona ubuhle balo obudumile. Ngesenzo esikhulu, umngane wami owayengihamba naye walahla isithunzi esihlotshisiwe.

"Izitini futhi udaka cula thina cha kuzwakala ingoma; i inhliziyo kuvula kuphela ku- i umuntu ingoma kwe ukuba khona."

Sahamba ngezinyawo saya elangeni elikhangayo emnyango, lapho izixuku zabantu abazinikele zazidlula khona.

"Usemncane." Isazi sangibuza ngokucabangela. "NaseNdiya nayo intsha. *Ama-rishi asendulo* **5-3** Izimiso zabo eziqinile zokuphila okungokomoya zanele lolu suku nomhlaba. Njengoba zingaphelelwe yisikhathi, zingaphambene namaqhinga okuthanda izinto ezibonakalayo, imithetho yokuqondisa isalokhu ibumba iNdiya. Ngezinkulungwane zeminyaka—izazi ezinamahloni kakhulu zikhathalela ukubala!—i-Time engabazayo isiqinisekisile inani lamaVedic. Lithathe njengefa lakho."

Njengoba ngangivalelisa ngenhlonipho ku- *sadhu okhuluma kahle* , wembula umbono

ocacile: "Ngemva kokuhamba lapha namuhla, kuzokwenzeka okuhlangenwe nakho okungavamile."

Ngaphuma emagcekeni ethempeli futhi ngazulazula ngingenanjongo. Ngajika ekhoneni, ngahlangana nomuntu engimaziyo wakudala—omunye walabo bantu abakhuluma isikhathi eside abanamandla okuxoxa anganaki isikhathi futhi bamukele ubuphakade.

"Ngizokukhulula ngesikhashana esifushane kakhulu, uma ungangitshela konke okwenzekile phakathi neminyaka eyisithupha yokuhlukana kwethu."

"Ini a indida! Mina kumele hamba wena manje."

Kodwa wangibamba ngesandla, ekhipha ulwazi oluncane. Wayenjengempisi edla inyama, ngacabanga ngijabule; lapho ngikhuluma isikhathi eside, wayelokhu ehogela izindaba ngesifiso esikhulu. Ngaphakathi ngacela unkulunkulukazi uKali ukuba ahlele indlela enhle yokubaleka.

Umngane wami wangishiya ngokuzumayo. Ngaphefumula ngokukhululeka futhi ngaphindeka kabili ijubane lami, ngesaba noma yikuphi ukubuyela emuva emkhuhlaneni onzima. Ngizwe izinyathelo ezisheshayo ngemuva kwami, ngasheshisa ijubane lami. Angizange ngibheke emuva. Kodwa ngentambo, intsha yaphinde yangijoyina, ibambe ihlombe lami ngokuthokoza.

"Ngikhohliwe ukukutshela ngoGandha Baba (uSanta wephunga), ogcoba indlu lapho." Wakhomba ku- indlu eqhele ngamamitha ambalwa. "Mbone; uyathandeka. Ungase ube nesipiliyoni esingavamile. Sala kahle," wabe esengishiya ngempela.

Isibikezelo esifana nesadhu *ethempelini* laseKalighat sangifikela engqondweni. Ngimangaliswe kakhulu, ngangena endlini futhi ngangeniswa ekamelweni lokuphumula elinokunethezeka. Isixuku sabantu sasihleli, ngokweMpumalanga, lapha nalaphaya ekhaphethini elinombala ophuzi obanzi. Kwafika ukuhlebeza okumangalisayo endlebeni yami:

"Bheka uGandha Baba esikhumbeni sengwe. Anganika iphunga lemvelo lanoma iyiphi imbali kumuntu ongenaphunga." eyodwa, noma vuselela a obunile ukuqhakaza, noma yenza a komuntu isikhumba ukuphuma kuyajabulisa iphunga elimnandi."

Ngambheka ngqo uSaint; amehlo akhe asheshayo ayekuwo ami. Wayekhuluphele futhi enentshebe, enesikhumba esimnyama namehlo amakhulu akhazimulayo.

"Ndodana, ngiyajabula ukukubona. Yisho okufunayo. Ungathanda

iphunga elimnandi?" "Ngenxa yani?" Ngacabanga ukuthi amazwi akhe
ayeyingane.

"Ukuze uzwe indlela emangalisayo yokujabulela amakha."

"Ukusebenzisa uNkulunkulu ukwenza amakha?"

"Ini kwe yona? UNkulunkulu kwenza iphunga elimnandi noma kunjalo."

"Yebo, kodwa wenza amabhodlela abuthakathaka anamacembe ukuze asetshenziswe kabusha bese elahlwa. Ungakwazi yini ukwenza izimbali zibe nombala ofanayo?"

"Mina zenzeka amakha, okuncane "Umngane."

"Bese-ke iphunga amafektri intando hamba phandle kwe ibhizinisi."

"Ngizobavumela ukuthi baqhubeke nomsebenzi wabo! Inhloso yami ukukhombisa amandla kaNkulunkulu." "Mnumzane, kuyadingeka yini ukufakazela uNkulunkulu?

Akenzi yini izimangaliso kukho konke, yonke indawo?" "Yebo, kodwa nathi kufanele sibonise ezinye zezinhlobo zakhe zokudala ezingenamkhawulo."

"Kuthathe isikhathi esingakanani ukuba

yingcweti yobuciko bakho?" "Iminyaka

eyishumi nambili."

"Ngokwenza amaphunga ngezindlela zezinkanyezi! Kubonakala sengathi, ngcwele wami ohloniphekile, ubulokhu uchitha iminyaka eyishumi nambili ufuna amaphunga ongawathola ngama-rupees ambalwa esitolo sezimbali."

"Amakha ukufiphala nge izimbali."

"Amakha ukufiphala nge ukufa. Kungani kufanele Mina isifiso lokho okuyinto okujabulisayo i umzimba kuphela?"

"Mnu. Isazi Sefilosofi, uyangijabulisa. Manje, yelula isandla sakho sokunene." Wenza isenzo sokubusisa .

Bengiqhele ngamamitha ambalwa ukusuka kuGandha Baba; akekho omunye owayeseduze ngokwanele ukuthi angathinta umzimba wami. Ngelula isandla sami, kodwa i-yoga ayizange isithinte.

"Ufuna yiphi iphunga?"

"Rose."

"Yiba yona ngakho."

Ngamangala kakhulu lapho iphunga elimnandi le-rose liphuma ngamandla phakathi nesandla sami. Ngathatha imbali enkulu emhlophe engenaphunga ngokumamatheka

esitsheni esiseduze.

"Ingabe le mbali engenaphunga ingagcwala i-

jasmine?" "Makube njalo."

Iphunga le-jasmine lavela ngokushesha emacembeni. Ngambonga isisebenzi sezimanga futhi ngahlala eduze komunye wabafundi bakhe. Wangitshela ukuthi uGandha Baba, ogama lakhe linguVishudhananda, wayefunde izimfihlo eziningi ezimangalisayo ze-yoga kuchwepheshe waseTibet.

i-yogi, Mina kwakuyi kuqinisekisiwe, wayenayo kufinyelelwe i ubudala kwe sekuphelile a inkulungwane iminyaka.

"Umfundi wakhe uGandha Baba akahlali enza imisebenzi yakhe yamakha ngendlela elula oyibonile." Umfundi wakhuluma ngokuziqhenya ngomphathi wakhe. "Inqubo yakhe ihluke kakhulu, ukuze ivumelane nokwehlukahluka kwezimo. Uyamangalisa! Amalungu amaningi ezihlakaniphi zaseCalcutta aphakathi kwabalandeli bakhe."

Ngazimisela ngaphakathi ukuthi angizifaki enanini labo. Isazi "esimangalisa kakhulu" sasingathandeki kimi. Ngibonga uGandha Baba ngenhlonipho, ngahamba. Ngibuyela ekhaya, ngacabanga ngezenzakalo ezintathu ezahlukahlukeni ezaletswa yilolu suku.

Udadewethu u-Uma wangihlangabeza njengoba

ngingena emnyango wethu we-Gurpar Road.

"Usuqala ukuba nesitayela, usebenzisa amakha!"

Ngaphandle a izwi, Mina kushukunyisiwe yena ku- iphunga yami isandla.

"Ini i kukhanga i-rose iphunga elimnandi! It kuyinto ngokungavamile "Nginamandla!"

Ngicabanga ukuthi "kwakungavamile neze," ngabeka buthule imbali enephunga elimnandi ngaphansi kwamakhala akhe.

"O, ngiyayithanda i-jasmine!" Wabamba imbali. Ukudideka okuhlekisayo kwadlula ebusweni bakhe njengoba ehogela iphunga le-jasmine ngokuphindaphindiwe ohlotsheni lwembali ayeyazi kahle ukuthi ayinaphunga. Ukusabela kwakhe kwaqeda ukusola kwami ukuthi uGandha Baba wayebangele isimo sokusikisela okuzenzakalelayo lapho mina ngedwa ngangikwazi ukubona amaphunga.

Kamuva ngezwa kumngane wami, u-Alakananda, ukuthi "uSanta Wephunga" unamandla engifisa sengathi ngabe awanawo izigidi zabantu base-Asia abalambile, kanye naseYurophu namuhla.

"Ngangikhona nezinye izivakashi eziyikhulu ekhaya likaGandha Baba eBurdwan," kusho u-Alakananda kimi. "Kwakuyisenzakalo se-gala. Ngenxa yokuthi i-yogi yayidume ngokuba namandla okukhipha izinto emoyeni, ngamcela ngokuhleka ukuthi agqoke ama-tangerines angaphandle kwesizini. Ngokushesha ama- *luchis* ⁵⁻ ⁴ ezazikhona kuzo zonke izitsha zamaqabunga ebhanana zakhukhumala. Imvilophu ngayinye yesinkwa yabonakala iqukethe i-tangerine ehlutshiwe. Ngayiluma eyami ngesaba, kodwa ngayithola imnandi.

Eminyakeni eminingi kamuva ngaqonda ngokuqaphela kwangaphakathi ukuthi uGandha Baba wafeza kanjani izinhloso zakhe. Le ndlela, maye! ingaphezu kwamandla ezinkulungwane zabantu abalambile emhlabeni.

Izibusisa ezahlukene zezinzwa umuntu asabela kuzo—ezibonakalayo, ezizwakalayo, ezizwakalayo, ezizwayo, kanye nezinukayo—zikhqizwa ukushintshashintsha kokudlidliza kwama-electron nama-proton. Ukudlidliza kulawulwa “ama-lifetron,” amandla okuphila angabonakali noma amandla amancane kune-athomu afakwe ngokuhlakanipha yizinto ezinhlanu ezihlukile zomqondo wezinzwa.

UGandha Baba, ezivumelanisa namandla e-cosmic ngemikhuba ethile ye-yogic, wakwazi ukuqondisa ama-lifetrons ukuze ahlele kabusha isakhiwo sawo sokudlidliza futhi ahlele umphumela ofiselekayo ngendlela enenjongo. Iphunga lakhe, izithelo kanye nezinye izimangaliswo kwakuwukubonakaliswa kwangempela kokudlidliza okuvamile, hhayi imizwa yangaphakathi ekhiqizwe ngokulutha. **5-5**

Izenzo zezimangaliswo ezifana nalezo eziboniswe "nguSanta Wephunga" ziyamangalisa kodwa azisizi ngalutho ngokomoya. Njengoba zingenanjongo ngaphandle kokuzijabulisa, ziwukuphambuka ekufuneni uNkulunkulu okujulile.

Ukuluthwa kwengqondo kuye kwasetshenziswa odokotela ekuhlinzeni okuncane njengohlobo lwe-chloroform yengqondo kubantu abangase basengozini yomuthi wokubulala izinzwa. Kodwa isimo sokuluthwa kwengqondo siyingozi kulabo abavame ukuhlushwa yiso; umphumela ongemuhle wengqondo ulandela ogcina ngokuhamba kwesikhathi uphazamisa amangqamuzana obuchopho.

Ukulutha ingqondo kuwukungena endaweni yomqondo womunye umuntu. Izehlakalo zalo zesikhashana azifani ngalutho nezimangaliswo ezenziwa abantu abaqaphela uNkulunkulu. Vuka kuNkulunkulu, abangcwele beginiso benza izinguquko kuleli zwe lamaphupho ngokusebenzisa intando ehambisana kahle noMphuphi Wendawo Yonke Odala.

Ukubonakaliswa kwamandla angavamile okukhazimulayo kuyagxekwa ngamakhosi. Isazi semfihlakalo sasePheresiya, u-Abu Said, wake wahleka *ama-fakir athile* ayeziqhenya ngamandla awo amangalisayo phezu kwamanzi, umoya, nendawo .

Kungokwakhe ukulahla impilo yakhe njengomnikelo oshisekayo - maqondana nenzuzo nokulahlekelwa, impumelelo nokwehluleka, njengomuntu oyedwa."

"Ngokuhamba kwesikhathi imiphakathi yesayensi ehamba phambili emhlabeni yamukela imibono yami nemiphumela, futhi yaqaphela ukubaluleka komnikelo wamaNdiya kwisayensi. **8-4** Ingabe kukhona into encane noma elinganiselwe engakwanelisa ingqondo yaseNdiya? Ngesiko eliqhubekayo lokuphila, kanye namandla abalulekile okuvuselela ubusha, leli zwe lizilungisile ngokuguqulwa okungenakubalwa. AmaNdiya abelokhu evele, elahla umklomelo osheshayo nowokuheha wehora, aye afuna ukugcwaliseka kwemigomo ephakeme kakhulu empilweni—hhayi ngokuzilahla ngaphandle kokwenza lutho, kodwa ngokulwa okusebenzayo. Umuntu obuthakathaka owenqabe ingxabano, engatholi lutho, akanalutho angalulahla. Nguye yedwa oye walwela futhi wanqoba angacebisa umhlaba ngokunikeza izithelo zokuhlenganwe nakho kwakhe kokunqoba.

"Umsebenzi osuvele wenziwe elabhorethri yaseBose mayelana nokusabela kwezinto, kanye nokwembulwa okungalindelekile empilweni yezitshalo, uvule izindawo ezinde kakhulu zocwaningo ku-physics, ku-physiology, kwezokwelapha, kwezolimo, ngisho nakwezengqondo. Izinkinga ezazibhekwa njengezingaxazululekile kuze kube manje sezilethwe emkhakheni wocwaningo lokuhlola."

"Kodwa impumelelo ephezulu ayitholakali ngaphandle kokunemba okuqinile. Yingakho ibhethri elide lezinsimbi ezibucayi kakhulu kanye nemishini yomklamo wami, emi phambi kwakho namuhla ezimweni zabo ehholo lokungena. Bakutshela

ngemizamo ende yokulandela ukubonakala okukhohlisayo okubonakala kungokoqobo okungabonakali, kokuzikhandla okuqhubekayo kanye nokuphikelela kanye nobuhlakani obubizwa ukuze kungotshwe ukulinganiselwa kwabantu. Bonke ososayensi bokudala bayazi ukuthi ilabhorethri yangempela yingqondo, lapho ngemuva kwemicabango bembula khona imithetho yeqiniso.

"Izinkulumo ezinikezwa lapha ngeke zibe nje ukuphindaphinda kolwazi olusetshenziswe ngomunye umuntu. Zizomemezela izinto ezintsha ezitholwe, eziboniswe okokuqala kula mahholo. Ngokushicilelwa njalo komsebenzi weSikhungo, le minikelo yaseNdiya izofinyelela umhlaba wonke."

Zizoba impahla yomphakathi. Azikho iziqinisekiso zobunikazi ezizothathwa. Umoya wesiko lethu lesizwe ufuna ukuthi sikhululeke kuze kube phakade ekungcolisweni kokusebenzisa ulwazi ukuze kuzuze thina kuphela.

"Kuyisifiso sami ukuthi izinsiza zalesi Sikhungo zitholakale, ngangokunokwenzeka, kubasebenzi abavela kuwo wonke amazwe. Kulokhu ngizama ukuqhubeka namasiko ezwe lami. Kuze kube manje emakhulwini eminyaka angamashumi amabili nanhlanu, iNdiya yayamukela emanyuvesi ayo asendulo, eNalanda naseTaxila, izazi ezivela kuzo zonke izingxenye zomhlaba."

"Nakuba isayensi kuyinto akukho noyedwa kubo kwe i EMpumalanga noma kwe i INTshonalanga kodwa kunalokho ngamazwe ngamazwe ku ukuba kwayo yonke indawo, kodwa i -India ikulungele ngokukhethekile ukwenza iminikelo emikhulu. Umcabango ovuthayo waseNdiya, ongakhipha ukuhleleka okusha enqwabeni yamaqiniso abonakala ephikisana, uvinjelwa umkhuba wokugxila. Lokhu kuzibamba kunikeza amandla okubamba ingqondo ukuze ifune iqiniso ngesineke esingenamkhawulo.

Izinyembezi zema emehlweni ami lapho ngibona amazwi okugcina kasosayensi. Ingabe igama elithi "ukubekezela" alisho ukuthi iNdiya ifana ne-India, lidida i-Time nezazi-mlando ngokufanayo?

Ngaphinde ngavakashela isikhungo socwaningo, ngemva nje kosuku lokuvulwa. Isazi sezitshalo esikhulu, sikhumbula isithembiso saso, sangiyisa elabhorethri yaso ethule.

"Ngizonamathisela i-crescograph kule fern; ukukhulisa kukhulu kakhulu. Uma ukukhasa kwesikhova kukhulisiwe ku i okufanayo isilinganiso, i isidalwa ngabe kuvela ku- yiba ukuhamba njenge i okusheshayo isitimela!"

Ukubuka kwami kwakugxile kakhulu esikrinini esasibonisa isithunzi se-fern esikhulu. Ukunyakaza okuncane kokuphila kwase kubonakala ngokucacile; isitshalo sasikhula kancane phambi kwamehlo ami athakaselekayo. Usosayensi wathinta isihloko se-fern ngensimbi encane. I-pantomime eyayikhula yema ngokuzumayo, yaqala kabusha imigqi ecacile ngokushesha nje lapho induku isuswa.

"Ubonile ukuthi noma yikuphi ukuphazamiseka okuncane kwangaphandle kulimaza kanjani izicubu ezibucayi," kuphawula uBose. "Qaphela; manje ngizonikeza i-chloroform, bese nginikeza umuthi wokulwa namagciwane."

Umphumela we-chloroform wamisa konke ukukhula; ikhambi lalivuselela. Izimpawu zokuziphendukela kwemvelo esikrinini zangibamba kakhulu kunendaba "yefilimu". Umngane wami (lapha endimeni yobubi) waphonsa ithuluzi elibukhali engxenyeni ye-fern; ubuhlungu babonakaliswa ukuzulazula okunamandla. Lapho edlula i-razor kancane esiqwini, isithunzi sanyakaziswa ngamandla, sabe sesizithulisa ngophawu

lokugcina lokufa.

"Ngokuqala ngokwakha isihlahla esikhulu nge-chloroform, ngathola ukufakelwa okuphumelelayo. Ngokuvamile, ama-monarch anjalo ehlathi ayafa ngokushesha ngemva kokususwa." UJagadis wamomotheka ngenjabulo njengoba elandisa ngobuqili obusindisa impilo. "Amagrafu emishini yami ebucayi afakazele ukuthi izihlahla zinesimiso sokujikeleza kwegazi; ukunyakaza kwazo kwe-sap kuhambisana nomfutho wegazi wemizimba yezilwane. Ukunyuka kwe-sap akuchazeki ngezizathu zemishini ezivame ukuthuthuka, njengokukhanga kwe-capillary. Lesi simo sixazululwe nge-crescograph njengomsebenzi wamaseli aphilayo. Amagagasi e-peristaltic aphuma epayipini eliyindilinga elidlula phansi esihlahleni futhi

isebenza njengenhlinziyo yangempela! Lapho siqonda ngokujulile, kuba sobala kakhulu ukuthi uhlelo olufanayo luhlanganisa zonke izinhlobo emvelweni ehlukehlukene.

I kuhle kakhulu usosayensi okukhonjiwe ku- omunye I-Bose ithuluzi.

"Ngizokukhombisa izivivinyo entweni yethini. Amandla okuphila asezinsimbini asabela kabi noma ngokunenzuzo ezintweni ezishukumisayo. Ukumaka uyinki kuzobonisa ukusabela okuhlukahlukene."

Ngigxile kakhulu, ngabuka igrafu eyayiqopha amaza ahlukile esakhiwo se-athomu. Lapho uprofesa efaka i-chloroform ethini, imibhalo yokudlidliza yema. Yaqala kabusha njengoba insimbi ibuyela esimweni sayo esijwayelekile kancane kancane. Umngane wami wakhipha i- ikhemikhali enobuthi. Ngesikhathi esifanayo nengxenye eqhaqhazelayo yethini, inaliti iyabonakala kakhulu wabhala eshadini isaziso sokufa.

"Izinsimbi zeBose zibonise ukuthi izinsimbi, njengensimbi esetshenziswa ezikeleni nasemishinini, ziyakhathala, futhi ziphinde zisebenze kahle ngokuphumula njalo. Ukushaya komoya okusezinsimbini kuyalimala kakhulu noma kucinywe ngisho nangokusetshenziswa kwamandla kagesi noma ingcindezi enkulu."

Mina wabheka nxazonke i igumbi ku- i eziningi izinto ezintsha, okhuluma kahle ubufakazi kwe a ngokungakhathali ubuhlakani.

"Mnumzane, kuyadabukisa ukuthi intuthuko enkulu yezolimo ayisheshiswa ngokusebenzisa ngokugcwele izindlela zakho ezimangalisayo. Bekungeke yini kube lula ukusebenzisa ezinye zazo ekuhlolweni okusheshayo kwelebhu ukukhombisa ithonya lezinhlobo ezahlukene zomanyolo ekukhuleni kwezitshalo?"

"Uqinisile. Ukusetshenziswa okuningi kwezinsimbi zeBose kuzokwenziwa yizizukulwane ezizayo. Usosayensi akavamile ukwazi umvuzo wangesikhathi esifanayo; kwanele ukuba nenjabulo yenkonzo yokudala ."

Ngibonga kakhulu isazi esingapheli amandla, ngahamba. "Ingabe ukuzala okumangalisayo kobuhlakani bakhe kungaphela?" Ngacabanga.

Akukho kuncipha okwafika ngeminyaka. Esungula ithuluzi eliyinkimbinkimbi, i-"Resonant Cardiography," uBose wabe esephishekela ucwaningo olunzulu ezitshalweni eziningi zaseNdiya. Kwembulwa i-pharmacopoeia enkulu engalindelekile yemithi ewusizo. I-cardiograph yakhiwe ngokunemba okungenakuphutha lapho kuboniswa khona ingxenye eyodwa kwekhulu yomzuzwana. igrafu. Amarekhodi e-Resonant alinganisa ukushaya okuncane okungenamkhawulo ezitshalweni, ezilwaneni nakubantu isakhiwo. Isazi sezitshalo esikhulu sabikezela ukuthi ukusetshenziswa kwe-cardiograph yakhe kuzoholela

ekuvivisweni kwe-vivisection izitshalo esikhundleni sezilwane.

"Imibiko eqoshwe eceleni yemiphumela yomuthi onikezwa ngesikhathi esisodwa esitshalweni nasesilwaneni ibonise ukuvumelana okumangalisayo ngenxa yalokho," esho. "Konke okukumuntu kuye kwabikezelwa esitshalweni. Ukuhlola izitshalo kuzosiza ekunciphiseni ukuhlupheka kwabantu."

Eminyakeni eminingi kamuva okutholwe yiBose ngezitshalo zokuqala kwaqinisekiswa abanye ososayensi. Umsebenzi owenziwe ngo-1938 eColumbia University wabikwa yiThe *New York Times* kanje:

Kuye kwatholakala eminyakeni embalwa edlule ukuthi lapho imizwa idlulisela imiyalezo phakathi kobuchopho nezinye izingxenye zomzimba, kukhiqizwa imizwa emincane kagesi. Le mizwa ilinganiswe ngama-galvanometer athambile futhi yakhuliswa izikhathi eziyizigidi ngemishini yesimanje yokukhulisa. Kuze kube manje ayikho indlela eyanelisayo etholakele yokufunda izindlela zemizwa ezihambisana nezintambo zezinzwa ezilwaneni eziphilayo noma kumuntu ngenxa yobukhulu obukhulu. isivinini esihamba ngaso le mizwa.

Odokotela KS Cole no-HJ Curtis babike ukuthi bathole ukuthi amangqamuzana amade angawodwa esitshalo samanzi ahlanzekile i-nitella, esisetshenziswa njalo ezitsheni ze-goldfish, afana kakhulu nalawo e-single nerve fibers. Ngaphezu kwalokho, bathole ukuthi i-nitella fibers, uma ivuselelwe, isakaza amagagasi kagesi afana ngazo zonke izindlela, ngaphandle kwejubane, nalawo e-nerve fibers ezilwaneni nakubantu. I-electric nerve impulses esitshalweni itholakale ihamba kancane kakhulu kunaleyo esezilwaneni. Ngakho-ke lokhu kutholakala kwathathwa yizisebenzi zaseColumbia njengendlela yokuthatha izithombe ezihamba kancane zokudlula kwe-electric impulses emithanjeni.

Ngakho-ke isitshalo se-nitella singaba uhlobo lwetshe le-Rosetta lokuthola izimfihlo eziqashwe eduze kakhulu nomngcele wengqondo nezinto.

Imbongi uRabindranath Tagore wayengumngane oqinile wososayensi wemibono emihle waseNdiya. Kuye, lo mculi omnandi waseBengali wakhuluma ngale migqa elandelayo: **8-6**

Lapho sengiyilahlile inzondo engaphansi, ngathola ukwehla okukhulu ekujezisweni kwami. Ngendlela ecashile kakhulu, uMfundisi wancibilika waba nobubele obuqhathaniswayo. Ngokuhamba kwesikhathi ngabhidliza lonke udonga lokucabanga kanye nokuzibamba ngaphansi kolwazi lapho ubuntu bomuntu buvame ukuzivikela khona. **12-17** Umvuzo kwaba ukuzwana okulula nomfundisi wami. Ngaleso sikhathi ngathola ukuthi wayethemba, ecabangela futhi ethanda buthule. Nokho, ngokungabonisi zimpawu, wayengasho lutho ngothando .

Isimo sami sengqondo sigxile kakhulu ekukhulekeleni uNkulunkulu. Ubulungiswa obungakhethi bukaSri Yukteswar bubonakaliswe ngokuphawulekayo ngesikhathi samaholide asehlobo onyakeni wami wokuqala ekolishi. Ngamukela ithuba lokuchitha izinyanga ezingaphazanyiswa eSerampore nomfundisi wami.

"Ungase ube nguwe ophethe indawo yokuhlala." UMfundisi wajabula ngokufika kwami ngentshiseko. "Imisebenzi yakho izoba ukwamukela izivakashi, nokuqondisa umsebenzi wabanye abafundi."

UKumar, isakhamuzi esincane esivela empumalanga yeBengal, wamukelwa emasontweni amabili kamuva ukuze aqeqeshwe ukuhlala yedwa. Ehlakaniphe ngendlela emangalisayo, washeshe wathola uthando lukaSri Yukteswar. Ngesizathu esingaqondakali, uMaster wayenomusa kakhulu kulowo mhlali omusha.

"Mukunda, vumela uKumar athathe imisebenzi yakho. Sebenzisa isikhathi sakho ekushayweni nasekuphekeni." UMaster wakhapha le miyalelo ngemuva kokuba umfana omusha esehlale nathi inyanga yonke.

Ephakanyiselwe ebuholini, uKumar wasebenzisa ubudlova bomndeni obuncane. Ngokuvukela buthule, abanye abafundi baqhubeka nokungifuna nsuku zonke ukuze bathole iseluleko.

"Akunakwenzeka ukuthi uMukunda! Ungenze umphathi, kodwa abanye baya kuye futhi bamlalele." Ngemva kwamasondo amathathu uKumar wayekhononda kumfundisi wethu. Ngamuzwa esegumbini eliseduze.

"Yingakho ngimnike umsebenzi ekhishini, wena ube segumbini lokuphumula."
Amazwi kaSri Yukteswar ayesha kuKumar. "Ngale ndlela usugaphele ukuthi umholi ofanele unesifiso sokukhonza, hhayi sokubusa. Ubufuna isikhundla sikaMukunda, kodwa awukwazanga ukusigcina ngenxa yokufaneleka. Buyela manje emsebenzini wakho wangaphambili njengomsizi wompheki."

Ngemva kwalesi sigameko sokuthobeka, uMaster wabuyela esimweni sengqondo sangaphambili sokuzitika ngokungajwayelekile kuKumar. Ubani ongaxazulula imfihlakalo yokukhanga? KuKumar umfundisi wethu wathola umthombo omuhle ongazange uqhume kubafundi abakanye naye. Nakuba umfana omusha ngokusobala kwakunguSri

Angizange ngizizwe ngidangele, njengoba uYukteswar ayethanda kakhulu. Imikhuba yomuntu siqu, ephethwe ngisho nangamakhosi, inika ubunzima obukhulu endleleni yokuphila. Imvelo yami ayivamile ukunqotshwa imininingwane; ngangifuna kuSri Yukteswar inzuzo engafinyeleleki kalula kunodumo lwangaphandle.

UKumar wakhuluma ngokunobuthi ku- mina eyodwa usuku ngaphandle isizathu; Mina kwakuyi ngokujulile ubuhlungu.

"Ikhanda lakho liyavuvukala kakhulu!" Nganezela isixwayiso engangisizwa iqiniso ngaso ngokwemvelo: "Ngaphandle kokuba ulungise izindlela zakho, ngolunye usuku uzocelwa ukuba ushiye le ashram."

Ehleka ngokubhuqa, uKumar waphinda amazwi ami kumfundisi wethu owayesanda kungena ekamelweni. Ngilindele ukuthethiswa, ngaphuma ngokuthobeka ngaya ekhoneni.

"Mhlawumbe uMukunda uqinisile." Impendulo kaMaster kumfana yafika ngokubanda okungavamile. Ngabaleka ngaphandle kokujeziswa.

Ngemva konyaka, uKumar wahamba wayovakashela ikhaya lakhe lobuntwana. Akazange akunake ukungamukelwa kukaSri Yukteswar buthule, owayengakaze alawule ukuhamba kwabafundi bakhe ngegunya. Lapho umfana ebuya eSerampore ezinyangeni ezimbalwa, ushintsho lwalubonakala ngendlela engathandeki. UKumar owayenobuso obuthule obukhazimulayo wayehambile. Umlimi ongaziwa kuphela owayemi phambi kwethu, owayesanda kuthola imikhuba emibi eminingi.

UMfundisi wangibiza futhi ngenhliziyo ebuhlungu waxoxa ngeqiniso lokuthi umfana wayengasafanelekeli impilo yokuhlala emakhaya ezindela.

"Mukunda, ngizokushiya kuwe ukuthi utshele uKumar ukuthi ashiye i-ashram kusasa; angikwazi ukukwenza!" Izinyembezi zazimi emehlweni kaSri Yukteswar, kodwa wazibamba ngokushesha. "Umfana ubengeke awele kulezi zinhlupheko ukube ubengilalele futhi engahambanga ukuyohlangana nabangane abangathandeki. Wengabe isivikelo sami; izwe elinonya kumele libe yinkosi yakhe."

Ukuhamba kukaKumar akuzange kungilethele injabulo; ngokudabukisayo ngangizibuza ukuthi umuntu onamandla angawina kanjani Uthando lwenkosi lungaphendula ekukhangeni okushibhile. Ukujabulela iwayini nocansi kusekelwe kumuntu wemvelo, futhi akudingi izibiliboco zokuqonda ukuze baqonde. Amacebo okucabanga afana ne-oleander eluhlaza okwesibhakabhaka, enuka kamnandi ngezimbali zayo ezinemibala eminingi: yonke ingxenye yesitshalo inobuthi. Izwe lokuphulukisa lingaphakathi, likhazimula ngaleyo njabulo efunwa ngokungazi lutho ezindleleni eziyinkulungwane ezingalungile. **12-19**

"Ukuhlakanipha okubukhali kunezinhlangothi ezimbili," kusho uMaster ekhuluma ngengqondo kaKumar ekhaliphile. "Kungasetshenziswa ngendlela eyakhayo noma ebhubhisayo njengommese, kungaba ukusika ithumba lokungazi, noma ukuzisika ikhanda. Ukuhlakanipha kuqondiswa kahle kuphela ngemva kokuba ingqondo isivumile ukuthi umthetho ongokomoya awunakugwenywa."

Umfundisi wami wayehlangana ngokukhululekile nabafundi besilisa nabesifazane, ephatha bonke njengabantwana bakhe. Ebona ukulingana kwemiphefumulo yabo, akazange abonise ubandlululo noma ukukhetha.

"Ngaphakathi ukulala, wena yenza hhayi yazi ukuthi ngabe wena kukhona a indoda noma a owesifazane," yena kusho. "Kuphela nje njengoba a indoda,

ukuzenza owesifazane, akube yinto eyodwa, ngakho umphefumulo, ozenza owesilisa nowesifazane, awunabo ubulili. Umphefumulo ungumfanekiso kaNkulunkulu omsulwa, ongaguquki.

USri Yukteswar akazange abagweme noma abasole abesifazane njengezinto zokuyenga. Uthe amadoda nawo ayeyisilingo kwabesifazane. Ngake ngabuza kumfundisi wami ukuthi kungani ungcwele omkhulu wasendulo ayebize abesifazane ngokuthi “umnyango wesihogo.”

"Kumelwe ukuba intombazane yayimhlupha kakhulu ekuthuleni kwengqondo yakhe esemncane," kuphendula uthisha wami ngomsindo. "Ngaphandle kwalokho ngabe usole, hhayi owesifazane, kodwa ukungapheleli okuthile ekuzithibeni kwakhe."

Uma isivakashi singaba nesibindi sokulandisa indaba evusa inkanuko endaweni yokuhlala, uMfundisi wayezothula angaphenduli. "Ungazivumeli ukuba ushaywe yisibhaxu sobuso obuhle," etshela abafundi. "Izigqila zingazizwa kanjani zijabulela umhlaba? Ukunambitheka kwawo okucashile kuyabaphunyuka ngenkathi zigubha odakeni olukhulu. Zonke izinhlobo ezinhle zobandlululo ziyalahleka kumuntu onezinkanuko zakugala."

Abafundi abafuna ukubalekela inkohliso *yama-maya e-dualistic* abayithola kumeluleki wesiguli noqondayo waseSri Yukteswar.

"Njengoba nje inhloso yokudla iwukwanelisa indlala, hhayi ukuhaha, kanjalo nomuzwa wobulili wenzelwe ukusabalalisa izinhlobo ngokomthetho wemvelo, hhayi ukuvusa izifiso ezingapheli," esho. "Qhathanisa izifiso ezingalungile manje; ngaphandle kwalokho zizokulandela ngemva kokuba umzimba wezinkanyezi ukhishwe esikhumbeni sawo somzimba. Ngisho nalapho inyama ibuthakathaka, ingqondo kufanele imelane njalo. Uma isilingo sikuhlasela ngamandla anonya, singobe ngokuhlaziya okungebona ubuntu kanye nentando engapheli. Zonke izinkanuko zemvelo zinganqotshwa.

"Londoloza amandla akho. Yiba njengolwandle olukhulu, umunca ngaphakathi kwayo yonke imifula egelezayo yezinzwa. Izifiso ezincane ziyizimbobo echibini lokuthula kwakho kwangaphakathi, okuvumela amanzi aphulukisayo ukuba achitheke enhlabathini ehlane yezinto ezibonakalayo. Isifiso esinamandla esishukumisayo sesifiso esingalungile siyisitha esikhulu senjabulo yomuntu. Zulazula emhlabeni njengengonyama yokuzithiba; qaphela ukuthi amaxoxo obuthakathaka awakukhahleli."

Ekugcineni umuntu ozinikele ukhululiwe kuzo zonke izinkanuko zemvelo. Uguqula isidingo sakhe sothando lomuntu sibe yisifiso soNkulunkulu kuphela, uthando olulodwa ngoba lukhona yonke indawo.

Umama kaSri Yukteswar wayehlala esifundeni saseRana Mahal eBenares lapho

ngangivakashele khona umfundisi wami okokuqala. Enomusa futhi enomusa, wayesengowesifazane onemibono eqinile. Ngelinye ilanga ngama ebalcony yakhe ngabuka umama nendodana bexoxa. Ngendlela yakhe ethule nenengqondo, uMaster wayezama ukumkholisa ngento ethile. Kubonakala sengathi akaphumelelanga, ngoba wanikina ikhanda ngamandla amakhulu.

"Cha, cha, yami indodana, hamba kude manje! Yakho ohlakaniphile amagama kukhona hhayi ngoba mina! Mina ekuseni hhayi yakho mfundi!"

USri Yukteswar wahlehla ngaphandle kokuphikisana okwengeziwe, njengengane ethethiswayo. Ngathinteka yinhlonipho yakhe enkulu kunina ngisho nasezimweni zakhe ezingenangqondo. Wayembona njengomfana wakhe omncane kuphela,

hhayi njengomuntu ohlakaniphile. Kwakukhona ubuhle ngalesi sigameko esingelutho; sanikeza umbono ohlukile ngesimo esingavamile senkosi yami, ethobekile ngaphakathi futhi engenakunyakaziswa ngaphandle.

Imithetho yezindela ayivumeli iswami ukuthi ihlale ixhumene nezibopho zomhlaba ngemva kokuhlukana kwayo okusemthethweni. Ayikwazi ukwenza amasiko omndeni angokomthetho abophekile kumninikhaya. Kodwa uShankara, umsunguli wasendulo weSwami Order, akazange ayinake imiyalo. Lapho unina amthandayo eshona, washisa isidumbu sakhe ngomlilo wasezulwini awubangela ukuba siphume esandleni sakhe esiphakanyisiwe.

USri Yukteswar naye wayishaya indiva imingcele, ngendlela engeyinhle kangako. Lapho unina eshona, wahlela izinkonzo zokushiswa kwezidumbu eGanges engcwele eBenares, futhi wondla amaBrahmin amaningi ngokuvumelana nesiko lakudala.

Imithetho yokuvinjelwa *kwe-shastric* yayihloselwe ukusiza ama-swami ukuba angobe ukuhlonza okuncane. UShankara noSri Yukteswar babehlenganise ngokuphelele izidalwa zabo eMoyeni Ongenabuntu; bona wayengadingi ukusindiswa ngumthetho. Ngezinye izikhathi, futhi, inkosi iyazishaya indiva ngamabomu izincwadi ukuze isekele isimiso sayo njengesiphakeme futhi esizimele. Ngakho-ke uJesu wakha izikhwebu zombila ngosuku kokuphumula. Kubagxeki abangenakugwenywa wathi: "Isabatha lenzelwa umuntu, hhayi umuntu ngenxa yesabatha." **12-20**

Ngaphandle kwemibhalo engcwele, kwakungavamile ukuba incwadi ihlonishwe yincwadi kaSri Yukteswar. Kodwa wayejwayelene njalo nokutholwa kwesayensi kwakamuva kanye nokunye ukuthuthuka kolwazi. Njengomuntu othanda ukuxoxa ohlakaniphile, wayejabulela ukushintshana ngemibono ngezihloko eziningi nezivakashi zakhe. Ukuhlakanipha kukathisha wami okulungele kanye nokuhleka okumangalisayo kwavuselela yonke ingxoxo. Ngokuvamile, iNkosi yayingenaso isizungu. "Ukufuna iNkosi, akudingeki ukuthi umuntu ashintshe ubuso bakhe," wayephawula. "Khumbula ukuthi ukuthola uNkulunkulu kuzosho umngcwabo wazo zonke izinsizi."

Phakathi kwezazi zefilosofi, oprofesa, abameli kanye nososayensi abafika kule ndawo yokuhlala, inani labo lafika okokuqala belindele ukuhlangana nomuntu okholwayo. Ukumamatheka okumangalisayo noma ukubheka ukubekezelelana okujabulisayo ngezinye izikhathi kwakubonisa ukuthi abasanda kufika babelindele lutho ngaphandle kwezinkulumo ezimbalwa ezingcwele. Kodwa ukuhamba kwabo ngokungathandi kwakuzoletha ukuqiniseka okukhulumayo kokuthi uSri Yukteswar wayebonise ukuqonda okuqondile emikhakheni yabo ekhethekile.

Umfundisi wami wayevame ukuba mnene futhi enobungane nezivakashi; ukwamukelwa kwakhe kwakunikezwa ngomusa omuhle. Kodwa-ke, abantu

abaqhoshayo ngezinye izikhathi babebhekana nokushaqeka okuvuselelayo. Babebhekana nokungabi nandaba okukhulu noma ukuphikiswa okukhulu: iqhwa noma insimbi!

Isazi semithi esidumile sake saxabana noSri Yukteswar. Isivakashi sasingafuni ukuvuma ukuthi uNkulunkulu ukhona, njengoba isayensi ingazange isungule indlela yokumthola.

"Ngakho-ke wehlulekile ngendlela engaqondakali ukuhlukanisa uMandla Ophakeme emapayipini akho okuhlola!" Ukubuka kukaMaster kwakuqinile. "Ngincoma ukuzama okungakaze kubonwe. Hlola imicabango yakho ngokungaphezi amahora angamashumi amabili nane. Ungabe usazibuza ngokungabikho kukaNkulunkulu."

A kugujwa isazi yamukelwe a okufanayo ukushaqeka. Nge okubukisayo intshiseko, i isazi ukuthuthumela i i-ashram

izinti zemishayo nge umbhalo ongcwele ulwazi. Inomsindo omkhulu izindima kuthululwe kusukela i *I-Mahabharata* , i

.*Ama-Upanishad* , **12-21** i *AmaBhasya* **12-22** kwe UShankara

"Ngilinde ukuzwa wena." Izwi likaSri Yukteswar lalibuza, sengathi kuthule kakhulu. Uchwepheshe wayedidekile.

"Kube khona izingcaphuno, eziningi kakhulu." Amazwi kaMaster angishaya ngenjabulo, njengoba ngangihleli ekhoneneni lami, ngikude ngenhlonipho nesivakashi. "Kodwa yikuphi ukuphawula kokuqala ongakunikeza, kusukela ekuhlukeni kwempilo yakho ethile? Yimuphi umbhalo ongcwele owutholile futhi wawenza owakho? Yiziphi izindlela la maqiniso angaphelelwa yisikhathi avuselele ngazo imvelo yakho? Uyaneliswa yini ukuba yi-victrola engenalutho, uphinda amazwi abanye abantu ngokuzenzakalelayo?"

"Mina nikeza phezu!" I isazi ukudumala kwakuyi okuhlekisayo. "Mina babe cha ngaphakathi ukuqonda."

Mhlawumbe okokuqala ngqa, waqonda ukuthi ukubeka kahle i-comma akuhlawuleli i-coma engokomoya.

"Lezi zinyawo ezingenagazi zinuka kabi isibani," kusho umfundisi wami ngemva kokuhamba kwalowo osolwayo. "Bakhetha ifilosofi ukuba kube umkhuba wokufundisa omnene. Imicabango yabo ephakeme ayihlobene ngokucophelela nobunzima besenzo sangaphandle noma nanoma yikuphi ukujeziswa kwangaphakathi okushaywayo!"

Ingcweti ukucindezeleka kuvuliwe okunye izikhathi i ubuze kwe nje incwadi ukufunda.

"Ungadidanisi ukuqonda nesilulumagama esikhulu," ephawula. "Imibhalo engcwele iwusizo ekuvuseleleni isifiso sokugcwaliseka kwangaphakathi, uma isigaba esisodwa ngesikhathi sihlanganiswa kancane kancane. Ukufunda okuqhubekayo kwengqondo kuphumela ekuzikhukhumezeni nasekunelisekeni okungamanga komuntu ongaywanga." ulwazi."

USri Yukteswar walandisa okunye kokuhlangenwe nakho kwakhe ekwakheni imibhalo engcwele. Lesi sigameko sasiyindawo yokuhlala ehlathini empumalanga yeBengal, lapho abona khona inqubo yomfundisi odumile, uDabru Ballav. Indlela yakhe, eyayilula futhi inzima, yayivamile eNdiya yasendulo.

UDabru Ballav wayeqoqe abafundi bakhe eduze kwakhe ezindaweni zodwa zaseSylvan. *IBhagavad Gita engcwele* yayivulekile phambi kwabo. Babheka indawo eyodwa ngobuqotho isigamu sehora, base bevala amehlo abo. Enye isigamu sehora yanyamalala. Inkosi yanikeza impendulo emfushane. Benganyakazi, bazindla futhi ihora lonke. Ekugcineni isazi sakhuluma.

"Nginayo wena Uyaqonda?

"Yebo, mnumzane." Okukodwa ku i iqembu ukuzama lokhu ukugomela.

"Cha; hhayi ngokugcwele. Funa amandla angokomoya anikeze la mazwi amandla okuvuselela iNdiya ikhulu nekhulu leminyaka." Elinye ihora lanyamalala buthule. Inkosi yaxosha abafundi, yaphendukela kuSri Yukteswar.

"Cha, mnumzane, hhayi ngempela; noma kunjalo yami amehlo futhi ingqondo babe gijima ngokusebenzisa yayo amakhasi eziningi izikhathi."

"Izinkulungwane zingiphendule ngendlela ehlukile!" Isazi esikhulu samomotheka kuNkosi simbusisa. "Uma umuntu ezixakekisa ngokubonisa ingcebo yemibhalo engcwele, yisiphi isikhathi esisele sokucwila ngaphakathi buthule silandela amaparele angenakuqhathaniswa?"

USri Yukteswar waqondisa ukutadisha kwabafundi bakhe ngendlela efanayo ejulile yokukhomba okukodwa. "Ukuhlakanipha akuhlangani namehlo, kodwa kuhlanganiswa nama-athomu," esho. "Uma ukuqiniseka kwakho ngeqiniso kungekho ebuchosheni bakho kuphela kodwa nasebuntwini bakho, ungase ufakazele ngesibindi incazelo yalo." Wavimbela noma yikuphi ukuthambekela umfundi angase abe nakho kokuhumusha ulwazi lwencwadi njenge isinyathelo esidingekayo ukuze kuqashelwe ngokomoya.

" *Ama-rishi* abhale ngomusho owodwa izimfihlo ezijulile ezithi ukuphawula kwezazi kumatasa ngazo izizukulwane ngezizukulwane," ephawula. "Impikiswano engapheli yezincwadi ingeyezingqondo ezivilaphayo. Yimuphi umcabango okhululayo ngaphezu kokuthi 'uNkulunkulu ukhona' - cha, 'uNkulunkulu'?"

Kodwa umuntu akabuyeli kalula ebulula. Akuvamile ukuba "uNkulunkulu" kuye, kodwa kunalokho kufundwe ngokuzikhukhumeza. Ubugovu bakhe buyajabula, ukuthi uyakwazi ukuqonda ulwazi olunjalo.

Amadoda ayeziqhenya ngokuziqhenya ngezikhundla eziphakeme emhlabeni cishe ayezokwengeza ukuthobeka kwezinye izinto zawo phambi kukaMaster. Umantshi wendawo wake wafika ezoxoxisana naye endaweni yokuhlala engaselwandle ePuri. Indoda, eyayinedumela lokungabi naluzwela, yayinamandla okusixosha e-ashram. Ngaxwayisa umfundisi wami ngamathuba obushiqela. Kodwa wahlala phansi ngomoya oqinile, futhi akazange asukume ayobingelela isivakashi. Ethukile kancane, Ngahlala phansi eduze komnyango. Indoda kwadingeka yaneliseke ngebhokisi lokhuni; umfundisi wami akazange angicele ukuba ngilande isihlalo. Kwakungekho ukugcwaliseka kwethemba likamantshi lokuthi ukubaluleka kwayo kuzoqashelwa ngokomthetho.

Kwalandela ingxoxo engokoqobo. Isivakashi saphazama ngokuchaza kabi imibhalo. Njengoba ukunemba kwaso kuncipha, intukuthelo yaso yaphakama.

"Uyazi ukuthi ngibe ngowokuqala ekuhlolweni kwe-MA?" Ukuqonda kwakumshiyile, kodwa wayesekwazi ukumemeza.

"Mnu. Mantshi, uyakhohlwa ukuthi lena akuyona inkantolo yakho," kuphendula

uMaster ngokulinganayo. "Ngokwamazwi akho obuntwana bengizocabanga ukuthi umsebenzi wakho wasekolishi wawungaphawuleki. Iziqo zaseyunivesithi, noma kunjalo, azihlobene kakhulu nokuqaphela amaVeda. Abangcwele abakhiqizwa ngamaqoqo njalo ngesemester njengababali bezimali."

Ngemva a ukushaqeka ukuthula, i isivakashi wahleka ngenhliziyo yonke.

"Lokhu kungukuhlangana kwami kokuqala nomantshi wasezulwini," esho. Kamuva wenza isicelo esisemthethweni, esisekelwe emigomeni yezomthetho eyayiyingxenye ebalulekile yobuntu bakhe, sokuba samukelwe njengesikhulu.

"ukuhlolwa" umfundi.

Umfundisi wami ngokwakhe wanakekela imininingwane ehlobene nokuphathwa kwempahla yakhe. Abantu abangathembekile ezikhathini ezahlukeni bazama ukuthola indawo yokhokho bakaMaster. Ngokuzimisela ngisho nangokuqala amacala, uSri Yukteswar wanqoba bonke abaphikisi. Wabhekana nalezi zenzakalo ezibuhlungu ngenxa yesifiso sokungaphinde abe yisazi esicelayo, noma umthwalo kubafundi bakhe.

Ukuzimela kwakhe ngokwezimali kwaba esinye sezizathu ezenza uMfundisi wami okhuluma ngokukhululekile waba msulwa ebuqilini bezobunhloli. Ngokungafani nalabo othisha okumele bancome abalandeli babo, uthisha wami wayengathinteki emathonyeni engcebo yabanye, avulekile noma angabonakali. Angikaze ngimuzwe ecela noma ngisho nokusikisela imali nganoma iyiphi injongo. Ukuqeqeshwa kwakhe kwekhaya kwanikezwa mahhala futhi mahhala kubo bonke abafundi.

Iphini lenkantolo elinonya lafika ngolunye usuku eSerampore ashram ukuzokhonza uSri Yukteswar ngesicelo esisemthethweni. Mina nomfundi ogama lakhe linguKanai sasikhona. Isimo sengqondo sephoyisa ngoMaster sasicasula.

"Kuzokusiza ukushiya izithunzi zendawo yakho yokuhlala bese uphefumula umoya oqotho wenkantolo." Iphini lamomotheka ngokudelela. Angikwazanga ukuzibamba.

"Omunye igama kwe yakho ukuqhosha futhi wena intando yiba kuvuliwe i phansi!" Mina okuthuthukile ngokwesabisayo.

"Wena s'hlubuki!" Ukumemeza kukaKanai kwakuhambisana nokwami. "Ungalokotha ulethe ukuhlambalaza kwakho kule ashram engcwele?"

Kodwa uMfundisi wema ngokuzivikela phambi komhlukumezi wakhe. "Ungajabuli ngalutho. Lo muntu wenza umsebenzi wakhe ofanele kuphela."

I isikhulu, udidekile ku- yakhe ukuhlukahluka ukwamukela, ngenhlonipho okunikezwayo a igama kwe ukuxolisa futhi isivinini kude.

Kwakumangalisa ukuthola ukuthi inkosi enentando enjalo evuthayo ingaba nokuthula ngaphakathi. Wafanelana nencazelo yamaVeda yomuntu kaNkulunkulu: "Ithambile kunembali, lapho kukhulunywa khona ngomusa; inamandla kunesiphepho, lapho izimiso zisengozini."

Kuhlala kukhona labo kuleli zwe, ngamazwi kaBrowning, "abangabekezeleli ukukhanya, benjalo azibonakali." Umuntu wangaphandle wayesola uSri Yukteswar ngezinye izikhathi ngesikhalazo esicatshangelwe. Isazi sami esingenankinga salalela ngenhlonipho, sizihlaziya ukuze sibone ukuthi kukhona yini iqiniso elingaphakathi kokusolwa. Lezi zigcawu zangikhumbuza okunye kokuphawulwa yiNkosi okungenakulingiswa: "Abanye abantu bazama ukuba bade ngokusika

amakhanda abanye!"

Ukuzola okungapheli kongcwele kuyamangalisa ngaphezu kwanoma iyiphi intshumayelo. "Owephuza ukuthukuthela ungcono kunabanamandla; nobusa umoya wakhe ungcono kunonqoba umuzi." **12-23**

Nginganaki icebiso likaMaster elicacile lokuthi yena, hhayi igquma, wayenguthisha wami, ngaphinda isicelo sami. USri Yukteswar akazange anikeze impendulo. Ngathatha ukuthula kwakhe njengemvume, incazelo engaqinisekile eyamukelwa kalula laphe umuntu ekhululekile.

Ekhaya lami eCalcutta ngalobo busuku, ngangimatasa ngamalungiselelo okuhamba. Ngibopha izinto ezimbalwa engutsheni, ngakhumbula inqwaba efanayo, eyawa ngasese efasiteleni lami elisesitezi eminyakeni embalwa edlule. Ngazibuza ukuthi ngabe lokhu kuzoba olunye uhambo olubi oluya eHimalaya. Okokuqala injabulo yami engokomoya yayiphezulu; namuhla unembeza wangishaya kakhulu laphe ngicabanga ngokushiya umfundisi wami.

Ngakusasa ekuseni ngafuna uBehari Pundit, uprofesa wami waseSanskrit eScottish Church College.

KWAMI I-GURU'S OGwini lolwandle I-HERMITAGE I-AT I-PURI

Uchungechunge oluqhubekayo lwezivakashi lwangena luvela emhlabeni wonke lungena ekuthuleni kwekhaya. Amadoda amaningana afundile afika enethemba lokuhlangana nenkolo yasendulo. Ukumamatheka okumangalisayo noma ukubuka ukubekezelelana okujabulisayo ngezinye izikhathi kwakubonisa ukuthi abasanda kufika babelindele lutho ngaphandle kwezinkulumo ezimbalwa ezingcwele. Kodwa ukuhamba kwabo ngokungathandi kwakuzoletha ukuqiniseka okukhulumayo kokuthi uSri Yukteswar wayebonise ukuqonda okuqondile emikhakheni yabo ekhethekile yolwazi.

Umfundisi wami wayehlala enabafundi abasebasha abahlala endaweni yakhe yokuhlala. Wayeqondisa izingqondo zabo kanye nokuphila kwabo ngaleyo ndlela yokuzithiba ngokucophelela lapho igama elithi "umfundi" lisekelwe khona ngokwemvelaphi.

Mina umcabango yena kwakuyi ngokungacacile ukuhlekisa nini yena kungeziwe: "Okwakho eziyisithupha amakholifulawa intando maduze yiba kuphela ezinhlanu."

Thina waphenduka nxazonke ku- OkweNkosi ama-oda futhi imashi emuva kuze kube thina babe vala ku- i indawo yokuhlala ehlala abantu abangabodwa.

"Phumula isikhashana. Mukunda, bheka ngaphesheya kwegceke ngakwesobunxele sethu; bheka umgwaqo ongaphesheya. Indoda ethile izofika lapho njengamanje; iyona ezoba yindlela yokukujezisa."

Ngafihla ukukhathazeka kwami ngala mazwi angaqondakali. Ngokushesha kwavela umlimi epulazini. emgwaqweni; wayedansa ngendlela exakile futhi ejikijela izingalo zakhe ngezimpawu ezingenamsebenzi. Cishe ngiphelelwe yilukuluku, nganamathisela amehlo ami kulo mbukwane ohlekisayo. Njengoba le ndoda ifika endaweni ethile emgwaqweni lapho yayizonyamalala khona emehlweni ethu, uSri Yukteswar wathi, "Manje, uzobuya."

Umlimi washintsha indlela yakhe ngokushesha waqonda ngemuva kwe-ashram. Ewela indawo enesihlabathi, wangena esakhiweni ngomnyango wangemuva. Ngangiwushiye ungakhiyiwe, njengoba nje umfundisi wami ayeshilo. Indoda yaphuma ngokushesha, iphethe enye ye-cauliflower yami eyayiyigugu. Manje yahamba ngenhlonipho, inikezwe isithunzi sokuba nempahla.

Ihlaya eliqhubekayo, lapho indima yami ibonakala sengathi ngeyesisulu esididekile, alizange lingiphazamise kangangokuthi ngehluleka ukungilandela ngentukuthelo. Ngangiphakathi nomgwaqo lapho uMfundisi engikhumbula. Wayeqhaqhazela kusukela ekhanda kuya onyaweni ngenxa yokuhleka.

"Leya ndoda ehlanyayo ibilokhu ilangazelela i-cauliflower," echaza phakathi kokuqhuma kwenjabulo. "Ngicabange ukuthi kungaba ngumqondo omuhle uma ingathola eyakho, ingaqapheli kahle!"

Ngaphuthuma ngaya ekamelweni lami, lapho ngathola khona ukuthi isela, ngokusobala elaligqoke imifino, lalishiye izindandatho zami zegolide, iwashi, nemali, konke kulele obala engutsheni. Esikhundleni salokho lalikhasa ngaphansi kombhede lapho, lifihliwe ngokuphelele ekubonweni okuvamile, elinye lama-cauliflower ami lavusa khona isifiso salo esiqotho.

Ngabuza uSri Yukteswar ngalobo busuku ukuthi angichazele ngalesi sigameko, engangicabanga ukuthi, sasinezici ezimbalwa ezixakile .

Umfundisi wami wanikina ikhanda kancane. "Uzokuqonda ngelinye ilanga. Isayensi izokuthola maduze eminye yale mithetho efihliwe."

Lapho izimangaliso zomsakazo ziqala ukuvela eminyakeni ethile kamuva ezweni elimangazwe kakhulu, ngakhumbula isibikezelo sikaMaster. Imibono yakudala yesikhathi nendawo yabhujiswa; akukho khaya lomlimi elincane kangaka ukuthi iLondon noma iCalcutta azikwazanga ukungena! Ukuhlakanipha okubuthakathaka

kakhulu okwandisiwe ngaphambi kwalokho akunakuphikwa ubufakazi besici esisodwa sokuba khona komuntu kuyo yonke indawo.

I "indaba" kwe i ukholifulawa amahlaya ithini yiba okungcono kakhulu kuyaqondakala ngu a umsakazo isifaniso. IsiSri I-Yukteswar yayingumsakazo womuntu ophelele. Imicabango ayiyona into engaphezu kokudlidliza okuthambile okuhamba ku-ether. Njengoba nje umsakazo ozwelayo uthatha inombolo yomculo oyifunayo ezinkulungwaneni zezinhlelo ezivela kuzo zonke izinhlangothi, kanjalo nochwepheshe wami wakwazi ukubamba umcabango wendoda engenangqondo eyayilangazelela. ngoba a ukholifulawa, phandle kwe i ezingenakubalwa imicabango kwe ukusakaza umuntu amafa ku umhlaba. **15-2** Ngentando yakhe enamandla, uMaster wayeyisiteshi sokusakaza sabantu, futhi wayeqondise ngempumelelo umlimi ukuba abuyisele izinyathelo zakhe emuva aye ekamelweni elithile ukuze athole i-single

ukholifulawa.

Ukuzwa **15-3** kuyisiqondiso somphefumulo, esivela ngokwemvelo kumuntu ngalezo zikhathi lapho ingqondo yakhe izolile. Cishe wonke umuntu uke waba nokuhlangenwe nakho "kokucabanga" okulungile ngendlela engaqondakali, noma oke waba nakho wadlulisela imicabango yakhe komunye umuntu ngempumelelo.

Ingqondo yomuntu, ekhululekile ekungahlaliseki, ingasebenza nge-antenna yayo ye-ukuqonda yonke imisebenzi yezindlela zomsakazo eziyinkimbinkimbi - ukuthumela nokwamukela imicabango, nokulungisa engathandeki. Njengoba amandla omsakazo encike enanini lamandla kagesi ingasebenzisa, ngakho umsakazo womuntu unikwa amandla ngokwamandla entando yomuntu ngamunye .

Yonke imicabango iyanyakaza phakade endaweni yonke. Ngokugxila okujulile, inkosi iyakwazi ukubona imicabango yanoma yimuphi umqondo, ophilayo noma ofile. Imicabango itholakala kuyo yonke indawo futhi ayigxilile ngayinye; Iqiniso alinakudalwa, kodwa liyabonakala kuphela. Imicabango eyiphutha yomuntu ibangelwa ukungapheleli ekuqondeni kwakhe. Umgomo wesayensi ye-yoga ukuzola ingqondo, ukuze ngaphandle kokuhlanekezelwa ibonise umbono waphezulu endaweni yonke.

Umsakazo kanye nethelevishini kuholele umsindo nokubona okusheshayo kwabantu abakude ezigidini zabantu: imibiko yokuqala yesayensi engabonakali kahle yokuthi umuntu ungumoya ogcwele yonke indawo. Hhayi umzimba ovalelwe endaweni ethile emkhathini, kodwa umphefumulo omkhulu, ozakwabo ngezindlela eziningi zobuqaba abawuceba geze ukuwucindezela.

"Kungase kuvele izinto ezingajwayelekile, ezimangalisayo kakhulu, ezibonakala zingenakwenzeka, okuthi uma sezisunguliwe, zingasimangazi kakhulu kunalokho esikumangazile manje ngalokho isayensi esikufundise khona phakathi nekhulu leminyaka elidlule," kusho uCharles Robert Richet, uMklomelo KaNobel kwezokwelapha umzimba. "Kucatshangwa ukuthi izinto esizamukelayo manje ngaphandle kokumangala, azisivuseleli ukumangala kwethu ngoba ziyaqondakala. Kodwa akunjalo. Uma zingasimangazi akusikho ukuthi bayaqondakala, kungenxa yokuthi bajwayelene; ngoba uma lokho okungaqondakali kufanele kusimangaze, kufanele simangale ngakho konke—ukuwa kwetshe eliphonswa emoyeni, i-acorn eba yi-oki, i-mercury ekhula lapho ishiswa, insimbi edonswa yimagnethi, i-phosphorus eshayo lapho ihlikihlwa. Isayensi yanamuhla iyi-izinto ezilula; izinguquko kanye nokuguquka okuzobhekana nakho eminyakeni eyinkulungwane eziyikhulu kuzodlula kude lokho okulindelwe ngesibindi. Amaqiniso—lawo maqiniso amangalisayo, amangalisayo, angalindelekile—azotholwa yinzalo yethu, asesizungezile ngisho namanje, esibheka emehlweni, ngakho-ke ukukhuluma, kodwa asibaboni. Kodwa akwanele ukusho ukuthi asibaboni; siyababona angifisi ukubabona; ngoba ngokushesha nje lapho kuvela iqiniso elingalindelekile nelingajwayelekile, sizama ukulifaka ohlakeni lwezinto ezivamile zolwazi olutholiwe,

futhi siyacasuka ngokuthi noma ubani angalinga ukuzama okwengeziwe.

Kwenzeka isenzakalo esihlekisayo ezinsukwini ezimbalwa ngemva kokuba ngiphucwe i-cauliflower ngendlela engakholeki. Isibani esithile sikaphalafini asitholakalanga. Njengoba ngisanda kubona umfundisi wami ekwazi konke ukuqonda, Mina umcabango yena ngabe bonisa lokho yona kwakuyi ingane dlala kuthola i isibani.

Ingcweti okubonwayo yami ukulindela. Nge ihaba amandla adonsela phansi yena kubuzwa konke i-ashram izakhamuzi. A

Umfundi osemusha wavuma ukuthi wayesebenzise isibani ukuya

emthonjeni osegcekeni elingemuva. USri Yukteswar wanikeza iseluleko

esiqinile: "Funa isibani eduze komthombo."

Ngaphuthuma lapho; akukho sibani! Ngidumele, ngabuyela kumfundisi wami.

Wayesehleka kakhulu, engakhathali ngokudumala kwami.

"Kuyadabukisa ukuthi angikwazanga ukukuqondisa esibanini esinyamalele; angisiye umbhuli!" Ngamehlo acwebazelayo, wanezela, "Angisiye ngisho uSherlock Holmes owanelisayo!"

Mina kuqashelwe lokho Ingcweti ngabe akakaze isibonisi yakhe amandla nini inselele, noma ngoba a ukungabi nalutho.

Kwadolula amasonto ajabulisayo ngesivinini esikhulu. USri Yukteswar wayehlela udwendwe lwenkolo. Wangicela ukuba ngihole abafundi edolobheni nasebhishi lasePuri. Usuku lomkhosi lwaqala njengolunye lwehlobo olushisa kakhulu .

"Guruji, Kanjani ithini Mina thatha i ungenazicathulo abafundi sekuphelile i umlilo izihlabathi? Mina wakhuluma ngokuphelelwa yithemba.

"Ngizonitshela imfihlo," kuphendula iNkosi. "INkosi izothumela isambulela samafu; nonke nizohamba ngokunethezeka."

Ngahlela umhlangano ngenjabulo; iqembu lethu laqala kusukela ku-ashram ngebhena **likaSat** -Sanga . Yaklanywa nguSri Yukteswar, yayinophawu lwe-single **15-5** iso, ukubuka kwe-telescopic komuzwa .

Ngokushesha nje lapho sesiphumile endaweni yokukhosela, ingxenye yesibhakabhaka eyayiphezulu yagcwala amafu njengokungathi ngomlingo. Kuhambisana nokuphuma kwama-ejaculation okumangazayo kuzo zonke izinhlangothi, Kwana imvula encane kakhulu, ipholisa imigwaqo yedolobha kanye nogu lolwandle oluvuthayo. Amaconsi aduduzayo ehla phakathi namahora amabili ombukiso. Ngesikhathi esifanayo iqembu lethu libuyela e-ashram, amafu nemvula kwadolula ngaphandle kokulandela umkhondo.

"Uyabona ukuthi uNkulunkulu uzizwa kanjani ngathi," kuphendula uMfundisi ngemva kokuba ngiveze ukubonga kwami. "INkosi iphendula bonke futhi isebenza kubo bonke. Njengoba nje ithumele imvula ngokucela kwami, kanjalo igcwalisa noma yisiphi isifiso esiqotho somuntu ozinikele. Akuvamile ukuba abantu baqaphele ukuthi uNkulunkulu ulalela kangaki imithandazo yabo. Akakhethi abambalwa, kodwa ulalela wonke umuntu osondela kuYe ngokumethemba. Izingane zakhe

kufanele zibe nokholo oluphelele emseni wothando kaYise okhona yonke indawo."

15-6

USri Yuktswar wayexhasa imikhosi emine yaminyaka yonke, kuma-equinoxes nama-solstice, lapho abafundi bakhe bebuthana bevela kude naseduze. Umkhosi we-solstice yasebusika wawubanjelwe eSerampore; owokuqala engaya kuwo wangishiya nesibusiso esihlala njalo.

Imikhosi yaqala ekuseni ngodwendwe olungagqokile izicathulo emigwaqweni. Amazwi abafundi abayikhulu azwakala ngezingoma ezimnandi zenkolo; abaculi abambalwa badlala umtshingo kanye ne *-khol kartal* (izigubhu namasimbali). Abantu basedolobheni abashisekayo basakaze izimbali endleleni, bejabule ukubizwa emisebenzini yobu-prosaic ngokudumisa kwethu okuzwakalayo igama leNkosi elibusisiwe. Uhambo olude

kwaphela egcekeni lendlu yokuhlala. Lapho sazungeza isazi sethu, kuyilapho abafundi abasemabalcony aphezulu besithela ngezimbali ze-marigold.

Izivakashi eziningi zenyuka phezulu ukuyothola i-pudding ye- *channa* nama-orange. Ngaya eqenjini labazalwane ababekhonza njengabapheki namuhla. Imikhosi yenkolo eNdiya ayikaze icatshangelwe okukhathazayo; ngayinye eyodwa ingabe yakhe ingxenye, ukuhlinzeka imali, ilayisi, imifino, noma izinsizakalo zakhe zomuntu siqu.

Ngokushesha uMfundisi wayesephakathi kwethu, eqondisa imininingwane yedili. Ematasa umzuzu nomzuzu, wayehambisana nomfundi osemusha onamandla kakhulu.

I -*sankirtan* (ukuhlabelela kweqembu), ephelezelwa yi-harmonium kanye nezigubhu zaseNdiya ezidlalwa ngesandla, yayiqhubeka esitezi sesibili. USri Yukteswar walalela ngokwazisa; umuzwa wakhe womculo wawuphelele impela.

"Abasasebenzi kahle!" UMaster washiya abapheki wajoyina abaculi. Iculo laphinde lazwakala, kulokhu lihunyushwe kahle.

ENdiya, umculo kanye nokudweba kanye nedrama kubhekwa njengobuciko baphezulu. UBrahma, uVishnu, noShiva—uZiqu-zintathu Ongunaphakade—babengabaculi bokuqala. Umdansi Ongcwele uShiva uvezwa ngokomBhalo njengosebenze izindlela ezingenamkhawulo zesigqi emdansweni Wakhe wendawo yonke wokudalwa kwendawo yonke, ukulondolozwa, kanye nokuqedwa, kuyilapho uBrahma egcizelela isikhathi nokushaya kwenhliziyo. beshaya amasimbali, kanti uVishnu wayeshaya i -*mridanga* noma isigubhu esingcwele. UKrishna, uVishnu ozelwe kabusha, uhlala eboniswa ebucikweni bamaHindu ephethe umtshingo, lapho edlala khona ingoma ethokozisayo ekhumbuza abantu ekhaya labo langempela imiphefumulo yabantu ezulazula ekukhohlisweni *kwe-maya* . USaraswati, unkulunkulukazi wokuhlakanipha, ufanekiselwa njengodlala ku- *vina* , unina wazo zonke izinsimbi zomculo ezinezintambo. I- *Sama Veda* yaseNdiya iqukethe imibhalo yokuqala emhlabeni ngesayensi yomculo.

Itshe eliyisisekelo lomculo wamaHindu yi- *ragas noma izikali zomculo eziqinile*. *Ama-ragas* ayisithupha ayisisekelo ahlukaniwa abe *ama-raginis* (abafazi) angu-126 kanye *nama-putras* (amadodana). I-*raga* ngayinye kweziyisithupha eziyisisekelo inokuxhumana kwemvelo nehora elithile losuku, isizini yonyaka, kanye nonkulunkulu ophethe onikeza amandla

athile. Ngakho-ke, (1) i- *Hindole Raga* izwakala kuphela ekuntweleni kokusa entwasahlobo, ukuze kuvuke isimo sothando lomhlaba wonke; (2) i-*Deepaka Raga* idlalwa kusihlwa ehlobo, ukuze kuvukelwe uzwela; (3) i-*Megha Raga* iyiculo lasemini ngesikhathi semvula, ukuze kucelwe isibindi; (4) i-*Bhairava Raga* idlalwa ekuseni ngo-Agasti, uSepthemba, u-Okthoba, ukuze kutholakale ukuthula; (5) i-*Sri Raga* igcinelwe ikwindla ukuhwalala, ukuthola uthando olumsulwa; (6) I-*Malkounsa Raga* izwakala phakathi kwamabili ebusika, ngenxa yobuqhawe.

Ama-rishi asendulo athola le mithetho yobudlelwano obuhle phakathi kwemvelo nomuntu. Ngoba imvelo kuyinto i ukuphikisa kwe *I-Aum* , i I-Primal Umsindo noma Okudlidlizayo Izwi, indoda ithini thola ukulawula

phezu kwazo zonke izibonakaliso zemvelo ngokusebenzisa *ama-mantra* noma izingoma ezithile. ¹⁵⁻⁷ Imibhalo yomlando ilandisa ngamandla amangalisayo uMiyen Tan Sen ayenawo, umculi wekhulu le-16 we-Akbar the Great. Eyalwe yiNkosi ukuba ahlabelele i- *raga yasebusuku* ilanga liphezulu, Umbala ophuzi USen i-intoned a *i-mantra* okuyinto ngokushesha okubangelwa i konke isigodlo izindawo ukumbozwa ubumnyama.

Umculo waseNdiya uhlukanisa i-octave ibe *ama-srutis angu-22* noma ama-demi-semitone. Lezi zikhawu ezincane zivumela imibala emincane yokubonakaliswa komculo engatholakali ngesilinganiso se-Western chromatic sama-semitone angu-12. I-note ngayinye kwezizisikhombisa eziyisisekelo ze-octave ihlotshaniswa nezinganekwane zamaHindu. umbala, kanye nokukhala kwemvelo kwenyoni noma isilwane- *Yenza* ngohlaza, kanye nepigogo; *Re* ngobomvu, kanye i-skylark; *i-Mi* enegolide, nembuzi; *i-Fa* enomhlophe ophuzi, ne-heron; *i-Sol* enomnyama, ne-nightingale; *i-La* enophuzi, nehhashi; *i-Si* enenhlanguanisela yayo yonke imibala, nendlovu .

Izikali ezintathu—ezinkulu, ezincane ezivumelanayo, ezincane zomculo—yizo zodwa ezisetshenziswa umculo wase-Occidental, kodwa umculo waseNdiya uveza *ama-thaas* noma izikali ezingu-72. Umculi unekhono lokudala lokuqamba kabusha okungapheli okuzungeze umculo wendabuko noma *i-raga* ; ugxila emqondweni noma esimweni esiqondile sesihloko sesakhiwo bese esihlobisa ngemikhawulo yobuqambi bakhe. Umculi wamaHindu akafundi amanothi ahleliwe; ugxoka kabusha ngamunye edlala uhlaka olungenalutho lwe- *raga* , evame ukuzikhawulela ochungechungeni olulodwa lomculo, egcizelela ngokuphindaphinda konke ukuhlukahluka kwalo okucashile kwe-microtonal kanye ne-rhythmic. UBach, phakathi kwababhali bezingoma baseNtshonalanga, wayenokuqonda ubuhle namandla omsindo ophindaphindayo ohlukaniswe kancane ngezindlela eziyikhulu eziyinkimbinkimbi.

Izincwadi zasendulo zesiSanskrit zichaza *ama-tala angu-120* noma izindlela zesikhathi. Umsunguli wendabuko we Umculo wamaHindu, iBharata, kuthiwa uhlukanise izinhlobo ezingu-32 ze- *tala* engomeni ye-lark. Umsuka we- *tala* noma isigqi usekelwe ekunyakazeni kwabantu - isikhathi esiphindwe kabili sokuhamba, kanye nesikhathi esiphindwe kathathu sokuphefumula ebuthongweni, lapho ukuphefumula kuphindwe kabili ubude bokuphefumula. I-India ibilokhu baqaphela izwi lomuntu njengethuluzi lomsindo eliphelele kakhulu. Ngakho-ke umculo wamaHindu ugcina kakhulu ebangeni lezwi lama-octave amathathu. Ngesizathu esifanayo, kugcizelelwa umculo (ubudlelwano bamanothi alandelanayo), kunokuba kugcizelelwe ukuvumelana (ubudlelwano bamanothi ahambisanayo).

Inhloso ejulile yabaculi bokuqala be-rishi kwakuwukuhlanganisa umculi ne-Cosmic Song engazwakala ngokuvuka kwezikhungo zomgogodla womuntu ezingomlingo. Umculo waseNdiya ubuciko obuzimele, obungokomoya, nobuzimele,

obungahloselwe ukukhanya kwe-symphonic kodwa ukuvumelana komuntu siqu ne-Oversoul. Igama lesiSanskrit lomculi yi- *bhagavathar* , "lowo ohlabelela izindumiso zikaNkulunkulu." Ama -*sankirtans* noma imibuthano yomculo iyindlela ephumelelayo ye-yoga noma ukuqeqeshwa ngokomoya, edinga ukugxila okujulile, ukumuncwa okukhulu emcabangweni nomsindo wembewu. Ngenxa yokuthi umuntu ngokwakhe ungukubonakaliswa kweZwi Elidala, umsindo unomthelela onamandla kakhulu futhi osheshayo kuye, ohlinzeka ngendlela yokukhumbula imvelaphi yakhe yaphezulu.

Lapho kushona ilanga sase sikhonze amakhulu ezivakashi zethu nge *-khichuri* (irayisi nama-lentile), i-curry yemifino, kanye ne-rice pudding. Sabeka izingubo zokulala zikakotini phezu kwegceke; ngokushesha isixuku sase sihlala phansi kwegumbi eligcwele izinkanyezi, silalele ngokuthula ukuhlakanipha okuvela ezindebeni zikaSri Yukteswar. Izinkulumo zakhe zomphakathi zagcizelela ukubaluleka kwe- *Kriya Yoga* , kanye nokuphila kokuzihlonipha, ukuzola, ukuzimisela, ukudla okulula, kanye nokuzivocavoca njalo.

Iqembu labafundi abasebasha kakhulu labe selihlabelela izingoma ezimbalwa ezingcwele; umhlangano waphetha nge *-sankirtan* . Kusukela ngehora leshumi kuze kube phakathi kwamabili, izakhamuzi zase-ashram zageza amabhodwe namapani, zahlanza igceke. Isazi sami sangibiza ukuba ngime eceleni kwakhe.

"Ngiyajabula ngemisebenzi yakho ejabulisayo namuhla kanye nesonto eledlule lokulungiselela. Ngifuna ube nami; ungalala embhedeni wami namuhla ebusuku."

Leli kwakuyilungelo engangingakaze ngicabange ukuthi lizongifikela. Sahlala isikhashana esimweni sokuthula okukhulu kwaphezulu. Ngemva kwemizuzu eyishumi singene embhedeni, uMaster wasukuma waqala ukugqoka .

"Kwenzenjani mnumzane?" Ngazizwa sengathi akukho ngokoqobo enjabulweni engangingayilindele yokulala eceleni komfundisi wami.

"Ngicabanga ukuthi abafundi abambalwa abaphuthelwe ukuxhumana kwabo kwezitimela okufanele bazofika maduze. Ake silungiselele ukudla."

"Guruji, cha eyodwa ngabe woza ku- eyodwa ihora ku i ekuseni!"

Ngezwi likaSri Yukteswar eliqinile, ngagxuma ngamlandela ngaya ekhishini elincane elisetshenziswa nsuku zonke eduze kwebhalkhoni elingaphakathi lesitezi sesibili. Ilayisi ne- *dhal* kwase kubila ngokushesha.

Umfundisi wami wamomotheka ngothando. "Namuhla ebusuku usungobe ukukhathala nokwesaba ukusebenza kanzima; awusoze wakhathazwa yizo esikhathini esizayo."

Njengoba esho la mazwi esibusiso sokuphila konke, kwazwakala izinyathelo egcekeni. Ngagijima ngehla ngehla ngangenisa iqembu labafundi.

"Mfowethu othandekayo, yeka ukuthi sinqikaza kangakanani ukuphazamisa uMfundisi ngalesi sikhathi!" Indoda ethile yangiphendula ixolisa. "Senze iphutha mayelana nezikhathi zesitimela, kodwa saba nomuzwa wokuthi asikwazi

ukubuyela ekhaya ngaphandle kokubuka uchwepheshe wethu."

"Yena ine ube ukulindela wena futhi kuyinto ngisho manje ukulungiselela yakho ukudla."

Izwi likaSri Yukteswar lokwamukela lazwakala; Ngaholela izivakashi ezimangele ekhishini. UMfundisi waphendukela kimi ngamehlo acwebezelayo.

"Manje lokho wena babe kuqediwe ukuqhathanisa amanothi, cha ukungabaza wena kukhona wanelisekile lokho yethu izivakashi ngempela

Amasonto alandelayo ayeyiphupho elibi lobuhlungu obukhulu. Ngingafuni ukuphazamisa uchwepheshe wami, ngangicabanga ukuthi ngizobekezelela ngesibindi uvivinyo lwami ngedwa.

Kodwa izinsuku ezingamashumi amabili nantathu zokuhlushwa zabuthakatha ukuzimisela kwami; ngaqeqeshwa eBenares. Lapho uSri Yukteswar wangibingelela ngemfudumalo engavamile, kodwa akanginikanga ithuba lokumtshela izinkinga zami ngasese. Abakhulekeli abaningi bavakashela iNkosi ngalolo suku, ukuze nje *baxoxe*. **16-2** Ngigula futhi nginganakwa, ngahlala ekhoneni. Kwaze kwaba ngemva kwesidlo sakusihlwa lapho zonke izivakashi zase zihambile khona. Umfundisi wami wabiza ngiyise ebalcony yendlu enama-crescent.

"Kumelwe ukuba ufikile ngenxa yesifo sakho sesibindi." USri Yukteswar wabuka phansi; wahamba waya nabuya, ngezinye izikhathi evimba ukukhanya kwenyanga. "Ake ngibone; usugule izinsuku ezingamashumi amabili nane, akunjalo?"

"Yebo, mnumzane."

"Ngiyacela yenza i isisu ukuzivocavoca Mina babe wafundisa wena."

"Ukube ubuwazi ubukhulu bokuhlupheka kwami, Nkosi, ubungeke ungicele ukuthi ngizivocavoce." Noma kunjalo ngenza umzamo omncane wokumlalela.

"Uthi unesihlungu; mina ngithi awunaso. Kungenzeka kanjani ukuthi kube nokuphikisana okunjalo?" Umfundisi wami wangibheka ebuza.

Ngashaqeka futhi nganqotshwa impumuzo ejabulisayo. Ngangingasakwazi ukuzwa ukuhlupheka okuqhubekayo okwakungigcine ngicishe ngingalali amasonto amaningi; ngamazwi kaSri Yukteswar ubuhlungu banyamalala sengathi abukaze bube khona.

Mina kwaqala ku- guqa ngamadolo ku- yakhe izinyawo ku ukubonga, kodwa yena ngokushesha kuvinjelwe mina.

"Ungabi ngumntwana. Vuka ujabulele ubuhle benyanga phezu kweGanges." Kodwa amehlo kaMaster ayekhanya ngenjabulo njengoba ngangimi ngithule eceleni kwakhe. Ngaqonda ngesimo sakhe sengqondo ukuthi wayefuna ngizizwe sengathi akuyena yena, kodwa uNkulunkulu, owayenguMphilisi.

Ngisho namanje ngigqoka ibhengele lesiliva elisindayo nelethusi, okuyisikhumbuzo salolo suku oludlule, oluhlala luthandwa—lapho ngithola kabusha ukuthi ngihlala nomuntu onamandla angaphezu kwawemvelo ngempela. Kamuva, lapho ngiletha abangani bami eSri Yukteswar ukuze baphulukiswe, wayengincoma njalo.

amagugu noma i ibhengele, ukudumisa yabo sebenzisa njengoba i isenzo kwe izinkanyezi ukuhlakanipha.

Bengilokhu ngibandlulula ngezinkanyezi kusukela ebuntwaneni bami, ngokwengxenywe ngoba ngibonile ukuthi abantu abaningi banamathele kuzo ngokwehlukana, futhi ngokwengxenywe ngenxa yesibikezelo esenziwe yisazi sezinkanyezi somndeni wethu: "Uzoshada kathathu, ungumuntu ophindwe kabili ongumfelokazi." Ngacabanga ngale ndaba, uzizwa njengembuzi elinde umhlatshele phambi kwethempeli lomshado kathathu.

"Kungcono uvume isiphetho sakho," kusho umfowethu u-Ananta. "I-horoscope yakho ebhaliwe isho ngokunembile ukuthi uzondiza usuka ekhaya uye eHimalaya usemusha, kodwa uzobuyiselwa ngenkani. Isibikezelo semishado yakho naso sizoba yiqiniso."

Ngobunye ubusuku ngazizwa nginomuzwa ocacile wokuthi lesi siprofetho sasingamanga nhlobo. Ngashisa umqulu wezinkanyezi, ngabeka umlotha esikhwameni sephepha engangibhale kuso: "Imbewu ye-karma edlule ayinakuhluma uma ithosiwe emlilweni wokuhlakanipha waphezulu." Ngabeka isikhwama endaweni ecacile; u-Ananta wafunda ngokushesha ukuphawula kwami okuphikisayo.

"Awukwazi ukubhubhisa iqiniso kalula njengoba ushise lo mqulu wephepha." Umfowethu wahleka ngokudelela.

Kuyiqiniso ukuthi kathathu ngaphambi kokuba ngibe yindoda, umndeni wami wazama ukuhlela umshado wami. Isikhathi ngasinye lapho ngenqaba ukuhambisana nalezi zinhlelo, ngineminyaka **engu-16-3**, ukwazi ukuthi uthando lwami ngoNkulunkulu lwalungaphezu kwamandla kunanoma yikuphi ukuncenga kwezinkanyezi kwangesikhathi esidlule.

"Lapho umuntu ejula ekuzaziseni, kulapho ethonya khona yonke indawo ngokudlidliza kwakhe okungokomoya okucashile, futhi kulapho yena ngokwakhe ethinteka kancane yilokhu kushintsha okumangalisayo." La mazwi kaMaster ayevame ukubuyela engqondweni yami ngendlela ekhuthazayo.

Ngezinye izikhathi ngangitshela izazi zezinkanyezi ukuthi zikhethe izikhathi zami ezimbi kakhulu, ngokwezinkomba zeplanethi, kanye Bengisazoqhubeka ngifeze noma yimuphi umsebenzi engizibekela wona. Kuyiqiniso ukuthi impumelelo yami ngezikhathi ezinjalo iye yaba kuhambisane nobunzima obungavamile. Kodwa ukuqiniseka kwami bekulokhu kunesizathu: ukholo esivikelweni saphezulu, kanye nokusetshenziswa okufanele kwentando yomuntu evela kuNkulunkulu, kungamandla amakhulu ngaphezu kwanoma yiliphi "isitsha esiphendukezelwe" esingaliqoqa.

Umbhalo ogcwele izinkanyezi lapho umuntu ezalwa, ngaqonda ukuthi akukhona

ukuthi umuntu uyipopi yesikhathi sakhe esidlule. Umyalezo wawo uyisisusa sokuziqhenya; wona kanye amazulu afuna ukuvusa ukuzimisela komuntu ukukhululeka kuyo yonke imingcele. UNkulunkulu wadala umuntu ngamunye njengomphefumulo, enikwe ubuntu, ngakho-ke kubalulekile esakhiweni sendawo yonke, kungakhathaliseki ukuthi kuyindima yesikhashana yensika noma i-parasite. Inkululeko yakhe iphelele futhi ishesha, uma ethanda; ayixhomekile ekunqobeni kwangaphandle kodwa kwangaphakathi.

USri Yukteswar wathola ukusetshenziswa kwezibalo komjikelezo we-equinoctial weminyaka engu-24,000 enkathini yethu yamanje • Lo mjikelezo uhlukaniswe waba yi-Ascending Arc kanye ne-Descending Arc, ngayinye ineminyaka engu-12,000. UMfundisi wayejabule kakhulu ngokuphikelela kwami kunokungabi nalwazi kwami. " *UGenesise* ungokomfanekiso ojulile, futhi awunakuqondwa ngencazelo engokoqobo," echaza. "'Umuthi wokuphila' wawo umzimba womuntu. Umgogodla ufana nomuthi ophendukile, onezinwele zomuntu njengezimpende zawo, kanye nemizwa ehambisanayo neyakhayo njengamagatsha. Iphimbo lezwi elisetshenziswe nguDkt. Narayan Chunder Roy lalisikisela ukuthi wayehlekisa ngemicabango yokungaqondi kahle. Ngafihla intukuthelo yami, ngamasiko amahle kakhulu omuntu oququkele ebuJudeeni.

Umngane wami, udokotela wezilwane, wayengumuntu okholelwa ukuthi uNkulunkulu akaziwa. Indodana yakhe encane uSantosh yayingincengile ukuba ngibe nesithakazelo kuyise. Kuze kube manje usizo lwami oluyigugu belulokhu lubonakala kancane.

UDkt. Roy wangiphelezela ngosuku olulandelayo saya eSerampore hermitage. Ngemva kokuba uMaster esemnike ingxoxo emfushane, eyayiphawulwe kakhulu ukuthula okuqinile kuzo zombili izinhlangothi, isivakashi sahamba ngokuxhamazela.

"Kungani ngilethe umuntu ofile e-ashram?" USri Yukteswar wangibheka ngokubuza ngokushesha nje lapho umnyango usuvaliwe kumuntu ongabazayo waseCalcutta.

"Mnumzane! Udokotela uyaphila

impela!" "Kodwa ku a okufushane

isikhathi yena intando yiba ufile."

Ngashaqeka. "Mnumzane, lokhu kuzoba yinhlekelele enkulu endodaneni yakhe. USantosh kodwa unethemba lokuthi uzosithola isikhathi sokushintsha imibono kayise yokuthanda izinto ezibonakalayo. Ngiyakuncenga, Nkosi, ukuthi usize le ndoda."

"Kulungile; ngenxa yakho." Ubuso bukathisha wami babungenandaba. "Udokotela wehashi oziqhenyayo usephelile kakhulu ngenxa yesifo sikashukela, nakuba engazi. Ezinsukwini eziyishumi nanhlanu uzolala embhedeni wakhe. Odokotela bazomnikela ngokuthi ulahlekile; isikhathi sakhe semvelo sokuhamba kulo mhlaba singamaviki ayisithupha kusukela namuhla. Nokho, ngenxa yokuncenga kwakho, ngalolo suku uzolulama. Kodwa kunombandela owodwa. Kufanele umenze agqoke ibhengele lezinkanyezi; ngokungangabazeki uzomelana ngobudlova njengenyeye yamahashi akhe ngaphambi kokuhlinzwa!" INkosi yahleka.

Ngemva kokuthula, lapho ngangizibuza khona ukuthi mina noSantosh singayisebenzisa kanjani kangcono indlela yokukhohlisa udokotela ohlubukayo, uSri Yukteswar wadalula okunye.

"Lapho nje indoda isilulama, yitshale ukuthi ingadli inyama. Nokho, ngeke ilalele lesi seluleko, futhi ezinyangeni eziyisithupha, njengoba nje izizwa ingcono kakhulu, izowa ife. Ngisho naleyo nyanga eyisithupha." Uzonikezwa isikhathi sokuphila ngenxa yesicelo sakho kuphela."

Ngosuku olulandelayo ngasikisela kuSantosh ukuthi a-ode i-armlet kwabathengisi

bezinto zokuhloba. Yayisilungile ngemva kwesonto, kodwa uDkt. Roy wenqaba ukuyigqoka.

"Ngiphilile kahle. Awusoze wangihlaba umxhwele ngalezi zinkolelo-ze zezinkanyezi." Udokotela wangibheka ngentukuthelo.

Ngakhumbula ngokujabula ukuthi uMfundisi wayeqhathanise indoda nehhashi elinoboya obude. Kwadlula ezinye izinsuku eziyisikhombisa; udokotela, egula ngokuzumayo, wavuma ngokuthobeka ukugqoka ibhengele. Ngemva kwamasonto amabili udokotela owayekhona wangitshela ukuthi udaba lwesiguli sakhe lwalungenathemba. Wanikeza imininingwane eshaqisayo ngomonakalo obangelwe yisifo sikashukela.

Mina ukuthuthumela yami ikhanda. "Okwami uchwepheshe ine kusho ukuthi, ngemva a ukugula okuhlala isikhathi eside eyodwa inyanga, UDkt. Roy intando yiba kahle."

Udokotela wangibheka ngokungakhohla. Kodwa wangifuna ngemva kwamasono amabili, exolisa.

"UDkt. Roy useluleme ngokuphelele!" esho ememeza. "Yindaba emangalisayo kakhulu engike ngayibona. Angikaze ngibone indoda efayo ibuya ngendlela engaqondakali kangaka. Isazi sakho kumelwe ukuba ngempela singumprofethi ophulukisayo!"

Ngemva kokuxoxisana noDkt. Roy, lapho ngaphinda khona iseluleko sikaSri Yukteswar mayelana nokudla okungenanyama, angiphindanga ngambona lo mlisa izinyanga eziyisithupha. Wama ukuze sixoxe ngolunye usuku kusihlwa njengoba ngangihleli e-piazza yomndeni wami eGurpar Road.

"Tshela uthisha wakho ukuthi ngokudla inyama njalo, ngithole amandla ami ngokuphelele. Imibono yakhe engeyona eyesayensi ngokudla ayingithonyanga." Kwakuyiqiniso ukuthi uDkt. Roy wayebukeka enempilo .

Kodwa ngosuku olulandelayo uSantosh weza kimi egijima evela ekhaya lakhe ebhulokini elilandelayo. "Namuhla ekuseni ubaba ushone!"

Leli cala lalingenye yezinto engizibonile ezingavamile ngoMaster. Waphulukisa udokotela wezilwane ohlubukayo naphezu kokungakhohla kwakhe, futhi wandisa isikhathi semvelo sale ndoda emhlabeni ngezinyanga eziyisithupha, ngenxa nje yokunxusa kwami okugotho. USri Yukteswar wayengenamingcele ngomusa wakhe lapho ubhekene nomthandazo ophuthumayo womuntu ozinikele.

Kwakuyilungelo lami elikhulu ukuzoletha abangane basekolishi ukuzohlalana nomfundisi wami. Abanengi babo babezobeka eceleni—okungenani begqoke i-ashram!—ingubo yabo yezemfundo yemfashini yokungabaza inkolo.

Omunye wabangane bami, uSasi, uchithe izimpelasonto eziningi ezimnandi eSerampore. UMaster waqala ukumthanda kakhulu lo mfana, futhi wakhala ngokuthi impilo yakhe yangasese yayingahlelekile futhi ingahlelekile.

"Sasi, ngaphandle kokuthi uguquke, ngonyaka olandelayo uzogula kakhulu." USri Yukteswar wabuka umngane wami ngokucasuka kothando. "UMukunda ungufakazi: ungasho kamuva ukuthi angikuxwayisanga ."

USasi wahleka. "Nkosi, ngizokushiya kuwe ukuthi uthande i-cosmos enhle ngenxa yami edabukisayo! Umoya wami uzimisele kodwa intando yami ibuthakathaka. Ungukuphela komsindisi wami emhlabeni; angikholelwa kwenye into ."

"Ngesikhathi okungenani wena kufanele ukugqoka a ama-carat amabili okwesibhakabhaka isafire. It intando Usizo wena."

"Mina angikwazi ukukhokhela eyodwa. Noma kunjalo, sithandwa guruji, uma inkathazo kuza, Mina ngokugcwele kholwa wena intando vikela mina."

"Ngesikhathi sonyaka uzoletha ama-sapphire amathathu," kuphendula uSri Yukteswar ngokungaqondakali. "Ngeke abe usizo ngaleso sikhathi."

Ukushintshashintsha kwale ngxoxo kwenzeka njalo. "Angikwazi ukuguqula izinto!" USasi wayesho ngokuphelelwa yithemba okuhlekisayo. "Futhi ukuthemba kwami kuwe, Nkosi, kuyigugu kimi kunanoma yiliphi itshe!"

Ngemva konyaka ngangivakashele umfundisi wami eCalcutta emzini womfundi wakhe, uNaren Babu. Cishe ngehora leshumi ekuseni, njengoba mina noSri Yukteswar sasihleli buthule egumbini lokuhlala elisesitezi sesibili, ngezwa umnyango wangaphambili uvuleka. UMaster waqonda ngqo.

"NguSasi lowo," ephawula ngokujulile. "Unyaka usuphelile manje; amaphaphu akhe womabili aphelile. Usinakile iseluleko sami; mtshele ukuthi angifuni ukumbona."

Ngimangazwe ukuqina kukaSri Yukteswar, ngagijima ngehla ngezitebhisi.

USasi wayekhuphuka. "O Mukunda! Ngiyethemba ukuthi uMaster ulapha;

benginomuzwa wokuthi kungenzeka ukuthi ukhona."

"Yebo, kodwa yena akwenzi isifiso ku- yiba uphazamisekile.

USasi waqhuma izinyembezi wadlula ngakimi. Waziphonsa ezinyaweni zikaSri Yukteswar, wabeka khona amasafire amathathu amahle.

"Sazi konke, odokotela bathi nginesifo sofuba esigijimayo! Abanginiki isikhathi esingaphezu kwezinyanga ezintathu! Ngicela usizo lwakho ngokuthobeka; ngiyazi ukuthi ungangiphilisa!"

"Akusephuzile yini manje ukukhathazeka ngempilo yakho? Hamba namagugu akho; isikhathi sabo sokusebenziseka sesidlulile." UMaster wabe esehlala njengo-sphinx ethule, ephazanyiswa ukukhala komfana ecela isihe.

Ngafikelwa ukuqiniseka okunengqondo kokuthi uSri Yukteswar wayemane ehlola ukujula kokholo lukaSasi emandleni okuphulukisa aphezulu. Angimangalanga ngemva kwehora elinzima lapho uMaster ebheka umngane wami ogobile ngozwela.

"Vuka, Sasi; yeka isiyaluyalu osenzayo ezindlini zabanye abantu! Buyisela amasafire akho kubacwebi bobucwebe; manje sekuyizindleko ezingadingekile. Kodwa thatha ibhengele lezinkanyezi uligqoke. Ungesabi; emavikini ambalwa uzobe usuphilile."

Ukumamatheka kukaSasi kwakhanyisa ubuso bakhe obugcwele izinyembezi njengelanga elizumayo phezu kwendawo emanzi. "Mfundisi othandekayo, kufanele ngithathe imithi engiyinikezwe odokotela?"

Ukubuka kukaSri Yukteswar kwakukude. "Njengoba nje ufisa - ziphuze noma uzilahle; ziyakwenza lokho." akunandaba. Kungenzeka kakhulu ukuthi ilanga

nenyanga zishintshane ngezikhundla zazo kunokuba wena ufe ngesifo sofuba."
Wanezela ngokuzumayo, "Hamba manje, ngaphambi kokuba ngishintshe umqondo wami!"

Ekhothame ngokucasuka, umngane wami wahamba ngokushesha. Ngamvakashela izikhathi eziningana emasontweni ambalwa alandela, futhi ngethuka ukuthola ukuthi isimo sakhe siya siba sibi kakhulu.

"Sasi ayikwazi okokugcina ngokusebenzisa i ebusuku." Lokhu amagama kusukela yakhe udokotela, futhi i umbukwane kwe yami

Umngane wami, owayesecishe abe yithambo, wangithumela eSerampore ngemuva kokushesha. Uchwepheshe wami walalela ngokunganaki umbiko wami ogcwele izinyembezi.

"Kungani yenza wena woza lapha ku- ukukhathazeka mina? Wena babe kakade wezwa mina qinisekisa I-Sasi kwe yakhe ukululama."

Ngakhothama phambi kwakhe ngokumangala okukhulu, ngabuyela emnyango. USri Yukteswar akazange asho lutho lokuhlukana, kodwa wathula, amehlo akhe angacwayizi evuleke ingxenye, umbono wabo wabaleka waya kwelinye izwe.

Ngabuyela ngokushesha emzini kaSasi eCalcutta. Ngamangala ngathola umngane wami ehleli phansi, ephuza ubisi.

"O Mukunda! Yeka isimangaliso! Emahoreni amane edlule ngizwe ubukhona bukaMaster ekamelweni; izimpawu zami ezimbi zanyamalala ngokushesha. Nginomuzwa wokuthi ngomusa wakhe ngiphilile ngokuphelele."

ambalwa uSasi wayesekhuluphele futhi enempilo engcono kunangaphambili. Kodwa okuyingqayizivele kwakhe Ukusabela kwakhe ekwelapheni kwakhe kwaba nokukhanya kokungabongi: wayengavamile ukuvakashela uSri Yukteswar futhi! Umngane wami wangitshela ngolunye usuku ukuthi wayezisola kakhulu ngendlela yakhe yokuphila yangaphambilini kangangokuthi wayenamahloni okubhekana noMaster.

Ngingaphetha ngokuthi ukugula kukaSasi kube nomphumela ohlukile wokuqinisa intando yakhe nokuphazamisa imikhuba yakhe.

Iminyaka emibili yokuqala yezifundo zami eScottish Church College yayisondela ekupheleni. Ukuya kwami ekilasini kwakungasheshi kakhulu; ukufunda okuncane engangikwenza kwakuwukugcina ukuthula nomndeni wami. Abafundisi bami ababili abazimele babeza njalo endlini yami; ngangingekho njalo: Ngingabona okungenani lokhu kuphindaphindeka emsebenzini wami wesikole!

ENdiya iminyaka emibili ephumelelayo yasekolishi iletha idiploma ye-Intermediate Arts; umfundi angase abheke phambili eminye iminyaka emibili kanye ne-AB degree yakhe.

Izivivinyo zokugcina ze-Intermediate Arts zaziseza ngendlela eyesabekayo. Ngabalekela ePuri, lapho uthisha wami ayechitha khona amasonto ambalwa. Nginethemba lokuthi uzongivumela ukuthi ngingaveli e- kowamanqamu, ngilandise ngokungakulungeli kwami okuhlazisayo.

Kodwa uMfundisi wamomotheka ngokududuzayo. "Uyilandele ngenhliziyo yonke imisebenzi yakho engokomoya, futhi awukwazi ukuyeka ukungawunaki umsebenzi

wakho wasekolishi. Zinikele ngenkuthalo ezincwadini zakho ngesonto elizayo: uzodlula osizini lwakho ngaphandle kokwehluleka."

Ngabuyela eCalcutta, ngicindezela ngokuqinile konke ukungabaza okunengqondo okwakuvela ngezikhathi ezithile ngokuhlekwa usulu okwethusayo. Ngibuka intaba yezincwadi etafuleni lami, ngazizwa njengomhambi olahlekile ehlane. Isikhathi eside sokuzindla sangilethela ugqozi olusindisa umsebenzi. Ukuvula ngayinye Ngingangifundanga incwadi ngokungahleliwe, ngafunda kuphela lawo makhasi ayevezwe kanjalo. Ngilandela le khosi amahora ayishumi nesishiyagalombili ngosuku isonto lonke, ngazibona nginelungelo lokweluleka zonke izizukulwane ezilandelayo ngobuciko bokufunda ngokuzikhandla.

Izinsuku ezalandela emahholo okuhlolwa zaziyesizathu senqubo yami eyayibonakala ingahlelekile. Ngadlula zonke izivivinyo, yize ngangingajabule neze. Ukuhalalisela kwabangane bami nomndeneni wami kwakuxubene kakhulu nokuphuma kocansi okubonisa ukumangala kwabo.

Ekubuyeni kwakhe ePuri, uSri Yukteswar wangimangaza kakhulu. "Izifundo zakho zaseCalcutta seziphelile manje. Ngizoqinisekisa ukuthi uqhubeka nomsebenzi wakho wokugcina weminyaka emibili eyunivesithi lapha eSerampore ."

Ngadideka. "Mnumzane, ayikho ikhosi yeBachelor of Arts kuleli dolobha." ISerampore College, okuyisikhungo sodwa semfundo ephakeme, yayinikeza ikhosi yeminyaka emibili kuphela ku-Intermediate Arts.

UMaster wamomotheka kabi. "Ngimdala kakhulu ukuthi ngingahamba ngiyoqoqa iminikelo yokusungula ikolishi le-AB. Ngicabanga ukuthi kuzodingeka ngihlele lolu daba ngomunye umuntu."

Ngemva kwezinyanga ezimbili uSolvazi Howells, umongameli weSerampore College, wamemezela obala ukuthi uphumelele ekuqoqeni imali eyanele yokunikeza izifundo zeminyaka emine. ISerampore College yaba yigatsha elihlangene neNyuvesi yaseCalcutta. Ngangingomunye wabafundi bokuqala ukubhalisa eSerampore njengomuntu ozongenela ukhetho lwe-AB.

"Guruji, yeka ukuthi unomusa kangakanani kimi! Bengilokhu ngilangazelela ukushiya iCalcutta ngibe seduze nawe nsuku zonke eSerampore. UProfesa Howells akaphuphi ukuthi unesikweletu esingakanani ngosizo lwakho oluthule!"

USri Yukteswar wangibheka ngobukhali bokuzenzisa. "Manje ngeke kudingeke uchithe amahora amaningi kangaka ezitimeleni; yeka isikhathi esiningi samahhala sezifundo zakho! Mhlawumbe ngeke ube ngumuntu ofunda ngomzuzu wokugcina kodwa uzoba yisifundiswa kakhulu." Kodwa ngandlela-thile iphimbo lakhe lalingenakho ukuqiniseka.

"U-Afzal's inhlonipho ukulalela kwakuyi umvuzo ngu a uthando ukubuka kusukela i i-yogi.

"Une-karma enhle yokuphila kwangaphambilini,' esho ngokuzithoba.

'Ngizokufundisa indlela ethile ye-yoga ezokunikeza ukulawula phezu kwenye yezindawo ezingabonakali. Amandla amakhulu azoba ngawakho kufanele asetshenziswe ngezinjongo ezifanele; ungalokothi uwasebenzise ngobugovu! Ngiyabona, maye! ukuthi ulethe imbewu ethile yemikhuba ebhubhisayo esikhathini esidlule. Ungazivumeli zihlume ngokuzinisela ngezenzo ezimbi ezintsha. Ubunzima bakho i-karma yangaphambilini iyindlela yokuthi kufanele usebenzise lokhu kuphila ukuze uvumelanise impumelelo yakho ye-yogic nemigomo ephakeme kakhulu yobuntu.

"Ngemuva ukuyala i ngimangazwe umfana ku a kuyinkimbinkimbi ubuchwepheshe, i inkosi wanyamalala.

"U-Afzal walandela ngokwethembeka ukuzivocavoca kwakhe kwe-yoga iminyaka engamashumi amabili. Izenzo zakhe ezimangalisayo zaqala ukuheha ukunaka okubanzi. Kubonakala sengathi wayehlala ephelezelwa umoya ongcolile awubiza ngokuthi 'uHazrat.' Lesi sidalwa esingabonakali sakwazi ukufeza isifiso esincane kakhulu sika-FAKIR.

"Engasinaki isixwayiso senkosi yakhe, u-Afzal waqala ukusebenzisa kabi amandla akhe. Noma yini ayithintayo bese eyishintsha yayizonyamalala ngokushesha

ngaphandle kokulahlekelwa yilutho. Lesi senzakalo esiphazamisayo sasivame ukwenza uMohammed abe yisivakashi esingafaneleki!

"Wayevakashela izitolo ezinkulu zobucwebe eCalcutta ngezikhathi ezithile, eziveza njengomthengi ongaba khona. Noma yiliphi itshe lobucwebe ayeliphatha lalinyamalala ngokushesha nje ngemva kokuphuma esitolo."

"U-Afzal wayevame ukuzungezwa abafundi abangamakhulu amaningana, bekhangwa yithemba lokufunda izimfihlo zakhe. U- *fakir* wayebamema ngezinye izikhathi ukuba bahambe naye. Esiteshini sesitimela wayekwazi ukuthinta umqulu wamathikithi. Lawa wayewabuyisela kumabhalane, ethi: 'Ngishintshe umqondo wami, futhi ngeke ngiwathenge manje.' Kodwa lapho egibela isitimela neqembu lakhe, u-Afzal wayezoba namathikithi adingekayo. **18-2**

"UBabu okhathazekile wahamba ngokushesha waya ekhaya lakhe. Wabuya ngokushesha wanikeza u-Afzal imali ayeyidinga."

"Hamba uye ebhulohweni elincane eliseduze nendlu yakho,' kusho *uFakir* kuBabu.

"Guruji," ngimphazamisa, "uma u-Afzal engathola kalula izinto ezifana nezitsha zegolide, kungani ayefisa impahla yabanye?"

"Lo *mfana* wayengakakhuli kahle ngokomoya," kuchaza uSri Yukteswar. "Ubuchule bakhe bokusebenzisa indlela ethile ye-yoga bamnikeza ukufinyelela endaweni yezinkanyezi lapho noma yisiphi isifiso sigcwaliseka khona manjalo. Ngokusebenzisa isidalwa sezinkanyezi, uHazrat, uMohammed wayengabiza ama-athomu anoma iyiphi into evela emandleni e-etheric ngesenzo sentando enamandla. Kodwa izinto ezinjalo ezikhiqizwe ngokwezinkanyezi azishintshi ngokwesakhiwo; azikwazi ukugcinwa isikhathi eside. U-Afzal wayesalangazelela ingcebo yomhlaba, nakuba itholakale kancane, kodwa inamandla okuqina athembeke kakhulu."

Mina wahleka. "Kunjalo futhi ngezinye izikhathi iyanyamalala iningi ngokungaphenduli!"

"U-Afzal wayengeyena umuntu oqaphela uNkulunkulu," kuqhubeka uMaster. "Izimangaliso ezihlala njalo nezizuzisayo zenziwa ngabangcwele beqiniso ngoba bazivumelanise noMdali onamandla onke. U-Afzal wayemane nje engumuntu ovamile onamandla angavamile okungena endaweni engabonakali abantu abafayo abangavame ukungena kuyo kuze kube sekufeni."

UMaster wayenelukuluku ngezithelo ezincane ezibomvu ezingajwayelekile. Wathenga ibhasikidi eligcwele wanikela lona kuKanai nami, esasiseduze. Nganambitha ijikijolo elilodwa kodwa ngalikhafulela phansi ngokushesha.

"Mnumzane, ini a umuncu isithelo! Mina kungenzeka akakaze njenge ama-strawberry!"

Umfundisi wami wahleka. "O, uzowathanda - eMelika. Esidlweni sakusihlwa lapho, umninikhaya wakho uzowaphakela ushukela nokhilimu. Ngemva kokuba esewahlilikhlile amajikijolo ngefoloko, uzowanambitha bese uthi: 'Yeka amajikijolo amnandi!' Bese ukhumbula lolu suku eSimla."

Isibikezelo sikaSri Yukteswar sanyamalala engqondweni yami, kodwa saphinde savela lapho eminyakeni eminingi kamuva, ngemva nje kokufika kwami eMelika. Ngangiyisimenywa esidlweni sakusihlwa ekhaya likaNkk. Alice T. Hasey (uDade Yogmata) eWest Somerville, eMassachusetts. Lapho kubekwa i-dessert yama-strawberry etafuleni, umninikhaya wami wathatha ifoloko lakhe wawahlilikhla amajikijolo ami, wafaka ukhilimu noshukela. "Izithelo zithambile impela; ngicabanga ukuthi uzothanda ukuthi zilungiswe ngale ndlela," ephawula.

Ngathatha isiphuzo. "Yeka ama-strawberry amnandi!" Ngamemeza. Ngokushesha isibikezelo somfundisi wami ku-Simla savela emhumeni wenkumbulo ongaqondakali. Kwakumangalisa ukuqaphela ukuthi kudala ingqondo kaSri Yukteswar eqondiswe uNkulunkulu yayilubonile ngozwelo uhlelo lwezehlakalo ze-karmic ezizulazula emkhathini wekusasa.

Iqembu lethu lasheshe lasuka eSimla laqeqeshwa eRawalpindi. Lapho saqasha i-landau enkulu, edonswa amahhashi amabili, lapho saqala khona uhambo lwezinsuku eziyisikhombisa oluya eSrinagar, inhloko-dolobha yaseKashmir. Usuku lwesibili lohambo lwethu oluya enyakatho lwasikhanyisela ubukhulu bangempela baseHimalaya. Njengoba amasondo ensimbi enqola yethu ayekhala emigwaqweni eshisayo, enamatshe, sajabula kakhulu ngemibono eshintshashintshayo yobukhulu bezintaba.

"Mnumzane," U-Auddy kusho ku- Nkosi, "Mina ekuseni kakhulu ukujabulela lokhu ekhazimulayo izigcawu ku yakho ngcwele inkampani."

Ngazizwa ngijabule kakhulu ngokwazisa kuka-Auddy, ngoba ngangingumnikazi wohambo. USri Yukteswar wabamba umcabango wami; waphendukela kimi wahlebela wathi:

"Ungazikhohlisi; u-Auddy akajabuli kakhulu ngezindawo njengoba ejabulile ngokusishiya isikhathi eside ngokwanele ukuba siphuze ugwayi."

"Mnumzane," ngisho ngezwi eliphansi, "ngicela ungasiphuli isivumelwano sethu ngala mazwi angathandeki. Angikholwa ukuthi u-Auddy ulangazelela intuthu." Ngabheka ngokukhathazeka isazi sami esivame ukungacindezeleki.

"Kulungile; ngeke ngisho lutho ku-Auddy." UMaster wahleka. "Kodwa uzobona maduze, lapho ulandau eyeka, ukuthi u-Auddy uyashesha ukusebenzisa ithuba lakhe."

Inqola yafika endaweni encane yokuphuzela amahhashi. Njengoba amahhashi ethu ayeholwa ukuyophuziswa amanzi, u-Auddy wabuza, "Mnumzane, ungakhathazeki uma ngigibela isikhashana nomshayeli? Ngingathanda ukuthola umoya omncane wangaphandle."

IsiSri Yukteswar wanikeza imvume, kodwa waphawula ku- mina, "Yena okufunwayo okusha intuthu futhi hhayi okusha umoya."

I-landau yaqhubeka nokuqhubeka kwayo ngomsindo emigwaqweni enothuli. Amehlo kaMaster ayekhanya; wangiya wathi, "Faka intamo yakho emnyango wenqola ubone ukuthi u-Auddy wenzani ngomoya."

Ngalalela, futhi ngamangala ukubona u-Auddy ekhipha intuthu kagwayi. Ukubheka kwami uSri Yukteswar kwangixolisa.

"Uqinisile, njengenjwayelo, mnumzane. U-Auddy ujabulela ukushawa umoya kanye ne-panorama." Ngacabanga lokho. Umngane wami wayethole isipho esivela kumshayeli wetekisi; ngangazi ukuthi u-Auddy wayengaphathanga ugwayi ovela eCalcutta.

Saqhubeka nendlela ende, ehlotshiswe ngemibono yemifula, izigodi, amawa amakhulu, kanye nezintaba eziningi. Njalo ebusuku sasima ezindlini zokuhlala zasemaphandleni, sizilungiselele ukudla kwethu. USri Yukteswar wayenakekela ukudla kwami, egcizelela ukuthi ngidle ujusi welayisi kuzo zonke izidlo. Ngangisebuthakathaka, kodwa ngithuthuka nsuku zonke, yize inqola eyayihamba kancane yayiklanyelwe ukungakhululeki.

Injabulo yagcwala izinhliziyi zethu njengoba sisondela enkabeni yeKashmir, izwe eliyipharadesi elinamachibi e-lotus, izingadi ezintantayo, izikebhe zasekhaya ezihlotshiswe ngobuhle, uMfula i-Jhelum onamabhuloho amaningi, kanye namadlelo agcwele izimbali, konke kuzungezwe ubukhosi baseHimalaya. Indlela yethu eya eSrinagar yayidlula e-

indlela yezihlahla ezinde, ezamukelayo. Sasinobungane emakamelweni okulala abantu endlini yezihambi enezitezi ezimbili ebheke amagquma amahle. Awekho amanzi agelezayo ayetholakala; sasikha amanzi ethu emthonjeni oseduze. Isimo sezulu sasehlobo sasisihle, sinezinsuku ezifudumele nobusuku obubandayo kancane.

Senza uhambo lokuya ethempelini lasendulo laseSrinagar likaSwami Shankara. Njengoba ngibheke indawo ephakeme kakhulu yezintaba, ngimi ngesibindi esibhakabhakeni, ngafikelwa yingqondo ejabule kakhulu. Kwavela umbono wendlu enkulu esequmeni ezweni elikude. I-ashram ephakeme yaseShankara phambi kwami yaguqulwa yaba isakhiwo lapho, eminyakeni eminingi kamuva, ngasungula khona indlunkulu ye-Self-Realization Fellowship eMelika. Lapho ngiqala ukuvakashela eLos Angeles, futhi ngibona isakhiwo esikhulu esiqongweni seNtaba iWashington, ngasibona ngokushesha emibonweni yami yakudala eKashmir nase kwenye indawo.

Izinsuku ezimbalwa eSrinagar; bese ngiya eGulmarg ("izindlela zezimbali zezintaba"), eziphakeme ngamafidi ayizinkulungwane eziyisithupha. Lapho ngathola khona ukugibela kwami kokuqala ehhashini elikhulu. URajendra wagibela ihhashi elincane elihamba ngezinyawo, inhliziyi yakhe yayigcwele isifiso sokusheshisa. Sangena eKhilanmarg ende kakhulu; indlela yayiholela ehlathini eliminyene, egcwele amakhowe ezihlahla, lapho imizila embozwe yinkungu yayivame ukuba yingozi khona. Kodwa isilwane esincane sikaRajendra asizange sivumele ihhashi lami elikhulu liphumule isikhashana, ngisho noma lijika kakhulu. Kwaqhubeka, kwaqhubeka, kwafika ihhashi likaRajendra ngokungakhathali, lingazi lutho ngaphandle kwenjabulo yokuncintisana.

Umjaho wethu onzima wavuzwa ngokubuka okumangalisayo. Okokuqala ngqa empilweni, ngabuka kuzo zonke izinhlangothi izintaba zaseHimalaya ezinhle ezimbozwe yiqhwa, zilele ezitezi ezinde njengezithombe ezinkulu. Amabhere asezingaweni ezibandayo. Amehlo ami ayejabulela kakhulu izindawo ezingenamkhawulo zezintaba ezibandayo ezibhekene nesibhakabhaka esiluhlaza okwesibhakabhaka esinelanga.

Ngagingqika ngenjabulo kanye nabangane bami abasebasha, bonke begqoke amajazi, emithambekeni emhlophe ekhazimulayo. Ohambweni lwethu lokwehla sabona kude ikhaphethi enkulu yezimbali eziphuzi, iguqula ngokuphelele amagquma amnyama.

Uhambo lwethu olulandelayo lwaluya “ezingadini zokuzijabulisa” zasebukhosini ezidumile zoMbusi uJehangir, eShalimar naseNishat Bagh. Isigodlo sasendulo eNishat Bagh sakhiwe ngqo phezu kwamanzi emvelo. Sigeleza sisuka ezintabeni, isifufu silawulwa ngezindlela zobuhlakani zokugeleza phezu kwamathala anemibala futhi singene emithonjeni phakathi kwemibhede yezimbali ekhazimulayo. Lo mfudlana ungena namakamelo amaningana esigodlweni, ekugcineni uphonsa njengenganekwane echibini elingezansi. Izingadi ezinkulu zigcwele ama-rose

anemibala eyishumi nambili, ama-snapdragon, i-lavender, ama-pansies, ama-poppy. I-An i-emerald okuvalekile uhlaka kuyinto okunikeziwe ngu ukulingana imigqa yamaShayina , **21-2** imisayipuresi, izihlahla ze-cherry; ngale kwazo kuphakeme izindawo ezimhlophe zaseHimalaya.

Amagilebhisi aseKashmir abhekwa njengesidlo esingavamile eCalcutta. URajendra, owayezithembisa idili langempela lapho efika eKashmir, wadumala lapho ethola ukuthi akukho zivini ezinkulu lapho. Ngezinye izikhathi ngangimthuka ngokumangala ngenxa yokulindela kwakhe okungenasisekelo.

"O, sengigcwele amagilebhisi kakhulu kangangokuthi angikwazi ukuhamba!" Bengithi. "Amagilebhisi angabonakali ayavuthwa ngaphakathi kimi!" Kamuva ngezwa ukuthi amagilebhisi amnandi akhula kakhulu eKabul, entshonalanga yeKashmir. Saziduduza nge-ayisikhilimu eyenziwe nge- *rabri* , ubisi olujiyile kakhulu, futhi

okunongiwe nge konke i-pistachio amantongomane.

Sithathe uhambo oluningana ngama -*shikara* noma izikebhe zasekhaya, ezimbozwe ngama-canopy ahlotshiswe ngokubomvu, sihamba emifuleni eyinkimbinkimbi yeLake Dal, inethiwekhi yemisele efana nolwembu lwesicabucabu olunamanzi. Lapha izingadi eziningi ezintantayo, eziklanywe ngokhuni nomhlabathi, zimangaza umuntu, ngakho-ke ukubona imifino namakhabe kuqala kukhula phakathi kwamanzi amakhulu akujwayelekile. Ngezinye izikhathi umuntu ubona umlimi, engafuni "ukugxiliswa emhlabathini," edonsa indawo yakhe "yezwe" eliyisikwele eya endaweni entsha echibini elineminwe eminingi.

Kulesi sigodi esinezitezi umuntu uthola isibonelo esihle sazo zonke izinto ezinhle zomhlaba. INkosazana yaseKashmir ihlotshiswe ngemiqhele yezintaba, inemihlobiso yechibi, futhi igqoke izicathulo zezimbali. Eminyakeni eyalandela, ngemva kokuvakashela amazwe amaningi akude, ngaqonda ukuthi kungani iKashmir ivame ukubizwa ngokuthi indawo enhle kakhulu emhlabeni. Inezinye zezinto ezinhle zaseSwitzerland Alps, kanye neLoch Lomond eScotland, kanye namachibi amahle aseNgilandi. Umhambi waseMelika eKashmir uthola okuningi okumkhumbuza ngobukhulu obukhulu base-Alaska kanye nePikes Peak eduze kwaseDenver.

Njengomuntu ongenela umncintiswano wobuhle obuhle, nginikeza umklomelo wokuqala umbono omuhle we-Xochimilco eMexico, lapho izintaba, isibhakabhaka, kanye ne-poplar kubonakala khona emizileni eminingi yamanzi phakathi kwezinhlanzi ezidlalayo, noma amachibi anjenge-Kashmir anjengetshe eliyigugu, aqashwe njengezintombi ezinhle ngokuqapha okuqinile kwe-Himalayas. Lezi zindawo ezimbili zivelele enkumbulweni yami njengezindawo ezinhle kakhulu emhlabeni.

Kodwa-ke ngamangala futhi lapho ngiqala ukubona izimangaliso zeYellowstone National Park kanye neGrand Canyon yaseColorado, kanye ne-Alaska. IYellowstone Park mhlawumbe iyindawo kuphela lapho umuntu angabona khona ama-geyser angenakubalwa eqhuma phezulu emoyeni, enza njalo unyaka nonyaka. Amachibi ayo e-opal ne-sapphire kanye neziphethu ezishisayo ze-sulphur, amabhere ayo nezidalwa zasendle, kukhumbuza umuntu ukuthi lapha iMvelo ishiye isibonelo sendalo yayo yokuqala. Ihamba ngemoto Imigwaqo yaseWyoming eya "ebhodweni likaDeveli" lodaka olushisayo olugeleza, olunemithombo yamanzi ageleza, imithombo enomhwamuko, kanye nama-geyser ageleza kuzo zonke izinhlangothi, ngangifuna ukusho ukuthi iYellowstone ifanelwe umklomelo okhethekile ngenxa yokuhlukile.

Izihlahla ezibomvu zasendulo ezinhle kakhulu zaseYosemite, ezinweba izinsika zazo ezinkulu ziye esibhakabhakeni esingenakuqondwa, ziyizindela zemvelo eziluhlaza eziklanywe ngobuciko obuphezulu. Nakuba kunezimphophoma ezinhle eMpumalanga, azikho ezilingana nobuhle obukhulu beNiagara eduze komngcele waseCanada. IMihume YamaMammoth yaseKentucky kanye neMihume YaseCarlsbad eNew

Mexico, enezakhiwo ezimibalabala ezifana neqhwa, ziyizindawo ezinhle kakhulu zezinganekwane. Izinaliti zazo ezinde zemibhoshongo ye-stalactite, ezilenga emhumeni ophahleni futhi okuboniswe esibukweni ku ngaphansi komhlaba amanzi, samanje a ukubona kwe okunye imihlaba njengoba ethandwa ngumuntu.

Iningi lamaHindu aseKashmir, adume umhlaba wonke ngobuhle bawo, amhlophe njengabaseYurophu futhi anezimpawu ezifanayo kanye nesakhiwo samathambo; amaningi anamehlo aluhlaza okwesibhakabhaka nezinwele ezimhlophe. Njengoba egqoke izingubo zaseNtshonalanga, abukeka njengamaMelika. AmaHimalaya abandayo avikela amaKashmir elangeni elishisayo kanye gcina yabo ukukhanya ubuso obuthambile. Njengoba eyodwa ukuhamba ku- i eningizimu futhi izindawo ezishisayo izindawo ezikude waseNdiya, uthola ukuthi kancane kancane abantu baba mnyama kakhulu.

Ngemva kokuchitha amasonto ajabulisayo eKashmir, ngaphoqeleka ukubuyela eBengal ngesikhathi sokuphela kweSerampore College. USri Yukteswar wasala eSrinagar, noKanai no-Auddy. Ngaphambi kokuba ngihambe, uMaster wasikisela ukuthi isidumbu sakhe sizohlupheka eKashmir.

"Mnumzane, ubukeka sengathi uphilile,"

ngisho ngikhononda. "Kunethuba lokuthi

ngingase ngihambe kulo mhlaba."

"Guruji!" Ngawa ezinyaweni zakhe ngesenzo sokuncenga. "Ngicela uthembise ukuthi ngeke ushiye umzimba wakho manje. Angikulungele nhlobo ukuqhubeka ngaphandle kwakho."

USri Yukteswar wayethule, kodwa wamomotheka ngozwela kangangokuthi ngazizwa ngiqiniseka. Ngamshiya ngokungathandi.

"Inkosi igula kakhulu." Le telegram evela ku-Auddy yangifinyelela ngemuva nje kokubuyela kwami eSerampore.

"Mnumzane," ngiphendula uthisha wami ngokukhulu ukucasuka, "Ngicela isithembiso sakho sokuthi ungangishiyi. Ngicela ugcine umzimba wakho; ngaphandle kwalokho, nami ngizokufa."

"Yiba yona njengoba wena isifiso." Lokhu kwakuyi IsiSri I-Yukteswar's impendulo kusukela IKashmir.

Incwadi evela ku-Auddy yafika ezinsukwini ezimbalwa, ingitshela ukuthi uMaster useluleme. Lapho ebuya eSerampore phakathi namasonto amabili alandelayo, ngadabuka ukuthola isidumbu sikathisha wami sehlile saba yisigamu sesisindo saso esivamile.

Ngenhlanhla ngoba yakhe abafundi, IsiSri Yukteswar kushisiwe eziningi kwe yabo izono ku i umlilo kwe yakhe umkhuhlane onzima eKashmir. Indlela yokudlulisela izifo ngokomzimba yaziwa kuma-yoga athuthukile kakhulu. Indoda enamandla ingasiza obuthakathaka ngokusiza ekuthwaleni umthwalo wakhe osindayo; Umuntu ongokomoya ophakeme uyakwazi ukunciphisa imithwalo engokomzimba noma yengqondo yabafundi bakhe ngokwabelana nge-karma yezenzo zabo zangaphambilini. Njengoba nje indoda ecebile ilahlekelwa yimali ethile lapho ikhokhela isikweletu esikhulu sendodana yayo yolahleko, ngaleyo ndlela isindiswa emiphumeleni emibi yobuwula bayo, kanjalo nenkosi ngokuzithandela idela ingxenywe yengcebo yayo yomzimba ukuze inciphise usizi lwabafundi. **21-3**

Ngendlela eyimfihlo, i-yogi ihlanganisa ingqondo yayo kanye nemoto yezinkanyezi

kanye neyomuntu ohluphekayo; lesi sifo sidluliselwa, ngokuphelele noma ngokwengxenye, emzimbeni wosanta. Njengoba esevune uNkulunkulu ensimini engokwenyama, inkosi ayisakhathali ukuthi kwenzekani kulolo hlobo lwezinto ezibonakalayo. Nakuba ingase iyivumele ukuthi ibhalise isifo esithile ukuze ikhulule abanye, ingqondo yayo ayithinteki neze; izibona inenhlanhla ngokukwazi ukunikeza usizo olunjalo.

Umuntu ozinikele othole insindiso yokugcina eNkosini uthola ukuthi umzimba wakhe usuyifezile ngokuphelele injongo yawo; angayisebenzisa nganoma iyiphi indlela ayibona ifanele. Umsebenzi wakhe emhlabeni ukunciphisa usizi lwesintu, kungaba ngezindlela ezingokomoya noma ngeseluleko sobuhlakani noma ngamandla entando noma ngokudluliselwa kwezifo ngokomzimba. Ebalekela ukuqonda okungaphezu kwamandla noma nini lapho efisa kanjalo, inkosi ingahlala ingakunaki ukuhlupheka ngokomzimba; ngezinye izikhathi yena

ukhetha ukuthwala ubuhlungu bomzimba ngokungaguquki, njengesibonelo kubafundi. Ngokubeka izifo zabanye, i-yogi ingagcwalisa, kubo, umthetho we-karmic wembangela nomphumela. Lo mthetho usebenza ngomshini noma ngokwezibalo; ukusebenza kwawo kungasetshenziswa ngokwesayensi ngabantu abangcwele ukuhlakanipha.

Umthetho ongokomoya awudingi ukuthi inkosi igule noma nini lapho iphulukisa omunye umuntu. Ukuphulukiswa ngokuvamile kwenzeka ngolwazi losanta ngezindlela ezahlukeni zokwelapha ngokushesha. ku okuyinto cha ukulimala ku- i ngokomoya umelaphi kuyinto ohilelekile. Kuvuliwe okungajwayelekile izikhathi, nokho, a inkosi efisa ukusheshisa kakhulu ukuvela kwabafundi bayo ingase izenzele ngokuzithandela isilinganiso esikhulu se-karma yabo engathandeki emzimbeni wayo.

UJesu waziveza njengesihlengo sezono zabaningi. Ngamandla akhe aphezulu, **21-4** umzimba wakhe wawungeke neze ubulawe ngokubethelwa esiphambanweni ukube wayengabambisani ngokuzithandela nomthetho wendalo yonke ocashile wesizathu nomphumela. Ngakho-ke wathatha imiphumela ye-karma yabanye, ikakhulukazi eyabafundi bakhe. Ngale ndlela bahlanzwa kakhulu futhi benziwa bafanelekela ukwamukela ukuqonda okukhona yonke indawo okwabehlela kamuva.

Inkosi ezibonayo kuphela engadlulisela amandla ayo okuphila, noma idlulisele izifo zabanye emzimbeni wayo. Umuntu ovamile akanakusebenzisa le ndlela ye-yogic yokwelapha, futhi akufiseleki ukuthi enze kanjalo; ngoba ithuluzi elingokomzimba elingaphilile liyisiphazamiso ekuzindleni kukaNkulunkulu. Imibhalo yamaHindu ifundisa ukuthi umsebenzi wokuqala womuntu ukugcina umzimba wakhe usesimweni esihle; ngaphandle kwalokho ingqondo yakhe ayikwazi ukuhlala igxile ekuzinikeleni.

Nokho, ingqondo enamandla kakhulu ingadlula zonke izinkinga zomzimba futhi ifinyelele ekuqaphelisweni nguNkulunkulu. Abangcwele abanengi baye bakushaya indiva ukugula futhi baphumelela ekufuneni kwabo kwaphezulu. USanta Francis wase-Assisi, wayehlushwa kakhulu yizifo, waphulukisa abanye futhi wavusa ngisho nabafuleyo.

Bengimazi ungqwele waseNdiya, ingxenye yomzimba wakhe yayike yagcwala izilonda. Isimo sakhe sesifo sikashukela sasibucayi kangangokuthi ngaphansi kwezimo ezivamile wayengakwazi ukuhlala athule ngesikhathi esisodwa imizuzu engaphezu kweyishumi nanhlanu. Kodwa isifiso sakhe esingokomoya sasingenakunqotshwa. "Nkosi," wathandaza, "ungene ithempeli lami eliphukile?" Ngokuyalelwa okungapheli kwentando, kancane kancane lo santa wakwazi ukuhlala nsuku zonke esimweni se-lotus amahora ayishumi nesishiyagalombili aqhubekeyo, ngigxile embonweni wenjabulo.

"Futhi," wangitshela, "ekupheleni kweminyaka emithathu, ngathola ukukhanya okungenamkhawulo kukhanya ngaphakathi kwesimo sami esiphukile. Ngijabule

ngobuhle obujabulisayo, ngakhohlwa umzimba. Kamuva ngabona ukuthi wawuphelele ngesihe sikaNkulunkulu."

Isigameko sokwelashwa esingokomlando siphathelene neNkosi uBaber (1483-1530), umsunguli wombuso wamaMogul eNdiya. Indodana yakhe, iNkosana uHumayun, yayigula kakhulu. Ubaba wathandaza ngokuzimisela okukhulu ukuthi athole lesi sifo, nokuthi indodana yakhe isindiswe. Ngemva kokuba bonke odokotela sebelahle ithemba, uHumayun walulama. UBaber wagula ngokushesha washona ngesifo esifanayo esasihlasele indodana yakhe. UHumayun wathatha indawo kaBaber njengoMbusi waseHindustan.

Abantu abaningi bacabanga ukuthi wonke umfundisi ongokomoya unempilo namandla eSandow, noma kufanele abe nawo. I ukucabanga kuyinto akunasisekelo. A ukugula umzimba ingabe hhayi khombisa lokho a uchwepheshe kuyinto hhayi ku ukuthinta

ngamandla aphezulu, ngaphezu kokuba impilo yempilo yonke isho ukukhanya kwangaphakathi. Ngamanye amazwi, isimo somzimba wenyama asinakwenziwa ngokufanele isivivinyo senkosi. Izimfanelo zakhe ezihlukile kumele zifunwe endaweni yakhe, ngokomoya.

Abafuni abaningi abadidekile eNtshonalanga bacabanga ngephutha ukuthi isikhulumi noma umbhali onekhono lokukhuluma nge-metaphysics kumele abe yingcweti. Nokho, ama-rishi aveze ukuthi ukuhlolwa kwe-asidi kwenkosi kuyikhono lomuntu lokungena ngokuthanda kwakhe esimweni sokuphelelwa umoya, nokugcina i- *samadhi engaphukile ye -nirbikalpa* . **21-5** Kuphela ngalezi mpumelelo lapho umuntu angafakazela khona ukuthi "uyingcweti" *kumaya* noma i-dualistic Cosmic Delusion. Nguye kuphela ongasho ekujuleni kokuqaphela ukuthi: " *U-Ekam wahlala* ," - "Munye kuphela okhona."

" *AmaVeda* athi umuntu ongazi lutho ohlala enelisekile ngokwenza umehluko omncane phakathi komphefumulo womuntu ngamunye kanye noMuntu Ophakeme usengozini," kubhala uShankara, isazi esikhulu senkolo. "Lapho kukhona ubumbano ngenxa yokungazi, umuntu ubona zonke izinto zihlukile kuMuntu Ozimele. Lapho konke kubhekwa njengoMuntu Ozimele, khona-ke akukho ngisho ne-athomu ngaphandle koMuntu Ozimele."

"Njengoba maduze njengoba i ulwazi kwe i Iqiniso ine ihlume phezulu, Lapho ithini yiba cha izithelo kwe okwedlule izenzo ukuzizwela, ngenxa yokungafaneleki komzimba, ngendlela efanayo nokuthi akukho phupho ngemva kokuvuka."

Ama-guru amakhulu kuphela akwazi ukuthatha i-karma yabafundi. USri Yukteswar wayengeke ahlupheke eKashmir ngaphandle kokuthi athole imvume kuMoya ongaphakathi kuye yokusiza abafundi bakhe ngaleyo ndlela engavamile. Bambalwa abangcwele ababehlonyiswe ngokuhlakanipha okukhulu ukuze bafeze imiyalo yaphezulu kuneNkosi yami eqondiswe nguNkulunkulu.

Nini Mina ukuzama a ezimbalwa amagama kwe uzwelo sekuphelile yakhe obuthakathaka isithombe, yami uchwepheshe kusho ngokuthokoza:

"Inezinzuzo zayo ezinhle; manje sengiyakwazi ukugqoka *ama-ganji amancane* (amahembe angaphansi) engingakawagqoki iminyaka eminingi!"

Ngilalele ukuhleka kukaMaster okujabulisayo, ngakhumbula amazwi kaSt. Francis de Sales: "Usanta odabukile uyisanta odabukile!"

21-1 : It kuyinto a uphawu kwe ukungahloniphi, ku INdiya, ku- intuthu ku i ukuba khona kwe

Indlu yami yokuhlala yayinomsindo lapho ngibuya. Abafana ababehlekisa Indlela kaRomes yokuqeqesha yangibheka ngokumangala, cishe yangenza ngazizwa ngikhululekile ngokungihalalisela. Phakathi nesonto lezivivinyo, ngachitha amahora amaningi noRomes, owayebhala imibuzo ayecabanga ukuthi kungenzeka ukuthi izobuzwa oprofesa. Usuku nosuku, imibuzo kaRomes yayivela cishe ngendlela efanayo emaphepheni ezivivinyo.

Izindaba zasakazeka kabanzi ekolishi zokuthi kwenzeka okuthile okufana nesimangaliso, nokuthi impumelelo yayibonakala ingenzeka ku-"Mad Monk" owayengenaso isineke. Angizange ngizame ukufihla amaqiniso aleli cala. Oprofesa bendawo babengenamandla okushintsha imibuzo, eyayihlelwe yiCalcutta University.

Ngicabanga ngokuhlolwa kwezincwadi zesiNgisi, ngaqaphela ngolunye usuku ekuseni ukuthi ngangenze iphutha elikhulu. Ingxenye eyodwa yemibuzo

yayihlukaniswe yaba izingxenye ezimbili zika-A noma u-B, kanye no-C noma u-D. Esikhundleni sokuphendula umbuzo owodwa engxenyeni ngayinye, ngangiphendule ngokunganaki yomibili imibuzo eQenjini I, futhi ngehlulekile ukucabanga nganoma yini eQenjini II. Imaki elihle kakhulu engingalithola kulokho iphepha lizoba ngu-33, lingaphansi kathathu kunophawu lokudlula luka-36. Ngaphuthuma eMasterni ngathulula izinkinga zami.

"Mnumzane, ngenze iphutha elingenakuthethelelwa. Angifanelekele izibusiso zaphezulu ngoRomes; Angifaneleki neze.

"Yima isibindi, Mukunda." Amazwi kaSri Yukteswar ayelula futhi engakhathali. Wakhomba isibhakabhaka esiluhlaza okwesibhakabhaka. "Kungenzeka kakhulu ukuthi ilanga nenyanga zishintshane ngezikhundla zazo emkhathini kunokuba wena wehluleke ukuthola iziqu zakho!"

Ngashiya i-hermitage ngisesimweni esizolile, yize kwakubonakala kungenakwenzeka ngokwezibalo ukuthi Bengingadlula. Ngabheka kanye noma kabili ngokukhathazeka esibhakabhakeni; iNkosi yoSuku yabonakala ibambelele ngokuqinile emzileni wayo ojwayelekile!

Njengoba ngifika *ePanthi*, ngezwa inkulumo yomunye umfundi ekilasini: "Ngisanda kuthola ukuthi kulo nyaka, okokuqala ngqa, inani lokuphumelela elidingekayo ezincwadini zesiNgisi lehlisiwe."

Mina kungeniwe i yomfana igumbi nge okunjalo isivinini lokho yena wabheka phezulu ku i-alamu. Mina kubuzwa yena ngentshiseko.

"Indela enezinwele ezinde," esho ehleka, "kungani ninesithakazelo esisheshayo ezindabeni zemfundo? Kungani nikhala ngehora leshumi nanye? Kodwa kuyiqiniso ukuthi uphawu lokuphasa lusanda kwehliswa lwaba ngamaphuzu angu-33."

Ukugxuma okumbalwa okujabulisayo kwangiyisa ekamelweni lami, lapho ngaguqa khona ngamadolo futhi ngadumisa ukuphelela kwezibalo kukaBaba wami Ongcwele.

Nsuku zonke ngangijabula kakhulu ngokwazi ukuthi kukhona okungokomoya engangikuzwa ngokusobala ukuthi kungiqondisa kuRomes. Kwenzeke isigameko esibalekile maqondana nokuhlolwa ngesiBengali. URomes, owayengathinti kangako ngaleyo ndaba, wangishayela ucingo ngolunye usuku ekuseni njengoba ngangiphuma endlini yokuhlala ngiya ehholo lokuhlolwa.

"Nangu uRomes ememeza ngawe," kusho omunye umfundi engifunda naye ekilasini kimi ngokungenasineke. "Ungabuyi; sizofika sekwephuzile ehholo."

Ukuziba i iseluleko, Mina wagijima emuva ku- i indlu.

"Ukuhlolwa kwesiBengali kuvame ukuphasiswa kalula ngabafana bethu besiBengali," kusho uRomes kimi. "Kodwa ngisanda kuba nombono wokuthi kulo nyaka oprofesa bahlele ukubulala abafundi ngokubuza imibuzo ezincwadini zethu zasendulo." Umngane wami wabe esechaza kafushane izindaba ezimbili zokuphila kukaVidyasagar, umsizi odumile wokusiza abantu.

Ngambonga uRomes futhi ngashesha ngagibela ibhayisikili ngaya ehholo lasekolishi. Iphepha lokuhlolwa ngesiBengali labonakala liqukethe izingxenye

ezimbili. Umyalelo wokuqala wawuthi: "Bhala izibonelo ezimbili zezinhlango zosizo zaseVidyasagar." Njengoba ngangidlulisela ephepheni ulwazi engangilutholile muva nje, ngahlebelanga amazwi ambalwa okubonga ukuthi ngilalele ukubizwa kukaRomesh ngomzuzu wokugcina. Ukube bengingazi ngezinzuzo zikaVidyasagar esintwini (kufaka phakathi nami ekugcineni), bengingeke ngiphumelele ukuhlolwa kwesiBengali. Uma ngihluleka esifundweni esisodwa, ngabe ngaphoqeleka ukuthi ngiphinde ngibhale ukuhlolwa kuzo zonke izifundo ngonyaka olandelayo. Ithuba elinjalo laliyinto enyanyekayo ngokuqondakalayo.

Imiyalelo yesibili ephepheni yayifundeka kanje: "Bhala indatshana ngesiBengali ngempilo yendoda ekuphefumulele kakhulu." Mfundi onomusa, akudingeki ngikwazise ukuthi ngikhethe muphi umuntu ngesihloko sami. Ngamboza ikhasi nekhasi ngidumisa uthisha wami, ngamomotheka lapho ngiqaphela ukuthi isibikezelo sami sokukhononda siyagcwaliseka: "Ngizogcwalisa amaphepha ngezimfundiso zakho!"

Bengingazizwa ngithambekele ekubuzeni uRomeshe ngenkambo yami yefilosofi. Ngithembele ekuqeqeshweni kwami isikhathi eside ngaphansi kukaSri Yukteswar, angizange ngizinake ngokuphepha izincazelo zencwadi. Amamaki aphezulu kakhulu anikezwa noma yimaphi amaphepha ami yilawo efilosofi. Amamaki ami kuzo zonke ezinye izifundo ayengaphansi nje kwemaki lokuphumelela.

It kuyinto a injabulo ku- irekhodi lokho yami ongenabugovu umngane URomeshe yamukelwe yakhe eyakho izinga *i-cum udumo* .

Ubaba wagcotshwa ngokumomotheka ngesikhathi ngiphothula. "Bengingacabangi ukuthi uzodlula, Mukunda," evuma. "Uchitha isikhathi esiningi nomfundisi wakho." INkosi yayikubonile kahle ukugxekwa kukababa ngaphandle kokusho.

Kwase kuyiminyaka ngingazi ukuthi ngizoke ngilubone usuku lapho i-AB izolandela igama lami. Angivamile ukusebenzisa lesi sihloko ngaphandle kokubonisa ukuthi kwakuyisipho esivela kuNkulunkulu, engisinikwe ngenxa yezizathu ezingacacile. Ngezinye izikhathi ngizwa amadoda asekolishi ephawula ukuthi kuncane kakhulu kolwazi lwabo olugcwele olusasele nabo ngemva kokuphothula. Lokho kwamukelwa kungiduduzwa kancane ngokushiyeke kwami kwezemfundo okungangabazeki.

Ngosuku engathola ngalo iziqu zami eCalcutta University, ngaguqa ezinyaweni zomfundisi wami futhi ngambonga ngazo zonke izibusiso ezigeleza empilweni yakhe zingena kweyami.

"Vuka, Mukunda," esho ngokuzitika. "INkosi imane yakuthola kulula kakhulu ukukwenza." umuntu ophothule iziqu kunokuba ahlele kabusha ilanga nenyanga!

23-1 : Mina kumele yenza Uprofesa I-Ghoshal i ubulungiswa kwe ukuvuma lokho i ukucindezelwa ubudlelwano phakathi thina kwakuyi hhayi kufanele ku- noma yiliphi iphutha kwe yakhe, kodwa kuphela ku- yami ukungabikho kusukela amakilasi futhi ukunganaki ku bona. Uprofesa I-Ghoshal kwakuyi, futhi kuyinto, a isikhulumi esimangalisayo esinolwazi olukhulu lwefilosofi. Eminyakeni eyalandela safinyelela ekuqondeni okuhle.

23-2 : Nakuba yami umzala futhi Mina babe i okufanayo umndeni igama kwe I-Ghosh, AmaPrabha ine ukujwayela yena ku- ngihumusha igama lakhe ngesiNgisi ngokuthi Ghose; ngakho-ke ngilandela indlela yakhe yokupela lapha.

Mina Yiba A Indela Of I IsiSwami I-oda

"Nkosi, ubaba ubelokhu elangazelela ukwamukela isikhundla sokuphatha eBengal-Nagpur Railway. Kodwa ngikwenqabile impela." Nganezela ngethemba, "Mnumzane, ngeke ungenze indela yeSwami Order?" Ngabheka umfundisi wami ngokuncenga. Eminyakeni eyandulele, ukuze ahlole ukujula kokuzimisela kwami, wayenqabe lesi sicelo esifanayo. Nokho, namuhla, wamomotheka ngomusa.

"Kulungile; kusasa ngizokufaka ebukhosini." Waqhubeka ngokuthula, "Ngiyajabula ukuthi uphikelele esifisweni sakho sokuba yindela. ULahiri Mahasaya wayevame ukuthi: 'Uma ungammemi uNkulunkulu ukuba abe yiSivakashi sakho sasehlobo, ngeke eze ebusika bempilo yakho.'"

"Nkosi yami ethandekayo, angisoze ngahluleka emgomweni wami wokuba yingxenye yeSwami Order njengoba nawe ungihlonipha." Ngamomotheka ngothando olungenakulinganiswa.

"Ongashadile ukhathalela izinto zeNkosi, ukuthi angayithokozisa kanjani iNkosi; kepha oshadile ukhathalela izinto zezwe, ukuthi angamthokozisa kanjani umkakhe."

24-1 Ngangihlaziye izimpilo zabangane bami abaningi, okwathi ngemva kokuthola isiyalo esithile esingokomoya, base beshada. Bethulwe olwandle lwemithwalo yemfanelo yezwe, base bekhohliwe izinqumo zabo zokuzindla ngokujulile.

Ukunikeza uNkulunkulu indawo yesibili empilweni, kimi, kwakungenakwenzeka. Nakuba enguMnikazi oyedwa wendawo yonke, esithululela ngokuthula izipho ezivela ekuphileni kuya ekuphileni, into eyodwa esasele engeyena eyakhe, futhi inhliziyo yomuntu ngamunye enamandla okugodla noma ukunikeza uthando lomuntu. UMdali, ngokuthatha ubunzima obungenamkhawulo ukuze afihle imfihlakalo yokuba khona kwakhe kuzo zonke izinto ezidaliwe, wayengaba nesisusa esisodwa kuphela—isifiso esibucayi sokuthi abantu bamfune kuphela ngentando yokuzikhethelela. Ngalo lonke iglavu elithambile lokuthobeka konke akazange amboze isandla sensimbi samandla onke!

Usuku olulandelayo lwalungolunye lwezinsuku engingazikhohlwa empilweni yami. KwakungoLwesine olunelanga, ngiyakhumbula, ngoJulayi, 1914, emasontweni ambalwa ngemva kokuphothula ekolishi. Ebhalkhoni elingaphakathi le- Endlini yakhe yokuhlala yaseSerampore, uMaster wacwilisa ucezu olusha lwesilika elimhlophe kudayi we-ocher, umbala wendabuko we-Swami Order. Ngemva kokuba indwangu isomile, umfundisi wami wangimboza njengengubo yomuntu olahlekile.

"Ngelinye ilanga uzoya eNtshonalanga, lapho usilika uthandwa khona," esho. "Njengophawu, ngikukhethele le nto kasilika esikhundleni sikakotini ojwayelekile."

ENdiya, lapho izindela zamukela khona umbono wobumpofu, i-swami eggoke isilika iyinto engavamile. Nokho, ama-yoga amaningi agqoka izingubo zesilika, ezigcina imisinga ethile yomzimba ilula kunokotini .

"Mina ekuseni ukuzonda ku- imikhosi," IsiSri Yukteswar waphawula. "Mina intando yenza wena a i-swami ku i *i-bidwat*

(akuyona imikhosi) ngendlela."

I- *bibidisa* noma ukuqaliswa okuyinkimbinkimbi kokuzingelwa kobugqila kuhlanganisa umcimbi womlilo, lapho kwenziwa khona amasiko omngcwabo angokomfanekiso. Isidumbu somfundi simelelwa njengofile, sishiswe elangeni lokuhlakanipha. I-swami esanda kwenziwa ibe isinikezwa ingoma, njengokuthi: "Le *atma* inguBrahma" **24-2** noma "Wena unguye lowo" noma "Nginguye." Nokho, uSri Yukteswar, ngothando lwakhe lokulula, wahlukana nayo yonke imikhuba engokomthetho futhi wangicela nje ukuthi ngikhethe igama elisha.

"Mina intando nikeza wena i ilungelo kwe ukukhetha yona wena," yena wathi, ukumamatheka.

"Yogananda," ngiphendula, ngemva kokucabanga isikhashana. Igama lisho ukuthi "Injabulo (*ananda*) ngokuhlanganiswa kwaphezulu (*yoga*)."

"Makube njalo. Uma ushiya isibongo sakho sikaMukunda Lal Ghosh, kusukela manje uzobizwa ngokuthi uYogananda wegatsha lamaGiri leSwami Order."

Njengoba ngangiguqa phambi kukaSri Yukteswar, futhi okokuqala ngqa ngimuzwa ebiza igama lami elisha, inhliziyi yami yagcwala ukubonga. Yeka ukuthi wayesebenze ngothando kangakanani nangakhathali, ukuze umfana uMukunda ngelinye ilanga aguqulwe abe yindela uYogananda! Ngahlabelela ngenjabulo amavesi ambalwa avela engomeni ende yesiSanskrit yeNkosi uShankara:

"Ingqondo, noma ukuhlakanipha, noma
ubugovu, umuzwa; Isibhakabhaka, noma
umhlaba, noma izinsimbi angisiye mina."
NginguYe, nginguYe, Moya oNgcwele,
nginguYe! Anginawo ukuzalwa, anginawo
ukufa, anginawo uhlanga; Baba, mama,
anginawo.
NginguYe, nginguYe, Moya Obusisiwe, nginguYe!
Ngale kwezindiza zobuciko, ngingenasimo,
Ngingena emilenzeni yazo zonke izinto
eziphilayo;
Angikwesabi ukugqilazwa; Ngikhululekile,
ngikhululekile njalo, Nginguye, Nginguye,
Moya Obusisiwe, Nginguye!"

Wonke ama-swami angaphansi kohlelo lwezindela zasendulo olwahlelwa ngesimo

salo samanje nguShankara. **24-3** Ngenxa yokuthi kuyihlelo elisemthethweni, elinohlu olunganqamuki lwabameleli abangcwele abakhonza njengabaholi abakhuthele, akekho umuntu ongazinika igama elithi swami. Ulithola ngokufanele komunye uswami kuphela; ngakho-ke wonke ama-monks alandelela uhlu lwawo olungokomoya kumfundisi oyedwa ovamile, iNkosi uShankara. Ngezifungo zobumpofu, ubumsulwa, nokulalela umfundisi ongokomoya, ama-monks amaningi amaKatolika afana ne-Order of Swamis.

Ngaphezu kwegama lakhe elisha, elivame ukuphela ngo *-ananda* , i-swami ithatha isihloko esibonisa ukuxhumana kwayo okusemthethweni nenye yezingxenye eziyishumi ze-Swami Order. Lawa *ma-dasanamis* noma

Ama-agnomens ayishumi ahlanganisa *iGiri* (intaba), lapho iSri Yukteswar, kanye nami ngokwami, singowakhona. Phakathi kwamanye amagatsha kukhona *iSagar* (ulwandle), *iBharati* (izwe), *i-Aranya* (ihlathi), *iPuri* (indlela), *iTirtha* (indawo yokuhambela), kanye *neSaraswati* (ukuhlakanipha kwemvelo).

Ngakho-ke igama elisha elamukelwa yi-swami linencazelo ekabili, futhi limelela ukutholakala kwenjabulo ephakeme kakhulu (*ananda*) ngekhwalithi ethile yaphezulu noma isimo - uthando, ukuhlakanipha, ukuzinikela, inkonzo, i-yoga - nangokuvumelana nemvelo, njengoba kubonakaliswa ngobukhulu bayo obungenamkhawulo bezilwandle, izintaba, isibhakabhaka.

Umgomo wokukhonza ngokungenabugovu kubo bonke abantu, kanye nokulahla izibopho zomuntu siqu kanye nezifiso, kuholela iningi lama-swami ukuba lihlanganyele ngenkuthalo emsebenzini wobuntu nowokufundisa eNdiya, noma ngezinye izikhathi emazweni angaphandle. Enganaki konke ukucwaswa kwesigaba, izinkolelo, isigaba, umbala, ubulili, noma uhlanga, i-swami ilandela imithetho yobuzalwane babantu. Umgomo wayo ubunye obuphelele noMoya. Efaka ingqondo yakhe yokuvuka nokulala ngomcabango othi, "NginguYe," uhamba ngokwaneliseka, emhlabeni kodwa hhayi kuwo. Ngakho-ke kuphela lapho angathethelela khona isihloko sakhe sokuba yi-swami - umuntu ofuna ukufeza ubunye. nge- Swa noma i-Self. Akudingeki ukwengeza ukuthi akuwona wonke ama-swami aqanjwe ngokusemthethweni aphumelela ngokulinganayo ekufinyeleleni umgomo wawo ophakeme.

USri Yukteswar wayeyiswami futhi eyiyogi. Iswami, ngokomthetho eyayiyindela ngenxa yokuxhumana kwayo nohlelo lwasendulo, ayihlali iyiyogi. Noma ubani osebenzisa indlela yesayensi yokuxhumana noNkulunkulu uyiyogi; angase abe oshadile noma ongashadile, noma abe ngumuntu wezwe noma abe ngumuntu onezibopho zenkolo ezisemthethweni. Iswami ingalandela kuphela indlela yokucabanga eyomile, ebandayo ukudela; kodwa i-yogi izibandakanya enkambisweni eqondile, yesinyathelo ngesinyathelo lapho umzimba nengqondo kuyaqeqeshwa khona, futhi umphefumulo ukhululwe. Engathathi lutho kalula ngezizathu zemizwa, noma ngokholo, i-yogi yenza uchungechunge lokuzivocavoca oluvivinywe kahle olwaqalwa ukuklanywa yi-rishis yokuqala. I-Yoga ikhiqize, kuzo zonke izizukulwane zaseNdiya, amadoda aba akhululekile ngempela, ama-Yogi-Christ's angempela.

Njenganoma iyiphi enye isayensi, i-yoga iyasebenza kubantu bazo zonke izimo zezulu nesikhathi. Inkolelo-mbono ethuthukiswe ngababhali abathile abangenalwazi yokuthi i-yoga "ayifanele abantu baseNtshonalanga" ingamanga ngokuphelele, futhi ngokudabukisayo ivimbele abafundi abaningi abaqotho ekufuneni izibusiso zayo eziningi. I-Yoga iyindlela yokuvimbela ukuphazamiseka kwemvelo kwemicabango, okuthi ngaphandle kwalokho kuvimbele ngokungakhethi bonke abantu, bamazwe onke, kusukela ekuboneni isimo sabo sangempela soMoya. I-Yoga ayikwazi ukwazi isithiyo IMPumalanga neNtshonalanga zifana nokukhanya

kwelanga okuphulukisayo nokulingana. Uma nje umuntu esenengqondo enemicabango yayo engaphumuli, isikhathi eside kunesidingo se-yoga noma sokulawula esivamile.

I-THE INKOSI NGOKUPHAKATHI YAKHE I-ASPECT AS I-SHIVA

Akuyena umuntu womlando onjengoKrishna, uShiva yigama elinikezwe uNkulunkulu esicini sokugcina sobuntu bakhe obuthathu (uMdali-uMlondolozi-uMbhubhisi). UShiva, uMbhubhisi we *-maya* noma ukudukiswa, umelwe ngokomfanekiso emibhalweni engcwele njengeNkosi yabaHluliweyo, iNkosi yamaYogis. Ebuciko bamaHindu uhlala eboniswa enenyanga entsha ezinweleni Zakhe, futhi egqoke umqhele wezinyoka ezinezigqoko, uphawu lwasendulo lokunqotshwa kobubi nokuhlakanipha okuphelele. Iso "elilodwa" lokwazi konke livulekile ebunzini Lakhe.

I-rishi Patanjali yasendulo ichaza "i-yoga" ngokuthi "ukulawula ukushintshashintsha kwezinto zengqondo." **24-4** Izincazelo zakhe ezimfushane kakhulu nezihlakaniphile, i- *Yoga Sutras* , zakha enye yezinhlelo eziyisithupha zefilosofi yamaHindu. **24-5** Ngokuphambene namafilosofi aseNtshonalanga, zonke izinhlelo eziyisithupha zamaHindu azigcini nje ngokuhlanganisa izimfundiso ezingokwemfundiso kodwa ezisebenzayo. Ngaphezu kwayo yonke imibuzo ye-ontological ecatshangwayo, lezi zinhlelo eziyisithupha zakha imikhakha eyisithupha eqondile ehlose ukususa ukuhlupheka unomphela. ukuzuza injabulo engapheli.

Intambo evamile ehlanganisa zonke izinhlelo eziyisithupha yisimemezelo sokuthi akukho nkululeko yangempela yomuntu engenzeka ngaphandle kolwazi lweqiniso eliphelele. *Ama-Upanishad* akamuva asekela ama *-Yoga Sutras* , phakathi kwezinhlelo eziyisithupha, njengequkethe izindlela eziphumelela kakhulu zokufeza ukuqonda okuqondile lweqiniso. Ngamasu asebenzayo e-yoga, umuntu ushiya ngemuva unomphela izindawo ezingenalutho zokuqagela futhi ngokuhlangenwe nakho uqaphela i-Essence yangempela.

Uhlelo *Iwe-Yoga* njengoba luchazwe nguPatanjali lwaziwa ngokuthi iNdlela Eyisishiyagalombili. Izinyathelo zokuqala, (1) *yama* kanye (2) *niyama* , zidinga ukugcinwa kwezimiso zokuziphatha eziyishumi ezimbi nezinhle—ukugwema ukulimaza abanye, ukungathembeki, ukweba, ukungazithibi, ukwamukela izipho (okuletha izibopho); kanye nobumsulwa bomzimba nengqondo, ukwaneliseka, ukuzithiba, ukufunda, nokuzinikela kuNkulunkulu.

Izinyathelo ezilandelayo yilezi (3) *i-asana* (ukuma kwesokudla); ikholomu yomgogodla kumele ibanjwe iqonde, nomzimba uqine endaweni ekhululekile yokuzindla; (4) *i-pranayama* (ukulawula i -*prana* , imisinga yokuphila ecashile); kanye (5) *i-pratyahara* (ukukhipha izinzwa ezintweni zangaphandle).

Izinyathelo zokugcina ziyizinhlobo ze-yoga ezifanele: (6) *i-dharana* (ukugxilisa ingqondo); ukubamba ingqondo emcabangweni owodwa; (7) *i-dhyana* (ukuzindla), kanye (8) *i-samadhi* (ukuqonda okungaphezu kwamandla). Lena yindlela ye-Yoga ephindwe kasishiyagalombili **24-6** okuholela umuntu emgomweni wokugcina we - *Kaivalya* (Absoluteness), igama elingachazwa ngokuzwakalayo ngokuthi "ukugcwaliseka kweQiniso ngale kwakho konke ukuqonda kwengqondo."

"Yikuphi okukhulu," umuntu angase abuze, "i-swami noma i-yogi?" Uma futhi lapho kufezwa ubunye bokugcina noNkulunkulu, umehluko wezindlela ezahlukene uyanyamalala. Nokho, i- *Bhagavad Gita* iveza ukuthi izindlela ze-yoga zihlanganisa konke. Amasu ayo awahloselwe kuphela izinhlobo ezithile kanye nezimo zengqondo, njengalabo abambalwa abathambekele empilweni yezindela; i-yoga ayidingi ukwethembeka okusemthethweni. Ngenxa yokuthi isayensi ye-yogi yanelisa isidingo somhlaba wonke, inokusebenza kwemvelo emhlabeni wonke.

I-yogi yangempela ingahlala izinikele emhlabeni; lapho ifana nebhotele emanzini, hhayi njengobisi oluxutshwe kalula lwabantu abangaqediwe nabangenaso isiyalo. Ukufeza imithwalo yemfanelo yomuntu yasemhlabeni kuyindlela ephakeme ngempela, uma nje i-yogi, igcina ingqondo ingahilelekile ezifisweni zobugovu, idlala indima yayo njengethuluzi likaNkulunkulu elizimisele.

Kunemiphefumulo eminingi emikhulu, ehlala emizimbeni yaseMelika noma yaseYurophu noma eminye engewona amaHindu namuhla, nakuba kungenzeka ukuthi abakaze bawezwe amagama athi *yogi* ne- *swami* , kodwa bayizibonelo zangempela zalawo magama. Ngokukhonza kwabo isintu ngokungenandaba, noma ngokulawula kwabo izinkanuko nemicabango, noma ngothando lwabo oluqotho ngoNkulunkulu, noma ngamandla abo amakhulu okugxilisa ingqondo, ngandlela thile, bangama-yogi; bazibekele umgomo we-yoga-self- ukulawula. La madoda angakhuphukela ezingeni eliphakeme nakakhulu ukube ayefundiswa isayensi eqondile ye-yoga, okwenza kube nokwenzeka ukuqondiswa kwengqondo nokuphila komuntu ngokuqonda kakhudlwana.

I-Yoga iye yaqondwa kabi kakhulu ngababhali abathile baseNtshonalanga, kodwa abagxeki bayo abakaze baqondwe kabi. yayo ochwepheshe. Phakathi eziningi ukucabanga ngokucabangelayo izikhumbuzo ku- i-yoga kungenzeka yiba okukhulunywe ngakho eyodwa ngu UDkt. C.

G. UJung, i odumile IsiSwiss isazi sokusebenza kwengqondo.

"Uma indlela yenkolo izitusa njengeyesayensi, ingaqiniseka ngomphakathi wayo eNtshonalanga. I-Yoga iyayifeza le mbono," kubhala uDkt. Jung. **24-7** "Ngaphandle

nje kobuhle bento entsha, kanye nokukhanga kwabantu abangaqondi kahle, kunesizathu esihle sokuthi i-Yoga ibe nabalandeli abaningi." Inikeza ithuba lokuhlangenwe nakho okulawulwayo, futhi ngaleyo ndlela yanelisa isidingo sesayensi 'samaqiniso,' futhi ngaphandle kwalokhu, ngenxa yobubanzi nokujula kwayo, isikhathi sayo esihloniphekile, imfundiso kanye nendlela yayo, okuhlanganisa zonke izigaba zokuphila, ithembisa amathuba angakaze aphuphe.

Ukuqina kokunaka kuncike ekuphefumuleni kancane; ukuphefumula okusheshayo noma okungalingani kuhambisana nezimo ezingokomzwelo ezilimazayo: ukwesaba, inkanuko, intukuthelo. Inkawu engaphumuli iphefumula ngesivinini sezikhathi ezingu-32 ngomzuzu, ngokungafani ne isilinganiso somuntu siphindwe izikhathi ezingu-18. Indlovu, ufudu, inyoka nezinye izilwane eziphawulwe nge ubude besikhathi eside bunesilinganiso sokuphefumula esingaphansi kwesomuntu. Isibonelo, ufudu, olungafinyelela eminyakeni engu-300, **26-12**. uphefumula izikhathi ezine kuphela ngomzuzu.

Imiphumela yokuvuselela ubuthongo ibangelwa ukungazi kwesikhashana komuntu ngomzimba nokuphefumula. Umuntu olele uba yi-yogi; ubusuku ngabunye wenza isiko le-yogi ngokungazi ukuzikhulula ekuzibonakaliseni komzimba, kanye nokuhlanganisa amandla okuphila nemisinga yokuphulukisa esifundeni esiyinhloko sobuchopho kanye nama-sub-dynamos ayisithupha ezikhungo zakhe zomgogodla. Ngokwesayensi yenza ukuphefumula kungadingeki, ngaphandle kokukhiqiza izimo zokulala okungaphansi noma ukungazi.

NguKriya , amandla okuphila aphumayo awachithwa futhi asetshenziswe kabi ezingqondweni, kodwa *avinjelwe* ukuhlangana kabusha namandla omgogodla angabonakali. Ngokuqiniswa okunjalo kokuphila, umzimba we-yogi kanye namaseli obuchopho anikwa amandla nge-elixir engokomoya. Ngakho-ke uyazisusa

ekugcinweni kwemithetho yemvelo okufundwe kahle, okungamthatha kuphela - ngezindlela ezijikelezayo njengoba zinikezwa ukudla okufanele, ukukhanya kwelanga, kanye nemicabango evumelanayo - emgomweni weminyaka eyisigidi. Kudinga iminyaka eyishumi nambili yokuphila okunempilo okuvamile ukuze kusebenze ngisho noshintsho oluncane olubonakalayo esakhiweni sobuchopho, futhi kufunwa ukubuyiselwa kwelanga okuyisigidi ukuze kulungiswe ngokwanele indawo yobuchopho ukuze kubonakaliswe ukuqonda kwendawo yonke.

Ekhulula intambo yokuphefumula ebopha umphefumulo nomzimba, *uKriya* usiza ekwandiseni impilo nokwandisa ukuqonda kuze kube phakade. Indlela ye-yoga ingoba ukudonsana kwempi phakathi kwengqondo nezinzwa ezihambisana nendaba, futhi ikhulula umuntu ozinikele ukuba aphinde adle ifa lombuso wakhe waphakade. Uyazi ukuthi isimo sakhe sangempela asiboshiwe yizimbobo zomzimba noma ukuphefumula, uphawu lokugqilazwa emoyeni okufayo, eziphoqeletweni zemvelo.

Ukuzihlola, noma "ukuhlala buthule," kuyindlela engeyona eyesayensi yokuzama ukuphoqelesa ukuhlukanisa ingqondo nezinzwa, eziboshwe ndawonye ngamandla okuphila. Ingqondo ecabangayo, ezama ukubuyela ebunkulunkulwini, idonswa njalo emuva ezinzweni yimisinga yokuphila. *I-Kriya*, elawula ingqondo *ngqo* ngamandla okuphila, iyindlela elula, ephumelela kakhulu, futhi engokwesayensi kakhulu yokusondela ku-Infinite. Ngokungafani nendlela yenkolo ehamba kancane, engaqinisekile "yenqola yezinkunzi" eya kuNkulunkulu, *i-Kriya* ingabizwa ngokufanele ngokuthi umzila "wendiza".

Isayensi ye-yogic isekelwe ekucabangeni okubonakalayo kwazo zonke izinhlobo zokugxilisa ingqondo nokuzindla. I-Yoga ivumela umlandeli ukuthi avule noma avule, ngokuthanda kwakhe, umzila wokuphila kusukela amafoni amahlanu emizwa okubona, umsindo, iphunga, ukunambitha, kanye nokuthinta. Akasabuyiselwa ngamandla okuphila ngokungathandi endaweni evamile yemizwa exokozelayo nemicabango engaphumuli. Umphathi womzimba nengqondo yakhe, i- *Kriya Yogi* ekugcineni uthola ukunqoba phezu "kwesitha sokugcina," ukufa.

Kanjalo uzodla ngokuFa, okudla abantu: Futhi ukufa uma sekufile, akusekho ukufa ngaleso sikhathi. **26-13**

Impilo ye- *Kriya Yogi ethuthukile* ayithonywa yimiphumela yezenzo zesikhathi esidlule, kodwa ithonywa kuphela yiziqondiso ezivela emphefumulweni. Ngakho-ke umuntu ozinikele ugwema abaqaphi abahamba kancane, abashintshashintshayo bezenzo zobugovu, ezinhle nezimbi, zokuphila okuvamile, okunobunzima nokufana nezinhliziyi zezinkozi.

Indlela engcono kakhulu yokuphila ngomphefumulo ikhulula i-yogi, elahlekelwe yijele layo lokuzikhukhumeza, inambitha umoya ojulile wokuba khona kuyo yonke indawo. Ubukhosi bokuphila kwemvelo, ngokuphambene nalokho, bubekwe ngesivinini esihlazisayo.

Evumelanisa impilo yakhe nohlelo lokuziphendukela kwemvelo, umuntu akanakukwazi ukushesha okungenasidingo okuvela emvelweni kodwa, ephila ngaphandle kwephutha ngokumelene nemithetho yesipho sakhe somzimba nengqondo, kusadinga iminyaka engaba yisigidi yokuzifihla ukuze azi ukukhululwa kokugcina.

Izindlela ze-yogi ezisebenzisa i-telescopic, ezizihlukanisa nokuhlonza ngokomzimba nangokwengqondo zikhetha umphefumulo nobuntu, ngaleyo ndlela zizincoma kulabo ababuka ngokuvukela iminyaka eyinkulungwane. Lo mngcele wezinombolo wandisiwe kumuntu ovamile, ophila ngokuvumelana hhayi ngisho nemvelo, ingasaphathwa eyomphefumulo wakhe, kodwa esikhundleni salokho aphishekela ubunzima obungeyona eyemvelo, ngaleyo ndlela ukucasula ku yakhe umzimba futhi

imicabango i okumnandi ukuhlanzeka kwe imvelo. Ngoba yena, ezimbili izikhathi a Izigidi zeminyaka zinganele ukukhululwa.

Umuntu ojwayelekile akaqapheli noma akaqapheli nhlobo ukuthi umzimba wakhe ungumbuso, obuswa uMbusi umphefumulo esihlalweni sobukhosi sogebhezi, kanye nabaphathi abangaphansi kwezikhungo eziyisithupha zomgogodla noma izinhlaka ukuqonda. Lo mbuso wentando yeningi udlulela phezu kwesixuku sabantu abalalelayo: amangqamuzana ayizinkulungwane ezingamashumi amabili nesikhombisa - anikezwe ubuhlakani obuqinisekile noma obuzenzakalelayo abenza ngayo yonke imisebenzi yokukhula komzimba, ukuguqulwa, kanye nokuwohloka - kanye nemicabango engaphansi kwengxenye eyizigidi ezingamashumi amahlanu, imizwa, kanye nokwehlukahlukana kwezigaba ezishintshanayo ekuqondeni komuntu empilweni ejwayelekile yeminyaka engamashumi ayisithupha. Noma yikuphi ukuvukela okubonakalayo kwamangqamuzana omzimba noma obuchopho kuMbusi uMphefumulo, okubonakala njengesifo noma ukucindezeleka, akubangelwa ukungathembeki phakathi kwezakhamuzi ezithobekile, kodwa ukusetshenziswa kabi kwangaphambilini noma kwamanje ngu umuntu ngobuntu bakhe noma ngenkululeko yakhe yokuzikhethelela, anikezwe yona ngesikhathi esisodwa nomphefumulo, futhi engenakushintshwa.

Eziveza njengomuntu oziqhenyayo, umuntu uthatha kalula ukuthi nguye ocabanga, othanda, ozwayo, ogaya ukudla, futhi ozigcina ephila, engalokothi avume ngokuzindla (okuncane nje okwanele!) ukuthi empilweni yakhe evamile akalutho ngaphandle kwesenzo sezenzo zangaphambilini (i-karma) kanye nemvelo. noma indawo ezungezile. Ukusabela kwengqondo yomuntu ngamunye, imizwa, imizwa, kanye nemikhuba yakhe kubangelwa yimiphumela yezimbangela zesikhathi esidlule, kungaba yile noma impilo yakhe yangaphambili. Nokho, uphakeme ngaphezu kwamathonya anjalo umphefumulo wakhe wasebukhosini. Elahla amaqiniso nenkululeko yesikhashana, i -*Kriya Yogi* idlula ngale kwakho konke ukudumala iye kuBuntu bayo obungenamingcele. Yonke imibhalo imemezela umuntu ukuthi akayona umzimba owonakalayo, kodwa ungumphefumulo ophilayo; nguKriya *unikezwa* indlela yokufakazela iqiniso lemibhalo.

"Imikhuba yangaphandle ayikwazi ukubhubhisa ukungazi, ngoba ayiphikisani," kubhala uShankara encwadini yakhe edumile ethi *Century Of Verses* . "Ulwazi oluqashelwayo lodwa lubhubhisa ukungazi. . . . Ulwazi alukwazi ukuvela nganoma iyiphi enye indlela ngaphandle kokubuza. 'Ngingubani? Lo mhlaba wazalwa kanjani? Ngubani umenzi wawo? Iyini imbanga yawo ebonakalayo?' Lolu uhlobo lokubuza okubhekiselwe kulo." Ubuhlakani abunampendulo yale mibuzo; ngakho-ke i-rishis yashintsha i-yoga njengendlela yokubuza ngokomoya.

-*Kriya Yoga* "iwumkhosi womlilo" wangempela ovame ukudunyiswa kwi- *Bhagavad Gita* . Imililo yokuhlanza ye-yoga iletha ukukhanya okuphakade, futhi ngaleyo ndlela ihluke kakhulu emikhosini yomlilo yenkolo yangaphandle nengasebenzi kahle, lapho ukuqonda iqiniso kuvame ukushiswa khona, kuya ekuhambisaneni okunesizotha, kanye nempepho!

I-yogi ethuthukile, igodla yonke ingqondo yayo, intando, kanye nomuzwa wayo ekuzihlanganiseni okungamanga nezifiso zomzimba, ihlanganisa ingqondo yayo namandla angaphezu kwawemvelo ezindaweni zomgogodla, ngaleyo ndlela iphila kuleli zwe njengoba uNkulunkulu ehlelile, ingashukunyiswa yizifiso zesikhathi esidlule noma yizisusa ezintsha zabantu ezintsha. I-yogi enjalo ithola ukugcwaliseka kwesifiso sayo esiphakeme, iphephile endaweni yokugcina yoMoya ojabulisayo ongapheli.

I-yogi inikeza izifiso zayo zobuntu ezixakile emlilweni omkhulu ozinikele kuNkulunkulu ongenakuqhathaniswa. Lona ngempela umkhosi weqiniso womlilo we-yogi, lapho zonke izifiso zesikhathi esidlule nezamanje ziphehlwa uthando olungcwele. Ilangabi Eliphelele lithola umhlathelo wabo bonke ubuhlanya bomuntu, futhi umuntu umsulwa endle. Amathambo akhe aphucwe yonke inyama efiselekayo, uhlaka lwakhe lwe-karmic lucwebezwe elangeni lokuhlakanipha lokubulala amagciwane, ekugcineni uhlanzekile, akahlaseli phambi komuntu noMenzi.

Ebhekisela ekusebenzeni kahle kwe-yoga okuqinisekile nokuhlelekile, iNkosi

uKrishna idumisa i-yogi yezobuchwepheshe ngala mazwi alandelayo: "I-yogi inkulu kunezilawuli zomzimba eziqeqeshayo, inkulu ngisho nangaphezu kwabalandeli bendlela yokuhlakanipha (*Jnana Yoga*), noma yendlela yesenzo (*Karma Yoga*); yiba wena, O mfundi u-Arjuna, i-yogi!" **26-14**

"Mnumzane," ngangikhononda ngokwesaba, "uyazi ukuthi isifiso sami kulokhu kuphila ukusekela kuphela uMthandi Wendawo Yonke."

UMfundisi wayehleke kakhulu kangangokuthi ngaqonda ukuthi lokho akubonile kwakuwukuvivinya ukholo lwami nje.

"Khumbula," esho kancane, "ukuthi lowo olahla imisebenzi yakhe yasemhlabeni angazithethelela kuphela ngokuthatha uhlobo oluthile lomthwalo wemfanelo emndenini omkhulu kakhulu."

Umqondo wemfundo egxile entsheni wawulokhu useduze nenhliziyi yami. Ngabona ngokucacile imiphumela eyomile yemfundo evamile, ehlokelwe kuphela ukuthuthukiswa komzimba nengqondo. Izindinganiso zokuziphatha nezingokomoya, okungekho muntu ongasondela enjabulweni ngaphandle kokwazisa kwazo, zazingakabi khona. ngintula uhlelo lwezifundo olusemthethweni. Ngazimisela ukusungula isikole lapho abafana abancane babengathuthuka khona bafinyelele ebudodeni obuphelele. Isinyathelo sami sokuqala kulolo hlangothi senziwa ngabantwana abayisikhombisa eDihika, indawo encane yasemaphandleni eBengal.

Ngemva konyaka, ngo-1918, ngenxa yomusa kaSir Manindra Chandra Nundy, uMaharaja waseKasimbazar, ngakwazi ukuthuthela iqembu lami elikhula ngokushesha eRanchi. Leli dolobha eliseBihar, cishe ngamakhilomitha angamakhulu amabili ukusuka eCalcutta, libusiswe ngesinye sezimo zezulu ezinempilo kakhulu eNdiya. Isigodlo saseKasimbazar eRanchi saguqulwa saba yindlunkulu yesikole esisha, engasibiza ngokuthi *iBrahmacharya Vidyalaya* **ngo-27-1.** ngokuvumelana nemigomo yemfundo yamaRishi.

Okwabo ihlathi ama-ashram wayenayo ube i yasendulo izihlalo kwe ukufunda, okungewona owezwe futhi uNkulunkulu, ngoba i intsha kwe

INdiya.

ERanchi ngahlela uhlelo lwemfundo lwamabanga ohlelo lolimi kanye namabanga esikole samabanga aphezulu. Lwaluhlanganisa izifundo zezolimo, zezimboni, zezentengiselwano kanye nezezifundo. Abafundi bafundiswa nokugxila kwe-yoga nokuzindla, kanye nesimiso esiyinqayizivele sokuthuthuka ngokomzimba, "i-Yogoda," engangithole izimiso zayo ngo-1916.

Ngigaphela ukuthi umzimba womuntu ufana nebhethri kagesi, ngacabanga ukuthi ungagcwaliswa ngamandla ngokusebenzisa amandla aqondile entando yomuntu. Njengoba kungekho senzo, esincane noma esikhulu, esingenzeka ngaphandle *kokuzithandela*, umuntu angazisebenzisa isifiso sakhe esiyinhloko, ukuvuselela izicubu zakhe zomzimba ngaphandle kwemishini enzima noma ukuvivinya umzimba. Ngakho-ke ngafundisa abafundi baseRanchi amasu ami alula "eYogoda" lapho amandla okuphila, agxile ku-medulla oblongata yomuntu, angagcwaliswa khona ngamabomu nangokushesha ngokunikezwa kwamandla angenamkhawulo e-cosmic.

kakhulu kulokhu kuqeqeshwa, bathuthukisa ikhono elingavamile lokushintsha amandla okuphila kusuka kwenye ingxenye yomzimba baye kwenye, nokuhlala phansi ngendlela efanele ezimeni zomzimba ezinzima. Benza imisebenzi yamandla nokukhuthazela abantu abadala abaningi abanamandla ababengenakukwazi ukuyilinganisa. Umfowethu omncane, uBishnu Charan Ghosh, wajoyina isikole saseRanchi; kamuva waba isazi samasiko esihamba phambili eBengal. Yena nomunye wabafundi bakhe bahamba baya eYurophu naseMelika, benikeza imibukiso yamandla namakhono okwamangaza izazi zaseyunivesithi, kuhlanguke nalo baseColumbia University eNew York.

Ekupheleni konyaka wokuqala eRanchi, izicelo zokwamukelwa zafinyelela ezinkulungwaneni ezimbili. Kodwa isikole, esasiyikhaya kuphela ngaleso sikhathi, sasingakwazi ukwamukela abafundi abangaba yikhulu kuphela. Imfundo yabafundi basemini yanezelwa ngokushesha.

E- *Vidyalaya* kwadingeka ngidlale njengobaba nomama kubantwana abancane, futhi ngibhekane nezinkinga eziningi zokuhlela. Ngangivame ukukhumbula amazwi kaKristu athi: "Ngiqinisile ngithi kini: Akukho muntu oshiye indlu, noma abafowabo noma odadewabo, noma uyise, noma unina, noma umfazi, noma abantwana, noma amazwe, ngenxa yami nangenxa yevangeli, kodwa uzokwamukela okuphindwe kayikhulu manje kulesi sikhathi, izindlu nabafowabo, nodadewabo, nonina, nabantwana, namazwe kanye nokushushiswa; nasesikhathini esizayo ukuphila okuphakade." **27-3** USri Yukteswar wayechaze la mazwi: "Umuntu ozinikele odela okuhlangenwe nakho komshado nomndeni, futhi ashintshane ngezinkinga zomndeni omncane nemisebenzi elinganiselwe ukuze athole imithwalo yemfanelo emikhulu yokukhonza umphakathi jikelele, wenza umsebenzi ovame ukuhambisana

nokushushiswa okuvela ezweni elingaqondi kahle, kodwa futhi nokwaneliseka kwangaphakathi kwaphezulu."

I-Yogoda Math , indawo enhle yokuhlangana kwe-Self-Realization Fellowship eDakshineswar eGanges. Yasungulwa ngo-1938 njengendawo yokuphumula ye-yoga yabafundi baseMpumalanga naseNtshonalanga.

Isakhiwo esiphakathi seYogoda *Sat-Sanga Brahmacharya Vidyalaya* eRanchi, eBihar, esasungulwa ngo-1918 njengesikole se-yoga sabafana, esinohlelo lolimi kanye nemfundo yesikole samabanga aphezulu. I-Lahiri Mahasaya Mission enomusa ixhumene nayo.

Ngolunye usuku ubaba wafika eRanchi ukuzonika isibusiso sikababa, esasigcinwe isikhathi eside ngoba ngangimzwise ubuhlungu ngokwenqaba isikhundla sakhe eBengal-Nagpur Railway.

"Ndodana," esho, "Manje sengiyavumelana nokukhetha kwakho empilweni. Kuyangijabulisa ukukubona phakathi kwalaba bantwana abajabule nabalangazelelayo; ungowalapha kunokuba ube nabantu abangaphili bezikhathi zesitimela." Waphakamisa isandla ebhekise eqenjini labancane abayishumi nambili ababengilandela. "Benginezingane eziyisishiyagalombili kuphela," ebuka ngamehlo acwebezelayo, "kodwa ngiyazwelana nawe!"

Njengoba sasinesivande esikhulu sezithelo kanye namahektare avundile angamashumi amabili nanhlanu, abafundi, othisha, kanye nami sajabulela amahora amaningi ajabulisayo okusebenza ngaphandle kulezi zindawo ezifanelekile.

Sasinezilwane eziningi ezifuywayo, kuhlanganise nenyamazane encane eyayithandwa kakhulu yizingane. Nami ngangiyithanda kakhulu inyamazane kangangokuthi ngayivumela ukuba ilale ekamelweni lami. Ekukhanyeni kokusa, lesi sidalwa esincane sasihamba siye embhedeni wami ukuze siphululwe ekuseni.

Ngolunye usuku ngondla isilwane sasekhaya ngaphambi kwesikhathi esijwayelekile, njengoba kwakufanele nginakekele ibhizinisi elithile edolobheni laseRanchi. Nakuba ngxwayise abafana ukuthi bangalondli ithole kuze kube yilapho ngibuya, omunye wabo wayengalaleli,

futhi wanika inyamazane encane ubisi oluningi. Lapho ngibuya kusihlwa, ngamukelwa izindaba ezidabukisayo: "Inyamazane encane isicishe ife, ngenxa yokondla ngokweqile."

Ngikhala izinyembezi, ngabeka isilwane esasibonakala singenampilo emathangeni ami. Ngathandaza ngozwela kuNkulunkulu ukuba asisindise. Ngemva kwamahora amaningi, lesi sidalwa esincane savula amehlo aso, sasukuma, sahamba sibuthakathaka. Isikole sonke samemeza ngenjabulo.

Kodwa kwafika isifundo esijulile kimi ngalobo busuku, engingeke ngisikhohlwe. Ngahlala ngiphapheme nethole kwaze kwaba yihora lesibili, lapho ngalala khona. Inyamazane yabonakala ephusheni, yakhuluma nami:

"Uyangibambezela. Ngicela ungidedele;

ngidedele!" "Kulungile," ngaphendula ephusheni.

Mina uvukile ngokushesha, futhi wakhala phandle, "Bafana, i inyamazane kuyinto ukufa! I izingane washesha ku- yami uhlangothi.

Ngagijimela ekhoneni legumbi lapho ngangibeke khona isilwane. Sazama okokugcina ukuvuka, sakhubeka ngakimi, sabe sesiwela ezinyaweni zami, safa.

Ngokusho kwe-karma enkulu eqondisa futhi ilawula iziphetho zezilwane, impilo yenyamazane yayisiphelile, futhi yayisilungele ukuqhubekela phambili esimweni esiphakeme. Kodwa ngokunamathela kwami okujulile, engaqaphela kamuva ukuthi kwakuwubugovu, nangemithandazo yami eqotho, ngangikwazile ukuyibamba emikhawulweni yesimo sesilwane umphefumulo owawulwela ukukhululwa kuso. Umphefumulo wenyamazane wenza isicelo sawo ephusheni ngoba, ngaphandle kwemvume yami yothando, wawungeke uhambe noma wawungeke uhambe. Lapho ngivuma, wahamba.

Lonke usizi lwangishiya; ngaqaphela kabusha ukuthi uNkulunkulu ufuna abantwana bakhe bathande konke njengengxenye Yena, hhayi ngokukhohlisa ukuthi ukufa kuqeda konke. Umuntu ongazi lutho ubona kuphela udonga lokufa olungenakunqotshwa, ecashe, ngokubonakala sengathi unomphela, abangane bakhe abathandekayo. Kodwa umuntu okhululekile, lowo othanda abanye njengezibonakaliso zeNkosi, uyaqonda ukuthi ekufeni abathandekayo babuya kuphela ukuze bathole indawo yokuphefumula yenjabulo kuYe.

Isikole saseRanchi sakhula sisuka ekuqaleni okuncane nokulula saba yisikhungo esaziwa kakhulu eNdiya manje. Iminyango eminingi yesikole isekelwa yiminikelo yokuzithandela evela kulabo abajabulela ukuqhubela phambili izinhloso zemfundo zamaRishi. Ngaphansi kwegama elijwayelekile elithi *Yogoda Sat-Sanga* , 27-4 Izikole zamagatsha ezichumayo sezisunguliwe eMidnapore, Lakshmanpur, nasePuri .

Indlunkulu yaseRanchi inoMnyango Wezokwelapha lapho imithi kanye nezinsizakalo zodokotela zinikezwa khona mahhala kwabampofu bendawo. Inani labelashwayo lilinganiselwa ku-18,000. abantu a unyaka. I *I-Vidyalaya* ine kwenziwe yayo uphawu, futhi, ku IsiNdiya ukuncintisana ezemidlalo, kanye nasemkhakheni wezemfundo, lapho abafundi abaningi baseRanchi abaphothule khona baziveza khona kamuva. impilo yaseyunivesithi.

I isikole, manje ku yayo amashumi amabili nesishiyagalombili unyaka futhi i isikhungo kwe eziningi imisebenzi, 27-5 ine ube ohlonishwayo

ngokuvakashelwa ngamadoda adumile avela eMpumalanga naseNtshonalanga. Omunye wabantu bokuqala abavelele ukuhlola iVidyalaya ngonyaka wayo wokuqala kwakunguSwami Pranabananda, "ungcwele waseBenares onemizimba emibili." Njengoba inkosi enkulu ibuka amakilasi amahle angaphandle, aqhutshwa ngaphansi kwezihlahla, futhi ibona kusihlwa ukuthi abafana abancane babehleli amahora amaningi bengazindli nge-yoga, yathinteka kakhulu .

"Injabulo ifika enhliziyweni yami," esho, "ukubona ukuthi imigomo kaLahiri Mahasaya yokuqeqeshwa okufanele kwentsha iyaqhubeka kulesi sikhungo. Izibusiso zomfundisi wami mazibe phezu kwaso."

Umfana omncane owayehlezi eceleni kwami wabuza i-yoga

enkulu umbuzo. "Mnumzane," esho, "ngibe yindela? Ingabe

impilo yami ingeyeNkosi kuphela?"

Noma kunjalo IsiSwami I-Pranabananda ukumamatheka ngobumnene, yakhe amehlo babe ukubhoboza i ikusasa.

"Mntanami," ephendula, "uma usukhulile, kukhona umakoti omuhle okulindile." Umfana wagcina eshade, ngemva kokuhlela iminyaka eminingi ukungena kwiSwami Order.

Ngemva kwesikhathi esithile uSwami Pranabananda evakashele eRanchi, ngahamba nobaba saya endlini yaseCalcutta lapho i-yogi yayihlala khona okwesikhashana. Isibikezelo sikaPranabananda, esashiwo kimi eminyakeni eminingi ngaphambili, safika engqondweni yami ngokushesha: "Ngizokubona, noyihlo, kamuva."

Njengoba uBaba engena ekamelweni le-swami, i-yogi enkulu yasukuma esihlalweni sayo yamanga umzali wami ngenhlonipho yothando.

"Bhagabati," esho, "wenzani ngawe? Awuboni indodana yakho igijimela ku-Infinite?" Ngashaywa amahloni ukuzwa udumo lwakhe phambi kukababa. I-swami yaqhubeka, "Uyakhumbula ukuthi i-guru yethu ebusisiwe yayivame ukuthi kaningi kangakanani ithi: ' *Banat, banat, ban jai* .' **26-6** Ngakho-ke qhubeka ne -*Kriya Yoga* ngokungaphezi, futhi ufinyelele ngokushesha ezingosini zaphezulu.

Isidumbu sikaPranabananda, esasibonakala siphilile futhi siqinile ngesikhathi ngimvakashela okokuqala eBenares, manje sesibonise ukuguga okuqinisekile, yize ukuma kwakhe kwakusamile kahle.

"Swamiji," ngibuza, ngimbheke ngqo emehlweni, "ngicela ungitshele iqiniso: Awuzizwa yini ukuthi ukhula? Njengoba umzimba ubuthakathaka, ingabe imibono

yakho ngoNkulunkulu iyancipha ?"

Wamomotheka njengengelosi. "Othandekayo usenami kakhulu kunanini ngaphambili manje." Ukuqiniseka kwakhe okuphelele kwangithinta ingqondo nomphefumulo wami. Waqhubeka wathi, "Ngisajabulela izimpesheni ezimbili - eyodwa evela eBhagabati lapha, nenye evela phezulu." Ekhomba umunwe wakhe ezulwini, lo santa wajabula kakhulu, ubuso bakhe bukhanya ngokukhanya kwaphezulu - impendulo eyanele yombuzo wami.

Ngigaphela ukuthi igumbi likaPranabananda laliqukethe izitshalo eziningi namaphakethe embewu, ngabuza injongo yazo.

"Ngishiye iBenares unomphela," esho, "futhi manje ngisendleleni eya eHimalaya. Lapho ngizovulela abafundi bami i-ashram. Le mbewu izokhiqiza isipinashi neminye imifino embalwa. Abathandekayo bami bazophila impilo elula, bachithe isikhathi sabo ebunyeni bukaNkulunkulu obujabulisayo. Akukho okunye okudingekayo."

Ubaba kubuza yakhe umfowethu umfundi nini yena ngabe ukubuya ku- ICalcutta.

"Angisoze ngiphinde ngibe khona," kuphendula uSaint. "Lo nyaka yilowo uLahiri Mahasaya angitshela ngawo ukuthi ngizoshiya amaBenares ami engiwathandayo unomphela ngiye eHimalaya, lapho ngiyolahla khona umzimba wami ofayo."

Amehlo ami agcwala izinyembezi ngamazwi akhe, kodwa i-swami yamomotheka ngokuthula. Yangikhumbuza ingane encane yasezulwini, ehleli ngokuphepha ethangeni likaMama Ongcwele. Umthwalo weminyaka awunawo umthelela omubi ekuphatheni ngokugcwele kwamandla angokomoya aphezulu kwe-yogi enkulu. Iyakwazi ukuvuselela umzimba wayo ngokuthanda kwayo; kodwa ngezinye izikhathi ayinandaba nokunciphisa inqubo yokuguga, kodwa ivumela i-karma yayo ukuthi isebenze. uzikhipha emzimbeni, esebenzisa umzimba wakhe omdala njengethuluzi lokonga isikhathi ukuze asuse isidingo sokuzijwayeza i-karma ekwakhiweni komzimba okusha.

"Yena wakhala futhi, 'Sanandan, lapha Mina ukukhahlela i uhlaka ngu i okwesibili *I-Kriya I-Yoga* .' 27-9

"Wabhaka ulwandle lobuso phambi kwethu, wasinika isibusiso. Eqondisa amehlo akhe ngaphakathi emehlweni angokomoya, wagcina engasanyakazi. Ngesikhathi isixuku esididekile sicabanga ukuthi uzindla ngesimo sokujabula, wayesevele eshiyile itabernakele lenyama futhi wafaka umphefumulo wakhe endaweni yonke. Abafundi bathinta umzimba wakhe, behleli esimweni se-lotus, kodwa kwakungaseyona inyama efudumele. Kwasala uhlaka oluqinile kuphela; umqashi wayebalekele ogwini olungafi."

Kashi, Ukuzalwa kabusha Futhi Kutholwe kabusha

"Ngiyacela yenza hhayi hamba ku- i amanzi. Ake thina geza ngu ukucwilisa yethu amabhakede."

Bengikhuluma nabafundi abasebasha baseRanchi ababengiphelezela ohambweni lwamamayela ayisishiyagalombili lokuya igquma elingumakhelwane. Ichibi eliphambi kwethu lalithandeka, kodwa ngangingasakuthandi lokho engqondweni yami.

Iqembu elalingizungezile lalandela isibonelo sami sokucwilisa amabhakede, kodwa abafana abambalwa bavuma ukulingwa ngamanzi abandayo. Ngokushesha nje lapho becwila, izinyoka ezinkulu zamanzi zaqala ukuzinyakazisa nxazonke. Abafana baphuma echibini ngomsindo ohlekisayo.

Sijabulele isidlo sasemini sepikiniki ngemva kokufika lapho siya khona. Ngahlala phansi komuthi, ngizungezwe yiqembu labafundi. Bangithola ngisesimweni esikhuthazayo, bangibuza imibuzo.

"Ngicela ungitshele, mnumzane," kubuza omunye osemusha, "uma ngizohlala nawe endleleni yokuzilahla."

"Ah, cha," Mina waphendula, "wena intando yiba ngenkani kuthathwe kude ku- yakho ikhaya, futhi kamuva wena intando shada."

Engakholwa, wenza isikhalo esinamandla. "Kuphela uma sengifile lapho ngingathwalwa ngiye ekhaya." Kodwa ezinyangeni ezimbalwa, abazali bakhe bafika bezomthatha, naphezu kokumelana kwakhe nokukhala; eminyakeni ethile kamuva, washada.

Ngemva kokuphendula imibuzo eminingi, ngaphendulwa umfana ogama lakhe linguKashi. Wayeneminyaka engaba yishumi nambili ubudala, engumfundi ohlakaniphile, futhi ethandwa yibo bonke.

"Mnumzane," yena wathi, "ini intando yiba yami isiphetho?"

"Wena kufanele maduze yiba ufile." I impendulo weza kusukela yami izindebe nge i okunganqandeki amandla.

Lokhu kudalulwa okungalindelekile kwangishaqisa futhi kwangizwisa ubuhlungu kanye nabo bonke ababekhona. Ngizikhuza buthule njengomntwana *omubi* , ngenqaba

ukuphendula eminye imibuzo.

Kuvuliwe yethu ukubuya ku- i isikole, I-Kashi weza ku- yami igumbi.

"Uma ngifa, uzongithola yini lapho ngizalwa kabusha, ungibuyisele endleleni yokomoya?" Wakhala .

Ngazizwa ngiphoqelekele ukwenqaba lo mthwalo wemfanelo onzima wemilingo. Kodwa amasonto amaningi ngemva kwalokho, uKashi wangicindezela kakhulu. Lapho ngimbona ekhathazekile kakhulu kangangokuthi waze waphelelwa amandla, ekugcineni ngamduduza.

Ngesikhathi samaholide asehlobo, ngaqala uhambo olufushane. Ngizisola ngokuthi angikwazanga ukuthatha uKashi nami, ngambizela ekamelweni lami ngaphambi kokuba ngihambe, futhi ngamyala ngokucophelela ukuba ahlale, ngokumelene nokuncengwa konke, ekunyakazeni okungokomoya kwesikole. Ngandlela thile ngaba nomuzwa wokuthi uma engabuyi ekhaya, angase agweme inhlekelele ezayo.

Ngingakabiphi nje, uyise kaKashi wafika eRanchi. Kwaphela izinsuku eziyishumi nanhlanu ezama ukwephula intando yendodana yakhe, echaza ukuthi uma uKashi engaya eCalcutta izinsuku ezine kuphela ukuyobona unina, wayesengabuya. UKashi wenqaba ngokuphikelela. Ekugcineni ubaba wathi uzomthatha umfana bahambe ngosizo lwamaphoyisa. Usongo lwaluphazamisa uKashi, owayengafuni ukuba yimbangela yanoma yiluphi udumo olubi esikoleni. URabindranath I-Tagore Futhi Mina Qhathanisa Izikole

"Rabindranath I-Tagore wafundisa thina ku- hlabelela, njengoba a yemvelo ifomu kwe ukuzibamba ukubonakaliswa, njenge i izinyoni."

UBhola Nath, umfana ohlakaniphile oneminyaka eyishumi nane esikoleni sami saseRanchi, wanginika le ncazelo ngemva kokuba ngimncome ekuseni ngolunye usuku ngokukhala kwakhe okumnandi. Noma ngabe ucasukile noma cha, umfana

wakhipha umfudlana omnandi. Wayeke wafunda esikoleni esidumile saseTagore
i-"Santiniketan" (i-Haven of Peace) eBolpur.

"Izingoma zikaRabindranath bezilokhu zisezindebeni zami kusukela ngisemncane,"
ngitshela umngane wami. "Bonke abantu baseBengal, ngisho nabalimi
abangafundile, bayakujabulela ukucula kwakhe okuphakeme."

Mina noBhola sahlabelela ndawonye izingoma ezimbalwa zikaTagore, oqalise umculo wezinkulungwane zezinkondlo zaseNdiya, ezinye zazo zangempela kanti ezinye zazingezesikhathi esidala.

"Ngahlangana noRabindranath ngemuva nje kokuthola uMklomelo weNobel wezincwadi," ngaphawula ngemva kwalokho. ukucula kwethu. "Ngakhangwa ukumvakashela ngoba ngangimthanda kakhulu isibindi sakhe esingenandaba nolimi sokulahla abagxeki bakhe bezincwadi." Ngahleka usulu.

I-Bhola ngokumangalisayo kubuza i indaba.

"Izazi zamgxeka kakhulu uTagore ngokungenisa isitayela esisha ezinkondlweni zaseBengali," ngaqala. "Wahlanganisa izinkulumo ezivamile nezakudala, engayinaki yonke imikhawulo ebekiwe ethandwa kakhulu yizazi. Izingoma zakhe ziqukethe iqiniso elijulile lefilosofi ngamagama ahangayo ngokomzwelo, engakhathaleli kangako izinhlobo zezincwadi ezamukelekayo.

"Omunye umgxeki onethonya wabiza uRabindranath ngokuthi 'imbongi yejuba eyathengisa ama-cooings ayo aphrintiwe nge-rupee.' Kodwa impindiselo kaTagore yayiseduze; umhlaba wonke waseNtshonalanga wamdumisa ngemuva nje kokuba ehumushele *iGitanjali yakhe ngesiNgisi* ("Iminikelo Yezingoma"). Isitimela esigcwele ochwepheshe, kuhlangukise nabake baba ngabagxeki bakhe, baya eSantiniketan ukuyomhalalisela.

"URabindranath wamukela izivakashi zakhe kuphela ngemva kokulibala isikhathi eside ngamabomu, wabe esezwa indumiso yazo ngokuthula okuqinile. Ekugcineni waphendukela kuzo izikhali zazo zokugxeka ezivamile."

"'Madoda,' esho, 'izindumiso ezimnandi enizinikezayo lapha zixubene nephunga elibi lokudelela kwenu kwangaphambilini. Ingabe kungenzeka ukuthi kukhona ukuxhumana phakathi komklomelo wami weNobel Prize, kanye namandla enu okwazisa asheshayo? Ngiseyimbongi efanayo eyakucasula lapho nginikela ngezimbali zami ezithobekile okokuqala endaweni engcwele yaseBengal.'

"Amaphephandaba ashicilele indaba yesijeziso esinesibindi esanikezwa nguTagore. Ngiwathandile amazwi akhulunywa ngokusobala endoda engathonywanga ngokuthopha," ngaqhubeka. "Ngaziswa kuRabindranath eCalcutta ngunobhala wakhe, uMnu. CF Andrews, **29-1.**" owayegqoke nje i *-dhoti yaseBengali* . Wayebiza uTagore ngothando ngokuthi *i-gurudeva yakhe* .

"URabindranath wangimukela ngomusa. Waveza umoya oduduzayo wobuhle, isiko, kanye nokuhlonipha. Ephendula umbuzo wami mayelana nesizinda sakhe sokubhala, uTagore wangitshela ukuthi omunye umthombo wasendulo wokuphefumulelwa kwakhe, ngaphandle kwezincwadi zethu ezidumile zenkolo, kwakuyimbongi

yakudala, uBidyapati ."

Ngiphefumulelwe yilezi zinkumbulo, ngaqala ukucula inguqulo kaTagore yengoma endala yesiBengali, ethi "Light the Lamp of Thy Love." Mina noBhola sahlabelela ngenjabulo njengoba sasihambahamba phezu kwegceke *laseVidyalaya* .

Eminyakeni engaba mibili ngemva kokusungula isikole saseRanchi, ngathola isimemo esivela kuRabindranath sokumvakashela eSantiniketan ukuze sixoxe ngemibono yethu yemfundo. Ngaya ngenjabulo. Imbongi yayihleli egumbini layo lokufundela lapho ngingena; ngacabanga ngaleso sikhathi, njengasemhlanganweni wethu wokuqala, ukuthi yayimangalisa kakhulu. isibonelo sobudoda obuhle kakhulu njengoba noma yimuphi umdwebi angafisa. Ubuso bakhe obuhle kakhulu, uPatrician ohloniphekile, babunezinwele ezinde nentshebe egelezayo. Amehlo amakhulu, ancibilikayo; ukumamatheka kwengelosi; kanye

izwi elifana nomtshingo elalikhanga ngokoqobo. Eginile, emude, futhi ethukile, wahlanganisa ububele obufana nobowesifazane kanye nokuzizwa ejabule komntwana. Akukho mqondo oqondile wokuthi imbongi ingathola indlela efaneleka kakhulu yokuzibonakalisa kunalo mculi omnene.

Mina noTagore sasheshe sajula ocwaningweni lokuqhathanisa izikole zethu, zombili ezazisekelwe emigqeni engajwayelekile. Sathola izici eziningi ezifanayo—imfundo yangaphandle, ubulula, ithuba elanele lomoya wokudala wengane. Nokho, uRabindranath wagcizelela kakhulu ukufundwa kwezincwadi nezinkondlo, kanye nokuziveza ngomculo nezingoma engangiziphawulile endabeni kaBhola. Izingane zamaSantiniketan zaziqaphela izikhathi zokuthula, kodwa azizange zinikezwe ukuqeqeshwa okukhethekile kwe-yoga.

Imbongi ilalele ngokunaka okumnandi incazelo yami yezivivinyo ze-"Yogoda" ezinika amandla kanye namasu okugxilisa ingqondo e-yoga afundiswa bonke abafundi eRanchi.

Utagore ungitshele ngezinkinga zakhe zemfundo esemncane. "Ngabaleka esikoleni ngemuva kwebanga lesihlanu," esho ehleka. Ngangiqonda kalula ukuthi ubumnandi bakhe benkondlo bahlukunyezwa kanjani yi- isimo esidabukisayo nesinokuziphatha esikoleni.

"Yingakho ngivule iSantiniketan ngaphansi kwezihlahla ezinomthunzi kanye nenkazimulo yesibhakabhaka." wabonisa iqembu elincane elifunda engadini enhle ngobuciko. "Ingane isendaweni yayo yemvelo phakathi kwezimbali nezinyoni eziculayo. Kungale ndlela kuphela lapho ingaveza khona ngokugcwele ingcebo efihliwe yesipho sayo somuntu siqu. Imfundo yeqiniso ayisoze yagcwala futhi yaphakelwa ngaphandle; kunalokho kumelwe kusize ekuletheni ngokuzenzekelayo izinqolobane ezingenamkhawulo zokuhlakanipha ngaphakathi." **29-2**

Ngavuma. "Imizwa yentsha ethanda imibono emihle nekhonza amaqhawe ayidingi ukudla okukhethekile kwezibalo kanye nezinkathi zokulandelana kwezikhathi."

Imbongi ikhulume ngothando ngoyise, uDevendranath, owayephefumulele iziqalo zamaSantiniketan.

"Ubaba wanginika leli zwe elivundile, lapho ayesevele akhe khona indlu yezivakashi nethempeli," kusho uRabindranath kimi. "Ngaqala ukuzama kwami kwezemfundo lapha ngo-1901, ngabafana abayishumi kuphela. Amaphawundi ayinkulungwane ayisishiyagalombili ahambisana noMklomelo weNobel wonke asetshenziswa ekunakekelweni kwesikole."

I umdala I-Tagore, UDevendranath, kwaziwa kude futhi ububanzi njengoba "Maharishi," kwakuyi a kakhulu Indoda emangalisayo, njengoba umuntu angase

athole ku -*Autobiography yakhe* . Iminyaka emibili yobudoda bakhe wayichitha ezindla eHimalayas. Uyise, uDwarkanath Tagore, wayedunyiswe kulo lonke elaseBengal ngenxa yezenzo zakhe ezinhle zomphakathi. Kulesi sihlahla esidumile kwavela umndeni wezihlakaniphi. Akuyena uRabindranath yedwa; zonke izihlobo zakhe ziye zazibonakalisa ngendlela yokudala. Abafowabo, uGogonendra no-Abanindra, baphakathi kwabaculi abavelele **29- 3** kwe iNdiya; omunye umfowethu, UDwijendra, kuyinto a ukubona okujulile isazi sefilosofi, ku- obani mnene shayela izinyoni nezidalwa zasehlathini ziyasabela.

URabindranath wangimema ukuba ngilale endlini yezivakashi. Kwakuwumbukwane omuhle ngempela, kusihlwa, ukubona imbongi ihlezi neqembu egcekeni. Isikhathi sabuyela emuva:

Isimo esiphambi kwami sasifana nesendlu yasendulo—umculi ojabulayo ezungezwe abazinikele kuye, bonke begcwele uthando lwaphezulu. UTagore waluka ithayi ngalinye ngezintambo zokuzwana. Engalokothi aqine, wadonsa futhi wabamba inhliziyo ngamandla adonsela phansi angenakunqotshwa. Imbali engavamile yemibongo eqhakaza ensimini yeNkosi, idonsela abanye ngephunga lemvelo!

Ngezwi lakhe elimnandi, uRabindranath wasifundela ezimbalwa zezinkondlo zakhe ezinhle kakhulu, ezisanda kudalwa. Iningi lezingoma zakhe nemidlalo yakhe, ebhalelwe ukuzijabulisa abafundi bakhe, ibhalwe eSantiniketan. Ubuhle bemisho yakhe, kimi, busebucikweni bakhe bokubhekisela kuNkulunkulu cishe kuzo zonke izindawo. isisho, kodwa akuvamile ukukhuluma ngegama elingcwele. "Ngidakiwe injabulo yokuhlabelela," wabhala, "Ngiyazikhohlwa futhi ngikubiza ngokuthi ungumngane oyinkosi yami."

Ngosuku olulandelayo, ngemva kwesidlo sasemini, ngavalelisa imbongi ngokungathandi. Ngiyajabula ukuthi isikole sakhe esincane sesikhule saba yiyunivesithi yamazwe ngamazwe, "iViswa-Bharati," lapho izazi zamazwe ngamazwe zithole indawo efanelekile.

"Lapho ingqondo ingenakho ukwesaba nekhanda liphakanyisiwe;
Lapho ulwazi lukhululekile khona;
Lapho umhlaba ungakahlukaniswa khona ube yizicucu yizindonga

I Umthetho Of Izimangaliso

Umbhali omkhulu wenoveli uLeo Tolstoy wabhala indaba emnandi, ethi *The Three Hermits* . Umngane wakhe uNicholas Roerich wanqoba **ngo 30-1**. ufingqe indaba kanje:

"Esiqhingini kwakukhona abantu abathathu abavamile abahlala emakhaya. Babelula kangangokuthi umthandazo abawusebenzisa wawungukuthi: 'Singabathathu; Wena ungumThathu - sihawukele!' Izimangaliso ezinkulu zabonakala phakathi nalo mthandazo ongenalwazi.

"Umbhishobhi wendawo **30-2** Weza ukuzozwa ngabafelokazi abathathu kanye nomthandazo wabo ongamukeleki, wanquma ukubavakashela ukuze abafundise imithandazo engcwele. Wafika esiqhingini, watshela abafelokazi ukuthi isicelo sabo sasezulwini asihloniphekile, futhi wabafundisa imithandazo eminingi evamile. Umbhishobhi wabe esehamba ngesikebhe. Wabona, elandela umkhumbi, ukukhanya okukhanyayo. Njengoba wawusondela, wabona abafelokazi abathathu, ababebambene ngezandla futhi begijima phezu kwamagagasi bezama ukudlula umkhumbi.

“‘Sikhohliwe imithandazo osifundise yona,’ bakhala njengoba befika kumbhishobhi, ‘futhi siphuthume ukukucela ukuthi uyiphinde.’ Umbhishobhi owayemangele wanikina ikhanda.

“‘Bathandekayo,’ ephendula ngokuthobeka, ‘qhubekani niphila

nomthandazo wenu omdala!’” Abangcwele abathathu bahamba

kanjani phezu kwamanzi?

Kanjani wenza uKristu vusa yakhe esiphambanweni umzimba?

Kanjani wenza IsiLahiri IsiMahasaya futhi IsiSri Yukteswar ukwenza yabo izimangaliso?

Isayensi yesimanje, okwamanje, ayikaphenduli; yize ngokufika kwebhomu le-

athomu kanye nezimangaliso ze-radar, ububanzi bomqondo womhlaba buye banda ngokuzumayo. Igama elithi "akunakwenzeka" liya ngokuya lincipha elwazini lwesayensi.

Imibhalo yasendulo yamaVeda ithi umhlaba ongokoqobo usebenza ngaphansi komthetho owodwa oyisisekelo we- *maya* , isimiso sokuhlobana kanye nobumbano. UNkulunkulu, iMpilo Yodwa, uyiNhlango Ephelele; Yena ayikwazi ukuvela njengezibonakaliso ezihlukene nezihlukahlukene zendalo ngaphandle kokuthi ngaphansi kwamanga noma

isimbozo esingesilo iqiniso. Lowo mbono wendalo yonke uyisimangalisano . Konke ukutholakala okukhulu kwesayensi kwezikhathi zanamuhla kuye kwasebenza njengokuqinisekiswa kwalesi simemezelo esilula sama-rishi.

Umthetho KaNewton Wokunyakaza ungumthetho wama- *maya* : "Kuzo zonke izenzo kuhlale kukhona ukusabela okulinganayo nokuphambene; izenzo ezihambisanayo zanoma yimiphi imizimba emibili zihlala zilingana futhi ziqondiswe ngokuphambene." Ngakho-ke isenzo nokusabela kuyafana ncamashi. "Ukuba namandla elilodwa akunakwenzeka. Kumele kube khona, futhi kuhlale kukhona, amabutho amabili alinganayo futhi aphambene."

Imisebenzi yemvelo eyisisekelo yonke iveza imvelaphi yayo emangalisayo. Ugesi, isibonelo, uyinto yokuxosha nokukhanga; ama-electron nama-proton awo aphikisana ngogesi. Esinye isibonelo: i-athomu noma inhlayiya yokugcina yento, njengomhlaba ngokwawo, inguzibuthe onezinsika ezinhle nezimbi. Lonke izwe elimangalisayo lingaphansi kokulawulwa okungenakugwenywa kwe-polarity; akukho mthetho wefiziksi, ikhemistri, noma yimuphi omunye isayensi otholakala ukhululekile ezimisweni ezihlukile noma eziphikisanayo.

Ngakho-ke, isayensi yemvelo ayikwazi ukwakha imithetho ngaphandle kwe- *maya* , ukuthungwa kanye nesakhiwo sendalo. Imvelo ngokwayo iyi -*maya* ; isayensi yemvelo kumele ikwazi ukubhekana nobuthakathaka bayo obungenakuphikwa. Esikhundleni sayo, ingunaphakade futhi ayinakuphela; ososayensi besikhathi esizayo abakwazi ukwenza okungaphezu kokuhlola isici esisodwa ngemva kwesinye sokungapheli kwayo okuhlukahlukeni. Ngakho-ke isayensi ihlala ishintshashintsha njalo, ayikwazi ukufinyelela ekugcineni; ifanele ngempela ukwakha imithetho yendawo yonke esivele ikhona futhi isebenza, kodwa ayinawo amandla okuthola uMhleli Womthetho kanye noMsebenzi Oyedwa. Ukubonakaliswa okumangalisayo kwamandla adonsela phansi kanye nogesi sekuyaziwa, kodwa ukuthi amandla adonsela phansi kanye nogesi kuyini, akekho umuntu owaziyo. **30-3**

A I-GURU FUTHI UMFUNDI

Ihlathi izindawo zokuhlala babe i yasendulo izihlalo kwe ukufunda, okungewona owezwe futhi uNkulunkulu, ngoba i intsha

yaseNdiya. Lapha isazi esihloniphekile, esincike esisekelweni sokhuni sokuzindla ngendololwane, siqala umfundi waso ezimfihlakalo zoMoya ezimangalisayo.

Ukunqoba *i-maya* kwakuwumsebenzi owanikezwa isintu ngabaprofethi beminyaka eyinkulungwane. Ukuphakama ngaphezu kobubili bendalo nokubona ubunye boMdali kwacatshangwa njengomgomo ophakeme kakhulu womuntu. Labo ababambeleva ekukhohlisweni kwendawo yonke kumele bamukele umthetho wayo obalulekile we-polarity: ukugeleza nokwehla, ukukhuphuka nokuwa, imini nobusuku, injabulo nobuhlungu, okuhle nokubi, ukuzalwa nokufa. Le ndlela ejikelezayo ithatha isizungu esithile esibuhlungu, ngemva kokuba umuntu esedlule ekuzalweni kwabantu okuyizinkulungwane ezimbalwa; uqala ukuphonsa iso elinethemba ngale kwezibopho ze- *maya* .

Ukudabula isihlenqo se- *maya* kuwukubhoboza imfihlo yendalo. I-yogi efihla indawo yonke ngaleyo ndlela iyona kuphela inkolo yeqiniso yonkulunkulu oyedwa. Bonke abanye bakhonza izithombe zobuhedeni. Uma nje umuntu esalokhu engaphansi kwemibono yemvelo ephindwe kabili, *uMaya onobuso bukaJanus* ungunkulunkulukazi wakhe; akanakumazi uNkulunkulu oyedwa weqiniso.

Inkohliso yomhlaba, *i-maya* , ibizwa ngokuthi *i-avidya* , ngokwezwi nezwi, "hhayi ulwazi," ukungazi, inkohliso. *I-Maya* noma *i-avidya* ayisoze yabhujiwa ngokuqiniseka noma ukuhlaziywa kwengqondo, kodwa kuphela ngokufinyelela isimo sangaphakathi se- *nirbikalpa samadhi* . Abaprofethi beTestamente Elidala, nababoni bazo zonke izindawo neminyaka, bakhuluma bevela kuleso simo sokuqaphela. UHezekeli uthi (43:1-2): "Ngemva kwalokho yena ilethwe mina ku- i Isango, ngisho i Isango lokho ubheka maqondana i empumalanga: futhi, bheka, inkazimulo kaNkulunkulu ka-Israyeli yavela ngasempumalanga: izwi lakhe lalinjengomsindo wamanzi amaningi: umhlaba wakhanya ngenkazimulo yakhe." Ngeso laphezulu ebunzini (empumalanga), I-yogi ihambisa ingqondo yayo iye endaweni yonke, izwa iZwi noma i-Aum, umsindo waphezulu wamanzi amaningi noma ukudlidliza okuwukuphela kwento ekhona endalweni.

Phakathi kwezimfihlakalo eziyizigidigidi ze-cosmos, okumangalisayo kakhulu ukukhanya. Ngokungafani namaza omsindo, okudluliswa kwawo kudinga umoya noma ezinye izinto ezibonakalayo, amaza okukhanya adlula ngokukhululeka endaweni engenamuntu yesikhala esiphakathi kwezinkanyezi. Ngisho ne-ether ecatshangelwayo, ebhekwa njengendawo yokukhanya ephakathi kwamaplanethi kumbono ongaqondakali, ingalahlwa ngesisekelo sika-Einstein sokuthi izakhiwo zejiyometri zesikhala zenza umbono we-ether ungadingeki. Ngaphansi kwanoma yimuphi umbono, ukukhanya kuhlala kuyinkimbinkimbi kakhulu, kukhululekile ekuncikeni kwezinto ezibonakalayo, kunoma yikuphi ukubonakaliswa kwemvelo.

Emibonweni emikhulu ka-Einstein, ijubane lokukhanya - amamayela angu-186,000

ngomzuzwana - libusa yonke iTheory of Relativity. Ufakazela ngokwezibalo ukuthi ijubane lokukhanya, maqondana nengqondo yomuntu elinganiselwe, liwukuphela kwento *engaguquki* endaweni yonke eguquguqukayo engaguquki. Zonke izindinganiso zabantu zesikhathi nendawo zincike ku-absolute of light-speed kuphela. Akuyona into engapheli njengoba kucatshangwa kuze kube manje, isikhathi nendawo kuyizinto ezihlobene nezilinganiselwe, ezithola ubuqiniso bazo bokulinganisa kuphela ngokubhekisela ku-meter yejubane lokukhanya. Ngokuhlanganisa isikhala njengobudlelwano obulinganiselwe, isikhathi sinikeze izimangalo zakudala enanini elingenakushintsha. Isikhathi manje sesiphucwe isimo saso esifanele - ingqikithi elula yokungacaci! Ngemigqa embalwa yokubhala kwakhe, u-Einstein uxoshe yonke into eqondile ngaphandle kokukhanya.

Esikhathini esilandelayo, i-Unified Field Theory yakhe, isazi sesayensi esikhulu sihlunganisa ifomula eyodwa yezibalo imithetho yamandla adonsela phansi kanye ne-electromagnetism.

isakhiwo sokwehlukahluka komthetho owodwa, u-Einstein 30-4 ifinyelela eminyakeni eminingi kumaRishi amemezela ukuthungwa okuwukuphela kwendalo—okwe- *maya yeprotheyini* .

Ku-Theory of Relativity, kuye kwavela amathuba ezibalo okuhlola i-athomu yokugcina. Ososayensi abakhulu manje bagomela ngesibindi hhayi nje kuphela ukuthi i-athomu ingamandla kunokuba ibe yinto ebaluleke kakhulu, kodwa nokuthi amandla e-athomu empeleni ayizinto ezingqondweni.

"Ukuqaphela ngokusobala ukuthi isayensi yemvelo iphathelele nomhlaba wezithunzi kungenye yentuthuko ebaluleke kakhulu," kubhala uSir Arthur Stanley Eddington encwadini ethi *The Nature Of The Physical World* . "Ezweni lefiziksi sibukela umbukiso wesithunzi wedrama yokuphila okujwayelekile. Isithunzi sendololwane yami sihlala etafuleni lesithunzi njengoba uyinki wesithunzi ugeleza phezu kwephepha lesithunzi. Konke kungokomfanekiso, futhi njengophawu isazi sefiziksi siyakushiya. Bese kufika isazi se-chemist esiguqula izimpawu.

.....Ukubeka isiphetho ngendlela engacacile, izinto zomhlaba ziyingqondo-

izinto ... okungokoqobo indaba futhi amasimu kwe amandla kwe okwangaphambili ngokomzimba inkolelo-mbono kukhona ngokuphelele akubalulekile

ngaphandle ku ngakho-ke kude njengoba i izinto zengqondo ine uqobo ukuphatha lokhu imicabango yangaphandle umhlaba ine ngakho-ke

baba yizwe lezithunzi. Ekususeni imibono yethu yokukhohlisa sisuse into engokoqobo, ngoba ngempela sibonile ukuthi into engokoqobo ingenye yemibono yethu emikhulu kakhulu.

Ngokutholakala kwamuva kwe-microscope yama-electron kwavela ubufakazi obucacile bokukhanya kwama-athomu kanye nobukhulu bemvelo obungenakugwenywa. *I-New York Times* yanikeza umbiko olandelayo wokuboniswa kwe-microscope yama-electron ngo-1937 ngaphambi komhlangano we-American Association. Ukuze Kuthuthukiswe Isayensi:

"Isakhiwo sekristalu se-tungsten, esasaziwa ngokungaqondile kuze kube manje nge-X-ray, sasimi sibekwe ngesibindi esikrinini se-fluorescent, sibonisa ama-athomu ayisishiyagalolunye ezindaweni zawo ezifanele ku-lattice yesikhala, i-cube, ene-athomu elilodwa ekhoneni ngalinye kanye nelilodwa phakathi. Ama-athomu ku-lattice yekristalu ye-tungsten avele esikrinini se-fluorescent njengamachashazi okukhanya, ahlelwe ngephethini yejometri. Ngokumelene nale khyube yekristalu yokukhanya, ama-molecule omoya aqhumayo angabonakala njengamachashazi okukhanya adansayo, afana namachashazi okukhanya kwelanga akhanya emanzini ahambayo. . . .

"Isimiso se-electron microscope saqala ukutholwa ngo-1927 nguDkt. Clinton J. Davisson noLester H. Germer baseBell Telephone Laboratories, eNew York City,

abathola ukuthi i-electron yayinobuntu obubili obuhambisana nesici senhlayiya kanye negagasi. Ikhwalithi yamagagasi yanika i-electron isici sokukhanya, futhi kwaqalwa ukusesha izindlela 'zokugxila' ama-electron ngendlela efana nokugxila kokukhanya ngelensi."

"Ngokuthola kwakhe ikhwalithi ye-Jekyll-Hyde ye-electron, okwaqinisekisa isibikezelo esenziwe ngo-1924 nguDe Broglie, isazi se-physics esiwine uMklomelo weNobel waseFrance, futhi kwabonisa ukuthi yonke indawo yemvelo yayinobuntu obubili, uDkt. Davisson naye wathola uMklomelo weNobel ku- physics."

"Umfudlana wolwazi," kubhala uSir James Jeans encwadini ethi *The Mysterious Universe* , "ubheke eqinisweni elingelona elemishini; indawo yonke iqala ukubukeka njengomcabango omkhulu kunokuba ibukeke njengomshini omkhulu." Ngakho-ke isayensi yekhulu lama-20 izwakala njengekhasi elivela kumaVeda *amnyama* .

Kusukela kwisayensi, uma kufanele kube njalo, umuntu makafunde iqiniso lefilosofi lokuthi akukho ndawo yonke ebonakalayo; ukugoba kwayo nokugoba kwayo *kuyinkohliso* . Izimangaliso zayo zangempela zonke ziyaqhekeka ngaphansi kokuhlaziywa. Njengoba ngayinye ngayinye izinsimbi eziqinisekiso zendawo yonke ebonakalayo ziwela ngaphansi kwakhe, umuntu ubona kancane ukuthembela kwakhe kokukhonza izithombe, ukweqa kwakhe umyalo kaNkulunkulu esikhathini esidlule: "Ungabi nabanye onkulunkulu ngaphandle Kwami."

Ku-equation yakhe edumile echaza ukulingana kobukhulu namandla, u-Einstein wafakazela ukuthi amandla kunoma iyiphi inhlayiya yento ilingana nobukhulu bayo noma isisindo sayo esiphindaphindwe ngesikwele sejubane lokukhanya. Ukukhululwa kwamandla e-athomu kulethwa ngokubhujiswa kwezinhlayiya zezinto. "Ukufa" kwezinto kube "ukuzalwa" kweNkathi ye-Atomic.

Ijubane lokukhanya liyindinganiso noma i-constant yezibalo hhayi ngoba kunenani eliphelele ngamamayela angu-186,000 ngomzuzwana, kodwa ngoba akukho mzimba wezinto ezibonakalayo, onobunzima bawo obandayo ngejubane lawo, ongafinyelela ijubane lokukhanya. Kushiwo ngenye indlela: umzimba wezinto ezibonakalayo kuphela onobunzima obungenamkhawulo obungalingana nejubane lokukhanya.

. Lokhu Ukukhulelwa Ukuletha Nathi Ku- I Umthetho Of Izimangaliso

Amakhosi akwazi ukushintsha imizimba yawo noma enye into ibe ngokoqobo, futhi ahambe ngesivinini sokukhanya, futhi asebenzise imisebe yokukhanya edala ekuletheni ukubonakala okusheshayo. noma yikuphi ngokomzimba ukubonakaliswa, babe kugcwalisekile i kuyadingeka I-Einsteinian isimo: isisindo sabo asinamkhawulo.

Ukuqonda kwe-yogi ephelele kuhlotshaniswa kalula, hhayi nomzimba omncane, kodwa nesakhiwo sendawo yonke. Amandla adonsela phansi, kungakhathaliseki ukuthi "amandla" kaNewton noma "ukubonakaliswa kwe-inertia" ka-Einstein, awanamandla okuphoqa *inkosi* ukuba ibonise impahla "yesisindo" okuyisimo esihlukanisa amandla adonsela phansi azo zonke izinto ezibonakalayo. Lowo ozazi njengoMoya okhona yonke indawo akasathobeli ukuqina komzimba ngesikhathi nasesikhala. "Amasongo-awadluli" abo ababoshiwe anikezele ku-solvent: "Nginguye."

"Fiat lux! Kwaba khona ukukhanya." Umyalo wokuqala kaNkulunkulu endalweni Yakhe ehlelekile (*Genesise* 1:3) waletha iqiniso eliwukuphela kwe-athomu: ukukhanya. Emisebeni yalesi sakhiwo esingabonakali kuvela zonke izibonakaliso zaphezulu. Abazinikele bayo yonke iminyaka bafakazela ukubonakala kukaNkulunkulu njengelangabi nokukhanya. "INKosi yamakhosi, neNkosi yamakhosi; okunguye yedwa onokungafi, ohlala ekukhanyeni okungekho muntu

I-yogi ehlanganise ukuqonda kwayo noMdali ngokuzindla okuphelele ibona ingqikithi yendawo yonke njengokukhanya; kuye akukho mehluko phakathi kwemisebe yokukhanya eqanjwayo amanzi kanye nemisebe yokukhanya eyakha umhlaba. Ekhululekile ekuqapheleni izinto, ekhululekile ezilinganisweni ezintathu zesikhala kanye nesilinganiso sesine sesikhathi, inkosi idlulisela umzimba wayo wokukhanya kalula ngokulinganayo phezu kwemisebe yokukhanya yomhlaba, amanzi, umlilo, noma umoya. Ukugxila isikhathi eside esweni elingokomoya elikhululayo kuye kwenza i-yogi yakwazi ukubhubhisa konke ukukhohlisa mayelana nezinto kanye nesisindo sayo samandla adonsela phansi; kusukela lapho ibona indawo yonke njengenqwaba yokukhanya engahlukanisiwe.

"Optical" izithombe," UDkt. L. T. I-Troland kwe I-Harvard utshela thina, "zikhona yakhiwe phezulu kuvuliwe i okufanayo isimiso njengoba i

ukuqoshwa okuvamile 'okunethoni eyingxeny'; okungukuthi, kwakhiwe ngamachashazi amancane noma ama-stripping amancane kakhulu ukuba angabonwa yiso.Ukuzwela kwe-retina kukhulu kangangokuthi okubonakalayo

umuzwa ungakhiqizwa yi-Quanta encane yohlobo olufanele lokukhanya." Ngolwazi oluphezulu lwenkosi ngezigameko zokukhanya, angaveza ngokushesha ama-athomu okukhanya atholakala yonke indawo abe yisibonakaliso esibonakalayo. Uhlobo lwangempela lokubonakala—kungakhathaliseki ukuthi umuthi, umuthi, umzimba womuntu—luhambisana namandla entando ye-yogi kanye nokubona ngeso lengqondo.

Ekuqondeni komuntu amaphupho, lapho ekhulule khona ebuthongweni isibopho sakhe semikhawulo yobugovu emzungezile nsuku zonke, amandla onke engqondo yakhe anokubonakaliswa kwansuku zonke. Bheka! lapho ephusheni kumi abangane asebefile kudala, amazwekazi akude kakhulu, abavusiwe izigcawu zobuntwana bakhe. Ngalolo lwazi olukhululekile nolungaguquki, olwaziwa yibo bonke abantu ezimweni zamaphupho, inkosi eqondiswa uNkulunkulu yakhe isixhumanisi esingakaze sihlukaniswe. Engenacala kuzo zonke izisusa zomuntu siqu, futhi esebenzisa intando yokudala ayinikezwe nguMdali, i-yogi ihlela kabusha ama-athomu okukhanya endalo yonke ukuze anelise noma yimuphi umthandazo oqotho womkhulekeli. Umuntu nendalo kwenziwa ngale njongo: ukuthi avuke njengenkosi yama- *maya* , azi ukubusa kwakhe phezu kwendawo yonke.

"UNkulunkulu wathi, Masenze umuntu ngomfanekiso wethu, ngokufana nathi; mababuse phezu kwezinhlanzi zolwandle, naphezu kwezinyoni zezulu, naphezu kwezinkomo, naphezu kwawo wonke umhlaba, naphezu kwazo zonke izinto ezinwabuzelayo emhlabeni." **30-6**

Ku- 1915, maduze ngemva Mina wayenayo kungeniwe i IsiSwami Oda, Mina ubufakazi a umbono kwe ubudlova ukuqhathanisa. Kuyo i ukuhambisana kwe umuntu ukuqonda kwakuyi ngokucacile kusungulwe; Mina ngokusobala okubonwayo i ubunye Ukukhanya Okuphakade ngemuva kwezinkinga ezimbili ezibuhlungu ze- *maya* . Umbono wehlela kimi njengoba ngangihleli ngolunye usuku ekuseni ekamelweni lami elincane elise-attic ekhaya likaBaba eGurpar Road. Izinyanga eziningi iMpi Yezwe I yayiqhubeka eYurophu; ngacabanga ngokudabukisayo ngenani elikhulu labafa.

Njengoba ngangivala amehlo ngizindla, ingqondo yami yadluliselwa ngokuzumayo emzimbeni kaputeni owayephethe ibutho lempi. Ukuduma kwezibhamu kwahlukanisa umoya njengoba kwakudutshulwa phakathi kwamabhethri ogwini kanye nezibhamu zomkhumbi. Ibhomu elikhulu lashaya umagazini we-powder ladabula umkhumbi wami. Ngagxumela emanzini, kanye namatilososi ambalwa asindile kulokhu kuqhuma.

Inhliziyo ishaya ngamandla, ngafika ogwini ngokuphepha. Kodwa maye! inhlamvu elahlekile yaqeda ukundiza kwayo okukhulu esifubeni sami. Ngawa phansi ngibubula. Umzimba wami wonke wawukhubazekile, kodwa ngangiqaphela ukuthi nginawo njengoba umuntu eqaphela umlenze olele.

"Ekugcineni isinyathelo esingaqondakali sokuFa singificile," ngacabanga. Ngokuphefumula kokugcina, ngase ngizocwila engqondweni laphe bheka! Ngazithola ngihleli esimweni se-lotus ekamelweni lami laseGurpar Road.

Izinyembezi ezibuhlungu zageleza njengoba ngangiphulula futhi ngicindezela into yami engiyitholile—umzimba ngikhululekile kunoma iyiphi imbobo yezinhlamvu esifubeni. Nganyakazisa ngiye ngapha nangapha, ngiphefumula futhi ngikhipha umoya ukuze ngiqiniseke ukuthi ngiyaphila. Phakathi kwalokhu kuzihalalisela, ngaphinde ngathola ukuthi ingqondo yami idluliselwe esidunjini sikakaputeni ngasogwini olunezinhlungu. Ngafikelwa ukudideka okukhulu kwengqondo.

"Nkosi," Mina wathandaza, "am Mina ufile noma uyaphila?"

Ukukhanya okukhazimulayo kwagcwalisa yonke indawo. Ukudlidliza okuthambile okwazakhela amagama:

"Ukuphila noma ukufa kuhlobene kanjani nokukhanya? Ngomfanekiso wokukhanya kwami ngikwenzile." ukuhlobana kokuphila nokufa kungokwamaphupho asemhlabeni wonke. Bheka isidalwa sakho esingenaphupho! Vuka, mntanami, vuka!"

Njengezinyathelo zokuvuka komuntu, iNkosi iphefumulela ososayensi ukuthi bathole, ngesikhathi esifanele nasendaweni efanele, izimfihlo zendalo Yakhe. Izinto eziningi ezitholwe namuhla zisiza abantu ukuba baqonde indawo yonke njengokubonakaliswa okuhlukahlukene kwamandla-ukukhanya okukodwa, okuqondiswa ubuhlakani baphezulu. Izimangaliso zesithombe esinyakazayo, somsakazo, sethelevishini, se-radar, seseli likagesi elibona konke-"iso likagesi" elibona konke, lamandla e-athomu, konke kusekelwe esimeni sikagesi sokukhanya.

Ubuciko bezithombe ezinyakazayo bungaveza noma yisiphi isimangaliso. Ngokombono ohlaba umxhwele obonakalayo, akukho simangaliso esivinjelwe ukuthwebula izithombe ngokukhohlisa. Umzimba womuntu ocacile wezinkanyezi ungabonakala ukhuphuka esimweni sakhe somzimba esibi, angahamba phezu kwamanzi, avuse abafuleyo, aguqule ukulandelana kwemvelo kwentuthuko, futhi adlale kabi ngesikhathi nendawo. Ehlanganisa izithombe zokukhanya ngendlela athanda ngayo, umthwebuli wezithombe ufeza izimangaliso ezibonakalayo ezikhiqizwa yingcweti yangempela ngemisebe yokukhanya yangempela.

Izithombe ezifana nokuphila zefilimu enyakazayo zibonisa amaqiniso amaningi mayelana nokudalwa. UMqondisi Wendawo Yonke ubhale imidlalo Yakhe, futhi waqoqa abadlali abavelele bomncintiswano wamakhulu eminyaka. Kusukela edokodweni elimnyama laphakade, uthulula ukukhanya Kwakhe kokudala kumafilimu ezikhathi ezilandelanayo, futhi izithombe ziphonswa esikrinini sendawo. Njengoba nje izithombe zefilimu enyakazayo zibonakala zingokoqobo, kodwa ziyinhlanganisela yokukhanya nomthunzi kuphela, kanjalo nokuhlukahluka kwendawo yonke kubonakala sengathi kuyakhohlisa. Izindilinga zamaplanethi, nezinhlobo zazo eziningi zokuphila, azilutho ngaphandle kwezithombe zefilimu enyakazayo yendawo yonke, ziyiqiniso okwesikhashana emibonweni emihlanu yemizwa njengoba izigcawu ziphonswa esikrinini sokuqonda komuntu ngokukhanya okungenamkhawulo kokudala.

Izibukeli zebhayisikobho zingabheka phezulu zibone ukuthi zonke izithombe zesikrini zivela ngethuluzi lokukhanya okukodwa okungenasithombe. Idrama yomhlaba wonke enemibala nayo iphuma ekukhanyeni okumhlophe okukodwa koMthombo Wendawo Yonke. Ngobuhlakani obungenakucatshangwa uNkulunkulu uhlela ukuzijabulisa kwabantwana Bakhe abangabantu, ebona abadlali kanye

nezilaleli eshashalazini Lakhe leplanethi .

Ngolunye usuku ngangena endlini yezithombe ezinyakazayo ukuyobuka i-newsreel yezinkundla zempi zaseYurophu. IMpi Yezwe I yayisalwiwa eNtshonalanga; i-newsreel yaqopha ukubulawa kwabantu ngendlela engokoqobo kangangokuthi Ngaphuma eshashalazini ngikhathazekile ngenhliziyo.

"Nkosi," Mina wathandaza, "kungani i-dot Wena imvume okunjalo ukuhlupheka?

Ngamangala kakhulu, impendulo esheshayo yeza ngesimo sombono wezinkundla zempi zaseYurophu zangempela. Ukwesaba komzabalazo, okugcwele abafuleyo nabafayo, kwadlula kakhulu ngobudlova.

noma yikuphi ukumelwa kwe i izindaba.

"Bheka ngokucophelela!" Izwi elithambile lakhuluma engqondweni yami yangaphakathi. "Uzobona ukuthi lezi zigcawu ezidlalwa eFrance manje azilutho ngaphandle komdlalo we-chiaroscuro. Ziyifilimu ye-cosmic, engokoqobo futhi engeyona engokoqobo njengezindaba zeshashalazi osanda kuzibona - umdlalo ngaphakathi komdlalo."

Inhliziyo yami yayingakaduduzeki. Izwi laphezulu laqhubeka lathi: "Indalo iyikukhanya nesithunzi kokubili, ngaphandle kwalokho akukho sithombe esingenzeke. Ubuhle nobubi be- *maya* kumele bushintshane ngobukhulu. Ukube injabulo ibingapheli lapha emhlabeni, ingabe umuntu wayeyoke afune omunye? Ngaphandle kokuhlupheka akanandaba nokukhumbula ukuthi ushiye ikhaya lakhe laphakade. Ubuhlungu buyinto ekhumbuzayo. Indlela yokuphunyuka iwukuhlakanipha! Usizi lokufa alunangqondo; labo abathuthumelayo ngalo bafana nomlingisi ongazi lutho ofa ngenxa yokwesaba esiteji lapho kungekho okunye okumdubula ngaphandle kwebhokisi elingenalutho. Amadodana ami angabantwana bokukhanya; ngeke alale phakade ekukhohlisweni."

Nakuba ngangifunde ukulandisa okungokomBhalo ngama- *maya* , abazange banginike ukuqonda okujulile okwakuhambisana nemibono yomuntu siqu kanye namazwi abo enduduzo ahambisana nawo. Izindinganiso zomuntu ziyashintsha kakhulu lapho ekugcineni eqiniseka ukuthi indalo iyisithombe esikhulu kakhulu, nokuthi akukhona kuso, kodwa ngale kwaso, okukhona iqiniso lakhe.

Njengoba ngiqeda ukubhala lesi sahluko, ngahlala embhedeni wami ngesimo se-lotus. Igumbi lami lalikhanya kancane yizibani ezimbili ezinombala. Ngiphakamisa amehlo ami, ngaphawula ukuthi uphahla lwalugcwele izibani ezincane ezinombala wesinaphi, ezikhazimulayo futhi zithuthumela ngokukhanya okufana ne-radium. Izinkulungwane zemisebe enemibala, njengezingcezu zemvula, zahlangana emgodini ocacile zangithululela buthule.

Ngaso leso sikhathi umzimba wami wenyama walahlekelwa ubulukhuni bawo futhi waguquka waba ukuthungwa kwezinkanyezi. Ngazizwa ngintanta njengoba, ngingawuthinti kahle umbhede, umzimba ongenasisindo washintsha kancane futhi ngokushintshana waya kwesobunxele nakwesokudla. Ngabheka nxazonke kwegumbi; ifenisha nezindonga kwakunjengokujwayelekile, kodwa ukukhanya okuncane kwase kwande kakhulu kangangokuthi uphahla lwalungabonakali. Ngamangala kakhulu.

"Lena yindlela yokunyakaza kwesithombe sendawo yonke." Izwi lakhuluma sengathi livela ngaphakathi kokukhanya. "Likhipha ukukhanya kwalo esikrinini esimhlophe samashidi akho ombhede, liveza isithombe somzimba wakho. Bheka, isimo sakho asilutho ngaphandle kokukhanya!"

Ngabuka izingalo zami ngazihambisa phambili naphambili, kodwa ngangingasizwa isisindo sazo. Injabulo echichima injabulo mina. Lokhu indawo yonke isiqu kwe ukukhanya, ukuqhakaza njengoba yami umzimba, kwabonakala a uNkulunkulu ikhophi ephindaphindayo kwemisebe yokukhanya ephuma ebhokisini lama-projection endlini yama-cinema futhi ibonakala njengezithombe esikrinini.

Isikhathi eside ngibone lesi sithombe esinyakazayo somzimba wami egumbini lokulala lami lokulala elikhanyayo kancane. Naphezu kwemibono eminingi engiyibonile, akukho okwakukhona okwehlukile. Njengoba umbono wami ngomzimba oqinile wawunyamalala ngokuphelele, futhi ukuqonda kwami kujula ukuthi ingqikithi yazo zonke izinto ilula, ngabheka phezulu emfudlaneni oshayayo wama-lifetron futhi ngakhuluma ngokuncenga.

"Ukukhanya Kwaphezulu, ngicela ususe lesi sithombe sami somzimba esithobekile, kuwe, njengoba nje u-Eliya edonselwa ezulwini ngelangabi."

Lo mthandazo wawumangalisa ngokusobala; ugongolo lwanyamalala. Umzimba wami waphinde wasinda ngendlela evamile futhi wacwila embhedeni; izibani ezikhazimulayo zophahla zakhanya zanyamalala. Kubonakala sengathi isikhathi sami sokuhamba kulo mhlaba sasingakafiki.

"Ngaphandle kwalokho," ngacabanga ngokwefilosofi, "umprofethi u-Eliya angase angajabuli ngokucabanga kwami !"

30-1 : Lokhu odumile IsiRashiya umculi futhi isazi sefilosofi ine ube ukuphila ngoba eziningi iminyaka ku I-India eduze i Izintaba zaseHimalaya. "Kusukela iziqongo kuza isambulo," yena ine kubhaliwe. "Ngaphakathi imihume futhi phezu i iziqongo waphila i ama-rishi. Kuphelile i iqhwa iziqongo kwe AmaHimalaya akhanya kakhulu, akhanya ngaphezu kwezinkanyezi kanye nokukhanya okumangalisayo kombani."

"Isikhathi besingakafiki.' ULahiri Mahasaya wamomotheka ngokududuza. 'Ingxenywe enkulu ye-karma yakho ngikusize buthule ukuthi uzilolonge. Manje usuzimisele futhi usukulungele.'

"Wathinta ibunzi lami. Kwavela izinqwaba zokukhanya okujikelezayo; ukukhanya kwaqala kancane kancane kwaba iso elingokomoya eliluhlaza okwesibhakabhaka, elinophawu lwegolide futhi eliphakathi nenkanyezi emhlophe e-pentagonal."

"Ngena engqondweni yakho ngenkanyezi ungene embusweni woMuntu Ongapheli.' Izwi lomfundisi wami lalinothi elisha, elithambile njengomculo okude.

"Umbono" ngemva umbono ephukile njengoba olwandle ukuntweza emanzini kuvuliwe i ogwini kwe yami umphefumulo. I i-panoramic izimbulunga ekugcineni

ngincibilike olwandle lwenjabulo. Ngazilahla ngenxa yesibusiso esiqhubekayo. Lapho ngibuyela emahoreni kamuva ekuqapheleni leli zwe, inkosi yanginika indlela ye- *Kriya Yoga* .

"Kusukela ngalobo busuku kuqhubeke, uLahiri Mahasaya akazange aphinde alale ekamelweni lami. Futhi, ngemva kwalokho, akakaze alale. Wahlala ekamelweni elingaphambili phansi, enabafundi bakhe emini nasebusuku."

Le ntokazi edumile yathula. Ngiqaphela ukuthi ubuhlobo bayo ne-yogi enhle kakhulu buhlukile, ekugcineni ngacela ezinye izinkumbulo.

"Ndodana, unobugovu. Noma kunjalo uzoba nendaba eyodwa." Wamomotheka ngamahloni. "Ngizovuma isono engisenzile kumyeni wami oyingcweti. Ngemva kwezinyanga ezithile ngizelwe, ngaqala ukuzizwa nginesizungu futhi nginganakwa. Ngolunye usuku ekuseni uLahiri Mahasaya wangena kuleli gumbi elincane ukuyolanda isihloko; ngamlandela ngokushesha. Ngingotshwe ukukhohlisa okunobudlova, ngakhuluma naye ngokucasuka.

"Uchitha sonke isikhathi sakho nabafundi. Kuthiwani ngemithwalo yakho yemfanelo ngomkakho nezingane zakho? Ngiyazisola ukuthi awunasithakazelo ekuhlinzekeni ngemali eyengeziwe yomndeni."

"Inkosi yangibheka isikhashana, yabe isihambile. Ngimangele futhi ngesaba, ngezwa izwi liphuma kuzo zonke izingxenye zegumbi:

"Kuyinto kuyinto konke lutho, ungakwenzi wena uyabona? Kanjani kungenzeka a lutho njenge mina khiqiza ingcebo ngoba wena?"

"Guruji," ngakhala, "Ngicela uxolo izikhathi eziyizigidi! Amehlo ami anesono awasakwazi ukukubona; ngicela uvele ngesimo sakho esingcwele."

"Ngilapha." Impendulo yavela phezulu kimi. Ngabheka phezulu ngabona inkosi izibonakalisa umoya, ikhanda lakhe lithinta ophahleni. Amehlo akhe ayefana namalangabi avala amehlo. Ngingasazizwa ngisaba, ngalala phansi ngikhala ezinyaweni zakhe ngemva kokuba ehlele phansi ngokuthula.

"Owesifazane," esho, "funa ingcebo yaphezulu, hhayi izinto ezincane zomhlaba. Ngemva kokuthola ingcebo yangaphakathi, uzothola ukuthi ukuphakelwa kwangaphandle kuhlala kukhona." Wanezela, "Omunye wamadodana ami angokomoya uzokwenzela amalungiselelo."

"Okwami othisha amagama ngokwemvelo weza kuyiqiniso; a umfundi wenza hamba a okukhulu isamba ngoba yethu umndeni."

Ngimbonge uKashi Moni ngokwabelana nami ngezinto zakhe ezinhle kakhulu - Ngosuku olulandelayo ngabuyela ekhaya lakhe futhi ngajabulela amahora

amaningana engxoxo yefilosofi noTincouri noDucouri Lahiri. La madodana amabili angcwele e-yogi enkulu yaseNdiya alandela eduze ezinyathelweni zakhe ezinhle. Womabili la madoda ayelungile, amade, eqinile, futhi enentshebe ende, enamazwi athambile kanye nesitayela sakudala.

Umkakhe wayengeyena yedwa umfundi wesifazane waseLahiri Mahasaya; kwakukhona nabanye abaningi, kuhlangukise nomama. Owesifazane othile uChela wake wacela isithombe sakhe kumfundisi. Wamnika isithombe.

phrinta, ephawula, "Uma wena bheka yona a ukuvikelwa, bese kuba yona kuyinto ngakho-ke; kungenjalo yona kuyinto kuphela a isithombe."

Ezinsukwini ezimbalwa kamuva lona wesifazane kanye nomalokazana kaLahiri Mahasaya kwenzeka ukuthi babefunda iBhagavad *Gita* etafuleni elalilengiswe ngemuva kwesithombe salo mfundisi. Kwaqubuka isiphepho sikagesi. waphuma ngolaka olukhulu.

"Lahiri Mahasaya, sivikele!" Abesifazane bakhothama phambi kwesithombe. Umbani washaya incwadi ababeyifunda, kodwa labo abazinikele ababili abazange balimale.

"Ngazizwa sengathi kubekwe ishidi leqhwa nxazonke zami ukuze kuvinjwe ukushisa okukhulu," kuchaza uChela.

ULahiri Mahasaya wenza izimangaliso ezimbili maqondana nomfundi wesifazane, u-Abhoya. Yena nomyeni wakhe, ummeli waseCalcutta, baqala ngolunye usuku ukuya eBenares ukuyovakashela lo mfundisi. Inqola yabo yabambezeleka ngenxa yezimoto eziningi; bafika esiteshini esikhulu saseHowrah bezwa isitimela saseBenares sishaya ikhwela sihamba.

Abhoya, eduze i ithikithi ihhovisi, wema buthule.

"Lahiri Mahasaya, ngiyakuncenga ukuthi umise isitimela!" wathandaza buthule. "Angikwazi ukubhekana nobuhlungu bokulibala ukulinda olunye usuku ukuze ngikubone."

Amasondo esitimela esikhalayo aqhubeka nokuhambahamba, kodwa akukho ukuqhubeka. Unjiniyela nabagibeli behlela epulatifomu ukuyobuka lesi simo. Unogada wesitimela waseNgilandi waya ku-Abhoya nomyeni wakhe. Ngokuphambene nazo zonke izigameko, wanikela ngezinsizakalo zakhe.

"Babu," yena wathi, "nika mina i imali. Mina intando thenga yakho amathikithi ngenkathi wena thola "ugibele."

Lapho nje lo mbhangqwana usuhleli phansi futhi usuthole amathikithi, isitimela sahamba kancane kancane. Besaba, unjiniyela nabagibeli baphinde bakhuphukela ezindaweni zabo, bengazi ukuthi kanjani. isitimela saqala, noma ukuthi kungani sasime kwasekuqaleni.

Efika emzini kaLahiri Mahasaya eBenares, u-Abhoya waguqa buthule phambi kwenkosi, wazama ukuthinta izinyawo zakhe.

"Ziqambe, Abhoya," ephawula. "Yeka indlela othanda ngayo ukungikhathaza! Sengathi ubungeke uze lapha ngesitimela esilandelayo!"

U-Abhoya wavakashela uLahiri Mahasaya ngesinye isenzakalo esingasoze salibaleka. Kulokhu wayefuna ukuncenga kwakhe, hhayi ngesitimela, kodwa ngenogolantethe.

"Ngicela ungibusise ukuze ingane yami yesishiyagalolunye iphile," kusho yena.
"Ngizalelwe izingane eziyisishiyagalombili; zonke zashona ngokushesha ngemva kokuzalwa."

I inkosi ukumamatheka ngozwelo. "Okwakho ukuza ingane intando bukhoma. Ngiyacela landela yami imiyalelo

ngokucophelela. Umntwana, intombazane, uzozalwa ebusuku. Qiniseka ukuthi isibani sikawoyela sihlala sivutha kuze kuse. Ungalali ngaleyo ndlela uvumele ukukhanya kucime.

Ingane ka-Abhoya yayiyindodakazi, yazalwa ebusuku, njengoba nje kwabikezelwa yisazi sezinto zonke. Umama wayala umhlengikazi wakhe ukuba agcine isibani sigcwele amafutha. Bobabili abesifazane baqhubeka nokuqapha okuphuthumayo kwaze kwaba semahoreni asekuseni kakhulu, kodwa ekugcineni balala. Amafutha esibani ayesecishe aphele; ukukhanya kwakhanya kancane.

Umnyango wekamelo lokulala wavuleka ngomsindo onamandla. Abesifazane abathukile bavuka. Amehlo abo amangala abona isimo sikaLahiri Mahasaya.

"Abhoya, bheka, ukukhanya sekucishe kuphele!" Wakhomba isibani, umhlengikazi ashesha ukusigcwalisa kabusha. Lapho nje siphinde savutha kakhulu, inkosi yanyamalala. Umnyango wavalwa; i-latch yafakwa ngaphandle kwe-ejenti ebonakalayo.

I-Abhoya's isishiyagalolunye ingane wasinda; ku 1935, nini Mina kwenziwe uphenyo, yena kwakuyi namanje ukuphila.

Omune wabafundi bakaLahiri Mahasaya, uKali Kumar Roy ohloniphekile, wangitshela imininingwane eminingi ethakazelisayo ngempilo yakhe nomfundisi.

"Ngangivame ukuba yisimenywa ekhaya lakhe laseBenares amasonto amaningi," kusho uRoy kimi. "Ngabona ukuthi abantu abaningi abangcwele, *abaneminyaka engu -31 kuya ku-3 ubudala.* " ama-swami, afika ebusuku ezolile ukuze ahlale ezinyaweni zikasolwazi.

Ngezinye izikhathi babexoxa ngamaphuzu okuzindla nawefilosofi. Ekuseni izivakashi eziphakeme zazihamba. Ngesikhathi ngivakashela, ngathola ukuthi uLahiri Mahasaya akazange alale nakanye.

"Ngesikhathi ngisaqala ukuhlangana nenkosi, kwadingeka ngibhekane nokuphikiswa ngumqashi wami," kuqhubeka uRoy. "Wayegxile ezintweni ezibonakalayo."

"'Angifuni abantu abashisekela inkolo kubasebenzi bami,' wayehleka usulu. 'Uma ngihlangana nomfundisi wakho okhohlisayo, ngizomnika amazwi okufanele awakhumbule.'

"Lolu songo olwesabekayo aluzange luphazamise uhlelo lwami olujwayelekile; ngangichitha cishe njalo kusihlwa phambi komfundisi wami. Ngobunye ubusuku umqashi wami wangilandela waphuthuma endlini yokugezela ngonya. Akungabazeki ukuthi wayezimisele ukukhuluma amazwi ahlabayayo ayewathembisile. Ngokushesha nje lapho indoda ihlezi phansi, uLahiri Mahasaya wakhuluma neqembu elincane labafundi

abangaba ngu-12."

"Ingabe wena konke njenge ku- bheka a isithombe?"

"Lapho sinqekuzisa ikhanda, wasicela ukuba sifiphaze igumbi. 'Hlalani ngemuva komunye nomunye niyindilinga,' esho, 'bese nibeka izandla zenu phezu kwamehlo endoda ephambi kwenu.'

"Angimangalanga ukubona ukuthi umqashi wami naye wayelandela iziqondiso zenkosi, yize ayengafuni. Ngemizuzu embalwa uLahiri Mahasaya wasibuza ukuthi sibonani."

"'Mnumzane,' ngiphendula, 'kuvela owesifazane omuhle. Ugqoke i -sari enomphetho obomvu , futhi umi eduze kwesitshalo esinjengezindlebe zendlovu.' Bonke abanye abafundi banikeza incazelo efanayo. Inkosi yaphendukela kumqashi wami. 'Uyamazi lowo wesifazane?'

"'Yebo.' Indoda yayibonakala ilwa nemizwa eyayisanda kuyibona. 'Bengilokhu ngichitha imali yami kuye ngobuwula, yize nginomfazi omuhle. Nginamahloni ngezisusa ezingilethe lapha. Ungangithethelela, ungamukele njengomfundi?'

"'Uma uphila impilo enhle izinyanga eziyisithupha, ngizokwamukela.' Inkosi yanezela ngendlela engaqondakali, 'Ngaphandle kwalokho ngeke kudingeke ngikuqalise.'

"Izinyanga ezintathu umqashi wami wazibamba ekulingweni; wabe eseqhubeka nobuhlobo bakhe bangaphambili nalo wesifazane. Ezinyangeni ezimbili kamuva washona. Ngakho-ke ngaqonda isiprofetho sikathisha wami esifihliwe mayelana nokungenakwenzeka kokuqaliswa kwale ndoda."

ULahiri Mahasaya wayenomngane odumile kakhulu, uSwami Trailanga, owayedume ngokuthi uneminyaka engaphezu kwamakhulu amathathu ubudala. La ma-yoga amabili ayevame ukuhlala ndawonye ezindla. Udumo lukaTrailanga lusakazeke kakhulu kangangokuthi bambalwa amaHindu abengaphika ukuthi kungenzeka iqiniso kunoma iyiphi indaba yezimangalisayo zakhe ezimangalisayo. Uma uKristu ebuya emhlabeni futhi ehamba emigwaqweni yaseNew York, ebonisa amandla akhe aphezulu, bekuzobangela injabulo efanayo naleyo eyadalwa nguTrailanga emashumini eminyaka edlule njengoba edlula emigwaqweni egcwele abantu yaseBenares.

Ezikhathini eziningi i-swami yayibonakala iphuza, ngaphandle komphumela omubi, ubuthi obubulalayo kakhulu. Izinkulungwane zabantu, kuhlenganise nabambalwa abasaphila, zibone i-Trailanga intanta eGanges. Izinsuku eziningi yayihlala ndawonye phezu kwamanzi, noma ihlale ifihliwe isikhathi eside ngaphansi kwamagagasi. Umbono ovamile eBenares egeza *ama-ghats* kwakuwumzimba we-swami onganyakazi ematsheni acwebezelayo, ovezwe ngokuphelele elangeni laseNdiya elingenasihawu. Ngalezi zenzo uTrailanga wayefuna ukufundisa abantu ukuthi impilo ye-yogi ayixhomekile emoyeni noma ezimweni ezivamile nasezindleleni zokuqapha. Kungakhathaliseki ukuthi wayengaphezu kwamanzi noma ngaphansi kwawo, nokuthi umzimba wakhe wawuvezwe emisebeni yelanga enamandla noma cha, inkosi yafakazela ukuthi yayiphila ngokwazi kwaphezulu: ukufa kwakungeke kumthinte.

I-yogi yayinhle hhayi ngokomoya kuphela, kodwa nangokwenyama. Isisindo sayo sasingaphezu kwamakhulu amathathu amakhilogremu: ikhilogremu elilodwa ngonyaka ngamunye wokuphila kwakhe! Njengoba ayengadli kakhulu, imfihlakalo iyanda. Nokho, inkosi iyazishaya indiva kalula zonke imithetho ejwayelekile yezempilo, uma ifisa ukwenza kanjalo ngesizathu esithile esikhethekile,

ngokuvamile esicashile esaziwa yiyo kuphela. Osanta abakhulu abavukile ekukholweni iphupho elimangalisayo lendawo yonke futhi laqaphela leli zwe njengombono oseMqondweni Ongcwele, lingenza njengoba lifisa ngomzimba, lazi ukuthi liwuhlobo lwamandla ahlanganisiwe noma aqandisiwe olusebenzisekayo. Nakuba ososayensi bezinto ezibonakalayo manje sebegonda ukuthi izinto azilutho ngaphandle kwamandla aqinile, ochwepheshe abakhanyiselwe ngokugcwele sebedlule isikhathi eside besuka embonweni baya ekusebenzeni emkhakheni wokulawula izinto.

UTrailanga wayehlala enqunu ngokuphelele. Amaphoyisa aseBenares ahlukunyezwayo ambheka njengengane eyinkinga edidayo. I-swami yemvelo, njengo-Adamu wokuqala ensimini yase-Edene, yayingazi nhlobo ngobunqunu bayo. Nokho, amaphoyisa ayeqaphela lokho, futhi ngokungahloniphi amfaka ejele. Kwalandela ukuhlazeka okuvamile; umzimba omkhulu ka

UTrailanga wabonakala ngokushesha, ngendlela evamile, ophahleni lwejele. Indlu yakhe, eyayisavaliwe kahle, ayizange ibonise ukuthi wayezobaleka kanjani.

Izikhulu zomthetho eziphelelwe yithemba zaphinde zenza umsebenzi wazo. Kulokhu kwabekwa unogada phambi kwesitokisi sikaSwami. UMay waphinde washiya umsebenzi ngaphambi kwesokudla. UTrailanga wabonakala ngokushesha ehambahamba ophahleni ngokunganaki. Ubulungiswa buyimpumputhe; amaphoyisa ahlakaniphile anquma ukumlandela isibonelo.

I-yoga enkulu yahlala ithule ngendlela evamile. **31-4** Naphezu kobuso bakhe obuyindilinga nesisu sakhe esikhulu esifana nebhereli, uTrailanga wayedla ngezikhathi ezithile kuphela. Ngemva kwamasonto amaningi engadli, wayezila ukudla ngezimbiza zobisi oluxutshwe nezinongo ayezini kwa ngabalandeli bakhe. Umuntu owayengabaza wake wazimisela ukudalula uTrailanga njengeqili. Ibhakede elikhulu lengxube ye-calcium-lime, esetshenziswa ezindongeni ezimhlophe, labekwa phambi kwe-swami.

"Nkosi," kusho umuntu othanda izinto ezibonakalayo, ngenhlonipho yokuzenzisa, "Ngikulethele ubisi oluxutshwe ne-colbered. Ngicela uluphuze."

I-Trailanga ikhishwe amanzi ngokungangabazi, kwaze kwaba yilapho isitsha sigcwele i-lime evuthayo. Ngemizuzu embalwa umenzi wobubi wawela phansi ngenxa yobuhlungu.

"Usizo, swami, Usizo!" yena wakhala. "Mina ekuseni kuvuliwe umlilo! Thethelela yami omubi isivivinyo!"

I-yogi enkulu yaphula ukuthula kwayo okujwayelekile. "Mhleki," esho, "awuzange uqaphele lapho unginika ubuthi ukuthi impilo yami ifana neyakho. Ngaphandle kokwazi kwami ukuthi uNkulunkulu ukhona esiswini sami, njengakuyo yonke i-athomu yendalo, i-lime ngabe ingibulele. Manje njengoba usuyazi incazelo yaphezulu ye-boomerang, ungaphinde udlale ngamaqhinga kunoma ubani."

I kuhlanzwe kahle isoni, welaphekile ngu I-Trailanga's amazwi, ubuthongo ngokubuthakathaka kude.

Ukuguqulwa kobuhlungu akubangelwanga yinoma yikuphi ukuzikhethela kwenkosi, kodwa kwavela ngokusebenzisa umthetho wobulungiswa osekela umjikelezo ode kakhulu wendalo. Abantu abaqaphela uNkulunkulu njengoTrailanga bavumela umthetho waphezulu ukuthi usebenze ngokushesha; basuse unomphela yonke imifudlana evimbelayo yobugovu.

Ukulungiswa okuzenzakalelayo kokulunga, okuvame ukukhokhwa ngohlamvu lwemali olungalindelekile njengasendabeni kaTrailanga nowakhe kungaba umbulali, kunciphisa intukuthelo yethu esheshayo ngokungabi nabulungisa kwabantu.

"Impindiselo ingeyami; ngizobuyisela, kusho iNkosi." **31-5** Yisiphi isidingo sezinsizakusebenza zomuntu ezimfushane? indawo yonke ihlela ngokufanele ukujezisa. Izingqondo ezibuthakathaka ziyawulahla amathuba okuba nobulungiswa bukaNkulunkulu, uthando, ukwazi konke, nokungafi. "Ukuqagela okungokomBhalo okungenangqondo!" Lo mbono ongenazwela, omangalisayo ngaphambi kombukwane wendalo yonke, kuvusa uchungechunge lwezehlakalo eziletha ukuvuka kwazo.

UKristu wakhuluma ngokuba namandla onke komthetho ongokomoya ngesikhathi engena eJerusalema ngokunqoba. Njengoba abafundi nesixuku bememeza ngenjabulo, bememeza, "Ukuthula ezulwini, nenkazimulo kweliphezulu," abanye abaFarisi bakhononda ngombukwane ongahloniphekile. "Nkosi," bakhononda, "khuza abafundi bakho."

“Ngiyanitshela,” kuphendula uJesu, “uma laba bethula, amatshe azomemeza ngokushesha.” **31-6**

Kulesi sijeziro kubaFarisi, uKristu wayekhomba ukuthi ubulungisa bukaNkulunkulu abuyona into engabonakali, nokuthi umuntu wokuthula, nakuba ulimi lwakhe lususiwe ezimpandeni zalo, usazothola inkulumo yakhe kanye nokuzivikela kwakhe edwaleni lendalo, uhlelo lwendawo yonke uqobo.

“Ucabanga ukuthi,” kusho uJesu, “ukuthulisa abantu bokuthula? Futhi ungathemba yini ukuthulisa izwi likaNkulunkulu, omatshe akhe ahlabelela inkazimulo yaKhe kanye nokuba khona kwaKhe kuyo yonke indawo. Ingabe uzofuna abantu bangagubhi ukuhlonipha ukuthula ezulwini, kodwa bahlangane ndawonye ngobuningi ukuze bamemeze impi emhlabeni? Ngakho-ke lungiselelani, nina baFarisi, ukudiliza izisekelo zomhlaba; ngoba akusibo abantu abamnene bodwa, kodwa amatshe noma umhlaba, namanzi nomlilo nomoya okuzovukela nina, ukufakaza ngokuvumelana kwaKhe okuhlelekile.”

Umusa we-yogi efana noKristu, iTrailanga, wake wanikezwa *umama wami we-sajo* (umalume ongumama). Ngolunye usuku ekuseni uMalume wabona inkosi izungezwe yisixuku sabakhulekeli eBenares ghat. Wakwazi ukuwela eduze kweTrailanga, owathinta izinyawo zakhe ngokuthobeka. Umalume wamangala lapho ezithola ekhululekile ngokushesha esifweni esibuhlungu esingamahlalakhona. **31-7**

Umfundi oyedwa kuphela owaziwayo ophilayo we-yogi enkulu ngowesifazane, uShankari Mai Jiew. Indodakazi yomunye wabafundi bakaTrailanga, wathola ukuqeqeshwa kwe-swami kusukela ebuntwaneni bakhe. Wahlala iminyaka engamashumi amane ochungechungeni lwemihume yaseHimalaya eyedwa eduze kwaseBadrinath, eKedarnath, e-Amarnath, nasePasupatinath. I- *brahmacharini* (owesifazane ozidelayo), owazalwa ngo-1826, manje isingaphezu kwekhulu leminyaka. Nokho, njengoba engakagugi ngokubukeka, ugcine izinwele zakhe ezimnyama, amazinyo akhe akhazimulayo, namandla amangalisayo. "Eminyakeni engaba ngamashumi amahlanu ngemva kokushona kwami,' esho, 'impilo yami izobhalwa ngenxa yesithakazelo esijulile ku-yoga esizobonakaliswa yiNtshonalanga. Umyalezo we-yoga uzungeza umhlaba wonke, futhi usize ekusunguleni ubuzalwane bomuntu obuvela ekuqondeni ngqo uBaba Oyedwa.'

"Ndodana yami uYogananda," kuqhubeka uSri Yukteswar, "kumele wenze ingxenye yakho ekusakazeni lowo myalezo, nasekubhaleni leyo mpilo engcwele."

Eminyakeni engamashumi amahlanu ngemva kokushona kukaLahiri Mahasaya ngo-1895 kwaphela ngo-1945, unyaka wokuqedwa kwale ncwadi yamanje. Angikwazi ukumangala ngengozi yokuthi unyaka ka-1945 nawo uqalise. inkathi entsha—inkathi yamandla e-athomu aguqukayo. Zonke izingqondo ezicabangayo ziphendukela ezinkingeni eziphuthumayo zokuthula nobuzalwane, funa ukusetshenziswa okuqhubekayo kwamandla angokwenyama kuxoshe bonke abantu kanye nezinkinga.

Nakuba isintu nemisebenzi yaso inyamalala ngokungapheli ngenxa yesikhathi noma ibhomu, ilanga aliphazamisi endleleni yalo; izinkanyezi zigcina ukuqapha kwazo okungapheli. Umthetho wendawo yonke awunakuvinjelwa noma ushintshwe, futhi umuntu angenza kahle ukuzivumelanisa nawo. Uma indawo yonke imelene namandla, uma ilanga lingalwi namaplanethi kodwa lihoxa ngesikhathi esifanele ukuze linike izinkanyezi amandla azo amancane, yini esizoyizuza ngesandla sethu esithunyelwe ngeposi? Ingabe kukhona ukuthula okuzovela ngempela kuyo? Hhayi

unya kodwa intando enhle ezovikela imisipha yendawo yonke; isintu esinokuthula sizozazi izithelo ezingapheli zokunqoba, ezimnandi kakhulu kunanoma yiziphi ezikhuliswe emhlabathini wegazi.

I-League of Nations esebenzayo izoba yinhlangano yemvelo, engenamagama yezinhliziyi zabantu. Uzwela olubanzi kanye nokuqonda okuqondisisayo okudingekayo ukuze kuphulukiswe izinkinga zasemhlabeni akunakuvula ekucabangeni nje ngokwengqondo kokwehlukahlukana komuntu, kodwa olwazini lobunye bomuntu kuphela - ubuhlobo bakhe noNkulunkulu. Ekufezeni inhloso ephakeme kakhulu emhlabeni - ukuthula ngobuzalwane - i-yoga, isayensi yokuxhumana komuntu siqu noNkulunkulu, yasakazeka ngesikhathi kubo bonke abantu kuwo wonke amazwe.

Nakuba impucuko yaseNdiya indala kakhulu kunezinye, bambalwa izazi-mlando abaye baphawula ukuthi isenzo sayo sokusinda kwesizwe asiyona neze ingozi, kodwa yisenzakalo esinengqondo ekuzinikeleni ezintweni zaphakade iNdiya ezinikeze ngamadoda ayo amahle kakhulu kuzo zonke izizukulwane. Ngokuqhubeka nje kokuba khona, ngokungapheli amandla ngaphambi kweminyaka—ingabe izazi ezinothuli zingasitshela ngempela ukuthi bangaki?—iNdiya inikeze impendulo efanele kunanoma yimuphi umuntu enseleleni yesikhathi.

Indaba yeBhayibheli **32-5** ngesicelo sika-Abrahama eNkosini sokuthi umuzi waseSodoma ungasindiswa uma kungatholakala abantu abayishumi abalungile kuwo, kanye nempendulo kaNkulunkulu ethi: "Ngeke ngiwubhubhise ngenxa yabayishumi," kuthola incazelo entsha ekukhanyeni kokubaleka kweNdiya ekulibalekeni kweBhabhiloni, iGibhithe nezinye izizwe ezinamandla ezaziphila ngesikhathi esifanayo nayo. Impendulo yeNkosi ikhombisa ngokusobala ukuthi izwe aliphili ngezinto zalo ezibonakalayo, kodwa ngemisebenzi yalo yobuciko yomuntu.

Amazwi angcwele mawazwakale futhi, kuleli khulu lama-20, afakwe igazi kabili ngaphambi kokuba kuphele isigamu sawo: Asikho isizwe esingaveza amadoda ayishumi, amakhulu emehlweni kaMahluleli Ongenamali, esiyokwazi ukushabalala. Ngokulalela izinkolelo ezinjalo, iNdiya izibonakalise ingeyena engenalwazi ngokumelene namaqhinga ayinkulungwane esikhathi. Amakhosi aziqaphelayo kuwo wonke amakhulu eminyaka angcwelise umhlaba wayo; izazi zanamuhla ezifana noKristu, njengoLahiri Mahasaya nomfundi wakhe uSri Yukteswar, ziyasukuma zimemezele ukuthi isayensi ye-yoga ibaluleke kakhulu kunanoma yikuphi ukuthuthuka kwezinto ezibonakalayo enjabulweni yomuntu nasekuphileni isikhathi eside kwesizwe.

Ulwazi oluncane kakhulu mayelana nokuphila kukaLahiri Mahasaya kanye nemfundiso yakhe yomhlaba wonke luye lwavela ezincwadini. Sekuyiminyaka engamashumi amathathu eNdiya, eMelika, naseYurophu, ngithole isithakazelo esijulile nesiqotho emyalezweni wakhe we-yoga ekhululayo; indaba ebhaliwe ngempilo yenkosi, njengoba nje abikezela, manje iyadingeka eNtshonalanga, lapho izimpilo zama-yoga amakhulu anamuhla zingaziwa kangako.

Akukho lutho ngaphandle kwencwajana eyodwa noma ezimbili ezincane ngesiNgisi ezibhalwe ngempilo yalo mfundisi. Umlando womuntu ngamunye ngesiBengali, *eSri Sri* **32-6** *I-Shyama Charan Lahiri Mahasaya*, yavela ngo-1941. Yabhalwa ngumfundi wami, uSwami Satyananda, obelokhu engumfundisi *wezinto ezingokomoya iminyaka eminingi eVidyalaya* yethu eRanchi. Ngihumushe izindima ezimbalwa encwadini yakhe futhi ngizifakile kulesi sigaba esizinikele kuLahiri Mahasaya.

Kwakuwumndeni wamaBrahmin ongcwele wozalo lwasendulo lapho uLahiri Mahasaya azalwa khona ngoSepthemba 30, 1828. Indawo azalelwa kuyo kwakuyidolobhana laseGhurni esifundeni saseNadia eduze kwaseKrishnagar,

Indawo yaseLahiri yabhujiswa ebusika buka-1833, lapho uMfula iJalangi oseduze ushintsha indlela yawo futhi wanyamalala ekujuleni kweGanges. Elinye lamathempeli aseShiva asungulwa amaLahiri langena emfuleni kanye nekhaya lomndeni. Umlandeli wasindisa isithombe setshe seNkosi uShiva emanzini agelezayo wasibeka ethempelini elisha, manje elaziwa ngokuthi amaGhurni.

Engitshela izinto eziningi ngempilo yami, wabe esenginika iziyalezo zomuntu siqu, futhi washo iziprofetho ezimbalwa eziyimfihlo.

" *I-Kriya Yoga* , indlela yesayensi yokuqaphela uNkulunkulu," esho ngokuzimisela, "ekugcineni izosabalala kuwo wonke amazwe, futhi isize ekuhlanganiseni izizwe ngombono womuntu siqu, ongaphezu kwamandla kaBaba Ongapheli."

Ngokubuka amandla amakhulu, inkosi yanginika amandla ngokubona kancane ukuqonda kwayo kwendawo yonke. Ngesikhashana nje yaqala ukuya emnyango.

"Ungazami ukungilandela," esho. "Ngeke ukwazi ukwenza

kanjalo." "Ngicela, Babaji, ungahambi!" Ngakhala

ngokuphindaphindiwe. "Ngithathe nawe!" Ebheka emuva,

waphendula, "Hhayi manje. Ngesinye isikhathi."

Ngingqotshwe imizwa, angisinakanga isixwayiso sakhe. Njengoba ngangizama ukumlandela, ngathola ukuthi izinyawo zami zazigxile phansi. Kusakela emnyango, uBabaji wangibheka okokugcina ngothando. Waphakamisa isandla sakhe ngendlela yokumbonga wahamba, amehlo ami ebheke kuye ngokulangazelela.

Ngemva kwemizuzu embalwa izinyawo zami zase zikhululekile. Ngahlala phansi ngangena ekuzindleni okujulile, ngimbonga uNkulunkulu ngokungaphezi hhayi nje ngokuphendula umthandazo wami kodwa nangokungibusisa ngokuhlangana noBabaji. Umzimba wami wonke wawubonakala ungcwelisiwe ngokuthintwa yinkosi yasendulo, ehlala isencane. Kwase kuyisikhathi eside ngifisa ukumbona.

Kuze kube manje, angikaze ngixoxele muntu ngale ndaba yokuhlangana kwami noBabaji. Okungcwele kakhulu kokuhlangenwe nakho kwami komuntu, ngikufihlile enhliziyweni yami. Kodwa ngafikelwa umcabango wokuthi abafundi balo mlando wokuphila bangase bathambekele kakhulu ekukholweni ngokoqobo kukaBabaji ozimele kanye nezithakazelo zakhe zomhlaba uma ngilandisa ukuthi ngimbonile ngamehlo ami. Ngisize umdwebi ukudweba isithombe sangempela sikaYogi-Christ omkhulu waseNdiya yanamuhla; sivela kule ncwadi.

I ubusuku bangaphambi kwe yami ukuhamba ngoba i I-United Amazwe kutholakale mina ku IsiSri I-Yukteswar's ngcwele ukuba khona.

"Khohlwa ukuthi wazalwa ungumHindu, futhi ungabi ngumMelika. Thatha okuhle kakhulu kokubili," kusho uMaster ngendlela yakhe ezolile yokuhlakanipha. "Yiba nguwe weqiniso, umntwana kaNkulunkulu. Funa futhi ufake ebuntwini bakho izimfanelo ezinhle kakhulu zabo bonke abazalwane bakho, abasakazeke emhlabeni wonke ngezinhlanga ezahlukene."

Wabe esengibusisa: "Bonke labo abeza kuwe benokholo, befuna uNkulunkulu, bazosizwa. Njengoba ubabheka, umoya ongokomoya ovela emehlweni akho uzongena ebuchosheni babo futhi ushintshe imikhuba yabo yezinto ezibonakalayo, ubenze baqaphele uNkulunkulu kakhulu."

Waqhubeka wathi, "Indlela yakho yokuheha imiphefumulo eqotho inhle kakhulu. Nomaphi lapho uya khona, ngisho nasehlane, uzothola abangane."

Zombili izibusiso zakhe zibonakaliswe kahle. Ngafika ngedwa eMelika, ehlane ngingenaye nomngane oyedwa, kodwa lapho ngathola izinkulungwane zabantu zilungele ukwamukela izimfundiso zomphefumulo ezivivinywe isikhathi eside.

Ngashiya iNdiya ngo-Agasti, 1920, ngeDolobha *IaseSparta* , isikebhe sokuqala sabagibeli esasiya eMelika ngemva kokuphela kweMpi Yezwe I. Ngangikwazile ukubhuka uhambo kuphela ngemva kokususwa, ngezindlela ezimangalisayo, kwezinkinga eziningi "ezibucayi" eziphathelene nokunikezwa kwepasipoti yami.

Phakathi nohambo lwezinyanga ezimbili, omunye umgibeli wathola ukuthi ngingumthunywa waseNdiya engqungqutheleni yaseBoston.

"Swami Yogananda," esho, ngephimiso lokuqala kweziningi ezingavamile engazizwa ngalo kamva igama lami likhulunywa amaMelika, "ngicela nisize abagibeli ngenkulumo elandelayo." NgoLwesine ebusuku. Ngicabanga ukuthi sonke singazuza ngenkulumo ethi 'Impi Yokuphila Nokuthi Ungalwa Kanjani Nayo.'"

Maye! Kwadingeka ngilwe impi yokuphila kwami, ngathola ngoLwesithathu. Ngizama kakhulu ukuhlela imibono yami ibe yinkulumo ngesiNgisi, ekugcineni ngashiya konke ukulungiselela; imicabango yami, njengethole lasendle elibheke

isihlalo sehhashi, lenqaba noma yikuphi ukubambisana nemithetho yohlelo lolimi lwesiNgesi. Nokho, ngithembele ngokugcwele eziqinisekiseni zeNkosi zesikhathi esidlule, ngavela phambi kwezilaleli zami zangoLwesine e-saloon yesitimela. Akukho ukukhuluma okuzwakalayo okwavela ezindebeni zami; ngama phambi kweqembu ngaphandle kokusho lutho. Ngemva komncintiswano wokukhuthazela othathe imizuzu eyishumi, izilaleli zaqaphela isimo sami esibucayi zaqala ukuhleka.

Ngimi epulatifomu ngaphambi kwelinye lamakilasi ami eMelika. Leli kilasi labafundi abayinkulungwane be-yoga labanjwa eWashington, DC

Isimo sasingesihleki kimi ngaleso sikhathi; ngentukuthelo ngathumela umthandazo buthule kuMfundisi. "Ungakwazi ! Khuluma!" Izwi lakhe lazwakala ngokushesha engqondweni yami.

Imicabango yami yafika ngokushesha ebuhlotsheni obuhle nolimi lwesiNgisi. Ngemva kwemizuzu engamashumi amane nanhlanu izilaleli zazisalalele. Inkulumo yangitholela izimemo eziningi zokuya enkulumweni kamuva phambi kwamaqembu ahlukahlukene eMelika.

Angikaze ngikhumbule, ngemva kwalokho, izwi engangilikhulumile. Ngokubuza ngobuhlakani ngafunda kubagibeli abaningana: "Unikeze inkulumo ekhuthazayo ngesiNgisi esishukumisayo nesinembile." Kulezi zindaba ezimnandi ngabonga ngokuthobeka uthisha wami ngosizo lwakhe olufike ngesikhathi, ngiqaphela kabusha ukuthi wayelokhu ekhona. nami, ngisusa zonke izithiyo zesikhathi nendawo.

Ngezikhathi ezithile, phakathi nesikhathi esisele sohambo lwasolwandle, ngangizwa ukwesaba okuncane ngobunzima obuzayo bokufundisa isiNgisi engqungqutheleni yaseBoston.

"Nkosi," ngathandaza, "ngicela ugqozi lwami lube nguwe, hhayi amabhomu okuhleka kwezilaleli futhi !"

Idolobha laseSparta lafika eduze kwaseBoston ngasekupheleni kukaSeptemba. Ngomhlaka-6 ku-Okthoba ngakhuluma ingqungquthela ngenkulumo yami yokuqala

eMelika. Yamukelwe kahle; ngaphefumula ngokukhululeka. Unobhala ohloniphekile we-American Unitarian Association wabhala la mazwi alandelayo encwadini eshicilelwe 37-4 kwezinqubo zengqungquthela:

"USwami Yogananda, isithunywa esivela eBrahmacharya Ashram yaseRanchi, eNdiya, ulethe imikhonzo yeNhlangothi yakhe eCongress. NgesiNgisi esicacile kanye nenkulumbo ephoqeletwe, wanikeza inkulumbo yomlingiswa wefilosofi mayelana 'neSayensi Yenkolo,' enyatheliswe ngendlela yamapheshana ukuze isakazwe kabanzi. Wagcizelela ukuthi inkolo iyonke futhi iyodwa. Thina

akunakwenzeka ukuthi amasiko nezinkolelo ezithile zihlanganise wonke umuntu, kodwa into efanayo enkolweni ingahlanganiswa wonke umuntu, futhi singacela bonke ukuba bayilande futhi bayilalele.”

Ngenxa yomusa kaBaba, ngakwazi ukuhlala eMelika ngemva kokuphela kwengqungquthela. Iminyaka emine ejabulisayo ngayisebenzisa ezimweni eziphansi eBoston. Nganikeza izinkulumo zomphakathi, ngafundisa amakilasi, futhi ngabhala incwadi yezinkondlo, ethi *Songs Of The Soul* , enesandulelo sikaDkt. Frederick B. Robinson, umongameli weKolishi laseDolobheni laseNew York. **37-5**

Ngigqala uhambo lokuya ngaphesheya kwezwekazi ehlobo lika-1924, ngakhuluma phambi kwezinkulungwane zabantu emadolobheni amakhulu, ngaphetha uhambo lwami lwasentshonalanga ngeholidi enyakatho enhle yase-Alaska.

Ngosizo lwabafundi abanezinhliziyo ezinhle, ekupheleni kuka-1925 ngase ngisungule indlunkulu yaseMelika eMount Washington Estates eLos Angeles. Lesi sakhiwo yisona engangisibone eminyakeni edlule embonweni wami eKashmir. Ngashesha ukuthumela izithombe zikaSri Yukteswar zale misebenzi yaseMelika ekude. Waphendula ngekhadi leposi ngesiBengali, engilhumusha lapha:

Okweshumi nanye Agasti, 1926

Ingane kwe yami inhliziyo, O UYogananda!

Ukubona izithombe zesikole sakho nabafundi bakho, injabulo efika empilweni yami engingakwazi ukuyiveza amazwi. Ngiyajabula ukubona abafundi bakho be-yoga basemadolobheni ahlukene. Ngibona izindlela zakho ezivumelwaneni zokuhlabelela, ukudlidliza kokuphulukisa, kanye nemithandazo yokuphulukisa yaphezulu, angikwazi ukuyeka ukukubonga ngokusuka enhliziyweni yami. Ngibona isango, indlela egobile ebheke phezulu, kanye nendawo enhle ngisakazeke ngaphansi kweMount Washington Estates, ngilangazelela ukukubona konke ngamehlo ami.

Konke lapha kuhamba kahle. Ngomusa kaNkulunkulu, sengathi

ungahlala usenjabulweni. SRI YUKTESWAR GIRI

Iminyaka yadlula ngokushesha. Ngafundisa kuzo zonke izingxenye zezwe lami elisha, futhi ngakhuluma namakhulu amakilabhu, amakolishi, amasonto, namaqembu azo zonke izinkolo. Amashumi ezinkulungwane zabantu baseMelika athola ukuqaliswa kwe-yoga. Kubo bonke ngabanikezela incwadi entsha yemicabango yomthandazo ngo-1929- *Whispers From Iphakade* , kanye nesandulelo sika-Amelita Galli-Curci. **37-6** Nginikeza lapha, encwadini, inkondlo enesihloko esithi "Nkulunkulu! Nkulunkulu! Nkulunkulu!", eyabhalwa ngobusuku obubodwa njengoba ngimi epulatifomu yenkulumo:

Kusukela i ukujula kwe ubuthongo,

kwami, Injabulo! Injabulo! Injabulo! Futhi
injabulo yami iza ihlabelela njalo:
Nkulunkulu! Nkulunkulu! Nkulunkulu!
Ekuvukeni, ekudleni, ekusebenzeni, ekuphupheni,

Ngithole inhliziyu enkulu yaseMelika ivezwe emigqeni emangalisayo ka-Emma

ULuther I-Burbank -- A uSanta Phakathi I AmaRoses

"Imfihlo yokukhulisa izitshalo ngcono, ngaphandle kolwazi lwesayensi, uthando." ULuther Burbank washo lokhu kuhlakanipha njengoba ngangihamba eceleni kwakhe engadini yakhe yaseSanta Rosa. Sama eduze kombhede we-cacti edliwayo.

"Ngesikhathi ngenza izivivinyo zokwenza i-cacti 'engenamgogodla'," eqhubeka, "Ngangivame ukukhuluma no- izitshalo ukudala ukudlidliza kothando. 'Akunalutho okufanele ulwesabe,' bengizitshela. 'Awunalo ngidinga ameva akho okuzivikela. Ngizokuvikela.' Kancane kancane isitshalo esiwusizo sasehlane savela uhlobo olungenameva.

Ngakhangwa yilesi simangaliso. "Ngicela, Luther othandekayo, ungiphe amaqabunga ambalwa e-cacti ukuze ngiwatshale engadini yami eMount Washington."

A isisebenzi ukuma eduze kwaqala ku- umugqa kuvaliwe abanye amaqabunga; I-Burbank kuvinjelwe yena.

"Mina ngokwami ngizozikha ukuze ngizidle." Wanginika amaqabunga amathathu, kamuva ngawatshala, ngijabula njengoba ekhula aba yindawo enkulu.

Umlimi omkhulu wezitshalo ungitshele ukuthi ukungoba kwakhe kokuqala okuphawulekayo kwakuyi-large potato, manje eyaziwa ngegama lakhe. Njengoba enekhono lokungakhathali, waqhubeka nokwethula umhlaba ngamakhulu

wahlanganisa ukuthuthukiswa kwemvelo - izinhlobo zakhe ezintsha zeBurbank zikatamatisi, ummbila, u-squash, ama-cherries, ama-plum, ama-nectarine, amajikijolo, ama-poppies, iminduze, ama-roses.

Ngagxilisa ikhamera yami njengoba uLuther engihola phambi kwesihlahla se-walnut esidumile ayefakazele ngaso ukuthi ukuziphendukela kwemvelo kungasheshiswa nge-teleskopu.

"Ngeminyaka eyishumi nesithupha kuphela," esho, "lesi sihlahla se-walnut sifinyelele esimweni sokukhiqizwa kwamantongomane amaningi lapho imvelo engenalusizo yayingaletha khona lesi sihlahla kabili ngaleso sikhathi."

ULuther I-Burbank, othandekayo umngane, ukuma nge mina ku yakhe Santa URosa ingadi.

I-Burbank's okuncane yamukelwe indodakazi weza ukudlala nge yenainja ku- i ingadi.

"Uyisitshalo sami esingumuntu." ULuther wamphakamisela isandla ngothando. "Manje ngibona isintu njengesitshalo esisodwa esikhulu, esidinga uthando kuphela ukuze sigcwaliseke kakhulu, izibusiso zemvelo zangaphandle okukhulu, kanye nokuwela okuhlakaniphile nokukhetha. Esikhathini sokuphila kwami ngibone intuthuko emangalisayo ekuziphendukeleni kwezitshalo kangangokuthi ngibheke phambili ngethemba ezweni elinempilo nelijabulisayo ngokushesha nje lapho izingane zalo zifundiswa izimiso zokuphila okulula nokunengqondo. Kumelwe sibuyele emvelweni nakuNkulunkulu wemvelo."

"Luther, ubungakujabulela isikole sami saseRanchi, esinezifundo zaso zangaphandle, kanye nesimo senjabulo nobulula."

Amazwi ami athinta i-chord eseduze kakhulu nemfundo kaBurbank yobuntwana. Wangibuza imibuzo, isithakazelo sikhanya emehlweni akhe ajulile, athule.

“Swamiji,” esho ekugcineni, “izikole ezifana nezakho ziwukuphela kwethemba leminyaka yesikhathi esizayo. Ngivukela izinhlelo zemfundo zesikhathi sethu, ngihlukanisiwe nemvelo futhi ngivinjelwa yibo bonke

ubuntu. Mina ekuseni nge wena inhliziyi futhi umphefumulo ku yakho okusebenzayo imibono emihle kwe imfundo."

Njengoba ngangivalelisa isazi esimnene, sabhala incwadi encane sayinika mina . **1**

"Lapha kuyinto yami incwadi kuvuliwe *I Ukuqeqeshwa Of I Umuntu Isitshalo* ," **38-2** yena kusho. "Okusha izinhlobo kwe ukuqeqeshwa kuyadingeka—izivivinyo ezingenasibindi. Ngezinye izikhathi izivivinyo ezinesibindi kakhulu ziye zaphumelela ekuvezeni okuhle kakhulu ngezithelo nezimbali. Izinto ezintsha zemfundo zezingane kufanele zibe ziningi kakhulu, zibe nesibindi esikhulu.

Ngafunda incwadi yakhe encane ngalobo busuku ngentshisekelo enkulu. Iso lakhe libona ikusasa elikhazimulayo lohlanga, wabhala: "Into ephilayo enenkani kakhulu kuleli zwe, okunzima kakhulu ukuyiphambuka, yisitshalo." kanye okuhleliwe ku ngokuqinisekile imikhuba.Khumbula lokho lokhu isitshalo ine kugcinwe yayo ubuntu konke

phakathi neminyaka; mhlawumbe yileyo engalandelwa emuva ngezikhathi eziningi emadwaleni ngokwawo, ingakaze ishintshe kakhulu kuzo zonke lezi zikhathi ezinkulu. Ingabe uyakwenza lokho? Ake sithi, ngemva kwazo zonke lezi zikhathi zokuphindaphinda, isitshalo asibi nentando, uma ukhetha ukuyibiza kanjalo, yokuqina okungenakuqhathaniswa? Ngempela, kunezitshalo, njengezinye zezandla, eziphikelela kangangokuthi awekho amandla omuntu akwazi ukuzishintsha. Intando yomuntu iyinto ebuthakathaka ngaphandle kwentando yesitshalo. Kodwa bheka ukuthi inkani yalesi sitshalo sonke impilo yonke iphulwa kanjani ngokumane sihlanganise impilo entsha nayo, senze, ngokuwela, ushintsho oluphelele nolunamandla empilweni yaso. Bese kuthi lapho i ikhefu kuza, ukulungisa yona ngu lokhu izizukulwane kwe isiguli ukuqapha futhi ukukhetha, futhi isitshalo esisha siqala indlela yaso entsha ukuze singaphinde sibuyele kwesidala, ukuphikelela kwaso kuzophuka futhi kushintshe ekugcineni.

"Uma kukhulunywa ngento ebucayi futhi ethambile njengohlobo lomntwana, inkinga iba lula kakhulu."

Ngidonseleke kakhulu kulo mMelika omkhulu, ngamvakashela kaninginingi. Ngolunye usuku ekuseni ngafika ngesikhathi esifanayo nomphathi weposi, owafaka izincwadi ezingaba yinkulungwane egumbini lokufundela laseBurbank. Abalimi bezitshalo wabhala yena kusukela konke izingxenye kwe i umhlaba.

"Swamiji, ukuba khona kwakho kumane kuyizaba engizidingayo ukuze ngiphume ngiye engadini," kusho uLuther ngokujabula. Wavula idrowa elikhulu ledeski elaliqukethe amakhulu amafolda okuhamba.

"Bheka," esho, "yile ndlela engihamba ngayo. Ngiboshwe yizitshalo zami kanye nezincwadi zami, nganelisa isifiso sami samazwe angaphandle ngokubuka lezi zithombe ngezikhathi ezithile."

Imoto yami yayimi phambi kwesango lakhe; mina noLuther sasishayela emigwaqweni yedolobhana, izingadi zalo zikhanya ngezinhlobo zakhe zezimbali zeSanta Rosa, Peachblow, kanye neBurbank.

“Mina nomngane wami uHenry Ford sobabili sikholelwa embonweni wasendulo wokuphindukuzalwa,” kusho uLuther kimi. “Ikhanyisa izici zokuphila ezingenakuchazeka. Inkumbulo ayilona isivivinyo seqiniso; ukuthi nje umuntu wehluleka ukukhumbula izimpilo zakhe zangaphambilini akufakazeli ukuthi wayengakaze abe nazo. Inkumbulo ayinalutho mayelana nesisu sakhe—impilo yakhe kanye nobuntwana bakhe; kodwa mhlawumbe wadlula kuzo!” Wahleka usulu.

Usosayensi omkhulu wayethole ukufundiswa *kweKriya* ngesikhathi sokuhambela kwami kwangaphambilini. “Ngiyisebenzisa ngobuqotho le ndlela, Swamiji,” esho. Ngemva kwemibuzo eminingi ejulile kimi mayelana nezinhlobo ezahlukenene ze-

izici kwe i-yoga, ULuther waphawula kancane kancane:

"IMpumalanga ngempela inolwazi oluningi kakhulu iNtshonalanga engakaqali ukuluhlola ."

Ukuxhumana okuseduze nemvelo, okwamvulela izimfihlo zakhe eziningi ezifihliwe ngomona, kwakunike uBurbank inhlonipho engenamkhawulo engokomoya.

"Ngezinye izikhathi ngizizwa ngiseduze kakhulu naMandla angenamkhawulo," esho ngamahloni. Ubuso bakhe obunozwela, obuhlelwe kahle bukhanya ngezinkumbulo zakhe. "Ngakho-ke ngikwazile ukuphulukisa abantu abagulayo abangizungezile, kanye nezitshalo eziningi ezigulayo."

Wangitshela ngonina, umKristu oqotho. "Izikhathi eziningi ngemva kokufa kwakhe," kusho uLuther, "ngibusiswe ukubonakala kwakhe emibonweni; ukhulumile nami."

Thina washayela emuva ngokungathandi maqondana yakhe ikhaya futhi labo ukulinda inkulungwane izincwadi.

"Luther," ngaphawula, "ngenyanga ezayo ngizoqala umagazini ozokwethula iminikelo yeqiniso yaseMpumalanga naseNtshonalanga. Ngicela ungisize ngikhethe igama elihle lephephabhuku."

Saxoxa ngezihloko isikhashana, futhi ekugcineni savumelana nge *-East-West* . Ngemva kokungena kabusha esikhungweni sakhe sokufunda, uBurbank wanginika isihloko ayesibhale nge-"Science and Civilization."

"Lokhu intando hamba ku i kuqala inkinga kwe " *Empumalanga-Ntshonalanga* ," Mina kusho ngokubonga.

Njengoba ubungane bethu babujula, ngabiza uBurbank ngokuthi "ungcwele waseMelika." "Bheka indoda," ngicaphuna, "okungekho nkohliso kuye!" Inhliziyo yakhe yayijule ngokungenakulinganiswa, ejwayelene nokuthobeka, ukubekezela, nokuzidela. Ikhaya lakhe elincane phakathi kwezimbali lalilula kakhulu; wayazi ukungabi namsebenzi kokunethezeka, injabulo yezinto ezimbalwa. Ukuthobeka ayekugqokile udumo lwakhe lwesayensi kwangikhumbuza ngokuphindaphindiwe ngezihlahla ezigoba phansi ngomthwalo wezithelo ezivuthiwe; umuthi ongatheli ophakamisa ikhanda lawo phezulu ngokuzikhukhumeza okungenamsebenzi.

NgangiseNew York lapho, ngo-1926, umngane wami othandekayo eshona. Ngikhala izinyembezi ngacabanga, "O, ngingajabula ukuhamba yonke indlela ukusuka lapha ngiye eSanta Rosa ukuze ngimbone futhi!" Ngizivalele kude nonobhala nezivakashi, ngachitha amahora angamashumi amabili nane alandelayo ngizimele.

Ngosuku olulandelayo ngenza isiko lesikhumbuzo samaVeda eduze kwesithombe esikhulu sikaLuther. Iqembu labafundi bami baseMelika, begqoke izingubo

zemikhosi yamaHindu, bahlabelela izingoma zasendulo njengoba umnikelo wenziwe ngezimbali, amanzi, nezimpawu zomlilo zezinto zomzimba kanye nokukhululwa kwazo eMthonjeni Ongenamkhawulo.

Nakuba isimo sikaBurbank siseSanta Rosa ngaphansi komsedari waseLebhanoni awutshala eminyakeni edlule engadini yakhe, umphefumulo wakhe ungigcinele yonke imbali enamehlo amakhulu eqhakaza eceleni kwendlela. Ehoxiswe okwesikhashana emoyeni omkhulu wemvelo, akuyena yini uLuther okhuluma emoyeni wakhe, ehamba ekuseni kwakhe?

Igama lakhe selidluliselwe efeni lenkulumo evamile. Lokhu kwakuyoba ukuphela kwami Ngazizwa sengathi ithuba lokuvakashela imfihlakalo enkulu yamaKatolika, uTherese Neumann waseKonnersreuth.

Eminyakeni edlule ngangifunde indaba emangalisayo kaTherese. Ulwazi olunikezwe kulesi sihloko lwaluthi :

(1) UTherese, owazalwa ngo-1898, walimala engozini eneminyaka engamashumi amabili; waba yimpumputhe futhi wakhubazeka.

(6) Ngu- isonto imvume, UTherese ine eziningana izikhathi ube ngaphansi vala okubonwayo kwesayensi. UDkt. Fritz Gerlick, umhleli wephephandaba laseJalimane

lamaProthestani, waya eKonnersreuth ukuyodalula ukukhwabanisa kwamaKatolika, kodwa wagcina ngokubhala ngenhlonipho umlando wakhe. **39-2**

Njengokujwayelekile, kungakhathaliseki ukuthi kuseMpumalanga noma eNtshonalanga, ngangilangazelela ukuhlangana nosanta. Ngajabula njengoba iqembu lethu elincane lingena, ngoJulayi 16, idolobhana elihle laseKonnersreuth. Abalimi baseBavaria babonise isithakazelo esikhulu emotweni yethu yeFord (eyayilethwa nathi ivela eMelika) kanye neqembu layo elihlukahlukene—insizwa yaseMelika, isalukazi, kanye nendoda yaseMpumalanga enombala we-olive enezinwele ezinde ezifakwe ngaphansi kwekhola yejazi layo.

UTherese okuncane indlu encane, kuhlanzekile futhi kuhlanzekile, nge ama-geranium ukuqhakaza ngu a isidala kahle, kwakuyi maye!

ivaliwe buthule. Omakhelwane, ngisho nephoyisa lendawo elalidlula, abakwazanga ukusinika ulwazi. Imvula yaqala ukuna; abangane bami basikisela ukuthi sihambe.

"Cha," Mina kusho ngenkani, "Mina intando hlala lapha kuze kube Mina thola abanye umkhondo ukuhola ku- uTherese."

Ngemva kwamahora amabili sasihleli emotweni yethu phakathi kwemvula enkulu. "Nkosi," ngaphefumula ngikhononda, "kungani ungiholele lapha uma esenyamalele?"

I-An Abakhuluma isiNgisi indoda kumisiwe eceleni thina, ngenhlonipho umnikelo yakhe usizo.

"Angazi ngokuqinisekile ukuthi uTherese ukuphi," esho, "kodwa uvame ukuvakashela ekhaya likaSolwazi Wurz, isazi semfundo ephakeme sase-Eichstatt, esingamakhilomitha angamashumi ayisishiyagalombili ukusuka lapha."

Ngakusasa ekuseni iqembu lethu lahamba ngemoto laya edolobhaneni elithule lase-Eichstatt, elinemigwaqo emincane egandayiwe ngamatshe. UDkt. Wurz wasibingelela ngemfudumalo ekhaya lakhe; "Yebo, uTherese ulapha." Wamthumelela umyalezo wezivakashi. Isithunywa safika ngokushesha nempendulo yakhe.

"Nakuba umbhishobhi engicele ukuba ngingabonani nomuntu ngaphandle kwemvume yakhe, ngizokwamukela umuntu kaNkulunkulu ovela eNdiya."

Ngithinteke kakhulu ngala mazwi, ngalandela uDkt. Wurz phezulu ngaya egumbini lokuhlala. UTherese wangena ngokushesha, ekhanya umoya wokuthula nenjabulo. Wayegqoke ingubo emnyama nengubo emhlophe ecwebelayo. Nakuba eneminyaka engamashumi amathathu nesikhombisa ngaleso sikhathi, wayebonakala emncane kakhulu, enomoya omuhle nobuhle obufana nobomntwana. Ephilile, emile kahle, enezihlathi ezibomvu, futhi ejabule, lo ngusanta ongadli!

UTherese wangibingelela ngokuxhawulana okumnene. Sobabili sajabula kakhulu ngenhlanganyelo ethule, ngamunye azi ukuthi ungumthandi kaNkulunkulu.

UDkt. Wurz wanikela ngomusa ukuba ngumhumushi. Njengoba sasihleli phansi, ngaphawula ukuthi uTherese wayengibheka ngelukuluku lokufuna ukwazi; ngokusobala amaHindu ayengavamile eBavaria.

"Ungakwenzi lokho" wena dla kukhona yini? Mina wayefunwa ku-

zwa i impendulo kusukela yena eyakho izindebe. "Cha,

ngaphandle kwe-wafer yerayisi enikelwe ngofulawa, kanye njalo

ekuseni ngehora lesithupha." "Ingakanani i-wafer?"

"Incane njengephepha, ingangemali encane." Wanezela, "Ngiyithatha ngezizathu zesakramente; uma ingangcweliswanga, angikwazi ukuyigwinya."

"Impela ubungeke uphile kulokho, iminyaka eyishumi

nambili yonke?" "Ngiphila ngokukhanya kukaNkulunkulu."

Yeka impendulo yakhe elula, yeka u-Einsteinian!

"Mina bheka wena qaphela lokho amandla ukugeleza ku- yakho umzimba kusukela i i-ether, ilanga, futhi umoya."

A okusheshayo ukumamatheka ephukile sekuphelile yena ubuso. "Mina ekuseni ngakho-ke ujabule ku- yazi wena qonda Kanjani Mina phila."

"Impilo yakho engcwele iyisibonakaliso sansuku zonke seqiniso elashiwo uKristu: 'Umuntu akayikuphila ngesinkwa sodwa, kodwa ngamazwi onke aphuma emlonyeni kaNkulunkulu.'" **39-3**

Waphinde wabonisa injabulo ngencazelo yami. "Ngempela kunjalo. Esinye sezizathu zokuba lapha emhlabeni namuhla ukufakazela ukuthi umuntu angaphila ngokukhanya kukaNkulunkulu okungabonakali, hhayi ngokudla kuphela."

"Ingabe wena fundisa abanye Kanjani ku- bukhoma ngaphandle ukudla?"

Yena kwavela a i-trifle ngishaqekile. "Mina ayikwazi yenza lokho; UNkulunkulu ingabe hhayi isifiso yona."

Njengoba amehlo ami ebheka izandla zakhe eziqinile nezinomusa, uTherese wangibonisa inxeba elincane, eliyisikwele, elisanda kuphulukiswa ezintendeni zezandla zakhe. Ngemuva kwesandla ngasinye, wabonisa i-crescent encane, inxeba elibunjwe ngendlela ethile, elisanda kuphulukiswa. Inxeba ngalinye lalidlula esandleni ngqo. Lo mbono wangikhumbuza ngokucacile ngezipikili ezinkulu zensimbi eziyisikwele ezineziphetho ezinde njengenyanga, ezisasetshenziswa eMpumalanga, kodwa engingazikhumbuli ngizibonile eNtshonalanga.

USanta wangitshela okuthile ngemizwa yakhe yamasonto onke. "Njengombukeli ongenakuzisiza, ngibona lonke usizi lukaKristu." Isonto ngalinye, kusukela ngoLwesine phakathi kwamabili kuze kube uLwesihlanu ntambama ngehora lokuqala, amanxeba akhe ayavuleka futhi opha igazi; ulahlekelwa amakhilogremu ayishumi esisindo sakhe esivamile esingamakhilogremu angu-121. Ehlupheka kakhulu othandweni lwakhe oluzwelanayo, uTherese kodwa ubheke phambili ngenjabulo kule mibono yamasonto onke ka- iNkosi yakhe.

Ngaqaphela ngokushesha ukuthi impilo yakhe engavamile ihloselwe uNkulunkulu ukuqinisekisa wonke amaKristu ngobuqiniso bomlando bempilo kaJesu nokubethelwa kwakhe esiphambanweni njengoba kulotshwe eTestamenteni Elisha, nokukhombisa ngokuphawulekayo isibopho esihlala sikhona phakathi kweNkosi yaseGalile nabazinikele kuyo.

Uprofesa I-Wurz okuhlobene abanye kwe yakhe okuhlangenwe nakho nge i ongcwele.

"Abaningana bethu, kuhlangele noTherese, bavame ukuhamba izinsuku eziningi ohambweni lokubuka izindawo kulo lonke elaseJalimane," ungitshele. "Kuyinto ehlukile kakhulu—yize sidla kathathu ngosuku, uTherese akadli lutho. Uhlala emusha njenge-rose, engathinteki ukukhathala okubangelwa yilolu hambo.

Njengoba silamba futhi sifuna izindawo zokuhlala eziseduze, uhleka ngenjabulo.”

Uprofesa wengeze imininingwane ethokozisayo yomzimba: "Ngenxa yokuthi uTherese akadli, isisu sakhe sinciphile. Akanawo ama-excretion, kodwa izindlala zakhe zokujuluka ziyasebenza; isikhumba sakhe sihlala sithambile futhi siqinile."

Ku- i isikhathi kwe ukuhlukana, Mina iveziwe ku- UTherese yami isifiso ku- yiba samanje ku- yena ukuzulazula.

"Yebo, ngicela uze eKonnersreuth ngoLwesihlanu oluzayo," esho ngomusa.

"Umbhishobhi uzokunika imvume. Ngiyajabula kakhulu ukuthi ungifunile e-Eichstatt."

UTherese waxhawulana ngezandla kancane, izikhathi eziningi, wabe esehamba neqembu lethu baya esangweni. UMnu. Wright wavula umsakazo wemoto; ungcwele wawuhlola ngokuhleka kancane ngentshiseko. Isixuku esikhulu sentsha sabuthana kangangokuthi uTherese wabuyela endlini. Sambona efasiteleni, laphe asibheka khona, njengomntwana, ephakamisa isandla sakhe.

Kusukela engxoxweni ngakusasa nabafowabo ababili bakaTherese, abanomusa kakhulu futhi abanomusa, safunda ukuthi lo santa ulala ihora elilodwa noma amabili kuphela ebusuku. Naphezu kwamanxeba amaningi emzimbeni wakhe, ukhuthela futhi ungwele amandla. Uthanda izinyoni, unakekela i-aquarium yezinhlanzi, futhi usebenza njalo engadini yakhe. Izincwadi zakhe ziningi; abazinikele kumaKatolika bambhalela imithandazo nezibusiso zokuphulukiswa. Abafuna usizo abaningi belashwe ngenxa yakhe ezifweni ezinkulu.

Umfowabo uFerdinand, owayeneminyaka engaba ngamashumi amabili nantathu, wachaza ukuthi uTherese unamandla, ngomthandazo, okusebenza emzimbeni wakhe ukwelapha izifo zabanye. Ukuzila ukudla kukasanta kwaqala ngesikhathi ethandaza ukuthi isifo somphimbo sensizwa yesifunda sakhe, eyayilungiselela ukungena ezinkonzweni ezingcwele, sidluliselwe emphinjeni wayo.

NgoLwesine ntambama iqembu lethu laya ekhaya lombhishobhi, owabheka izinwele zami ezigelezayo ngokumangala. Wabhala kalula imvume edingekayo. Kwakungekho mali; umthetho owenziwe yiSonto ukuvikela uTherese ekufikeni kwezivakashi ezingajwayelekile, ezazifika ngezinkulungwane eminyakeni edlule ngoLwesihlanu.

Sifike ngoLwesihlanu ekuseni cishe ngo-9:30 eKonnersreuth. Ngaphawula ukuthi indlu encane kaTherese inengxenyekhethekile enophahla lwengilazi ukuze imunike ukukhanya okuningi. Sajabula ukubona Iminyango ayisavaliwe, kodwa ivulekile kakhulu ngenjabulo yokwamukela izivakashi. Kwakukhona umugqa wezivakashi ezingaba amashumi amabili, zihlomile ngezimvume zazo. Abaningi babevela kude ukuzobona umbono ongaqondakali.

UTherese wayephumelele isivivinyo sami sokuqala endlini kaprofesa ngolwazi lwakhe oluqondakalayo lokuthi ngangifuna ukumbona ngezizathu ezingokomoya, hhayi nje ukwanelisa ilukuluku elidlulayo.

Isivivinyo sami sesibili sasihlobene neqiniso lokuthi, ngaphambi nje kokuba ngikhuphukele ekamelweni lakhe, ngazibeka esimweni sokucabanga nge-yogic trance ukuze ngibe munye naye ngokuxhumana nge-telepathic kanye ne-televisic. Ngangena ekamelweni lakhe, ngigcwele izivakashi; wayelele egqoke ingubo emhlophe embhedeni. NoMnu.

Angazi ukuthi izilaleli ezishisekayo zazikwazile yini ukuncoma isithombe esihle engisidwebe ngeMelika; kodwa ihlombe lalilokhu liphezulu kakhulu lapho ngikhuluma ngezinzuzo ezihambanayo ezingavela ngokushintshana ngezici ezinhle kakhulu eMpumalanga naseNtshonalanga.

Mina noMnu. Wright sase siphumule ekuthuleni kwasezindaweni ezishisayo. Idayari yakhe yokuhamba inikeza ukulandisa okulandelayo ngemibono yakhe ngeMysore:

"Amasimu elayisi aluhlaza okwesibhakabhaka, ahlukahlukene ngama-tasseled moba, ahlala phansi kwamagquma anamatshe - amagquma agcwele i-emerald panorama efana namatshe amnyama - futhi ukudlala kwemibala kuthuthukiswa ukunyamalala kwelanga ngokuzumayo nangokumangalisayo njengoba lifuna ukuphumula ngemuva kwamagquma ahloniphekile."

"Abaningi ukujabula izikhathi babe ube uchithe ku ukubuka, cishe engekho-ngokuhlakanipha, ku- i njalo-

indwangu eshintshayo kaNkulunkulu enwetshiwe esibhakabhakeni, ngoba ukuthinta Kwakhe kuphela okukwazi ukukhiqiza imibala enyakazisa ngokuphila okusha. Lobo busha bemibala buyalahleka lapho umuntu ezama ukulingisa ngemibala nje, ngoba iNkosi isebenzisa amafutha aphakathi alula futhi asebenzayo angewona amafutha noma imibala, kodwa imisebe yokukhanya nje. Iphonsa ukukhanya lapha, futhi kubonakalisa obomvu; Uphinde aphakamise ibhulashi futhi lihlangana kancane kancane libe yi-orenji negolide; bese kuthi ngokubhoboza okuhlabayo Yena ukugwaza i amafu nge a umugqa kwe onsomi lokho amaqabunga a indandatho noma umphetho kwe obomvu ukuvuza kwamanzi ephuma enxebeni emafwini; ngakho-ke, njalo njalo, Udlala, ubusuku nemini ngokufanayo, eshintsha njalo, emusha njalo, emusha njalo; akukho maphethini, akukho okufana, akukho mibala efanayo. Ubuhle bokushintsha kwamaNdiya emini nobusuku abunakuqhathaniswa kwenye indawo; ngokuvamile isibhakabhaka sibukeka sengathi uNkulunkulu uthathe konke imibala esebhokisini Lakhe futhi wabanika ukuphonsa okukodwa okukhulu ezulwini.

"Kumele ngilandise ubuhle bokuvakasha kwakusihlwa eDamu elikhulu laseKrishnaraja Sagar, 41-2." yakhiwe ngamakhilomitha ayishumi nambili ngaphandle kweMysore. Mina noYoganandaji sagibela ibhasi elincane, futhi, nomfana omncane njengombambeli we-cranker noma webhethri osemthethweni, saqala umgwaqo owubhuqu obushelelezi, njengoba nje ilanga laliqala. ihlezi endaweni ezungezile futhi icindezela njengotamatisi ovuthiwe ngokweqile.

"Uhambo lwethu lwadlula emasimini elayisi akhona yonke indawo, sidlula emgqeni we-banyan eduduzayo." izihlahla, phakathi kwehlathi lezihlahla zikakhukhunathi ezinde, ezinezitshalo ezicishe zibe nkulu njengasehlathini, futhi ekugcineni, lapho sisondele esiqongweni segquma, sabhekana nechibi elikhulu lokwenziwa, elibonakalisa i izinkanyezi futhi umphetho kwe izintende zezandla futhi okunye izihlahla, uzungezwe ngu kuhle ithafa izingadi kanye nomugqa wezibani zikagesi onqengemeni lwedamu—futhi ngaphansi kwalo amehlo ethu ahlanguana nombukwane okhazimulayo wemisebe enemibala edlala emithonjeni efana ne-geyser, njengemifudlana eminingi yeyinki ekhazimulayo ethulula—izimpophoma eziluhlaza okwesibhakabhaka ezinhle, ezivimba ama-cataract abomvu, izifutho eziluhlaza okwesibhakabhaka neziphuzi, izindlovu ezikhipha amanzi, isithonjana esincane se-Chicago World's Fair, kodwa futhi esivelele kulelizwe lasendulo lamasimu e-raddy nabantu abavamile, abasamukele ngothando kangangokuthi mina ngesaba ukuthi kuzothatha okungaphezu kwamandla ami ukubuyisela uYoganandaji eMelika.

"Elinye ilungelo elingavamile - uhambo lwami lokuqala lwendlovu. Izolo uYuvaraja wasimema esigodlweni sakhe sasehlobo ukuze sijabulele ukugibela enye yezindlovu zakhe, isilo esikhulu. Ngagibela ileli elalilungiselelwe ukukhuphukela phezu ngiye e- *howdah* noma esihlalweni sehhashi, esiboshwe ngesilika futhi sifana nebhokisi; bese kuba ukugingqika, ukujikijela, ukunyakazisa, nokukhuphuka phansi emgodini, ngijabule kakhulu ukukhathazeka noma ukumemeza, kodwa ngilinde impilo emnandi!"

INingizimu yeNdiya, ecebile ngezinsalela zomlando nezemivubukulo, iyizwe elinobuhle obucacile kodwa obungenakuchazeka. Enyakatho yeMysore kunesifundazwe esikhulu kunazo zonke eNdiya, iHyderabad, ithafa elihle eliqoshwe uMfula iGodavari omkhulu. Amathafa abanzi avundile, amaNilgiris amahle noma "izintaba eziluhlaza okwesibhakabhaka," ezinye izifunda ezinamagquma angenalutho e-limestone noma i-granite. Umlando weHyderabad uyindaba ende, enemibala, eqala eminyakeni eyizinkulungwane ezintathu edlule ngaphansi kwamakhosi ase-Andhra, futhi iqhubeka ngaphansi kobukhosi bamaHindu kwaze kwaba ngu-AD 1294, lapho yadlulela ohlwini lwababusi bamaSulumane ababusa kuze kube manje. lolu suku.

Umbukiso omangalisayo kakhulu wokwakha, ubuciko, kanye nokudweba kulo lonke elaseNdiya utholakala eHyderabad emihumeni yasendulo eqoshwe ngamatshe yase-Ellora nase-Ajanta. I-Kailasa e-Ellora, ithempeli elikhulu eliyi-monolithic, inezithombe eziqoshiwe zonkulunkulu, abantu, nezilwane ngobukhulu obukhulu bukaMichelangelo. I-Ajanta yindawo yamasonto amakhulu amahlanu kanye nezindela ezingamashumi amabili nanhlanu,

konke ukumba kwamadwala okugcinwa yizinsika ezinkulu ezidwetsiwe odongeni lapho abaculi nabaqophi bezithombe bebonakalise khona ubuhlakani babo.

Idolobha laseHyderabad lihlotsiwe yi-Osmania University kanye neMecca Masjid Mosque emangalisayo, lapho amaMohammed ayizinkulungwane eziyishumi angahlangana khona ukuze athandaze.

Isifundazwe saseMysore naso siyindawo emangalisayo, engamamitha ayizinkulungwane ezintathu ngaphezu kolwandle, egcwele amahlathi aminyene asezindaweni ezishisayo, ikhaya lezindlovu zasendle, izinyathi, amabhere, amapanther, namahlosi. Amadolobha ayo amabili amakhulu, iBangalore neMysore, ahlanzekile, ayakhangela, anamapaki amaningi nezingadi zomphakathi.

Izakhiwo nezithombe zobuHindu zafinyelela ukuphelela okukhulu eMysore ngaphansi kokusekelwa kwamakhosi amaHindu kusukela ngekhulu leshumi nanye kuya kweleshumi nanhlano. Ithempeli laseBelur, umsebenzi wobuciko wekhulu leshumi nanye owaqedwa ngesikhathi sokubusa kweNkosi uVishnuvardhana, alinakuqhathaniswa emhlabeni ngenxa yobuciko balo beminingwane kanye nemifanekiso ejabulisayo.

Izinsika zamatshe ezitholakala enyakatho yeMysore zisukela ekhulwini lesithathu BC, zikhanyisa inkumbulo yeNkosi u-Asoka. Walandela esihlalweni sobukhosi sobukhosi baseMaurya obabukhona ngaleso sikhathi; umbuso wakhe wawuhlanganisa cishe yonke iNdiya yanamuhla, i-Afghanistan, neBaluchistan. Lo mbusi odumile, obhekwa ngisho nayizazi-mlando zaseNtshonalanga njengombusi ongenakuqhathaniswa, ushiye ukuhlakanipha okulandelayo edwaleni lesikhumbuzo:

Lo mbhalo wenkolo uqoshwe ukuze amadodana ethu nabazukulu bethu bangacabangi Kudingeka ukunqoba okusha; ukuze bangacabangi ukuthi ukunqoba ngenkemba kufanele igama lokunqoba; ukuze bangakuboni lutho ngaphandle kokubhujiswa nobudlova; ukuze bangabheki lutho njengokunqoba kweqiniso ngaphandle kokunqotshwa kwenkolo. Ukunqoba okunjalo kunenani kuleli zwe nakwelizayo.

Okwami abangane futhi Mina ukuma ngaphambi i "iphupho ku imabula," i I-Taj I-Mahal ku- I-Agra.

U-Asoka wayengumzukululeki kaChandragupta Maurya owayenamandla (owaziwa ngamaGriki ngokuthi uSandrocottus), owahlangana no-Alexander Omkhulu ebusheni bakhe. Kamuva uChandragupta wabhubhisa amabutho aseMakedoniya asele eNdiya, wanqoba ibutho laseGrisi elalihlasela laseSeleucus ePunjab, wabe esethola enkantolo yakhe yasePatna inxusa lamaGriki uMegasthenes.

Izindaba ezithakazelisayo kakhulu ziye zaqoshwa kancane kancane yizazi-mlando zamaGriki nabanye abahambisana noma abalandela u-Alexander ohambweni lwakhe oluya eNdiya. I-Plutarch, futhi I-Strabo i isazi sejografi babe ube kuhunyushwe ngu UDkt. J. W. M'Crindle **41-3** ukuze akhanyise iNdiya yasendulo. Isici esibaluleke kakhulu sokuhlasela kuka-Alexander okungaphumelelanga kwakuyisithakazelo esijulile asibonisa kwifilosofi yamaHindu naku-yogis namadoda angcwele ayehlangana nawo ngezikhathi ezithile futhi ayefuna umphakathi wawo ngentshiseko. Ngemva nje kokuba iqhawe lamaGriki lifikile eTaxila enyakatho yeNdiya, wathumela isithunywa, u-Onesikritos, umfundi wesikole samaGriki sikaDiogenes, ukuyolanda uthisha waseNdiya, uDandamis, i-sannyasi enkulu ka I-Taxila.

"Sawubona, mfundisi wamaBrahmin!" kusho u-Onesikritos ngemuva kokufuna amaDandami endaweni yakhe yokuphumula ehlathini. "Indodana kaNkulunkulu onamandla uZeus, ongu-Alexander oyiNkosi Ebusayo yabo bonke abantu, ikucela ukuba uye kuye, futhi uma uvuma, uzokuvuza ngezipho ezinkulu, kodwa uma wenqaba, uzokunquma ikhanda!"

I-yogi yathola lesi simemo esiphokelelayo ngokuthula, futhi "ayizange iphakamise ikhanda layo kusofa layo lamaqabunga."

"Nami ngiyindodana kaZeyusi, uma u-Alexander enjalo," ephawula. "Angifuni lutho olungoluka-Alexander, ngoba ngiyaneliseka ngalokho enginakho, kuyilapho ngibona ukuthi uhamba namadoda akhe olwandle nasemhlabeni ngaphandle kwenzuzo, futhi akasoze aqeda ukuzulazula kwakhe."

"Hamba uyotshela u-Alexander ukuthi uNkulunkulu iNkosi Ephakeme akakaze abe nguMsunguli wephutha elibi, kodwa uMdali wokukhanya, wokuthula, wokuphila, wamanzi, womzimba womuntu nowemiphefumulo; wamukela bonke abantu lapho ukufa kubakhulula, engesona neze isifo esibi. Nguye kuphela uNkulunkulu engimhloniphayo, ozonda ukubulala futhi ongagqugquzeli izimpi.

"U-Alexander akayena unkulunkulu, njengoba kumele azwe ukufa," kuqhubeka isazi ngokudelela. "Angaba kanjani inkosi yomhlaba, engakahlali esihlalweni sobukhosi sangaphakathi?" umbuso wendawo yonke? Akakangeni eHayidesi kuze kube manje, futhi akayazi indlela yokuphila. i ilanga ngokusebenzisa i ephakathi izifunda kwe i umhlaba, ngenkathi i izizwe kuvuliwe yayo imingcele babe Angikaze ngizwe ngisho negama lakhe!

Ngemva kwalesi sijeziro, ngokuqinisekile esibi kakhulu esake sathunyelwa
ukuhlasela izindlebe zeNkosi Yomhlaba, isazi sanezela ngokuhlekisa, “Uma imibuso
ka-Alexander yamanje ingenawo amandla okwanelisa izifiso zakhe, makawele
uMfula iGanges; lapho uzothola isifunda esikwazi ukondla wonke amadoda akhe,
uma izwe elingaphesheya lincane kakhulu ukuba lingambamba.

"Nokho, yazi lokhu ukuthi lokho u-Alexander akunikezayo kanye nezipho
azithembisayo kuyizinto ezingenamsebenzi kimi; izinto engizithandayo
nengizitholayo eziwusizo lwangempela yilezi zimbali ezingokwami."

indlu, lezi zitshalo eziqhakazayo ezinginika ukudla kwansuku zonke, namanzi ayisiphuzo sami; kuyilapho zonke ezinye izinto eziqoqwe ngokukhathazeka zingeke zibe yinhlekelele ku- labo ababaqoqayo, futhi babangela usizi nokukhathazeka kuphela, okugcwele wonke umuntu ompofu. Mina, ngilala emaqabungeni ehlathi, futhi ngingenalutho oludinga ukuqapha, ngivala amehlo ami ebuthongweni obuthule; kuyilapho nganginanoma yini engingayiqapha, engangixosha ubuthongo. Umhlaba unginika konke, njengomama onakekela ingane yakhe ngobisi. Ngiya nomaphi lapho ngithanda khona, futhi akukho ukukhathazeka engiphogeleka ukuba ngizikhathaze ngakho.

"Uma u-Alexander enganginquma ikhanda, ngeke akwazi nokubhubhisa umphefumulo wami. Ikhanda lami lodwa, bese lithule, ngizosala, ngishiye umzimba njengengubo edabukile emhlabeni, lapho yathathwa khona. Mina-ke, sengiba nguMoya, ngizokhuphukela kuNkulunkulu wami, owasivalela sonke enyameni futhi wasishiya emhlabeni ukuze afakazele ukuthi, lapho silapha ngaphansi, sizophila ngokulalela izimiso zaKhe nokuthi ngubani futhi ozophila sidinga kithi sonke, lapho sisuka lapha siya ebukhoneni Bakhe, ukulandisa ngempilo yethu, njengoba enguMahluleli kubo bonke ububi bokuqhosha; ngoba ukububula kwabacindezelweyo kuba yisijeziso sababi umcindezeli.

"U-Alexander makabesabisa ngalezi zinsongo labo abafisa ingcebo futhi abesaba ukufa, ngoba lezi zikhali azinamandla ngokumelene nathi; amaBrahmin awathandi igolide futhi awakwesabi ukufa. Hamba-ke utshele u-Alexander lokhu: AmaDandamis awadingi lutho olungolwakho, ngakho-ke ngeke aye kuwe, futhi uma ufuna noma yini evela kumaDandamis, woza kuye."

Ngokunaka okukhulu u-Alexander wathola umyalezo ovela ku-Onesikritos ovela ku-yogi, futhi "wazizwa isifiso esinamandla kunanini ngaphambili sokubona uDandami, owayemdala futhi ehamba ze, engumphikisi kuphela lapho yena, umnqobi wezizwe eziningi, ahlangana khona nabanye ngaphandle komlingani wakhe."

U-Alexander wamema eTaxila inani labantu abazidelayo abangamaBrahmin abaqashelwa ngekhono labo lokuphendula imibuzo yefilosofi ngokuhlakanipha okujulile. UPlutarch ulandisa ngokulwa ngamazwi; u-Alexander ngokwakhe wahlela yonke imibuzo.

"Yibaphi abaningi kakhulu, abaphilayo noma

abafileyo?" "Abaphilayo, ngoba abafileyo abakho."

"Yikuphi okuzala izilwane ezinkulu, ulwandle noma

izwe?" "Izwe, ngoba ulwandle luyingxenye nje

yomhlaba."

"Yikuphi kuyinto i ohlakaniphe kakhulu kwe izilwane?"

"Leyo umuntu angakayijwayele." (Umuntu wesaba okungaziwa.)

"Yikuphi okwaba khona kuqala, imini noma ubusuku?"

"Usuku lwaba ngolokuqala ngosuku olulodwa." Le mpendulo yabangela u-Alexander ukumangala; iBrahmin yanezela: "Imibuzo engenakwenzeka idinga izimpendulo ezingenakwenzeka."

"Kanjani okungcono kakhulu kungenzeka a indoda yenza yena "Sithandwa?"

"Umuntu uzothandwa uma, enamandla amakhulu, engazenzi esabe." "Umuntu angaba kanjani unkulunkulu?" **41-5**

"Ngokwenza lokho okungenakwenzeka ngomuntu."

"Yikuphi okunamandla, ukuphila noma ukufa?"

"Ukuphila, ngoba yona amabhere ngakho-ke eziningi ububi."

U-Alexander waphumelela ekuthatheni i-yogi yangempela eNdiya, njengomfundisi wakhe. Lo muntu kwakunguSwami Sphines, owayebizwa ngokuthi "amaKalano" ngamaGreki ngoba ungcele, umkhulekeli kaNkulunkulu ngesimo sikaKali, wayebingelela wonke umuntu ngokubiza igama Lakhe elihle.

UKalanos wahamba no-Alexander baya ePheresiya. Ngosuku oluthile, eShushani ePheresiya, uKalanos wanikela ngomzimba wakhe osegugile ngokungena emlilweni womngcwabo phambi kwebutho lonke laseMakedoniya. Izazi-mlando zembali bhala phansi ukumangala kwamasosha aqaphela ukuthi i-yogi yayingesabi ubuhlungu noma ukufa, futhi engakaze isuke esikhundleni sayo njengoba yayishiswa emalangabi. Ngaphambi kokuhamba Ngesikhathi sokushiswa kwesidumbu sakhe, uKalanos wayebamukele bonke abangane bakhe abaseduze, kodwa wagwema ukuvalelisa ku-Alexander, lowo isazi samaHindu esasimtshele nje ukuthi:

"Mina kufanele bheka wena maduze ku iBhabhiloni."

U-Alexander washiya iPheresiya, washona ngonyaka olandelayo eBhabhiloni. Amazwi kamfundisi wakhe waseNdiya ayeyindlela yakhe yokuthi wayezoba khona no-Alexander ekuphileni nasekufeni.

Izazi-mlando zamaGreki zisishiyele izithombe eziningi ezicacile neziphefumulelayo zomphakathi waseNdiya. Umthetho wamaHindu, u-Arrian usitshela, uvikela abantu futhi "unquma ukuthi akekho phakathi kwabo ozoba yisigqila, ngaphansi kwanoma yiziphi izimo, kodwa, bejabulela inkululeko bona ngokwabo, bazohlonipha ilungelo elilinganayo lalo bonke abanalo. Labo, babecabanga, abafunde ukungabusi noma ukukhothamela abanye bazofinyelela impilo efanelana kangcono nazo zonke izimo zezwe." **41-6**

"AmaNdiya," kusho omunye umbhalo, "awakhiphi imali ngenzalo, futhi awakwazi

ukuboleka imali. Kuphambene nendlela esetshenziswayo ukuthi umuntu waseNdiya enze noma ahlupheke kabi, ngakho-ke awenzi izivumelwano futhi awadingi izibambiso." Sitshelwa ukuthi ukuphulukiswa kwakungezindlela ezilula nezingokwemvelo. "Ukwelapha kwenziwa ngokulawula ukudla kunokusebenzisa imithi. Izindlela zokwelapha ezihlonishwa kakhulu ngamafutha okugcoba nama-plaster. Zonke ezinye zibhekwa njengeziyingozi kakhulu." Ukuzibandakanya empini kwakunqunyelwe kumaKshatriya *noma* eqenjini lamaqhawe. "Futhi isitha esizofika kumlimi emsebenzini wakhe ezweni lakhe, ngeke simlimaze, ngenxa yamadoda alokhu njengoba isigaba sibhekwa njengabasizi bomphakathi, sivikelekile kuzo zonke izingozi. Ngakho-ke umhlaba uhlala ungalinyazwanga futhi ukhiqiza izitshalo eziningi, unikeza izakhamuzi izidingo zokwenza impilo ibe mnandi." **41-7**

UMbusi uChandragupta owangoba ujenene ka-Alexander, uSeleucus ngo-305 BC, wanquma amashumi ayisikhombisa eminyaka edlule. iminyaka kamuva ku- isandla sekuphelile i izintambo kwe I-India uhulumeni ku- yakhe indodana. Ukuhamba ku- ENingizimu India, uChandragupta wachitha iminyaka eyishumi nambili yokugcina yokuphila kwakhe njengomuntu ozidelayo ongenamali, efuna ukuzanelisa emhumeni onamadwala eSravanabelagola, manje ohlonishwa njengendawo engcwele yaseMysore. isithombe esikhulu kunazo zonke emhlabeni, esiqoshwe edwaleni elikhulu ngamaJain ngo-AD 983 ukuhlonipha uSanta Comateswara.

Izindawo zenkolo ezivamile zaseMysore ziyisikhumbuzo esihlala njalo sabangcwele abaningi abakhulu baseNingizimu INdiya. Okukodwa kwe lokhu amakhosi, I-Thayumanavar, ine kwesobunxele thina i okulandelayo inselele inkondlo:

Wena ithini ukulawula a ukuhlanya indlovu;
Ungavala umlomo webhere nengwe; Ungagibela
ibhubesi;
Wena ithini dlala nge i imfezi;
Nge-alchemy ungazitholela imali yakho
yokuziphilisa; Ungazulazula endaweni yonke
engabonakali; Ungaba yizikhonzi zonkulunkulu;
Wena ithini yiba njalo ubusha;
Wena ithini ukuhamba kuvuliwe amanzi futhi bukhoma ku umlilo;
Kodwa ukulawula kwe i ingqondo kuyinto kungcono futhi Okuningi
kunzima.

ESifundazweni esihle nesivundile saseTravancore eningizimu yeNdiya, lapho izimoto zithuthwa khona ngemifula nemisele, iMaharaja ithatha minyaka yonke isibopho esizuzwe njengefa sokuhlambulula isono esibangelwe yizimpi kanye nokuhlanganiswa kwezifundazwe eziningana ezincane eTravancore esikhathini esidlule. Izinsuku ezingamashumi amahlanu nesithupha ngonyaka iMaharaja ivakashela ithempeli kathathu nsuku zonke ukuze ilalele izingoma zamaVedic kanye nokuphindaphindwa; umcimbi wokuhlambulula uphela nge- *lakshadipam* noma ukukhanya kwethempeli ngezibani eziyizinkulungwane eziyikhulu.

Umniki-mthetho omkhulu wamaHindu uManu **41-8** uchaze imisebenzi yenkosi. "Kufanele athulule izinsiza ezifana no-Indra (inkosi yonkulunkulu); aqoqe intela kancane futhi angabonakali njengoba ilanga lithola umhwamuko emanzini; angene ekuphileni kwabantu bakhe njengoba umoya uhamba yonke indawo; ahlulele ngisho nobulungisa kubo bonke njengoYama (unkulunkulu wokufa); abophe abaphambuki ngentambo njengoVaruna (unkulunkulu wamaVeda wesibhakabhaka nomoya); athokozise bonke njengenyanga, ashise izitha ezinonya njengonkulunkulu womlilo;

futhi asekele bonke njengonkulunkulukazi womhlaba."

"Empini inkosi akufanele ilwe ngezikhali ezinobuthi noma ezivuthayo noma ibulale izitha ezibuthakathaka noma ezingakakulungeli noma ezingenazo izikhali noma amadoda esabayo noma athandazela isivikelo noma ababalekayo. Impi kufanele isetshenziswe kuphela njengesixazululo sokugcina. Imiphumela ihlala ingabazeka empini."

UMongameli waseMadras ogwini oluseningizimu-mpumalanga yeNdiya uqukethe idolobha eliyisicaba, elikhulu, elinolwandle laseMadras, kanye neConjeeveram, iDolobha Legolide, indawo eyinhloko-dolobha yobukhosi basePallava amakhosi abo ayebusa.

phakathi namakhulu eminyaka okuqala enkathi yobuKristu. KuMongameli wanamuhla waseMadras, ubudlova Imibono kaMahatma Gandhi iye yathuthuka kakhulu; "ama-cap kaGandhi" amhlophe ahlukile abonakala yonke indawo. Eningizimu ngokuvamile iMahatma idale izinguquko eziningi ezibalulekile zethempeli "kwabantu abangathinteki" kanye nezinguquko zesistimu yokwahlukaniswa kwabantu.

Imvelaphi yesimiso sokwahlukaniswa kwabantu, esakhiwe yisishayamthetho esikhulu uManu, yayimangalisa. Wabona ngokucacile ukuthi abantu bahlukaniswa ngokuziphendukela kwemvelo ngezigaba ezine ezinkulu: labo abakwaziyo ukunikeza inkonzo emphakathini ngomsebenzi wabo womzimba (*Sudras*); labo abakhonza ngokusebenzisa ingqondo, ikhono, ezolimo, ezohwebo, ezohwebo, impilo yebhizinisi jikelele (*amaVaisya*); labo abanamakhono okuphatha, ukuphatha, kanye nokuvikela—ababusi namaqhawe (*amaKshatriya*); labo abanemvelo yokucabanga, abaphefumulelwe ngokomoya futhi abaphefumulelayo (*amaBrahmin*). "Ukuzalwa, amasakramente, isifundo noma okhokho abakwazi ukunquma ukuthi umuntu uzelwe kabili yini (okungukuthi, iBrahmin);" kusho *iMahabharata* , "isimilo nokuziphatha kuphela okunganquma." **41-9** UManu uyalelwe umphakathi ukukhombisa inhlonipho kumalungu awo uma nje enokuhlakanipha, ubuhle, ubudala, ubuhlobo noma, okokugcina, ingcebo. Ingcebo e-Vedic India yayihlala idelelwa uma iyoqwe noma ingatholakali ngezinjongo zomusa. Amadoda angenamusa acebile kakhulu ayenikezwa isikhundla esiphansi emphakathini.

Ububi obukhulu bavela lapho uhlelo lwezigaba luqina phakathi namakhulu eminyaka lwaba yisithiyo esizuzwe njengefa. Abaguquli bezenhlalo abanjengoGandhi kanye namalungu emiphakathi eminingi eNdiya namuhla benza intuthuko ehamba kancane kodwa eqinisekile ekubuyiseleni izindinganiso zakudala zezigaba, ngokusekelwe kuphela ekuziphatheni kwemvelo hhayi ekuzalweni. Zonke izizwe emhlabeni zine-karma yazo ehlukile ekhiqiza usizi okufanele zibhekane nayo futhi ziyisuse; neNdiya, ngomoya wayo oquququkayo nongenakunqotshwa, izozibonakalisa ilingana nomsebenzi wokuguqulwa kwezigaba.

INingizimu yeNdiya iheha kakhulu kangangokuthi mina noMnu. Wright sasifisa ukwandisa i-idyl yethu. Kodwa isikhathi, ngenxa yokungabi nanhlonipho kwaso kwasendulo, asizange sisinike isikhathi sokwelula inhlonipho. Bengihlelelwe ukukhuluma maduze nje esimisweni sokuphetha se-Indian Philosophical Congress eCalcutta University. Ekupheleni kokuvakashela eMysore, ngijabulele ingxoxo noSir CV Raman, umongameli we-Indian Academy of Isayensi. Sehla emotweni ngemva kwesikhashana, sahamba ibanga elithile phakathi kwentuthu eqina yemililo yama-sadhus naphezu kwesihlabathi esishelelayo ukuze sifinyelele eqoqweni lezindlu ezincane, eziphansi kakhulu zodaka notshani. Sama phambi kwenye yalezi zindlu zesikhashana ezingabalulekile, enomnyango ongenamnyango onjenge-pygmy, indawo yokukhosela kaKara Patri, i-sadhu encane ehambahambayo eyaziwa ngokuhlakanipha kwayo okumangalisayo. Lapho yayihleli, imilenze yayo igobile phezu kwenqwaba yotshani, okuwukuphela kwesembozo sayo - futhi okuwukuphela kwento eyayinayo - kwakuyindwangu e-oher embozwe emahlombe ayo.

"Ngempela ubuso obungcwele basimomotheka ngemva kokuba sesingene ngezinyawo ezine endlini futhi *sabizwa* ezinyaweni zalomphefumulo okhanyisiwe, kuyilapho isibani sikaphalafini emnyango sikhanya ngendlela exakile,

izithunzi ezidansa ezindongeni ezifulelwe ngotshani. Ubuso bakhe, ikakhulukazi amehlo akhe namazinyo akhe aphelele, kwakhanya futhi kwakhanya. Nakuba ngangididekile ngesiHindi, ubuso bakhe babuveza kakhulu; wayegcwele intshiseko, uthando, inkazimulo engokomoya. Akekho owayengaphazama ngobukhulu bakhe.

"Cabanga ngempilo ejabulisayo yomuntu ongaxhumene nomhlaba wezinto ezibonakalayo; ongenankinga yokugqoka; ongenaso isifiso sokudla, ongaceli nhlobo, ongasithinti ukudla okuphekiwe ngaphandle kwezinsuku ezishintshanayo, ongasoze athinte nhlobo." ukuthwala isitsha sokucela; ukukhululeka kukho konke ukubopheka kwemali, ungalokothi uphathe imali, ungalokothi ugcine izinto kude, uthembele kuNkulunkulu njalo; ungakhathazeki ngezinto zokuhamba, ungalokothi ugibele izimoto, kodwa uhlale uhamba ogwini lwemifula engcwele; ungalokothi uhlale endaweni eyodwa isikhathi esingaphezu kwesonto ukuze ugweme noma yikuphi ukukhula kokunamathela.

"Umphefumulo othobekile kangaka! Wafunda ngendlela engavamile kumaVeda , futhi uneziqu ze-MA kanye nesiqu esithi *shastri* (master of scriptural) eBenares University. Umuzwa omuhle kakhulu wangifikela njengoba ngangihlala ezinyaweni zakhe; konke kwabonakala kuyimpendulo yesifiso sami sokubona i-India yangempela, yasendulo, ngoba ungummeleli wangempela waleli zwe lama-giants angokomoya."

Ngabuza uKara Patri ngempilo yakhe yokuzulazula. "Awunazo yini ezinye izingubo zasebusika?" "Cha, lokhu kwanele."

"Yenza wena phatha noma yikuphi izincwadi?"

"Cha, ngibafundisa ngekhanda labo bantu abafisa

ukungizwa." "Yini enye oyenzayo?"

"Mina zulazula ngu i "Ganges."

Ngala mazwi athule, nganqotshwa ukulangazelela ukuphila kwakhe okulula. Ngakhumbula iMelika, kanye nayo yonke imithwalo yemfanelo eyayisemahlombe ami.

"Cha, Yogananda," ngacabanga, ngokudabukisayo isikhashana, "kule mpilo ukuzulazula eduze kweGanges akukufanele ."

Ngemva kokuba uSadhu engitshele okumbalwa kwalokho ayekuqaphela

ngokomoya, ngabuza umbuzo ongazelelwe. "Ingabe unikeza lezi zincazelo

kusukela ezincwadini ezingcwele, noma kusukela kokuhlangenwe nakho

kwangaphakathi?"

"Ingxenye kusukela incwadi ukufunda," yena kuphenduliwe nge a okuqondile ukumamatheka, "futhi ingxenye kusukela isipiliyoni."

Sahlala isikhashana sijabule sithule sicabanga. Ngemva kokushiya ubukhona bakhe obungcwele, ngathi kuMnu. Wright, "Uyinkosi ehlezi esihlalweni sobukhosi sotshani begolide."

Sadla isidlo sethu sakusihlwa ngalobo busuku endaweni ye *-mela* ngaphansi kwezinkanyezi, sidla emapuletini amaqabunga ahlanganiswe ngezinduku. Ukugeza izitsha eNdiya kuncishisiwe kwaba kuncane kakhulu!

-*kumbha* ekhangayo ; bese ngibheka enyakatho-ntshonalanga eceleni kogu lwaseJumna ngiya e-Agra. Ngaphinde ngabuka iTaj Mahal; ngikhumbula uJitendra wema eceleni kwami, emangazwe yiphupho eligqoke imabula. Ngase ngibheka i-ashram yaseBrindaban kaSwami Keshabananda.

Inhloso yami ekufuneni uKeshabananda yayihlobene nale ncwadi. Ngangingakaze ngikhohlwe isicelo sikaSri Yukteswar sokuba ngibhale impilo kaLahiri Mahasaya. Ngesikhathi ngihlala eNdiya ngangisebenzisa wonke amathuba okuxhumana nabafundi abaqondile nezihlobo zeYogavatar. Ngigqopha izingxoxo zabo ngamanothi amaningi, ngaqinisekisa amaqiniso nezinsuku, futhi ngaqoqa izithombe, izincwadi ezindala, nemibhalo. Iphothifoliyo yami kaLahiri Mahasaya yaqala ukwanda; Ngaqaphela ngokudumala ukuthi phambi kwami kwakunemisebenzi enzima yokubhala. Ngathandaza ukuthi ngingalingana nendima yami njengomlobi womlando wesazi esikhulu. Abafundi bakhe abanengi babesaba ukuthi endabeni ebhaliwe inkosi yabo ingase idelelwe noma iqondwe kabi.

"Umuntu akanakukwazi ukwenza ubulungiswa ngamazwi angenamsebenzi empilweni yomuntu ozelwe njengoNkulunkulu," kusho uPanchanon Bhattacharya kimi.

Abanye abafundi abaseduze nabo babenelisekile ngokugcina i-Yogavatar ifihliwe ezinhliziyweni zabo njengomfundisi ongenakufa. Noma kunjalo, ngikhumbula isibikezelo sikaLahiri Mahasaya mayelana nomlando wakhe, ngenza konke okusemandleni ami ukuqinisekisa nokuqinisekisa amaqiniso okuphila kwakhe kwangaphandle.

USwami Keshabananda wabingelela iphathi yethu ngemfudumalo eBrindaban eKatayani Peith Ashram yakhe, isakhiwo esikhulu sezinini esinezinsika ezinkulu ezimnyama, esibekwe engadini enhle. I-swami wayesondela eminyakeni engamashumi ayisishiyagalolunye, kodwa umzimba wakhe onemisipha wawubonisa amandla nempilo. Njengoba enezinwele ezinde nentshebe emhlophe njengeqhwa, amehlo akhe ekhanya ngenjabulo, wayengumuntu ongokoqobo onjengobaba wesizwe. Ngamtshela ukuthi ngifuna ukusho igama lakhe encwadini yami mayelana namakhosi ase-India.

"Ngicela ungitshele ngempilo yakho yangaphambilini." Ngamomotheka ngokuncenga; ama-yoga amahle avame ukungaxhumani.

UKeshabananda wenza isenzo sokuthobeka. "Akukho lutho oluvela ngaphandle. Cishe impilo yami yonke ngiyichithe ezindaweni zodwa zaseHimalaya, ngihamba ngezinyawo ngisuka komunye umhume othule ngiya komunye. Okwesikhashana ngangine-ashram encane ngaphandle kweHardwar, izungezwe yihlathi lezihlahla ezinde nxazonke. Kwakuyindawo enokuthula engavakashelwa kakhulu abahambi, ngenxa yokuba khona kwama-cobra." UKeshabananda wahleka. "Kamuva

isikhukhula saseGanges sakhukhula i-hermitage kanye nama-cobra ngokufanayo. Abafundi bami base bengisiza ukwakha le ashram yaseBrindaban."

Omunye weqembu lethu wabuza iswami ukuthi izivikele kanjani ezingwe zaseHimalaya • **9**

UKeshabananda wanikina ikhanda. "Kulezo zindawo eziphakeme ngokomoya," esho, "izilo zasendle azivamile ukuhlukumeza ama-yogi. Lapho sengisehlathini ngahlangana nengwe ubuso nobuso. Lapho ngiphuma ebhodweni ngokungazelelwe, lesi silwane saphenduka itshe." I-swami yaphinde yahleka ngenkumbulo yayo.

"Ngezinye izikhathi Mina kwesobunxele yami ukuzihlukanisa ku- vakashela yami uchwepheshe ku IBenares. Yena kusetshenziswe ku- ihlaya nge mina sekuphelile yami

okungapheli ukuhamba ku i I-Himalayan ihlane.

"Unesifiso sokuzulazula onyaweni lwakho,' wangitshela ngesinye isikhathi.
'Ngiyajabula ukuthi amaHimalaya angcwele anele ukukuheha.'

"Izikhathi eziningi," kuqhubeka uKeshabananda, "ngaphambi nangemva kokushona kwakhe, uLahiri Mahasaya uvele phambi kwami. Kuye akukho ukuphakama kwaseHimalaya okungafinyeleleki!"

Ngemva kwamahora amabili wasiholela egcekeni lokudlela. Ngabubula ngokukhathazeka buthule. Esinye isidlo esinezikhombisi eziyishumi nanhlanu! Ngaphansi konyaka wokungenisa izihambi kwamaNdiya, futhi ngase ngithole amakhilogremu angamashumi amahlanu! Kodwa ngabe kwakubhekwa njengokungabi nanhlonipho ukwenqaba noma yiziphi izitsha, ezilungiselelwe ngokucophelela amadili angapheli ngenxa yami. ENdiya (akukho ndawo, maye!) i-swami ephekiwe kahle ibhekwa njengento ejabulisayo. **42-10**

Umuntu uyaphenduka ukuze afihle ukumamatheka lapho ezwa incazelo yabahamba gezinyawo enikezwa inkondlo kaRavidas ngumlobi waseNtshonalanga:

"Ngemva kwalokho wakha idokodo, wamisa kulo isithombe asenza ngesikhumba, wazinikela ekukhulekeleni kwaso."

URavidas wayengumfundi kaKabir omkhulu. Omunye wama-chela aphakeme kaRavidas kwakunguRani waseChitor. Wamema inani elikhulu lamaBrahmin edilini lokuhlonipha uthisha wakhe, kodwa benqaba ukudla nomuntu ophansi olungisa izicathulo. Njengoba behlala phansi ngokuzihlukanisa ukuze badle okwabo ukudla okungangcolisiwe, bheka! uBrahmin ngamunye wathola eceleni kwakhe isimo sikaRavidas. Lo mbono omkhulu wafeza ukuvuselelwa okungokomoya okusabalele eChitor.

Ezinsukwini ezimbalwa iqembu lethu elincane lafika eCalcutta. Ngilangazelela ukubona uSri Yukteswar, ngadumala ukuzwa ukuthi wayeseshiyile eSerampore futhi manje wayesePuri, cishe amakhilomitha angamakhulu amathathu eningizimu.

Esikhathini esifushane ngaphambi kokushona kwakhe, umfundisi wami wayegula kancane ngenxa yomkhuhlane, kodwa ngaphambi kosuku lokukhuphukela kwakhe e-Infinite, umzimba wakhe wawusuphilile ngokuphelele. Kungakhathaliseki ukuthi ngibheka kangaki isimo sakhe esithandekayo ngangingaqapheli ukuthi impilo yaso isihambile. Isikhumba sakhe sasibushelelezi futhi sithambile; ebusweni bakhe kwakukhona ukubonakaliswa kokuthula. Wayewushiye ngamabomu umzimba wakhe ngesikhathi sokubizwa okungaqondakali.

Uphumelele esivivinyweni sami; uthando lwakho lwakhanya phakathi kwamafu azo zonke izinsolo." Wanezela ngomusa, "Nami ngize namuhla ukuzokutshela: Ngeke ngiphinde ngigqoke amehlo aqinile okukusola. Ngeke ngiphinde ngikukhuze."

Yeka ukuthi ngangiphuthelwe kangakanani izijeziso zomfundisi wami omkhulu! Ngamunye wayeyingelosi evikelayo.

"Othandekayo Nkosi! Khuza mina a isigidi izikhathi-do ukuthethisa mina manje!"

"Ngeke ngisakukhuza." Izwi lakhe laphezulu lalinzima, kodwa linokuhleka okungaphansi. "Mina nawe sizomomotheka ndawonye, inqobo nje uma izimo zethu ezimbili zibonakala zihlukile ephusheni *likaNkulunkulu* . Ekugcineni sizohlangana sibe munye ku-Cosmic Othandekayo; ukumomotheka kwethu kuzoba ukumomotheka Kwakhe, ingoma yethu ehlangene yenjabulo enyakaza kuze kube phakade ukuze isakazwe emiphefumulweni eqondiswe uNkulunkulu!"

USri Yukteswar wangikhanyisela ngezinto ezithile engingakwazi ukuzidalula lapha. Phakathi namahora amabili awachitha nami ekamelweni lehhotela laseBombay waphendula yonke imibuzo yami. Iziprofetho ezingana zomhlaba ezashiwo nguye ngalolo suku lukaJuni ngo-1936 sezigwalisekile kakade.

"Ngiyakushiya manje, sithandwa!" Ngala mazwi ngezwa uMfundisi encibilika ezingalweni zami ezizungezile.

"Mntanami," izwi lakhe lazwakala, linyakaza esibhakabhakeni sami somphefumulo, "noma nini lapho ungena emnyango we- *nirbikalpa samadhi* ungibize, ngizokuza kuwe ngenyama negazi, njenganamuhla."

Ngalesi sithembiso sasezulwini uSri Yukteswar wanyamalala emehlweni ami. Izwi elifana nefu liphindaphindwa ngokuduma komculo: "Tshela konke! Noma ngubani owaziyo ngokuqaphela kwe- *nirbikalpa* ukuthi umhlaba wakho uyiphupho likaNkulunkulu angafika eplanethini enhle kakhulu yeHiranyaloka edalwe amaphupho, futhi angithole ngivusiwe emzimbeni ofana ncamashi nowami wasemhlabeni. Yogananda, tshela konke!"

Usizi lokuhlukana lwaluphelile. Isihawu nosizi ngokufa kwakhe, owayengiphuca ukuthula isikhathi eside, manje wabaleka ehlazweni elikhulu. Injabulo yathululeka njengomthombo odlula emigodini yomphefumulo engapheli, esanda kuvulwa. Njengoba yayivinjiwe kudala ngenxa yokungasetshenziswa, manje yanda

ngobumsulwa ngenxa yesikhukhula esikhulu senjabulo.

Imicabango nemizwa engaphansi kwengqondo yami yangaphambilini ikhipha amabala ayo e-karmic, avuselelwa ngokukhazimula ukuvakasha kukaSri Yukteswar kwaphezulu.

Kulesi sahluko sencwadi yami yokuphila ngilalele umyalo womfundisi wami futhi ngasakaza izindaba ezimnandi, yize kuphinde kudide isizukulwane esingabazi.

Umntu uyazi kahle ukuthi ukuphelelwa yithemba akuvamile ukuba yinto engavamile; kodwa lokhu kuyizinto ezimbi, akuyona ingxenye yesimo sangempela somuntu. Ngosuku athanda ngalo, uzobe esesendleleni eya enkululekweni.

Sekuyisikhathi eside elalele ukuphelelwa yithemba okukhulu kwabeluleki bakhe "abanjengothuli", engenandaba nomphefumulo onganqotshwa.

Mina kwakuyi hhayi i kuphela eyodwa amalungelo ku- bheka i Uvusiwe Umfundisi.

Omunye wabahlengikazi bakaSri Yukteswar kwakungowesifazane osekhulile, owaziwa ngothando ngokuthi *uMa* (uMama), owayehlala eduze ne-Puri hermitage. UMaster wayevame ukuma ukuze axoxe naye ngesikhathi ehamba ekuseni. Ngobusuku bangoMashi 16, 1936, uMa wafika e-ashram wacela ukubona umfundisi wakhe.

"Ingani, uMfundisi ushone ngesonto eledlule!" USwami Sebananda, manje ophethe i-hermitage yamaPuri, wambheka ngokudabuka.

"Akunakwenzeka lokho!" Wamomotheka kancane. "Mhlawumbe uzama nje ukuvikela lo mfundisi ezivakashini eziphikelelayo?"

"Cha." USebananda walandisa imininingwane yomngcwabo. "Woza," esho, "ngizokuyisa engadini engaphambili ethuneni likaSri Yukteswarji."

UMama wanikina ikhanda. "Akukho thuna lakhe! Namuhla ekuseni ngehora leshumi udlule ngendlela yakhe evamile phambi komnyango wami! Ngikhulume naye imizuzu embalwa ngaphandle okukhanyayo."

"Woza lokhu kusihlwa ku- i u-ashram,' yena kusho.

"Ngilapha! Izibusiso zithululeka kule ngwevu endala! Lo mfundisi ongenakufa wayefuna ngiqonde ukuthi wayengivakashele emzimbeni onjani namuhla ekuseni!"

I ukumangala USebananda ukuguqa ngaphambi yena.

"Mama," yena wathi, "ini a isisindo kwe usizi wena ilifti kusukela yami inhliziyo! Yena kuyinto uvukile!"

Nge I-Mahatma UGandhi Ku- I-Wardha

"Siyakwamukela eWardha!" UMahadev Desai, unobhala kaMahatma Gandhi, wabingelela uNksz Bletch, uMnu. Wright, kanye nami ngala mazwi amnandi kanye nesipho sezimbali ze- *khaddar* (ukotini ohlotshiswe ekhaya). Iqembu lethu elincane lalisanda kwehla esiteshini saseWardha ekuseni kakhulu ngo-Agasti, sijabule ukushiya uthuli nokushisa kwesitimela. Sibeka imithwalo yethu enqoleni yezinkunzi, sangena emotweni evulekile noMnu. Desai nabangane bakhe, uBabasaheb Deshmukh noDkt. Pingale. Uhambo olufushane emigwaqweni yasemakhaya enodaka lwasiletha eMaganvadi , i-ashram yosanta wezepolitiki waseNdiya.

UMnu. Desai wasiholela ngokushesha egumbini lokubhala lapho, ephethe imilenze ehlukeni, kwakuhleli khona uMahatma Gandhi. Ipeni esandleni esisodwa kanye nephepha kwesinye, ebusweni bakhe kwakumamatheka okukhulu, okuwinayo, okufudumele!

"Siyakwamukela!" yena kubhalwe phansi ku IsiHindi; yona kwakuyi a UMsombuluko,

yakhe masonto onke usuku kwe ukuthula.

Nakuba lokhu kwakuwukuhlangana kwethu kokuqala, sajabula kakhulu. Ngo-1925 uMahatma Gandhi wayedumise isikole saseRanchi ngokuvakasha, futhi wabhala encwadini yaso yezivakashi isikhumbuzo esihle.

Lo santa omncane onesisindo esingamakhilogremu angu-160 wayekhanya impilo yomzimba, yengqondo, nengokomoya. Amehlo akhe athambile ansundu ayekhanya ngokuhlakanipha, ubuqotho, kanye nokubandlulula; lo mholi wezwe uhlakaniphile futhi waphuma njengomnqobi ezimpini eziyinkulungwane zomthetho, zenhlalo, kanye nezepolitiki. Akekho omunye umholi emhlabeni oye wafinyelela indawo ephephile ezinhliziyweni zabantu bakhe njengoba uGandhi ehlala eNdiya. izigidi zabantu abangafundile. Inhlonipho yabo ezenzakalelayo yisiqu sakhe esidumile - *uMahatma* , "umphefumulo omkhulu." **44-1** Kubo bodwa uGandhi ugcina izingubo zakhe endwangwini enemibala eminingi, uphawu lobunye bakhe nezixuku ezicindezelekile ezingenakho okunye.

I-Mahatma UGandhi

Ngijabulela isidlo sasemini esithule nosanta wezombusazwe waseNdiya endaweni yakhe yokuhlala eWardha, ngo-Agasti, 1935.

"Izakhamuzi zase-ashram zikulungele ngokuphelele; ngicela uzibize ukuze uthole noma yiluphi usizo." Ngenhlonipho ekhethekile, uMahatma wanginika le ncwadi ebhalwe ngokushesha njengoba uMnu. Desai eholo iqembu lethu lisuka egumbini lokubhala liya endlini yezivakashi.

Umqondisi wethu wasihola phakathi kwezihlahla zezithelo kanye namasimu anezimbali saya esakhiweni esinophahla lwamathayela esinamafasitela afakwe i-lattice. UMnu. Desai uthe, kwasetshenziswa umthombo wangaphambili wegceke, ububanzi obungamamitha angu-25, wokunisela amanzi; eduze kwalapho kwakukhona isondo likasimende elijikelezayo lokubhula ilayisi. Igumbi ngalinye lokulala lethu

elincane labonakala liqukethe kuphela ubuncane obungenakuncishiswa—umbhede,
owenziwe ngezandla ngentambo. Ikhishi elihlanzwe ngombala omhlophe
sasinompompi kwelinye ikhonji kanye nendawo yomlilo yokupheka kwelinye.
Imisindo elula yama-Arcadia yafinyelela ezindlebeni zethu—ukukhala
kwamagwababa nondlunkulu, ukukhala kwezinkomo, kanye nokuklabalasa
kwamashizolo asetshenziselwa ukuqhekeza amatshe.

Ukubuka Mnu. Indlu kaWright ukuhamba idayari, Mnu. I-Desai kuvuliwe a ikhasi futhi
wabhala kuvuliwe yona a uhlu kwe *I-Satyagraha*

"Ukungabi nobudlova; Iqiniso; Ukungebi; Ukungashadi; Ukungaphathi; Ukusebenza Ngomzimba; Ukulawula Ulimi; Ukungesabi; Inhlonipho Elinganayo Kuzo Zonke Izinkolo; *I-Swadeshi* (ukusetshenziswa kwemikhiqizo yasekhaya); Inkululeko Ekungathintwa. Lezi eziyishumi nanye kufanele zibhekwe njengezifungo ngomoya wokuthobeka."

(Gandhi yena kusayinwe lokhu ikhasi kuvuliwe i okulandelayo usuku, ukunikeza i usuku futhi-u-Agasti 27, 1935.)

Ngemva kwamahora amabili sifikile mina nabangane bami sabizelwa esidlweni sasemini. UMahatma wayesevele ehleli ngaphansi kwe-arcade yeveranda ye-ashram, ngaphesheya kwegceke ukusuka egumbini lakhe lokufundela. Cishe ama-*satyagrahi angamashumi amabili nanhlanu angenazicathulo* ayehlala phansi phambi kwezinkomishi zethusi namapuleti. Ikwayara yomthandazo yomphakathi; bese kuba isidlo esiphakelwa ngamabhodwe amakhulu ethusi aqukethe *ama-chapati* (isinkwa esingenamvubelo sikakolweni ophelele) afafazwe nge- *ghee* ; *i-talsari* (imifino ebilisiwe futhi eqoshiwe), kanye nejamu likalamula.

UMahatma wayedla *ama-chapati* , ama-beet abilisiwe, imifino eluhlaza, nama-orenji. Ohlangothini lwepuleti lakhe kwakukhona inqwaba enkulu yamaqabunga e - *neem ababayo kakhulu* , isihlanzi segazi esiphawulekayo. Ngesipuni sakhe wahlukanisa ingxenye wayibeka esitsheni sami. Ngayibopha ngamanzi, ngikhumbula izinsuku zobuntwana lapho umama ayengiphoqa ukuba ngigwinye umthamo ongathandeki. Nokho, uGandhi wayedla kancane kancane i- *neem* paste ngenjabulo enkulu njengokungathi yayiyinyama emnandi emnandi.

Kulesi sigameko esincane ngiphawule ikhono likaMahatma lokususa ingqondo yakhe ezinzweni ngokuthanda kwakhe. Ngikhumbula ukuhlinzwa kwe-appendectomy okudumile okwenziwa kuye eminyakeni ethile edlule. Enqaba imithi yokubulala izinzwa, lo santa wayexoxe ngenjabulo nabafundi bakhe kulo lonke ukuhlinzwa, ukumamatheka kwakhe okuthelelanayo kwembula ukungaqapheli kwakhe ubuhlungu.

Ntambama yaletha ithuba lokuxoxa nomfundi kaGandhi odumile, indodakazi yomphathi wezempi waseNgilandi, uNksz Madeleine Slade, manje obizwa ngokuthi iMirabai - Ubuso bakhe obuqinile nobuzolile babukhanya ngentshiseko njengoba engitshela, ngesiHindi esingenaphutha, ngemisebenzi yakhe yansuku zonke.

"Umsebenzi wokwakha kabusha izindawo zasemakhaya uyavuzwa! Iqembu lethu liya njalo ekuseni ngehora lesihlanu ukuyokhonza izakhamuzi eziseduze futhi sibafundise inhlanzeko elula. Siqikelela ukuthi sihlanza izindlu zabo zangasese kanye nezindlu zabo ezifulelwe ngodaka. Izakhamuzi azifundile; azinakufundiswa

ngaphandle kwesibonelo!" Wahleka ngokujabula.

Ngambheka ngokumangala lo wesifazane waseNgilandi ozelwe esezingeni eliphezulu okuthobeka kwakhe kwangempela kobuKristu kumenza akwazi ukwenza umsebenzi wokuqoqa imali ovame ukwenziwa kuphela "ngabantu abangathintwa."

"Ngafika eNdiya ngo-1925," esho kimi. "Kuleli zwe nginomuzwa wokuthi 'ngibuyile ekhaya.' Manje angisoze ngavuma ukubuyela empilweni yami yakudala nasezintweni engizithandayo."

Saxoxa ngeMelika isikhashana. "Ngihlala ngijabule futhi ngimangele," kusho yena, "ukubona isithakazelo esijulile ezindabeni ezingokomoya eziboniswa amaMelika amaningi avakashela eNdiya." **44-4**

Izandla zikaMirabai zasheshe zamatasa e- *charka* (isondo elijikelezayo), zikhona yonke indawo kuwo wonke amakamelo e-ashram, futhi ngenxa yeMahatma, zikhona yonke indawo kulo lonke elaseNdiya lasemaphandleni.

UGandhi unezizathu ezizwakalayo zezomnotho nezamasiko zokukhuthaza ukuvuselelwa kwezindlu ezincane izimboni, kodwa akacebisi ukwenqatshwa ngokweqile kwayo yonke intuthuko yanamuhla. Imishini, izitimela, izimoto, i-telegraph kuye kwadlala indima ebalulekile empilweni yakhe enkulu! Iminyaka engamashumi amahlanu yokusebenzela umphakathi, esejele nangaphandle, elwa nsuku zonke ngemininingwane engokoqobo kanye namaqiniso anzima ezweni lezombusazwe, kuye kwakhulisa ibhalansi yakhe, ingqondo evulekile, ingqondo ehluzekile, kanye nokwazisa okuhlekisayo ngombukwane womuntu omangalisayo.

Abathathu bethu bajabulele isidlo sakusihlwa sehora lesithupha njengezivakashi zaseBabasaheb Deshmukh. Umthandazo ka-7:00 PM Ihora lasithola sibuyele eMaganvadi *ashram* , sikhuphukela ophahleni lapho kwakuqoqwe khona *ama-satyagrahi angamashumi amathathu*. ku a isiyingi esincane nxazonke UGandhi. Yena kwakuyi ukuquleka kuvuliwe a utshani umata, i yasendulo Iwashhi lesikhwama lalibekwe phambi kwakhe. Ilanga elifiphele lakhanyisa okokugcina phezu kwezandla nezihlahla ze-banyan; umsindo wobusuku nezinyoni zase ziqalile. Isimo sasinokuthula ngokwaso; ngangijabule kakhulu.

Ingoma ehloniphekile eholwa uMnu. Desai, enezimpendulo ezivela eqenjini; bese kuba ukufunda *kukaGita* . UMahatma wangikhombisa ukuthi nginikeze umthandazo wokuphetha. Ukuhlanguka kwaphezulu komcabango nesifiso! Inkumbulo yaphakade: ukuzindla okuphezulu kophahla lweWardha ngaphansi kwezinkanyezi zokuqala.

Ngesikhathi ngehora lesishiyagalombili uGandhi waqeda ukuthula kwakhe. Imisebenzi enzima yokuphila kwakhe yayindinga ukuba ahlukane isikhathi sakhe kancane kancane.

"Siyakwamukela, Swamiji!" Ukubingelela kukaMahatma kulokhu kwakungengenxa yephepha. Sasisanda kwehla sisuka ophahleni saya egumbini lakhe lokubhala, sifakwe nje omata abayisikwele (akukho zihlalo), ideski eliphansi elinezincwadi, amaphepha, futhi a ezimbalwa okuvamile amapeni (hhayi umthombo amapeni); a okungachazwanga iwashi kuphawuliwe ku ekhoneni. Isimo sokuthula nokuzinikela esisakazeke yonke indawo. UGandhi wayemomotheka ngokunye kokumamatheka kwakhe okuthakazelisayo, okubuhlungu, okucishe kufane nokungabi namazinyo.

"Eminyakeni edlule," echaza, "Ngaqala ukugcina usuku lokuthula lwamasonto onke njengendlela yokuthola isikhathi sokunakekela izincwadi zami. Kodwa manje lawo mahora angamashumi amabili nane asevisidingo esibalulekile esingokomoya. Isinqumo sokuthula esihlala sikhona asisihluku kodwa siyisibusiso."

Ngivumile ngenhliziyo yonke. **44-5** UMahatma wangibuza ngeMelika neYurophu; saxoxa ngeNdiya nezimo zomhlaba.

"Mahadev," kusho uGandhi njengoba uMnu. Desai engena ekamelweni, "ngicela

wenze amalungiselelo eHholo Ledolobha ukuze uSwamiji akhulume lapho nge-yoga kusasa ebusuku."

Njengoba ngangibingelela uMahatma, wanginika ibhodlela lama-futha e-citronella

ngokucabangela. "Omiyane baseWardha abazi lutho nge *-ahimsa* , **44-6** Swamiji!"

esho ehleka.

Ngakusasa ekuseni iqembu lethu elincane ladla iphalishi likakolweni elimnandi ne-molasses nobisi. Ngehora leshumi nantathu sabizelwa everanda ye-ashram ukuze sidle isidlo sasemini noGandhi nama- *satyagrahis* . Namuhla imenyu yayihlanganisa irayisi elinsundu, ukukhetha okusha kwemifino, kanye nembewu ye-cardamom.

Emini ngithole ngihambahamba endaweni yase-ashram, ngiya endaweni yokudla izinkomo ezimbalwa ezingagugi. Ukuvikelwa kwezinkomo kuyisifiso sikaGandhi.

"Inkomo kimi isho umhlaba wonke ongaphansi komuntu, inweba uzwela lomuntu ngale kohlobo lwakhe," kusho uMahatma. "Umuntu ngenkomo utshelwa ukuba aqaphele ubuyena bakhe." nakho konke lokho okuphilayo. Kungani ama-rishi asendulo akhetha inkomo ngenxa ye-apotheosis kusobala kimi. Inkomo eNdiya yayiyisiqhathaniso esihle kakhulu; yayingumuphi wenani. Ayizange nje inikeze ubisi, kodwa futhi yenza nezolimo zaba nokwenzeka. Inkomo iyinkondlo yesihawu; umuntu ufunda isihawu esilwaneni esimnene. Ingumama wesibili wezigidi zesintu. Ukuvikelwa kwenkomo kusho ukuvikelwa kwendalo yonke kaNkulunkulu eyisimungulu. Ukukhanga kohlelo oluphansi lwendalo kunamandla kakhulu ngoba ayikhulumi.

AmaHindu avamile enza imikhuba emithathu yansuku zonke. Omunye *uBhuta Yajna*, umnikelo wokudla ku- isilwane umbuso. Lokhu umcimbi kufanekisela indoda ukuqonda kwe yakhe izibopho ku- izinhlobo zokudala ezingaguquki kakhulu, ezixhunywe ngokwemvelo ekuhlonzeni komzimba okonakalisa nabantu ukuphila, kodwa kuntula leyo mfanelo yokucabanga okukhululayo eyingqayizivele esintwini. *Bhuta Yajna* ngaleyo ndlela kuqinisa ukulungela komuntu ukusiza ababuthakathaka, njengoba naye eduduzwa ukukhathazeka okungenakubalwa kwezidalwa eziphakeme ezingabonakali. Umuntu futhi ungaphansi kwesibopho sokuvuselela izipho zemvelo, ezilahlekile emhlabeni, olwandle nasesibhakabhakeni. Ngakho-ke isithiyi sokungazixhumanisi phakathi kwemvelo, izilwane, umuntu, nezingelosi zasemkhathini siqotshwa yizikhundla zothando oluthule.

Amanye *ama-yajna amabili ansuku zonke* yiPitri kanye *neNri*. *I-Pitri Yajna iwumnikelo* weminikelo kokhokho, njengophawu lokuvuma komuntu isikweletu sakhe esikhathini esidlule, okuwumongo wokuhlakanipha kwakhe okukhanyisa isintu namuhla. *I-Nri Yajna iwumnikelo* wokudla kubantu ongabazi noma abampofu, uphawu lwemithwalo yemfanelo yomuntu yamanje, imisebenzi yakhe kubantu besikhathi sakhe.

Ntambama ngagcwalisa i- *Nri Yajna enobungane* ngokuvakashela i-ashram kaGandhi yamantombazane amancane. UMnu. Wright wangiphelezela ohambweni lwemizuzu eyishumi. Ubuso obuncane obufana nezimbali buphezu kwama- *sari anemibala emide* ! Ekupheleni kwenkulumo emfushane ngesiHindi 44-7 engangikunikeza ngaphandle, isibhakabhaka savula imvula enkulu engazelelwe. Sihleka, mina noMnu. Wright sagibela emotweni sabuyela *eMaganvadi* ngesivinini esikhulu phakathi kwamaphepha esiliva ahambayo. Ukushisa okukhulu nokuchitheka kwamanzi okushisayo!

Lapho ngiphinde ngingena endlini yezivakashi ngashaqeka kabusha ngobulula obucacile kanye nobufakazi bokuzidela obukhona yonke indawo. Isifungo sikaGandhi

sokungabanikazi seza ekuqaleni komshado wakhe. Elahla umkhuba omkhulu wezomthetho owawumnika imali engenayo yonyaka engaphezu kuka-\$20,000, uMahatma wasakaza yonke ingcebo yakhe kwabampofu.

IsiSri Yukteswar kusetshenziswe ku- ukubhoboza mnene ubumnandi ku- i ngokuvamile ukunganele imibono kwe ukuhoxa.

"Umpofu akanakulahla ingcebo," kusho uMaster. "Uma umuntu ekhala ethi: 'Ibhizinisi lami seliphelile wehlulekile; umkami ungishiyile; ngizolahla konke bese ngingena endlini yezindela,' ubhekisela kukuphi ukuzidela kwezwe? Akazange alahle ingcebo nothando; bamlahla!"

Ngakolunye uhlangothi, abangcwele abanjengoGandhi abazange nje benze imihlatshelo ebonakalayo yezinto ezibonakalayo, kodwa futhi nokulahla izinhloso zobugovu kanye nomgomo wangasese okunzima kakhulu, behlanganisa ubukhona babo bangaphakathi

i ukusakaza kwe ubuntu njengoba a konke.

UmkaMahatma omangalisayo, uKasturabai, akazange amelane lapho ehluleka ukubeka eceleni noma iyiphi ingxenye yengcebo yakhe ukuze ayisebenzise yena nezingane zabo. Eshade esemncane, uGandhi nomkakhe bafunga ukungashadi ngemva kokuzalwa kwamadodana amaningana. **44-8** Iqhawekazi elizolile embuthanweni ojulile idrama ebilokhu iyimpilo yabo ndawonye, uKasturabai ulandele umyeni wakhe ejele, wabelane ngempilo yakhe yamasonto amathathu. ukuzila ukudla, futhi ngokugcwele i-born yena yabelana kwe yakhe okungenamkhawulo imithwalo yemfanelo. Yena ine ikhokhelwe Gandhi indumiso elandelayo:

Ngiyabonga ngokuba nelungelo lokuba ngumngane wakho wokuphila konke kanye nomsizi wakho. Ngiyabonga ngomshado ophelele kunayo yonke emhlabeni, osekelwe ku- *brahmacharya* (ukuzithiba) hhayi ocansini. Ngiyabonga ngokungibheka njengolingana nawe emsebenzini wakho wempilo yeNdiya. Ngiyabonga ngokungabi ngomunye walabo madoda abachitha isikhathi sabo ekugembuleni, emijahweni, kwabesifazane, ewayinini, nasekuculeni, bekhathala ngabafazi babo nezingane njengoba umfana omncane ekhathala ngokushesha ngamathoyizi akhe obuntwana. Yeka indlela engibonga ngayo ukuthi awuzange ube ngomunye walabo madoda abanikela ngesikhathi sabo ekucebini ngokuxhashazwa komsebenzi wabanye.

Yeka indlela engibonga ngayo ukuthi ubeke uNkulunkulu nezwe ngaphambi kwezifumbathiso, ukuthi ube nesibindi sezinkolelo zakho kanye nokholo oluphelele nolungenasici kuNkulunkulu. Yeka indlela engibonga ngayo ngendoda eyabeka uNkulunkulu nezwe lakhe phambi kwami. Ngiyabonga ngokungibekezelela kwakho kanye nokushiyeke kwami kobusha, lapho ngikhononda futhi ngivukela ushintsho olwenzile endleleni yethu yokuphila, kusukela kokuningi kakhulu kuya kokuncane kakhulu.

Ngiseyingane encane, ngangihlala ekhaya labazali bakho; umama wakho wayengowesifazane omuhle nolungile; wangiqeqesha, wangifundisa ukuthi ngingaba kanjani umfazi onesibindi, onesibindi nokuthi ngingagcina kanjani uthando nenhlonipho yendodana yakhe, umyeni wami wesikhathi esizayo. Njengoba iminyaka idlula futhi uba ngumholi othandekayo kakhulu eNdiya, nganginalo akukho kwe i ukwesaba lokho ukucindezelwa i unkosikazi I-WHO kungenzeka yiba abalingisi eceleni nini yena umyeni ine sakhuphuka isitebhisi sempumelelo, njengoba kwenzeka njalo kwamanye amazwe. Bengazi ukuthi ukufa kusazosithola siyindoda nomfazi.

Sekuyiminyaka uKasturabai enza imisebenzi yomgcinimafa wezimali zomphakathi, uMahatma okhonzwayo akwazi ukuziqoqa ngezigidi. Kunezindaba eziningi ezihlekisayo emakhaya amaNdiya ukuze umphumela wokuthi amadoda akhathazekile ngokuthi omkawo baggoke noma yibuphi ubucwebe emhlanganweni

kaGandhi; ulimi lomlingo lukaMahatma, luncenga abacindezelwe, lukhanga amasongo egolide kanye nemigexo yedayimane kusukela ezingalweni nasezintanyeni zabacebile kuya kubhasikidi wokuqoqa!

Ngolunye usuku umphathi wezimali womphakathi, uKasturabai, wayengenakukwazi ukuchaza ukuthi kwakhishwa ama-rupee amane. UGandhi washicilela ngokufanele ukuhlolwa kwezimali lapho aveza khona ngokungenakuvinjelwa umehluko wama-rupee amane womkakhe .

Ngangivame ukuxoxa le ndaba ngaphambi kwamakilasi abafundi bami baseMelika. Ngobunye ubusuku owesifazane owayesehholo wayephefumula kanzima.

"Mahatma noma cha Mahatma," ekhala, "ukube ubengumyeni wami bengizomshaya ngeso elimnyama ngenxa yokuthuka okungadingekile emphakathini!"

Ngemva kokuba siqhudelane ngezinto ezihlekisayo ngendaba yabafazi baseMelika nabafazi bamaHindu, ngaqhubeka ngachaza kabanzi.

"UNkk. Gandhi akabheki uMahatma njengomyeni wakhe kodwa njengomfundisi wakhe, umuntu onelungelo ukumjezisa ngisho noma ngamaphutha amancane," ngangishilo. "Ngesikhathi esithile ngemva kokuba uKasturabai esolwa esidlangalaleni, uGandhi wagwetshwa ejele ngecala lezepolitiki. Njengoba ayevalelisa umkakhe ngokuthula, wawa ezinyaweni zakhe. 'Nkosi,' esho ngokuthobeka, 'uma ngike ngakukhubekisa, ngicela ungixolele.'" **44-9**

Ngehora lesithathu ntambama eWardha, ngazinikela, ngokwesikhathi esidlule, egumbini lokubhala losanta owayekwazile ukwenza umfundi oqinile ngomkakhe - isimangaliso esingavamile! UGandhi waphakamisa amehlo ngokumamatheka kwakhe okungasoze kwalibaleka.

"Mahatmaji," ngisho njengoba ngangihlala eceleni kwakhe kumatilasi angagqokwanga, "ngicela ungitshele incazelo yakho ye- *ahimsa* ."

"I- ukugwema kwe ukulimala ku- noma yikuphi ukuphila isidalwa ku umcabango noma isenzo."

"Umqondo omuhle! Kodwa umhlaba uzohlala ubuza: Ingabe umuntu angeke abulale i-cobra ukuze avikele ingane, noma yena ngokwakhe?"

"Angikwazi ukubulala i-cobra ngaphandle kokwephula izifungo zami ezimbili - ukungesabi, nokungabulali. Ngingathanda ukuzama ngaphakathi ukuthulisa inyoka ngokudlidliza kothando. Angikwazi ukwehlisa amazinga ami ukuze avumelane nezimo zami." Ngobuqotho bakhe obumangalisayo, uGandhi wanezela, "Kumelwe ngivume ukuthi bengingeke ngikwazi ukuqhubeka nale ngxoxo ukube bengibhekene ne-cobra!"

Mina waphawula kuvuliwe eziningana kakhulu okwakamuva INTshonalanga izincwadi kuvuliwe ukudla okuyinto lala kuvuliwe yakhe ideski.

"Yebo, ukudla kubalulekile enhlanganweni ye-*Satyagraha* - njengakuyo yonke indawo," esho ehleka. "Ngenxa yokuthi ngisekela ukuzibamba okuphelele kwe-*satyagrahis* , ngihlala ngizama ukuthola ukudla okungcono kakhulu komuntu ongashadile. Umuntu kumelwe anqobe ulaka ngaphambi kokuba akwazi ukulawula umuzwa wokuzala. Ukudla okunendlala noma okungalingani akulona ikhambi. Ngemva kokunqoba *ukuhaha kwangaphakathi* kokudla, i- *satyagrahi* kumele iqhubeke nokulandela ukudla kwemifino okunengqondo okunawo wonke amavithamini adingekayo, amaminerali, amakhalori, njalo njalo. Ngokuhlakanipha kwangaphakathi nangaphandle maqondana nokudla, uketshezi lobulili lwe-SATYAGRAHI luguqulwa kalula lube amandla abalulekile emzimbeni wonke."

Mina noMahatma saqhathanisa ulwazi lwethu lwezinhlobo ezinhle zokudla esikhundleni senyama. "I-avokhado inhle kakhulu," ngathi. "Kunezihlahla eziningi ze-avokhado eduze nesikhungo sami eCalifornia."

Ubuso bukaGandhi bakhanya ngentshisekelo. "Ngizibuza ukuthi bazokhula yini eWardha? Ama -*satyagrahi* angakujabulela ukudla okusha."

"Ngizoziniseka ukuthi ngithumela izitshalo ze-avocado ezivela eLos Angeles ziye eWardha." **44-10** Nganezela, "Amaqanda awukudla okunamaprotheni amaningi; ingabe awenqatshelwe ukudla *i-satyagrahis*?"

"Hhayi amaqanda angavundiswanga." UMahatma wahleka ngendlela ekhumbuzayo. "Iminyaka eminingi bengingafuni ukuwasebenzisa; ngisho namanje angiwadli. Omunye womalokazana bami wake wabulawa ukungondleki kahle; udokotela wakhe waphikelela ngokuthi kufanele anikezwe amaqanda. Angivumi, futhi wameluleka ukuba amnike amanye. esikhundleni seqanda.

"'Gandhiji,' i udokotela wathi, 'okungavundisiwe amaqanda qukatha cha impilo isidoda; cha ukubulala kuyinto bahilelekile.'

"Ngabe sengivumela ngenjabulo ukuthi umalokazana wami adle amaqanda; ngokushesha wabuyiselwa empilweni."

Ngobusuku obandulele uGandhi wayeveze isifiso sakhe sokwamukela i- *Kriya Yoga* yaseLahiri Mahasaya. Ngathintwa ukuvuleka kwengqondo kukaMahatma nomoya wakhe wokubuza. Ufana nomntwana ekufuneni kwakhe kwaphezulu, embula lokho kwamukela okumsulwa uJesu akuncoma kubantwana, "... umbuso wezulu ungowabanjalo."

Ihora lokufundiswa kwami okuthembisiwe lase lifikile; *ama-satyagrahi amaningana* manje angena ekamelweni - uMnu. Desai, uDkt. Pingale, kanye nabanye abambalwa ababefisa indlela *yeKriya* .

Okokuqala ngafundisa ikilasi elincane izivivinyo zomzimba *zeYogoda* . Umzimba ubonakala uhlukaniswe izingxenye ezingamashumi amabili; intando iqondisa amandla ngokulandelana esigabeni ngasinye. Ngokushesha wonke umuntu wayesenyakaza phambi kwami njengenjini yomuntu. Kwakulula ukubona umphumela wokuguguleka ezingxenyeni zomzimba ezingamashumi amabili zikaGandhi, ngaso sonke isikhathi evezwe ngokuphelele ekubonweni! Nakuba emncane kakhulu, akajabulisi kangako; isikhumba somzimba wakhe sibushелеlezi futhi asinamibimbi.

Kamuva Mina kuqalwe i iqembu ku- i ukukhulula ubuchwepheshe kwe *I-Kriya I-yoga* .

I-Mahatma ifunde ngenhlonipho zonke izinkolo zomhlaba. Imibhalo yamaJain, iTestamente Elisha leBhayibheli, kanye nemibhalo yezehlalo kaTolstoy **44-11** yizona zindlela ezintathu eziyinhloko zokugwetshwa kukaGandhi okungenabudlova. Usho kanje inkolelo yakhe:

Ngiyakholelwa eBhayibhelini, *iKoran* , kanye *neZend-Avesta* **44-12** ukuphefumulelwa ngokwaphezulu njengamaVeda . Ngikholelwa ekwakhiweni kwamaGurus, kodwa kulesi sikhathi izigidi kumele ziphile ngaphandle kweGurus, ngoba kuyinto engavamile into ku- thola a inhlanganisela kwe ephelele ubumsulwa futhi ephelele ukufunda. Kodwa eyodwa isidingo hhayi ukuphelelwa yithemba lokwazi iqiniso lenkolo yakho, ngoba izisekelo zobuHindu njengazo zonke inkolo enkulu ayiguquki, futhi iqondakala kalula.

Mina kholwa njenge njalo IsiHindu ku UNkulunkulu futhi Okwakhe ubunye, ku ukuzalwa kabusha futhi insindiso. Mina ithini cha Okuningi

ukuchaza umuzwa wami ngobuHindu kunomkami. Uyangishukumisa ngendlela okungekho omunye wesifazane emhlabeni ongakwenza ngayo. Akukhona ukuthi akanamaphutha; nginesibindi sokuthi unezinto eziningi kakhulu kunalokho engizibona mina. Kodwa umuzwa wesibopho esingenakuqhekeka ukhona. Noma kunjalo ngiyazwelana nobuHindu nazo zonke iziphambeko nemikhawulo yabo. Akukho lutho olungijabulisa njengomculo weGita , noma iRamayana *kaTulsidas* . Lapho ngicabanga ukuthi ngizophefumula okokugcina, *iGita* yayiyinduduzo yami.

UbuHindu abuyona inkolo ekhethekile. Kuyo kunendawo yokukhulekelwa kwabo bonke abaprofethi bomhlaba. **44-13** Akuyona inkolo yezithunywa zevangeli ngomqondo ojwayelekile waleli gama. Akungabazeki ukuthi

yagwinya izizwe eziningi emhlanjini wayo, kodwa lokhu kugwinya kube yinto eguquguqukayo, engabonakali. UbuHindu butshela umuntu ngamunye ukuba akhulekele uNkulunkulu ngokokholo lwakhe noma *i-dharma* , **44-14** ngakho-ke uhlala ngokuthula nazo zonke izinkolo.

UGandhi ubhale ngoKristu: “Ngiyaqiniseka ukuthi ukube ubephila lapha manje phakathi kwabantu, ubezobusisa izimpilo zabaningi mhlawumbe abangakaze balizwe igama laKhe . . . njengoba nje kulotshiwe: ‘Akubona bonke abathi kimi, Nkosi, Nkosi . . . kodwa yilowo owenza intando kaBaba.’ **44-15** Esifundweni sempilo yaKhe, uJesu wanika isintu injongo emangalisayo kanye nomgomo owodwa okufanele sonke siwulangazelele. Ngikholwa ukuthi akayena owobuKristu kuphela, kodwa owomhlaba wonke, wawo wonke amazwe nezinhlanga.

Ngobusuku bami bokugcina eWardha ngakhuluma emhlanganweni owawubizwe nguMnu. Desai eHholo Ledolobha. Igumbi laligcwele emafasiteleni abantu ababalelwa ku-400 bebuthene ukuzolalela inkulumo nge-yoga. Ngaqala ngakhuluma ngesiHindi, ngabe sengikhuluma ngesiNgisi. Iqembu lethu elincane labuyela e-ashram ngesikhathi sokuyobona uGandhi ebusuku, ligcwele ukuthula nezincwadi.

Ubusuku babusesekhona lapho ngivuka ngo-5:00 ekuseni Impilo yasemakhaya yayivele inyakazisa; okokuqala inqola yezinkunzi ngasemasangweni e-ashram, kwabe sekuba ngumlimi onemithwalo yakhe emikhulu ekhanda lakhe. Ngemva kokudla kwasekuseni, abathathu bethu bafuna uGandhi ukuze bamsize . Lo santa uvuka ngo-4 ekuseni ukuze athandaze ekuseni.

"Mahatmaji, kuhle nge!" Mina ukuguqa ku- ukuthinta yakhe izinyawo. "INdiya kuyinto kuphephile ku yakho ukugcina!"

Iminyaka idlulile kusukela e-Wardha idyl; umhlaba, izilwandle, kanye nesibhakabhaka kuye kwaba mnyama ngomhlaba olwayo. Eyedwa phakathi kwabaholi abakhulu, uGandhi unikeze enye indlela ewusizo yokungabi nabudlova esikhundleni samandla ahlomile. Ukuze alungise izikhalo futhi asuse ukungabi nabulungisa, uMahatma usebenzise izindlela ezingenabudlova eziye zafakazela ukuthi ziyasebenza ngokuphindaphindiwe. Usho imfundiso yakhe ngala mazwi:

Ngithole ukuthi impilo iyaqhubeka phakathi kokubhujiswa. Ngakho-ke kumelwe kube nomthetho ophakeme kunowokubhujiswa. Kuphela ngaphansi kwalowo mthetho umphakathi ohlelekile kahle ungaba nengqondo futhi impilo ibe nempilo efanele ukuphilwa.

Uma lokho kungumthetho wokuphila kumele siwusebenzele nsuku zonke. Nomaphi lapho kunezimpi, nomaphi lapho sibhekene khona nomphikisi, ngoba ngothando. Ngithole ukuthi umthetho othile wothando uphendule empilweni yami njengoba umthetho wokubhujiswa ungakaze uphendule.

ENdiya sibe nokubonakaliswa kwamehlo kokusebenza kwalomthetho ngezinga elikhulu ngangokunokwenzeka. Angisho ukuthi ukungabi nobudlova sekungene kubantu abangu-360,000,000 eNdiya, kodwa ngithi sekungene kwajula kakhulu kunanoma iyiphi enye imfundiso ngesikhathi esifushane kakhulu.

Kudinga inkambo enzima yokuqeqeshwa ukuze kufinyelelwe esimweni sengqondo sokungabi nobudlova. Kuyimpilo ehlelekile, njengokuphila kwesosha. Isimo esiphelele sifinyelelwa kuphela uma ingqondo, umzimba, kanye nenkulumo kusebenzisana kahle. Yonke inkinga ibingazixazulula uma sizimisele ukwenza umthetho weqiniso kanye nokungabi nobudlova kube umthetho wokuphila.

Njengoba nje usosayensi ezokwenza izimangaliso ngokusebenzisa imithetho yemvelo ehlukahlukene, indoda esebenzisa imithetho yothando ngokunemba kwesayensi ingasebenza izimangaliso ezinkulu. Ukungabi nobudlova kuyizinto ezimangalisayo. kumangalisa kakhulu futhi kucashile kunamandla emvelo, isibonelo, ugesi. Umthetho wothando uyisayensi enkulu kakhulu kunanoma iyiphi isayensi yesimanje.

Uma sibheka umlando, umuntu angasho ngokunengqondo ukuthi izinkinga zesintu azikaxazululwa ngokusebenzisa amandla anonya. IMpi Yezwe I yaveza ibhola leqhwa lempi elishisayo emhlabeni wonke elakhula laba yiMpi Yezwe II. Ukufudumala kobuzalwane kuphela okungancibilikisa ibhola leqhwa lempi lamanje elikhulu elingakhula libe yiMpi Yezwe III. Lobu zintathu obungengcwele buzoqeda unomphela ithuba leMpi Yezwe IV ngokuqedwa kwamabhomu e-athomu. Ukusetshenziswa komqondo wehlathi esikhundleni sokucabanga komuntu ekuxazululeni izingxabano kuzobuyisela umhlaba ehlathini. Uma abazalwane bengekho empilweni, khona-ke abazalwane bafa ngobudlova.

Impi nobugebengu akukaze kukhokhe. Izigidigidi zamaRandi ezakhuphuka emsini wokungabi nalutho okukhulu ngabe zanele ukwenza umhlaba omusha, ocishe ungabi nazifo futhi ungabi nobumpofu ngokuphelele. Hhayi umhlaba wokwesaba, isiphithiphithi, indlala, ubhubhane, usizi lomdanso , kodwa izwe elilodwa elibanzi lokuthula, lokuchuma, nolwazi olwandayo.

Izwi likaGandhi elingenabudlova lidonsela unembeza womuntu ophakeme kakhulu. Izizwe mazingabi yingxenye yokufa, kodwa nokuphila; hhayi ngokubhujiswa, kodwa ngokwakhiwa; hhayi noMbhuhisi, kodwa noMdali.

"Umuntu kufanele athethelele, ngaphansi kwanoma yikuphi ukulimala," kusho iMahabharata . "Kuye kwathiwa ukuqhubeka kwezinhlobo kungenxa yokuthi umuntu uyathethelela. Ukuthethelela ubungcwele; ngokuthethelela indawo yonke ihlanganiswa ndawonye. Ukuthethelela kungamandla anamandla; ukuthethelela kungumhlathshelo; ukuthethelela kunokuthula kwengqondo. Ukuthethelela nobumnene kuyizimfanelo zomuntu oziphethe. Bona melela okuphakade ubuhle."

Ukungabi nobudlova kuyimbangela yemvelo yomthetho wokuthethelela nothando. "Uma ukulahlekelwa yimpilo kuba yinto edingekayo empini yokulunga," kusho uGandhi, "umuntu kufanele alungele, njengoJesu, ukuchitha igazi lakhe, hhayi elabanye. Ekugcineni kuzoba negazi elincane elichithekile emhlabeni."

Ngolunye usuku kuzobhalwa izinganekwane ngama -*satyagrahi aseNdiya* amelana nenzondo ngothando, ubudlova ngokungasebenzisi ubudlova, avuma ukubulawa ngesihluku kunokuba aziphindisele. kuvuliwe ngokuqinisekile umlando izikhathi kwakuyi lokho i ehlo mile abaphikisi waphonsa phansi yabo izibhamu babaleka, nginamahloni, ukunyakaziswa ku- yabo ukujula ngu i ukubona kwe amadoda I-

WHO inani i impilo kwe omunye ngaphezu kwezabo.

“Ngingalinda, uma kudingeka isikhathi eside,” kusho uGandhi, “kunokufuna inkululeko yezwe lami ngezindlela zokuchitha igazi.” IMahatma ayikhohlwa neze isixwayiso esihle: “Bonke abaphatha inkemba bayakubhubha ngenkemba.” **44-16** UGandhi ubhale kanje:

Ngizibiza ngokuthi ngingumuntu othanda ubuzwe, kodwa ubuzwe bami bubanzi njengendawo yonke. Buhlanganisa konke i izizwe kwe i umhlaba. **44-17** Okwami ubuzwe kufaka phakathi i inhlalakahle kwe i konke umhlaba. Mina yenza

Angifuni iNdiya yami ivuke phezu komlotha wezinye izizwe. Angifuni iNdiya ixhaphaze umuntu oyedwa. Ngifuna iNdiya ibe namandla ukuze ikwazi ukuthelala ezinye izizwe ngamandla ayo. Akunjalo ngesizwe esisodwa eYurophu namuhla; abaniki amandla ezinye.

UMongameli uWilson ukhulume ngamaphuzu akhe amahle ayishumi nane, kodwa wathi: "Phela, uma lo mzamo wethu wokufinyelela ukuthula uhluleka, sinezikhali zethu esingazibuyisela kuzo." Ngifuna ukuguqula lowo mbono, bese ngithi: "Izikhali zethu sezihlulekile kakade. Manje masifune into entsha; masizame amandla othando noNkulunkulu okuyiqiniso." Uma sesikutholile lokho, ngeke sifune okunye.

Ngokuqeqeshwa kweMahatma kwezinkulungwane zama *-satyagrahi eqiniso* (labo abenze izifungo eziqinile eziyishumi nanye okukhulunywe ngazo engxenyeni yokuqala yalesi sahluko), abasakaza umyalezo; ngokufundisa ngesineke izixuku zamaNdiya ukuqonda okungokomoya futhi ekugcineni okubonakalayo izinzuzo zokungabi nobudlova; ngokuhlomisa abantu bakhe ngezikhali ezingenabudlova - ukungasebenzisani nokungabi nabulungisa, ukuzimisela ukubekezelela ukuthukuthela, ukuboshwa, ukufa uqobo kunokuba kusetshenziswe izikhali; ngokufaka uzwela lomhlaba wonke ngezibonelo ezingenakubalwa zokufela ukholo ngobuqhawe phakathi kwama *-satyagrahi*, uGandhi ubonise ngokuphawulekayo isimo esingokoqobo sokungabi nobudlova, amandla aso aqinile okuxazulula izingxabano ngaphandle kwempi.

UGandhi usevele ezuze ngezindlela ezingenabudlova inani elikhulu lezivumelwano zezombusazwe zezwe lakhe kunanoma yimuphi umholi wanoma yiliphi izwe ngaphandle kwezinhlamvu. Izindlela ezingenabudlova zokususa konke okubi nobubi zisetshenziswe ngendlela emangalisayo hhayi nje kuphela enkundleni yezepolitiki kodwa ensimini ebucayi neyinkimbinkimbi yokuguqulwa komphakathi kwamaNdiya. UGandhi nabalandeli bakhe basuse izingxabano eziningi ezindala phakathi kwamaHindu namaMohammed; amakhulu ezinkulungwane zamaMuslim abheka amaMahatma njengomholi wawo. Abantu abangathinteki baye bathola ku uGandhi wabhala, "Uma kukhona ukuzalwa kabusha okungilindele." isifiso ku- yiba ozelwe a i-pariah ku i phakathi kwe abantu abangebona abavamile, ngoba ngaleyo ndlela Mina ngabe yiba uyakwazi ku- banikeze isevisi ephumelela kakhudlwana."

IMahatma ngempela "umphefumulo omkhulu," kodwa izigidi zabantu abangafundile ezazinokuqonda kokunikeza lesi sihloko. Lo mprofethi omnene uyahlonishwa ezweni lakubo. Umlimi ophansi ukwazile ukumelana nenselele enkulu kaGandhi. IMahatma ikholelwa ngenhliziyo yonke ebuhlotsheni bomuntu. Ukwehluleka okungenakugwenywa akukaze kumdumaze. "Ngisho noma umphikisi emdlala amanga izikhathi ezingamashumi amabili," kubhala yena, " *isatyagrahi* isilungele ukumethemba okweshumi nanye, ngoba ukwethemba okusobala emvelweni yomuntu yikona kanye okuyisisekelo senkolelo." **44-18**

"Mahatmaji, uyindoda evelele. Akufanele ulindele ukuthi umhlaba uzoziphatha ngendlela owenza ngayo." Umgxeki wake wenza lokhu.

"Kuyamangaza ukuthi sizikhohlisa kanjani, sicabanga ukuthi umzimba ungathuthukiswa, kodwa akunakwenzeka ukuvusa amandla afihliwe omphefumulo," kuphendula uGandhi. "Ngimatasa nokuzama ukubonisa ukuthi uma nginawo lawo mandla, ngingumuntu ofayo obuthakathaka njenganoma ubani kithi nokuthi angikaze ngibe nanoma yini engavamile ngami futhi angikaze ngibe nayo manje. Ngingumuntu ovamile ongase enze amaphutha njenganoma yimuphi omunye umuntu ofayo. Nokho, ngiyaqonda ukuthi nginokuthobeka okwanele ukuvuma amaphutha ami nokubuyela emuva ezinyathelweni zami. Ngiyaqonda ukuthi nginokholo olungenakunyakaziswa kuNkulunkulu nasebuhleni baKhe, kanye

Isifiso esingenakuqhathaniswa seginiso nothando. Kodwa akusikho yini lokho wonke umuntu anakho okufihliwe kuye? Uma sifuna ukuthuthuka, akumelwe siphinde umlando kodwa senze umlando omusha. Kumelwe senezele efeni elashiywa okhokho bethu. Uma singenza ukutholakala okusha kanye nokusungulwa ezweni elimangalisayo, ingabe kufanele simemezele ukuthi siwile emkhakheni ongokomoya? Akunakwenzeka yini ukuphindaphinda okuhlukile ukuze sikwenze kube umthetho? Ingabe umuntu kufanele ahlale eyisilo esibi kuqala bese kuba umuntu ngemva kwalokho, uma kunjalo? " **44-19**

AmaMelika angakhumbula ngokuziqhenya umzamo ophumelelayo wobudlova kaWilliam Penn ekusunguleni ikoloni lakhe lekhulu le-17 ePennsylvania. Kwakungekho "zingaba, kungekho masosha, kungekho masosha, ngisho nezikhali." Phakathi kwezimpi zomngcele ezinonya kanye nokubulawa kwabantu abasha namaNdiya abomvu, amaQuaker asePennsylvania kuphela ahlala engaphazanyiswa. "Abanye babulawa; abanye babulawa; kodwa babephephile. Akekho owesifazane ongumQuaker owahlaselwa; hhayi kwabulawa ingane yamaQuaker, akukho ndoda yamaQuaker eyahlukunyezwa." Lapho amaQuaker ekugcineni ephoqelesa ukuyeka uhulumeni wesifundazwe, "kwaqala impi, futhi abanye abantu basePennsylvania babulawa. Kodwa kwabulawa amaQuaker amathathu kuphela, amathathu ayewile kakhulu okholweni lwawo kangangokuthi apha izikhali zokuzivikela ."

Izinkonzo zangeSonto, amakilasi, izinkulumo phambi kwamakilabhu namakolishi, izingxoxo nabafundi, imifudlana engapheli yezincwadi, izihloko zaseMpumalanga -*Ntshonalanga*, isiqondiso semisebenzi eNdiya kanye nezikhungo eziningi ezincane emadolobheni aseMelika. Kwanikezwa isikhathi esiningi futhi ekuhleleni *iKriya* kanye nezinye izimfundiso ze-Self-Realization Fellowship ochungechungeni lwezifundo zabantu abafuna i-yoga abakude abantshiseko yabo yayingaqapheli mkhawulo wendawo.

Injabulo ukuzinikela kwe a Ukuzibona Isonto kwe Konke Izinkolo wathatha indawo ku 1938 ku- IWashington, I-DC, ephakathi kwezindawo ezihlotshiswe kahle, isonto elihle limi engxenyeni yedolobha ebizwa ngokufanele ngokuthi "Friendship Heights." Umholi waseWashington nguSwami Premananda, owafunda esikoleni saseRanchi naseCalcutta University. Ngambiza ngo-1928 ukuba athathe ubuholi besikhungo se-Washington Self-Realization Fellowship.

"Premananda," ngimtshela ngesikhathi evakashele ithempeli lakhe elisha, "le

ndlunkulu yaseMpumalanga iyisikhumbuzo esiqinile sokuzinikela kwakho okungakhathali. Lapha enhloko-dolobha yesizwe ubambe ukukhanya kwemibono kaLahiri Mahasaya."

UPremananda wangiphelezela esuka eWashington ukuyovakashela isikhungo se-Self-Realization Fellowship eBoston. Yeka injabulo yokubona futhi iqembu le -*Kriya Yoga* elalilokhu liqinile kusukela ngo-1920! Umholi waseBoston, uDkt. MW Lewis, wahlalisa mina kanye nomngane wami esuite yesimanje, ehlotshiswe ngobuciko.

"Mnumzane," kusho uDkt. Lewis kimi, emomotheka, "ngeminyaka yakho yokuqala eMelika wawuhlala kuleli dolobha ekamelweni elilodwa, ungagezi. Bengifuna wazi ukuthi iBoston inezindlu zokuhlala zikanokusho!"

Izithunzi zokubulawa kwabantu okusondelayo zazikhula emhlabeni wonke; indlebe ebukhali kakade yayingase izwe izigubhu zempi ezesabekayo. Ngesikhathi sokuxoxisana nezinkulungwane eCalifornia, nangezincwadi zomhlaba wonke, ngathola ukuthi amadoda nabesifazane babehlola ngokujulile izinhliziyi zabo; ukungazethembi kwangaphandle okudabukisayo kwakugcizelele isidingo se-Eternal Anchorage.

"Ngempela sifundile ukubaluleka kokuzindla," kusho umholi wesikhungo se-London Self-Realization Fellowship ngo-1941, "futhi siyazi ukuthi akukho lutho olungaphazamisa ukuthula kwethu kwangaphakathi. Emasontweni ambalwa edlule phakathi nemihlangano sizwile izixwayiso zokuhlasela kwezindiza futhi salalela ukuqhuma kwe- isenzo esilibazisekile amabhomu, kodwa yethu abafundi namanje ukuqoqa futhi ngokuphelele jabulela yethu isevisi enhle ."

Enye incwadi yangithola ivela eNgilandi eyayigcwele impi ngaphambi nje kokuba iMelika ingene empini. Ngamazwi adabukisayo, uDkt. L. Cranmer Byng, umhleli odumile we- *The Wisdom Of The East Series* , wabhala:

"Ngesikhathi ngifunda *i-East-West* ngaqaphela ukuthi sasiqhelelene kangakanani, kubonakala sengathi sihlala ezindaweni ezimbili." imihlaba ehlukeneyo. Ubuhle, ukuhleleka, ukuzola, nokuthula kuza kimi kuvela eLos Angeles, ngihamba ngesikebhe ngiya echwebeni njengoba umkhumbi ogcwele izibusiso nenduduzo ye-Holy Grail eya edolobheni elixakekile.

"Ngibona sengathi ngiphupha ihlathi lakho lesundu, nethempeli lase-Encinitas elinezindawo zalo zolwandle kanye nemibono yezintaba, futhi ngaphezu kwakho konke ubudlelwano balo bamadoda nabesifazane abangokomoya, umphakathi oqondakala ngobunye, ogxile emsebenzini wokudala, futhi ogcwaliswe ngokuzindla. Yizwe lombono wami, enganginethemba lokuthwala ingxenye yami encane kulo, futhi manje...

"Mhlawumbe emzimbeni angisoze ngafika ogwini lwakho lwegolide noma ngikhulekele ethempelini lakho. Kodwa kuyinto engaphezulu kwalokho, ukuba nombono nokwazi ukuthi phakathi nempi kusekhona ukuthula okuhlala emachwebeni akho naphakathi kwamagquma akho. Ngiyabingelela kubo bonke uBudlelwane obuvela esosheni elivamile, elibhalwe enqabeni yokulinda elinde ukusa."

Iminyaka yempi yaletha ukuvuka ngokomoya phakathi kwabantu ababengakaze bafunde iTestamente Elisha ngezinto ababezilibazisa ngazo ngaphambili. Isiphuzo esisodwa esimnandi esivela ezitshalweni ezibabayo zempi! Ukuze kwaneliswe isidingo esikhulayo, kwakhiwa futhi kwanikezelwa iSonto Lokuziqaphela Lazo Zonke Izinkolo. ku 1942 ku- IHollywood. I isayithi ubuso Umnqumo Igquma futhi i kude I-Los Angeles Planetarium. Isonto, eliqediwe ngombala oluhlaza okwesibhakabhaka, omhlophe, nogolide, libonakala phakathi kwe-water hyacinths echibini elikhulu.

Izingadi zigcwele izimbali, inyamazane embalwa yamatshe ethukile, ingilazi enemibala i-pergola, kanye nesifiso esihle sokuthola ubumnandi. Njengoba kuhlanganiswe namasenti kanye nezifiso zomuntu ezingavamile, kube yisifiso esikhulu sengcebo yoMoya kuphela! Ububele obujwayelekile buvela ezindaweni ezincane ezinezithombe zikaLahiri Mahasaya noSri Yukteswar, kanye nezikaKrishna, uBuddha, uConfucius, uSt. Francis, kanye nomfanekiso omuhle kanina wamaparele kaKristu eSidlweni Sokugcina.

Elinye iSonto Lokuziqaphela Lazo Zonke Izinkolo lasungulwa ngo-1943 eSan Diego. Liyithempeli elithule elisegqumeni, limi esigodini esithambekile se-eucalypti, libheke iSan Diego Bay ekhazimulayo.

Ngihlezi ngolunye usuku kusihlwa kule ndawo yokuphumula ethule, ngangithulula inhliziyi yami ngengoma. Ngaphansi kweminwe yami kwakukhona isitho sesonto esinomoya omnandi, ezindebeni zami kwakukhona isikhalo sokulangazelela seBengali yasendulo.

umkhulekeli I-WHO wayenayo useshe ngoba okuphakade induduzo:

Ku- lokhu umhlaba, Umama, akukho ithini uthando mina;
Kuleli zwe abazi uthando olungcwele. Luphi
uthando olumsulwa?
Kuphi lapho inhliziyo yami
ilangazelela ukuba khona?

Umngane wami esontweni, uDkt. Lloyd Kennell, umholi wesikhungo saseSan Diego, wayemomotheka kancane ngamazwi engoma.

"Ngitshele iqiniso, Paramhansaji, ingabe bekufanelekile?" Wangibheka ngobuqotho obuqotho. Ngawuqonda umbuzo wakhe ocacile: "Ingabe ubujabule eMelika? Kuthiwani ngokudumazeka, ubuhlungu benhliziyo, abaholi besikhungo ababengakwazi ukuhola, abafundi ababengakwazi ukufundiswa?"

"Ubusisiwe umuntu iNkosi emvivinyayo, Dokotela! Ukhumbule ngezikhathi ezithile ukuthi ungibeke umthwalo!" Ngase ngicabanga ngabo bonke abathembekile, ngothando nokuzinikela kanye ukuqonda lokho kwakusenhliziyweni yeMelika. Ngigcizelela kancane ngaqhubeka, "Kodwa impendulo yami ithi: Yebo, yebo kayinkulungwane! Kuye kwaba usizo; kube ugqozi oluhlala njalo, kunanini ngaphambili engangikuphupha, ukubona iNtshonalanga neMpumalanga kusondelana esibophweni esihlala njalo, esingokomoya!"

Ngokuthula nganezela umthandazo: "Sengathi uBabaji noSri Yukteswarji bangazizwa sengathi ngenze indima yami, ngingadumazi ithemba elikhulu abangithume kulo."

Mina waphenduka futhi ku- i isitho; lokhu isikhathi yami ingoma kwakuyi okukhazimulayo nge a ukulwa ubuqhawe:

Isondo eligayayo lesikhathi
lonakalisa impilo eningi yenyanga
nezinkanyezi kanye nosuku
olunenjabulo eningi - Kodwa
umphefumulo wami usaqhubeka!

Ubumnyama, ukufa, nokwehluleka
kwancintisana; Bazama ngamandla

ukuvimba indlela yami;
Ukulwa kwami nomona Imvelo inamandla -
Kodwa umphefumulo wami usaqhubeka!

Isonto likaNcibijane lika-1945 langithola ngisebenza esifundweni sami se-Encinitas, ngibuyekeza umbhalo wesandla wale ncwadi.

"Paramhansaji, ngicela uphume ngaphandle." UDkt. Lewis, ngesikhathi evakashele eBoston, wangimoyizela encenga engaphandle kwefasitela lami. Ngokushesha sase sihamba elangeni. Umngane wami wakhomba imibhoshongo emisha eyayisakhiwa eceleni kwendawo yeFellowship eseduze nomgwaqo omkhulu ogwini.

"Mnumzane, ngibona intuthuko eminingi lapha kusukela ekuvakasheni kwami kokugcina." UDkt. Lewis uza kabili ngonyaka evela eBoston eya e-Encinitas.

"Yebo, Dokotela, iphrojekthi engiyicabange isikhathi eside isiqala ukuthatha isimo esiqondile. Kulezi zimo ezinhle ngiqale ikoloni elincane lomhlaba. Ubuzalwane buyindlela eqondakala kangcono ngesibonelo kunemithetho! Iqembu elincane elivumelanayo lapha lingakhuthaza eminye imiphakathi efanelekile emhlabeni wonke."

"A kuhle kakhulu umqondo, mnumzane! I ikoloni intando ngokuqinisekile yiba a impumelelo uma wonke umuntu ngobuqotho ingabe yakhe ingxenyel!"

"Igama elithi 'umhlaba' liyigama elikhulu, kodwa umuntu kumele andise ukwethembeka kwakhe, azibheke njengomuntu oyisakhamuzi somhlaba," ngaqhubeka. "Umuntu ozizwa ngempela ethi: 'Umhlaba uyizwe lami; yiMelika yami, iNdiya yami, iPhilippines yami, iNgilandi yami, i-Afrika yami,' ngeke aswele ithuba lokuphila okuwusizo nokujabulisayo. Ukuziqhenya kwakhe ngokwemvelo kwendawo kuzokhula ngokungenamkhawulo; uzoxhumana nemisinga yomhlaba wonke yokudala."

Mina noDkt. Lewis sama ngaphezu kwechibi le-lotus eduze kwe-hermitage. Ngaphansi kwethu kwakunoLwandle iPacific olungacacile.

"La manzi afanayo aphuka ngokulinganayo ogwini lwaseNtshonalanga naseMpumalanga, eCalifornia naseShayina." Umngane wami waphonsa itshe elincane endaweni yokuqala yamamayela-skwele ayizigidi ezingamashumi ayisikhombisa olwandle. "I-Encinitas iyindawo efanekisela ikoloni lomhlaba."

"Kuyiqiniso lokho, Dokotela. Sizohlela lapha imihlangano eminingi kanye namaCongress of Religion, simeme izithunywa ezivela kuwo wonke amazwe. Amafulegi ezizwe azolenga emahholo ethu. Amathempeli amancane azokwakhiwa phezu kwenkundla, anikezelwe ezinkolweni eziyinhloko zomhlaba."

"Ngokushesha ngangokunokwenzeka," ngaqhubeka, "Ngihlela ukuvula i-Yoga Institute lapha. Indima ebusisiwe ye- *Kriya Yoga* eNtshonalanga ayisanda kuqala. Kwangathi bonke abantu bangazi ukuthi kukhona indlela eqondile, yesayensi yokuzibona yokunqoba lonke usizi lwabantu!"

Izikhulumi eMhlanganweni Wezizwe Ezihlukene ka-1945 eSan Francisco ngesikhathi kubanjwa iNgqungquthela Yokuthula. (Kusukela kwesobunxele kuya kwesokudla) UDkt. Maneck Anklesaria, uJohn Cohee, mina, uHugh E. MacBeth, uVince M.

ISonto Lokuziqaphela Lazo Zonke Izinkolo eWashington, DC, umholi walo, uSwami Premananda, ukhona lapha esithombeni nami.

Okwami ohloniphekile ubaba, uhlezi ku i ukuthula i-lotus ukuma, ICalcutta, 1936

Kwaze kwaba sebusuku kakhulu umngane wami othandekayo—i- *Kriya Yogi yokuqala* eMelika—waxoxa nami ngesidingo samakoloni omhlaba asekelwe ngokomoya. Izinkinga ezibangelwa ukuqagela kwabantu okubizwa ngokuthi “umphakathi” zingase zibekwe ngendlela engokoqobo emnyango we-Everyman. I-Utopia kumele ivele esifubeni sangasese ngaphambi kokuba iqhakaze ngobuntu. Umuntu ungumphefumulo, hhayi isikhungo; izinguquko zakhe zangaphakathi zodwa zinganika ukuhlala unomphela kwangaphandle. Ngokugcizelela izindinganiso ezingokomoya, ukuziqaphela, ikoloni elibonisa ubuzalwane bomhlaba linikwe amandla okuthumela ukudlidliza okuphefumulelayo kude kakhulu nendawo yalo.

Mhla ziyi-15 kuNcwaba, 1945, ukuphela kweMpi Yomhlaba Yesibili! Ukuphela komhlaba; ukusa kweNkathi Ye-Atomic Eyimfihlakalo! Izakhamuzi zase-hermitage zabuthana ehholo elikhulu ukuze zithandaze ngokubonga. "Baba osezulwini, kwangathi kungaphinde kube njalo! Izingane zakho ziyahamba njengabafowethu kusukela manje!"

Ukucindezeleka kweminyaka yempi kwase kuphelile; imimoya yethu yayicwebezela elangeni lokuthula. Ngabuka ngenjabulo wonke umuntu engikanye naye waseMelika.

"Nkosi," Mina umcabango ngokubonga, "Wena i-hast okunikeziwe lokhu indela a nkulu umndeni!"

Ukuhlupheka kwezingane ezingenacala, ukungabi
nabulungisa, kanye nokungalungi kokuphila konke
kubonakala kubososayensi abanjalo kuyizindaba
ezingacacile nezingenakuchazeka, okukhomba ukungabikho
.komdali olungile

Ngakolunye uhlangothi, iningi labakholelwa
kuNkulunkulu onobulungisa nolinganayo lisekela ukuqiniseka
kwabo kuphela enkolelweni, bengenabo ubufakazi
bokunikeza abangakhulwa. Bavame ukungabaza ukuhlola
ukholo lwabo noma ukulufaka embuzweni onengqondo
ngenxa yokwesaba ukulahlekelwa yilo noma ukubangela
uthuthuva emphakathini. Ngamanye amazwi, abazi
nganoma yimuphi umthetho wesayensi noma ongokomoya
.ongaqinisekisa inkolelo yabo

Kodwa kungani umthetho ongokomoya ungaphenywa
ngendlela efanayo nezindlela zokuhlola ezisetshenziswa
ososayensi ukuthola izenzakalo zemvelo? Lo mbuzo
wabuzwa emakhulwini eminyaka edlule yizazi ezingokomoya
eNdiya, ezavolontiya ukuwuphendula. Ukuhlolwa kwabo
kwaveza izindlela zesayensi ezingasetshenziswa yinoma
ubani ukwembula umthetho ongokomoya, ngaleyo ndlela,
ukuqonda ukuphindukuzalwa kanye nawo wonke amaqiniso
.aphelele emkhathini

Uma nje izindlela zobufakazi zikhona, akekho
onelungelo lokuthi ukubuyela enyameni kanye neminye
imithetho engokomoya akulungile ngaphandle kokuthi
.azame izindlela futhi abone amaqiniso ngamehlo akhe
Isazi semvelo esingabazayo sinelungelo lokuveza
umbono waso, kodwa uhlala ungumbono nje hhayi iqiniso
Kwisayensi yemvelo, izinqubo ezithile kumele zilandelwe
ukufakazela noma yimuphi umbono ocwaningwayo
Amagciwane awabonakali ngeso lenyama, ngakho-ke
kudingeka i-microscope ukuze uwabone Uma umuntu
enqaba ukubuka nge-microscope, akunakushiwo ukuthi
uhlale futhi waqinisekisa umbono wokuthi amagciwane

akhona. Ngenxa yalokho, umbono wakhe awunasisindo
ngoba akalandelanga imithetho enconyiwe yokufakazela
.ukuthi lo mbono uyasebenza

Kusebenza okufanayo nangokomoya Izindlela seziye

zaklanywa, kwamiswa imithetho, futhi kwavezwa
imiphumela kunoma ubani ozimisele ukuzama Ezweni
laseNtshonalanga, nokho, ukuntuleka kwendlela yesayensi
yokuhlola imithetho engokomoya kuye kwehlisa kakhulu
inani lenkolo njengamandla abalulekile empilweni yomuntu
Izimfundiso ezingokomoya ziyamukelwa noma zenqatshwa
ngokwenkolelo yomuntu ngamunye kunokuba zibhekwe
njengomphumela oqondile wokutadisha okujulile kanye
nokuhlola okungokomoya okuhlelekile

Izihlakaniphi zasendulo zaseNdiya zayiveza kanjani le
mithetho yendawo yonke engaguquki? Ngokwenza izivivinyo
ngokuphila komuntu kanye nokucabanga ezindaweni
zokucwaninga zezindawo zabo zokuhlala Ukuze siqonde
uhlobo lwezinto zemvelo, kumelwe sizame ngezinto zemvelo
Ngokufanayo, ukuze sithole iqiniso ngokuphindukuzalwa,
noma ukufuduka komphefumulo ofanayo ngemizimba
eminingi, kubalulekile ukwenza izivivinyo ngokuqonda
komuntu

Lezi zazi zasendulo zathola ukuthi ubuntu bomuntu
abuguquki kukho konke ukuphila komuntu, naphezu
kokuhlangenwe nakho okuhlukahlukene kanye
nokushintshashintsha kwemicabango ngesikhathi sokuvuka,
ukuphupha, kanye nokulala okungaphuphi. Zathola ukuthi
imibono yezinzwa, indawo ezungezile, imicabango, kanye
nezimo zomzimba konke kuyashintsha, kodwa umuzwa
wokuzibona, noma ubugovu, uhlala ungaguquki nhlobo
.kusukela ekuzalweni kuya ekufeni

Ososayensi baseNdiya abahlola izinto baqinisekisele
ukuthi ngokugxila ngokucophelela kumuntu ngokwakhe
ngokumqapha okuqhubekayo, okuqaphelayo, nokuzimela,
ngaphandle kwezimo ezishintshashintshayo zokuphaphama,

amaphupho, kanye nokulala okungenamaphupho, umuntu
.angaqaphela isimo sakhe esihlala njalo nesingunaphakade

Umuntu uvame ukuqaphela esinye salezi zimo.

Uyaziqaphela uma ephapheme, futhi ngezinye izikhathi
angase aqaphele nesimo sakhe sokuphupha. Akuvamile

.ukuzizwa sengathi uyaphupha uma ephupha

Ngezindlela ezithile kanye nemikhuba, umuntu
angagcina ukuqonda okuqondile ngesimo ngasinye esishiwo
ngenhla. Angase akwazi ngisho nokufinyelela isimo sesine—

isimo esibusisiwe sokuqonda okuphakeme

Ngesikhathi sokulala, ukuphumula okungafuneki

kwenzeka njengoba umsebenzi emithanjeni nasezinzwa
unyamalala. Ngokuzijwayeza, umuntu angabangela lokhu
kuphumula ngenkathi ephapheme futhi ngomzamo oqondile.

Ebuthongweni obujulile noma ekufeni, ukuphumula
okuphelele kwenzeka njengoba amandla okuphila ephuma
enhliziyweni nasemgogodleni. Ngokuzindla okujulile, lokhu

kuphumula okuphelele kungabangelwa ngamabomu
ngenkathi ephapheme. Ngamanye amazwi, yonke imisebenzi
yomzimba engafuneki ingalawulwa ngamabomu

.nangokuzivivinya okuthile

Izazi zasendulo zaseNdiya zaphetha ngokuthi ukufa

kuwukukhipha amandla okuphila esibanini somzimba
womuntu, okuhlanganisa nezinzwa zawo, izinzwa, kanye
neziteshi eziningi zamandla abalulekile Njengoba nje ugesi
ungafi lapho ukhishwa esibanini sokukhanya esiphukile,
kanjalo namandla okuphila awabhubhi lapho ekhishwa
ezinzwa ezingezona ezemvelo Akunakwenzeka ukuthi
amandla abhujiswe. Aphuma emzimbeni ekufeni futhi
.abuyele emandleni emvelo

Ngesikhathi sokulala, ingqondo yezinzwa iyayeka

ukusebenza njengoba ugesi osezinzwa ukhishwa
okwesikhashana. Ekufeni, ingqondo yomuntu iyayeka
ngokuphelele ukuziveza ngomzimba, ofana nengalo
ekhubazekile; umnikazi wayo uyazi ukuthi ikhona kodwa

ayikwazi ukuyilawula noma ukwenza okuthile ngayo. Amarekhodi ezokwelapha achaza icala lomfundisi owangena e-coma wezwa labo abamzungezile bekhala ngokufa kwakhe okusobala, kodwa wayengakwazi ukuveza imizwa yakhe ngemisebenzi yakhe yomzimba. Izindlela zakhe zomzimba zaphela ngokuzumayo futhi zengaba ukuphendula emiyalweni yakhe yengqondo. Ngemva kokuchitha amahora angamashumi amabili nane kulesi simo, futhi njengoba nje esezoyiswa emngcwabeni, wenza umzamo omkhulu futhi wakwazi ukunyakaza. Lesi sigameko sibonisa ukuphikelela komuzwa wokuzicabangela ngisho nalapho umzimba .ubonakala ungaphili

Abahlakaniphile bathi umuntu kufanele ahlukhanise umsebenzi nokuqonda emzimbeni ngamabomu, aqaphele isimo sokulala ngamabomu, futhi azijwayeze ukuhoxisa ngokuzithandela umsebenzi okuqondayo enhliziyweni nasezikhungweni zomgogodla. Ngokwenza kanjalo, umuntu ufunda ukwamukela ngamabomu lokho ukufa okuzombangela kona ngokungazi nangaphandle kwentando .yakhe

Amandla abalulekile angena emzimbeni nge-medulla oblongata bese egcinwa endaweni yokugcina ubuchopho. Bese ehlela kwezinye izikhungo ezinhlanu zokuphila kanye nokuqwashisa ekholomu yomgogodla, lapho esatshalaliswa .khona ezithweni zokuzwa kanye nawo wonke umzimba Ekufeni, amandla abalulekile akhishwa ngokuphelele nangokuqinisekile aye emgogodleni bese ephuma emzimbeni nge-medulla oblongata. I-yogi enekhono, ngentando nangokuqwashisa, ingakhipha la mandla abalulekile emzimbeni futhi izwele emgogodleni bese iwathumela ezindaweni eziphakeme kakhulu zokuqonda okungcwele, lapho ithola khona injabulo yokuba "ifile"— okungukuthi, ikhululiwe ekukhohlisweni kwezinzwa okubangelwa ukunamathela ekuqondeni okulinganiselwe .ngokomzimba

Kukhona icala elibhalwe phansi emibhalweni yodokotela
baseFrance nabanye baseYurophu eliphathelene nendoda
egama linguSadhu Haridas, enkantolo yoMbusi waseNdiya
uRajneet Singh Leli cala libonisa ukuthi uSadhu Haridas
wakwazi ukuhlukanisa umsebenzi wakhe obalulekile kanye
nokuqonda emzimbeni wakhe, wabe esezixhumanisa
kabusha ngemva kwezinyanga eziningana. Isidumbu sakhe
sangcwatshwa ngaphansi komhlaba, futhi indawo
yayingaphansi kokubhekwa okuqinile, ubusuku nemini
izinyanga eziningana. Ekupheleni kwalesi sikhathi, isidumbu
sakhe sakhishwa futhi sahlolwa odokotela baseYurophu
abamemezela ukuthi ufile. Kodwa-ke, ngemva kwemizuzu
embalwa lesi simemezelo, wavula amehlo akhe futhi
waphinde walawula yonke imisebenzi yakhe yomzimba,
waphila iminyaka eminingi kamuva. Wayefunde
ngokuzijwayeza ukuthi angayilawula kanjani yonke
imisebenzi yomzimba nengqondo yakhe. Wayengumfundi
ongokomoya owayenze izivivinyo ezingokomoya ezinconywe
yizazi ukuze aqonde uhlobo lwangempela lomthetho
wendawo yonke. Ngenxa yalokho, wakwazi ukufakazela
ukuqhubeka kokuphila komuntu ngemva kokufa kanye
.nokungonakali kwengqiqithi yomphefumulo ongafi
Labo abafisa ukuzibonakalisa iqiniso lesayensi
lokuphindukuzalwa kumele baqale babonise ukuqhubeka
kokuqonda ngemva kokufa ngokuhlukanisa umzimba
nomphefumulo ngamabomu Lokhu kungenziwa
ngokulandela imithetho eyamiswa izazi ezingokomoya
zaseNdiya emakhulwini eminyaka edlule Lapho umuntu
efunda ukuphaphama ngesikhathi sokulala, ukuvusa
amaphupho ngokuthanda kwakhe, nokuhlukanisa
ngamabomu izinzwa ezinhlanu—hhayi ngokunganaki
njengoba kwenzeka ngesikhathi sokulala—futhi lapho efunda
ukulawula ukusebenza kwenhliziyo, khona-ke uzokwazi
ukuzwa ukufa okuqaphelayo noma isimo sokungazi
komzimba (hhayi isimo sokungazi)

Izazi zethu zithi umuntu uyaziqaphela ngokwakhe kuzo
zonke izigaba zobuntwana, ubusha, kanye nokuguga.

Umphefumulo ophilayo uhlala uqaphela zonke izimo
ezilandelanayo umuntu abhekana nazo, okuhlanganisa
nokwamukela omunye umzimba ngemva kokufa nokuhamba
phakathi kwezwe elingokwenyama nelingokoqobo. Leli qiniso
aliphikiswa yilabo abanolwazi oluhle ngesayensi
.engokomoya

Ngokusebenzisa izindlela eziholela ezimweni ezine
okukhulunywe ngazo ngenhla, singazilandelela thina
ezimweni zaso zokuphila. Singazilandelela ngamabomu
ngesikhathi sokufa, ukuzulazula kwaso esikhaleni sendawo
yonke, kanye nokubuyela kwaso ekuphileni emzimbeni
.omusha

Labo abangafundiswanga lezi zinto abakwazi ukugcina
ingqondo ngesikhathi sokulala okukhulu: ukufa Ngakho-ke,
abakwazi ukukhumbula noma yisiphi isimo abake babhekana
naso ngaphambili, ngisho nezikhathi "zokulala okujulile"
ngesikhathi sokuphila okukodwa

Ngokwamukela izindlela zezazi zasendulo zaseNdiya
ezahlola futhi zafakazela leyo mithetho, futhi zapha umhlaba
ulwazi oluyigugu noluqinisekisiwe, umuntu angafunda iqiniso
lesayensi mayelana nokuphindukuzalwa kanye nawo wonke
.amanye amaqiniso aphakade

Ukumamatheka komphefumulo

Ukumamatheka kwangempela kuwukumamatheka
kwenjabulo engokomoya, okuvela ekucabangeni,
ekucabangeni ngoNkulunkulu, nasekuzweni ubukhona Bakhe
Ukumamatheka kwami kuvela enjabulweni ejulile
ngaphakathi kimi—injabulo efinyeleleka kubo bonke Kufana
nephunga eliphuma enhliziyweni yembali eqhakazayo Le

njabulo enkulu imema abanye ukuba bazicwilise emanzini
angcwele enjabulo

Kunezimo ezine umuntu ovamile azijwayele: injabulo
lapho egcwalisa isifiso, ukungajabuli lapho enqatshelwa,
isithukuthezi lapho engajabuli noma engacindezelekile,
kanye nokuthula lapho enqoba le mizwa noma izimo
.zengqondo zenjabulo, ubuhlungu, kanye nesithukuthezi

Ukuthula kuyisimo esifiseleka kakhulu esibangelwa
ukungabikho kokudabuka nenjabulo, kanye nokuntuleka
kwesithukuthezi. Lezi zimo zihlala zigcwala ebusweni
bomphefumulo. Ngemva kokugibela amagagasi ashubile
obuhlungu nenjabulo, okuhlanganisa nokucwila
okuphindaphindiwe ekujuleni kokukhathala, kukhona
injabulo ekuntanteni olwandle oluzolile lokuthula. Kodwa
okukhulu kunokuthula injabulo engokomoya—injabulo
yomphefumulo—injabulo yokugcina. Kuyinjabulo engapheli
engapheli kodwa ehlala nomphefumulo kuze kube phakade.
Le njabulo ephakeme ingatholakala kuphela ngokuqaphela
.ubukhona bukaNkulunkulu

Uma ubeka isitsha samanzi ngaphansi kokukhanya
kwenyanga bese usivuselela, uzodala isithombe
esiphambene senyanga. Lapho amanzi ehlala esitsheni,
ukubonakaliswa kuyacaca. Izikhathi lapho amanzi esitsheni
ethule futhi ebonakalisa ubuso benyanga ngokucacile
zingafaniswa nesimo sokuthula kokuzindla kanye nesimo
sokuthula okujulile. Ekuthuleni kokuzindla, wonke amagagasi
emizwa nemicabango ayayeka ukugeleza engqondweni.
Futhi kulesi simo sokuthula esijulile, umuntu ocabangayo,
kulokho kuthula, ubona inyanga egcwele yobukhona
.bukaNkulunkulu ibonakaliswa echibini lomphefumulo

Ukuthula kuyisimo sokungenzi lutho, ukungabi khona
kwamagagasi enjabulo, ubuhlungu, kanye nokunganaki
Ngakho-ke, umuntu ozindlayo udonswa, ngemva kwesikhathi

esifushane, ukuze aphinde azwe amagagasi emizwa. Kodwa
lapho ukuthula kokuzindla kuba kujula, kulapho kuguquka
khona kube ukuthula okungokomoya, futhi ngenxa yalokho,
kuba yinjabulo enhle, ukuze umuntu ozindlayo athole
.injabulo evuselelwa njalo futhi enelisekile ngokuphelele

Uma ulele, ucabanga imicabango nemizwa ethulile
kodwa uthule. Kodwa uma uthula imicabango nemizwa
ngokuzindla, into yokuqala oyitholayo isimo sokuthula, futhi
imisipha yobuso bakho yakha ukumamatheka ngokwemvelo
okubonisa ukuthula kwangaphakathi. Kodwa kumelwe
ubheke ngale kwalesi simo sokuthula ukuze ubone
ubumsulwa bomphefumulo wakho—ubumsulwa
obungangcoliswanga yizisusa zemizwa noma ukusabela
okuzenzakalelayo emicabangweni ehlotshaniswa nezinzwa.
Isimo ositholayo ngaleso sikhathi singesenjabulo ehlala njalo,
.evuselelwa njalo

Abaprofethi nabangcwele banale njabulo ezinhliziyweni
zabo njalo Bezizwa bephephile futhi benokuthula
okubusisiwe, abashukunyiswa futhi abanqotshwa yiziphepho
zentukuthelo, futhi ukukhathazeka nokwesaba akubathinti
Besebenzisa i-scalpel yokucabanga noma ukuqonda,
bangahlaziya imicabango yabo noma imicabango yabanye
etafuleni lokusebenza kwengqondo ngenkathi begcina
ukuthula kwabo nokuthula Kulesi simo senjabulo, lonke usizi
luyanyamalala, futhi ukuqonda okungokomoya kuvela
ngaphakathi komuntu ofuna injabulo, okuqinisa ukuxhumana
kwabo noNkulunkulu

Ukumamatheka okuningi kuvela emizweni emihle evela
ezenzweni zomusa, noma emizweni yobungane, uthando,
ubumnene, noma uzwela Kodwa indlela enhle kakhulu
yokumamatheka yilapho inhliziyo yomuntu igcwele uthando
lukaNkulunkulu. Khona-ke umuntu uzokwazi ukuthanda
wonke umuntu futhi uzokwazi ukumamatheka njalo. Zonke

ezinye izinhlobo zokumamatheka ziyadlula ngoba imizwa,
noma ngabe inhle kangakanani, iyanyamalala, bese iphela.
Okuwukuphela kwento ehlala njalo injabulo kaNkulunkulu.

Uma unaleyo njabulo, ungamomotheka ngaso sonke
isikhathi; ngaphandle kwalokho, ngeke ukwazi ukuzwela
.uthando ngomuntu ophendula emseni wakho ngokudelela

Ngiyazi indoda eyabonisa usizi olukhulu lapho umkakhe
eshona. Ngahlola imizwa yakhe yokuzenzisa, ngayitshela
ukuthi, "Uzoshada kabusha phakathi nenyanga."
Yathukuthela futhi yenqaba ukungibona futhi, kodwa
yashada futhi phakathi nenyanga ngemva kokushona
komkakhe. Wayecabanga ukuthi uthando lwakhe
ngomkakhe wokuqala lwalulukhulu kakhulu, kodwa
!wamkhohlwa ngokushesha

Angisoze ngasikhohlwa isifundo esikhulu engasithola
kuthisha wami, uSri Yuktswarji, lapho engixoxela le ndaba
:encane

Ngesikhathi ngisengumfana omncane, ngagxila"
kakhulu emcabangweni wokuba nenja encane, ebukeya kabi
eyayingeyomakhelwane, futhi ngadala isiphithiphithi endlini
amasonto amaningi ukuze ngithole leyo nja ngenqaba
ngenkani zonke iziphakamiso zezilwane ezifuywayo ezinhle
".kakhulu ngangifuna leyo nja kuphela hhayi enye

Ukunamathela okufanayo kubamba abantu kulokho
okubizwa ngokuthi ukuthanda kakhulu Abathandi
badonseleka kakhulu ebusweni obuthile kangangokuthi
abakwazi ukuthola induduzo kwenye indawo Kodwa ubuhle
okufanele sibufune kwabanye ubuhle bezenzo ezinhle,
ubuntu obuhle, kanye nokuthambekela okungokomoya,
hhayi ubuhle obungokwenyama

Uma umphefumulo wakho ugcwele injabulo, uba muhle
angithandi lutho ngaphandle kokumamatheka kwangempela,

okungenacala ngoba ngaphandle kwakho, abantu abahlukile
kuma-puppet Namuhla bathi bazokuthanda kuze kube
phakade, futhi kusasa bangcwatshwe Ngakho-ke luphi
uthando lwabo olukhulu? Futhi luphi lolo qiniseko oluphelele,
"Ungukuphila kwami, futhi ngizokuthanda kuze kube
"?phakade

Kodwa uma uvumela uNkulunkulu athi kuwe, ngisho
noma kanye nje, "Ngiyakuthanda," lolo thando luyohlala
phakade Kungani uchitha isikhathi ufuna imvuthuluka
yothando lomuntu, imali encane, noma lokhu noma lokho,
uma ungathola konke kuNkulunkulu: lonke uthando
emhlabeni, wonke amandla akhona? Akufanele sifune
uNkulunkulu ngenxa yokuhaha amandla, kodwa ngenxa
yesifiso sothando Khona-ke sizothola ingcebo enkulu kakhulu
Futhi uma sithanda uNkulunkulu ngothando olujulile
nolusuka enhliziyweni, uzosiphendula, futhi sizozwa uthando
Lwakhe lushaya ezinhliziyweni zethu

Umfuni kufanele azindle njalo, ngoba impilo imnandi
ngokuzindla ngoNkulunkulu Ukuzindla kukhulu kakhulu
kunokuchitha amahora amaningi efuna imali, uthando
lomuntu, noma yini engase ifike engqondweni. Lapho
umuntu ezindla kakhulu, futhi ingqondo yakhe ihlala iqinile
esimweni esingokomoya ngenkathi esebenza, yilapho
umuntu eba nekhono lokumamatheka. Ngikulowo mbuso
manje naso sonke isikhathi—ekugondeni okubusisiwe
ngoNkulunkulu. Akukho okungithintayo. Kungakhathaliseki
ukuthi ngedwa noma nginabanye, injabulo kaNkulunkulu
ihlala ishaya ngaphakathi kimi. Ngikwazile ukugcina
ukumamatheka kwami. Kodwa ukuwina lokho kumamatheka
kwakuwumsebenzi onzima! Lokho kumamatheka okufanayo
nakho kungaphakathi kuwe—injabulo efanayo nenjabulo
yomphefumulo kuhlala ngaphakathi kuwe. Awudingi
ukukuthola, kodwa ukuze ukubuyisele. Ulahlekelwe

okwesikhashana ngokuzanelisa ngemizwa, futhi ungazithola
.futhi

Noma ubani okholelwa ukuthi izinto ezibonakalayo,
ezingajatshulelwa ngokubona, ukuzwa, ukunambitha,
ukuhogela, kanye nokuthinta, ziletha injabulo emsulwa
uphambukile kakhulu. Izinzwa azinikezi injabulo; kunalokho,
zijasiphuca yona. Uma ubeka imibandela enjabulweni
yakho, njengokuthi, "Angikwazi ukujabula ngaphandle
kokuba ngibone lobo buso," awusoze wajabulela injabulo
emsulwa, engangcoliswanga, ngoba injabulo yezinzwa
iyadlula. Izinsuku neminyaka zithinta ubuhle bomzimba.
Konke okusemhlabeni wezinto ezibonakalayo kungaphansi
komthetho wokushintsha. Ngakho-ke, noma ngabe umuntu
angabona bonke ubuso obuhle emhlabeni, ezwe yonke
imisindo, futhi athinte konke akufisayo, ngeke athole
injabulo yangempela. Kodwa-ke, bangase bazikhohlise
ngokuthi bayajabula. Ngezinye izikhathi, ngemva kokwenza
umzamo omkhulu wokuthola okuthile, bathola ukuthi ayikho
injabulo entweni ngokwayo. Noma kunjalo, bathola
ukwaneliseka okuthile emzamweni abawenzile, ngakho-ke
bacabanga ukuthi bayajabula. Kodwa lolu hlobo
lokwaneliseka lungolwesikhashana futhi
.lungolwesikhashana

Ngakho-ke akusizi ngalutho ukufuna injabulo ngemizwa.

Injabulo engokomoya kumelwe itholakale futhi ivezwe
ngamazwi kanye nesimo sobuso. Uma umuntu enza lokhu,
ngisho nokumamatheka okuncane kuzomboza wonke
umuntu oseduze kwakhe ngamandla ayo adonsela phansi
.abusisiwe, futhi abanye bazozizwa bejabule

Kodwa uNkulunkulu kuphela ongaguqula izinhliziyi
Akufanele sizinike amandla okwenza okuhle Ukuphela
komuntu owenza okuhle okhona nguNkulunkulu Leli zwe
lingelakhe Uma uzizwa ubukhona Bakhe futhi uqaphela

ukuthi ulawula konke, futhi uma ubeka konke Kuye—izenzo ezinhle ngisho nezimbi—uzomangala ukuthola ukuthi zonke izenzo zakho zizoguqulwa zibe izenzo ezinhle

Uma ukwazi uNkulunkulu kukuwe, ngeke ukwazi ukwenza noma yini engamjabulisi. Kumelwe sinikele izimpilo zethu kuYe futhi siqaphele ukuthi nguNkulunkulu ophefumulela imicabango emihle futhi asishukumisele ukwenza imisebenzi emihle. Kumelwe sisuse "ubugovu," okuyisithiyo esikhulu kulolu lwazi olukhululayo. Umuntu ubengeke akwazi ukuphakamisa isandla sakhe uma uNkulunkulu ecima inhlansi encane yokuphila ku-medulla oblongata yakhe! [Iphuzu eliyinhloko lapho amandla okuphila engena khona emzimbeni]

Ngangihleli ngaphandle kanye, futhi kwakubanda kakhulu ngaphendula ingqondo yami ngaphakathi, futhi ngokuphazima kweso, ngangingasakwazi ukuzwa ubanda nhlobo ngangigcwele injabulo enkulu, futhi ngezikhathi ezithile, ngangibona umzimba wami nakho konke okungizungezile kuncibilika kube ukukhanya okukodwa ngangingabona izimo ezingizungezile uma ngigxila kuzo, futhi umhlaba ubunganyamalala uma ngigxila ekukhanyeni Akukho okungabonakala ngaphandle kokuqaphela Uma ulawula ngokuphelele ingqondo yakho futhi ubheka ngaphakathi, kuwe, uzobona lokho kukhanya okukhulu kwaphezulu, ngisho noma amehlo akho evulekile

Uma ubheka ngaphandle ngamehlo akho, ukuqonda kwakho kuqonda umhlaba wangaphandle Konke okukhona kuyisithombe esinyakazayo efilimini kaNkulunkulu yendawo yonke. Ngalolo suku, ngakwazi ukubona imizwa nemicabango eyayingamaphupho engqondweni yami evela kuNkulunkulu. Ngakwazi futhi ukuzwa injabulo emsulwa ngaphandle kwemizwa nhlobo lapho ngiphendula ukuqonda kwami ngaphakathi. Ngisho noma ngangihleli kulowo

mkhuhlane obabayo, ngigqoke izingubo ezilula kuphela,
ngangizwa umkhuhlane futhi izinto ziyanyamalala, futhi
injabulo kuphela eyabamba. Kamuva, ngathola imizwa ethile

Nokho, kunezinye izidalwa zamaplanethi ezaziwa ngokuthi imimoya ezulazulayo. Le mimoya iboshelwe eMhlabeni ngenxa yokunamathela okuqinile kanye nesifiso sokungena emzimbeni womuntu ukuze iwusebenzise njengemoto yokuzijabulisa kwayo ngokomzwelo. Lezi zidalwa ngokuvamile azibonakali futhi azinamandla okuthonya abantu abavamile. Ngezinye izikhathi, imimoya emibi iyaphumelela ekungeneni nasekuphatheni umzimba nengqondo yomuntu. Lokhu kwenzeka kuphela lapho lowo muntu engalingani ngokwengqondo, lapho ingqondo yakhe ibuthakathaka ngokushiywa engenzi lutho noma

engacabangi, njengomuntu oshiya imoto yakhe ivuliwe enezihluthulelo ngaphakathi. Esimweni esinjalo, umuntu ozulazulayo angangena emotweni ashayele.

Imimoya ezulazulayo yileyo miphefumulo elahlekelwe yimizimba yayo ngokufa kodwa ihlala inamathele kuyo. Ngakho-ke, izama ngazo zonke izindlela ukusebenzisa umzimba wanoma yimuphi umuntu ukuze ifeze imigomo yayo. Ngenhlanhla, imimoya ezulazulayo ayikwazi ukumelana nokudlidliza okukhulu komcabango ongokomoya kanye nokuqonda. Labo abafuna uNkulunkulu ngobuqotho abacabanga futhi bazindla ngaye abanakho ukwesaba kulezi zidalwa ezilahlekile nezidukile. Ngoba uNkulunkulu unguMoya oPhakeme, futhi akukho moya, noma ngabe mubi kangakanani, ongalimaza labo abathanda uNkulunkulu futhi abamqaphela njalo.

Ukuze siqonde ubunjalo bezidalwa zamaplanethi, kumelwe siqale siziqonde. Lapho uNkulunkulu esidala, waqala wasidala njengokuqonda. Kusukela engqondweni Yakhe ehlanganisa konke, wasidala, futhi kusukela kulo mbono, ngokuyinhloko siyizidalwa zengqondo. Akulona yini iqiniso ukuthi uma udala into entsha, isinyathelo sokuqala ukucabanga ngesibonelo sayo engqondweni yakho? Bese uqoqa izinto ezidingekayo bese ekugcineni uletha lowo mbono ekuphileni. Lokhu kusebenza futhi ekwakhiweni kwethu kanye nokwakheka kwayo yonke indalo. Sinezimo ezintathu: isimo sengqondo (umqondo), isimo sendalo (izinto ezidalwe), kanye nesimo somzimba (umkhiqizo oqinile)

Umzimba wenyama wakhiwe yizakhi ezingu-16 Kodwa indlela lezi zinto zamakhemikhali zezinto ezibonakalayo ezihlanganiswe ngayo ukuze zenze

umzimba ube yithuluzi lengqondo iyamangalisa ngempela!

Abanye abantu bafuna ukuthenga imoto entsha minyaka yonke Kodwa baphoqeleka ukugcina imodeli yabo endala yomzimba iminyaka engamashumi ayisithupha, amashumi ayisikhombisa, noma ngaphezulu! Ngisho noma umzimba uphelelwa amandla, isifiso sokuwugcina sihlala sinamandla kuze kube yilapho uNkulunkulu ethi, "Kwanele! Ngikhulule kulo mzimba!" Bese, umuntu egxuma emzimbeni wakhe obolayo ukuze azithole esemzimbeni ongokoqobo owakhiwe ukukhanya namandla. Bayajabula ukuthola ukuthi banekhono lokuzwa, ukubona, nokuthinta ngemizimba yabo emisha, nokuthi abanamathambo okuphula noma inyama yokulimaza.

Uma umuntu efa, umzimba wakhe uyabola, kodwa umzimba wakhe weplanethi uhlala usesimweni sawo sokuqala ngokuphelele.

Iphi leyo miphefumulo eyashiya uMhlaba? Izulazula e-ether Ungase uthi, "Akunakwenzeka lokho," kodwa ake senze lokhu kuqhathanisa:

Uma ngitshela ilungu lesizwe sasendulo ukuthi umculo ukhona ku-ether futhi ungaqoqwa futhi uzwiwe, bangangihleka, noma mhlawumbe bathuke. Kodwa uma ngilethe umsakazo futhi ngiwubeke esiteshini esisakaza umculo nezingoma, ngeke bakwazi ukuphikisa isimangalo sami Ngokufanayo, ngingabonisa abanye ukuthi izidalwa zangaphandle komhlaba zidlula ku-ether, futhi ngeke zibe namandla okuphika. Izwe langaphandle komhlaba lilapha, ngale kokudlidliza okukhulu kwendawo yonke ebonakalayo.

Uma abantu bebengabona izidalwa eziningi zamaplanethi ku-ether ezibazungezile, abaningi bebengabanjwa ukwesaba, kanti abanye

bebengazama ukufuna abathandekayo babo abashonile.

Uma ugxila kakhulu esweni elingokomoya, ungabona, ngokubona kwangaphakathi, izwe elikhazimulayo lapho yonke imiphefumulo edlulile endaweni engokoqobo ihlala khona Kubantu, inhliziyo isebenza njengomamukeli, futhi iso elingokomoya lidlulisela ukukhanya Ngisho noma ungababoni abathandekayo bakho abashonile, uma ugxila imizwa yakho enhliziyweni ngokuthula, uzozwa ukuba khona kwalabo obathandayo abaphila emizimbeni ekhanyayo, bejabulela inkululeko yabo ekuboshweni komzimba wenyama.

Ngibona izidalwa eziningi zamaplanethi ezishiye iplanethi yoMhlaba, kodwa azikwazi ukungibona Angizenzi ngibonakale kuzo, kodwa ngingazibona uma ngifisa.

Ngakho-ke, asikhululekile ngokuphelele lapho sishiya umzimba ekufeni. Imiphefumulo yethu ihlala imbozwe ngezindlela ezimbili ezicashile: iplanethi (umzimba wamandla) kanye nembangela (umzimba ocatshangwayo)

Uma umuntu ethatha isimo somzimba, uba yisidalwa esibonakalayo kuleli zwe. Ngemva kokufa komzimba wakhe wenyama, uhlala ezweni lamaplanethi "njengomoya," okungukuthi, njengesidalwa esingabonakali esinikwe amandla engqondo kanye nengqondo efanayo nezici ezamhlukana ngesikhathi sokuphila kwakhe emhlabeni.

Izakhumuzi zomhlaba wamaplanethi, vele, zingabonana emizimbeni yazo ekhanyayo, kodwa izidalwa zamaplanethi zivame ukungabonakali kithi eMhlabeni ngaphandle kokuthi sazi ukuthi singangena kanjani emhlabeni wamaplanethi ngeso

elingokomoya. Lapho imiphefumulo ilahla imizimba yayo engokoqobo futhi ingena esimweni sengqondo sezwe elibangela lokho, ayinyamalali ngokuphelele, kodwa kunalokho iba engabonakali ngokuphelele, njengoba nje imicabango ingabonakali.

Lapho imiphefumulo ikhululiwe ezifisweni zenyama, ayisadingi ukuphinde ivele emzimbeni eMhlabeni. Le miphefumulo iyahamba phakathi kwendawo yamaplanethi kanye nepharadesi eliyimbangela, iqhubeka nokuvela emzimbeni endaweni yamaplanethi kuze kube yilapho ukukhululwa ngokomoya kuleso simo nakho kufinyelelwa. Lapho zonke izifiso zembangela seziphelile, umuntu uba ngokhululekile ngempela, noma umphefumulo okhululekile.

Uma umphefumulo oshonile usenezifiso ezingakagcwaliseki kusukela ekuphileni kwawo kwasemhlabeni, uzoqhubeka nokuzizwa lezo zifiso endaweni yamaplanethi futhi ulangazelela ukuziveza emzimbeni wenyama. Ngakho-ke, lowo mphefumulo udonselwa emuva, nomzimba wawo wamaplanethi, esitokisini (iseli lesidoda) esakhiwe ngesidoda neqanda, futhi uzalwa kabusha njengomntwana osanda kuzalwa.

Akuhlakaniphile ngomuntu ukuba azibize unomphela nganoma yikuphi ukuntuleka komzimba. Ake sithi othile ulahlekelwa yingalo kulokhu kuphila, bese umqondo walokho kulahlekelwa ugxila engqondweni yakhe, azikholise ngokuthi ngeke aphinde ayisebenzise. Lapho ezalwa kabusha, uzoletha lowo muzwa wengalo engekho. Uma lo mcabango ongemuhle unamandla ngokwanele, ungaphazamisa umsebenzi wokudala womsebenzi obalulekile wokuqonda odala izingalo zomzimba omusha. Ngakho-ke, umuntu akufanele azichaze

**ngokungapheleli nokuntuleka komzimba wenyama.
Ukulinganiselwa okunjalo akuphathelene
nomphefumulo, okuyisithombe esimsulwa nesiphelele
sikaNkulunkulu.**

**Ngakho-ke, uyabona ukuthi ngaphambi kokuba
uthathe isimo somzimba, wawungumoya, futhi lapho
usufile, uzobuyela ekubeni umoya futhi. Siyimimoya
ngisho nalapho silele, ngoba ngesikhathi sokulala
asizazi nhlobo njengemizimba yenyama. Ngakho-ke,
njengoba ungumoya uma ulele, futhi uzoba ngumoya
ngemva kokufa, kungani imimoya kufanele yesabe?
Yilokhu obekulokhu uyikho—umoya—futhi uyohlala
uyikho—futhi yilokhu oyoba yikho kuze kube phakade.**

**Umehluko kuphela ukuthi uma ungena endaweni
yamaplanethi ngesikhathi sokufa, awukwazi ukudala
ngokuthanda kwakho umzimba wenyama ofana
nalowo onayo manje. Amakhosi Amakhulu kuphela
ahlangene noMdali Ophakeme angenza kanjalo.
Imiphefumulo ethuthukile ngokomoya ingaqinisa
ukudlidliza okucashile kwesithuthi samaplanethi sibe
umzimba ophathekayo.**

**Sesaba ukufa ngenxa yobuhlungu nomqondo
wokubhujiswa. Lokho kuyiphutha elingalungile. UJesu
Kristu wazembula kubafundi bakhe ngesimo
somzimba ngemva kokufa kwakhe. ULahiri Mahasaya
wabuya enyameni negazi ngosuku olulandelayo
ngemva kokufa kwakhe. Sibonisile ukuthi abazange
babhubhe.**

**(Futhi uMprofethi, ukuthula makube kuye, wathi,
“Oneqiniso kakhulu kini emaphusheni nguyena
oneqiniso kakhulu kini ekukhulumeni” Futhi, “Noma
ubani ongibona ephusheni unjengokungathi
ungibonile ngokoqobo”)**

Nakuba amacala ezigxobo ezingokomoya engavamile, akufanele kushiwo ukuthi ubufakazi babo abulungile.

Mina mathupha ngibone uthisha wami, uSri Yuktsuwar, owavuswa cishe ezinyangeni ezintathu ngemva kokufa kwakhe (Bheka amaZwe Omoya: Iqiniso Lawo kanye Nemvelo Yawo kulesi siza)

Izincwadi ezingcwele zokuhlakanipha zithi umphefumulo womuntu empeleni uwukubonakaliswa komoya waphezulu Awukaze uzwe ubuhlungu bokufa noma izinhlungu zokuzalwa, futhi ukuba khona kwawo kungunaphakade uma nje ukuba khona ngokwako kuhlala njalo. Lo mphefumulo uphila phakade futhi awushintshi, awuthintwa ukubola futhi awuthintwa ukubhujiswa.

Izikhathi eziningi, umfundi ogulayo owayehlala kude wadonsela umzimba wami weplanethi kuye ngamandla okuzinikela kwakhe nothando lwakhe Esinye isenzakalo esinjalo senzeka lapha nomfundi ogama lakhe linguSeva Devi Wayengumfundi ozinikele kakhulu Ngesinye isikhathi, wagula kakhulu kodwa wakugcina kuyimfihlo kuwo wonke umuntu Lapho ngimvakashela esibhedlela, wathi kimi, "Ngicela ucele uNkulunkulu ukuba angangigcini kulo mzimba"

Kamuva, ngabuyela endaweni yokuhlala yase-Encinitas ogwini lwasePacific, kwathi ngolunye usuku ekuseni ngazizwa ngokuzumayo ukudlidliza kweplanethi okusobala kukaSeva Devi. Ngokuzinikela kwakhe nothando lwakhe olungokomoya, wadonsela umzimba wami kuye. Ngokushesha, umzimba wami wenyama waqina, sengathi impilo isiphumile kuwo. Kamuva ngatshelwa ukuthi uSeva Devi wamemeza ngokuzumayo, "USwamaji ulapha!" ngaphambi nje

kokuba ashiye umzimba wami, njengoba ayeqaphela ukuthi ngiyiswa kwelinye izwe.

Kamuva, ngambona, umzimba wakhe ukhanya, ehleli kwelinye lamakilasi ami, njengoba nje ayevele ngesikhathi sokuphila kwakhe Ukube othile wayengithinte ngaleso sikhathi, nabo babeyokwazi ukumbona, yize labo abakuleso simo sokuqaphela okungokomoya bengabavumeli abanye ukuba bamthinte.

Sesidlule umkhawulo wokufa futhi sabuyela ekuphileni izikhathi eziningi, pho kungani sesaba ukufa? Kuza ukuzosikhulula Yiqiniso, akufanele sifise ukufa, kodwa kufanele sithole induduzo kukho—uma kuza ngokwakho—ukuzosikhulula ezinkingeni ezahlukahlukeni.

Abantu besaba nokufa ngenxa yokuhlala isikhathi eside kuleli jele elingokoqobo, baze besabe ukulishiya. Kodwa kuwubuwula ngomuntu ukwesaba.

Njengoba kuyintando kaNkulunkulu ukuthi sibe nale modeli yasendulo ebonakalayo kuze kube sekufeni, kumelwe siyilondoloze futhi siyinakekele ngokufanele.

Kukhona indaba eNdiya ngensizwa eyayisifa eyakhala lapho izwa ukukhala kosizi nobuhlungu bokuhlukana nayo:

Ungangithuki umphefumulo wami ngokukhala kwakho kozwelo

Uma uqala ezindaweni zaphakade zokukhanya nothando

Ngingumuntu okufanele ngikuzwele futhi ngikuzwele ngesimo sakho

Mina-ke

Akusekho ukugula ngemva kwanamuhla

Akukho ngisho nethambo eliphukile

Akukho ukudabuka, akukho ubuhlungu obukhulu

**Ngoba ngiphupha ngenjabulo futhi ngibhukuda
olwandle lwenjabulo**

Futhi ngiphefumula injabulo

Amahora okusebenza anwetshiwe!

**Umuntu akazi ukuthi kuzokwenzekani kuye kuleli
zwe Uphila phakathi kokwesaba nokukhathazeka
kwengqondo Labo abadlulile emhlabeni bayamzwela
futhi bambusise ezweni labo Ngakusho lokhu kumama
owayeshonelwe yindodana yakhe, kwathi lapho
ngiqeda ukuchaza, wasula izinyembezi zakhe
ngokushesha wathi: "Angikaze ngizizwe nginokuthula
okunjalo. Ngiyajabula ukwazi ukuthi indodana yami
ikhululekile. Ngangicabanga ukuthi kukhona okubi
okwenzeke kuyo."**

**Abantu abaningi abathuthukile ngokomoya
bayakwazi ukubona imizimba yabo ethambile**

**Lapho umzimba we-etheric ukhuphuka noma
uphuma emzimbeni wenyama ngesikhathi sokufa,
umuntu ohambayo ubona umzimba wakhe njengofile.
Lokhu okuhlangenwe nakho okufanayo kwenzeka
lapho i-yoga ethuthukile idlula umzimba wenyama
ngamandla okuzimisela, okubenza bakwazi ukuhamba
nokubuyela emizimbeni yabo ngokuthanda kwabo.
Kodwa-ke, abantu abaningi abakholelwa ukuthi
bangakwenza lokhu banephutha. Ukucabanga nje
ngokubhekana nento ethile akusho ukuthi
kuzokwenzeka. Ukwazi indlela kubalulekile.**

**Ngesinye isikhathi, indoda ethile eNew York yeza
kimi yaphikelela ngokuthi ingahamba ngendlela
enempilo (isuka emzimbeni wayo wenyama). Ngathi
kuyo, "Angicabangi kanjalo; ucabanga ukuthi unalo
lelo khono" Kodwa yaphikelela ekungihloleni
Ngavuma ngathi, "Kulungile, bese uhamba ngendlela
enempilo bese wehlela phansi ungitshele ukuthi
kwenzekani endaweni yokudlela ezansi lapho"**

Wathula isikhashana, wabe esethi, "Kukhona upiyano olukhulu ekhoneneni elingakwesokudla"

Bengiqiniseka ukuthi wayekucabanga ngoba ukuphefumula kwakhe kanye nokushaya kwenhliziyo yakhe kwakujwayelekile

Ngakho ngathi, "Ngokuphambene nalokho, ngicabanga ukuthi uzothola abesifazane ababili behleli etafuleni lapho." Wangihleka usulu. Sabe sesihamba ndawonye saya endaweni yokudlela, futhi kwakungekho piyano ekhoneneni, kwakungumama ababili kuphela ababehleli etafuleni. Ekugcineni, umngane wethu waqonda ukuthi wayekhohlisiwe yimicabango yakhe.

Emibonweni yami yamaplanethi angaziwa, ngivame ukubona izehlakalo ezesabekayo, kodwa kimi zibonakala njengefilimu. Umhlaba wawuhloselwe ukusijabulisa, hhayi ukusihlupha noma ukusesabisa. UNkulunkulu uSomandla wenza idrama yendalo yakhe yaba yinkimbinkimbi kakhulu, egcwele ukuphikisana kokuhle nokubi.

Kumelwe siziqeqeshe ukuze siqonde isimo sethu esingokomoya esifihliwe Kodwa lokhu akunakwenzeka uma nje sihlala sigcina imicabango yethu emzimbeni Ukukhathazeka njalo ngezinto ezibonakalayo kusenza sibe nezinto ezibonakalayo futhi kuvimbele izifiso zethu ezingokomoya Kumelwe senze uNkulunkulu abe yinto ebaluleke kakhulu ekuphileni kwethu Uma simehlisa esikhundleni sesibili, ngeke eze kithi, futhi ngeke simazi Izilingo zomhlaba ziningi futhi zikhona njalo Labo abafisa izinto ezingokomoya kumele bavuselele intando yabo futhi bahambe ngendlela yabo ehlathini eliminyene lezilingo ukuze bafinyelele endaweni ephephile nenokuthula

Ukukhuphuka kweplanethi okungokoqobo kungabonakala ngokwazi kuphela lapho umuntu

engena ezimweni ezijulile zenjabulo engokomoya, ekhulisa ukuqonda kwakhe ezingeni eliphakeme lokuqwashisa. Ngeso labo elingokomoya, bangabona noma yiliphi iphuzu esikhaleni, kungaba kuleli zwe noma endaweni engokoqobo. Bangadlula futhi imikhawulo yesikhathi nendawo. Abanye abantu abathuthukile ngokomoya banekhono lokuhlanganisa imizimba yabo engokoqobo ngisho neyomzimba kunoma iyiphi indawo. Lesi simo sibizwa ngokuthi i-bilocation, noma ukuba khona okubili, lapho umuntu angaba khona ezindaweni ezimbili noma ngaphezulu ngesikhathi esisodwa. Kulesi simo, umzimba wenyama usesimweni sokuphiliswa okumisiwe, okufana nokuphupha. Lapho inkosi ifinyelela esigabeni esiphezulu senjabulo engokomoya (isigaba solwazi lwaphezulu), bangenza yonke imisebenzi yabo ngokujwayelekile ngenkathi behlala becwiliswe esimweni esingcwele sokuhlwithwa.

Lowo ofuna isiphephelo kuNkulunkulu akanakulinyazwa yinoma ubani, futhi akanalutho lokwesaba inqobo nje uma ekholelwa kuNkulunkulu futhi ebambelela esiqondisweni Sakhe. Kodwa lapho umuntu evumela imicabango emibi ukuba ingene engqondweni yakhe futhi ekholelwa ukuthi othile uzama ukumlimaza, umnika lowo muntu amandla okwenza kanjalo.

Cabanga ngomuntu ekuthumelela umbono ongamanga, bese uyawamukela. Akungabazeki ukuthi uzolinyazwa yiwo. Kodwa unamandla okulahla imicabango emibi. Ungabesabi labo abanezinhloso ezimbi, ngoba akekho ongakuthonya ngaphandle kokuthi ubuthakathaka ngokwengqondo. Ukwesaba nengqondo evaliwe kuvumela ububi ukuba bungene. Kodwa uma uziqinisekisa ukuthi, "UNkulunkulu unami futhi uyangivikela," okuhle kuphela okuzokuza kuwe

okuvela emicabangweni yabanye. Ngisho noma othile ekuthumelela imicabango emibi, ngeke ikufinyelele; kunalokho, izobuyela kumthumeli, imlimaze ngezindlela azaziyo noma angazazi. Zizungeze ngoNkulunkulu futhi ufune isiphephelo egameni laKhe elibusisiwe, amandla amakhulu kunawo wonke endaweni yonke. Ludonga olungenakungenwa lapho yonke imicibisholo yobubi, amanga, nobuzenzisi idilizwa khona, futhi lapho yonke imicabango emibi iphambuka khona futhi iphindiselwe emuva emthonjeni wayo nakumsunguli wayo!

Ungalaleli amandla ezipoki ezizulazulayo nemimoya elahlekile, noma abenzi bomlingo omnyama. Kunezimpi eziningi ezinkulu nezihlala zikhona endaweni yonke ezidlalayo ezinkundleni zokuphila. Kukhona impi yendawo yonke phakathi kokuhle nokubi. Kodwa akukho ukwesaba kumakholwa aqotho enza ngokuvumelana nokholo lwawo nezinhloso zawo ezinhle, ngoba okuhle kuzonqoba ekugcineni.

Leli zwe libuswa izidalwa ezingabonakali namandla: uNkulunkulu, abaprofethi baKhe, nabangcwele baKhe ngakolunye uhlangothi, noSathane, izinceku zakhe, kanye nezinhlangano zakhe ezimbi ngakolunye Kukhona impi enkulu phakathi kukaNkulunkulu nezingelosi zaKhe kanye noSathane kanye nabalingani bakhe Inkinga ayinakuxoshwa njengenkohliso nje Ukube uSathane wayengekho, besingeke sifune usizo lukaNkulunkulu ngokumelene naye Ububi bukhona futhi kumele bulwiwe ngazo zonke izindlela nezindlela

Lapho uNkulunkulu edala isintu, wadala noSathane. USathane, ngamandla akhe okukhohlisa, ukhona ukuze avivinye abantu. Ngaphandle kokuthi umlilo uncibilikisa insimbi, insimbi ayinakushaywa

noma yenziwe ngesando. Ngakho-ke lapho kufika ukugula noma ubuhlungu, khumbula ukuthi kuyisivivinyo okumele sidlule. Ungakhonondi noma ucindezeleke yizilingo ezinjalo. Imiphefumulo eminingi emikhulu iye yabhubha ngenxa yezifo ezimbi futhi yabekezelela ukuhlupheka okukhulu. Abanye bahlushwa ukukhubazeka okukhulu, kodwa balondoloza ukholo lwabo futhi badlulela enkazimulweni ephakeme kakhulu.

Iplanethi yethu enguMhlaba ingenye yezindawo ezinabantu abaningi kakhulu. Kunemihlaba engcono kakhulu kunale Mhlaba, egcwele zonke izinhlobo zezinkinga nobunzima. Kodwa, uNkulunkulu akasikhohlwa ngesihe saKhe; kunalokho, uzama ukusisiza ngezindlela eziningi ukuze siqobe ukuhlupheka kwethu kanye nezithiyo ezisivimbelayo.

UNkulunkulu, izingelosi zaKhe, kanye nezigidi zemimoya emihle balwela ukusungula uhlelo olungcwele lokuzwana eMhlabeni Zonke izimfanelo ezinhle kanye nezici ezizuzisayo zivela emoyeni omuhle, ngoba imimoya emihle ihlwanyela njalo imbewu yemicabango emihle nezinhloso ezinhle emhlabathini wezingqondo zethu. Nokho, ngesikhathi esifanayo, inkosi yobumnyama—uSathane—ngosizo lwabalandeli bayo bemimoya emibi, idala isiphithiphithi nezinkinga emhlabeni. Ngubani ngaphandle kukaSathane owadala amagciwane esifo? Waletha izinhlobo eziningi zesifo, kwabe sekuba yisifo sofuba, kanye nolunye ubhubhane olubulalayo, umdlavuza, nezinye—zonke izindlela zobudemoni zokuhlupha isintu. Kodwa uNkulunkulu uphefumulela abacwaningi abaningi ukuba basungule izindlela ezintsha nezizuzisayo zokuqeda izifo.

Injabulo yocansi iyinto ekhohlisayo ehambisana nenjabulo yaphezulu Lapho ucansi luhlukaniswa

Ngemva kwezinsuku ezingamashumi amathathu zengxoxo yethu, ngezwa ubuhlungu obungazelelwe esibindini sami. Emasontweni alandelayo kwaba yiphupho elibi lobuhlungu obukhulu. Ngingafuni ukukhathaza uthisha wami, ngangicabanga ukuthi ngingabekezelela ubunzima bami ngedwa, ngesineke nangesibindi. Kodwa ngemva kwezinsuku ezingamashumi amabili nantathu zokuhlupheka, ukuzimisela kwami kwaba buthakathaka, futhi ngahamba ngesitimela ngaya eVaranasi, lapho uSri Yuktiswar angamukela khona ngemfudumalo emangalisayo. Kodwa-ke, akazange anginike ithuba lokumtshela ngasese ngesimo sami esiwohlokayo. Abaningi abazinikele babemvakashele ngalolo suku ukuze bathole isibusiso sakhe. Njengoba ngangigula, ngahamba ngaya ekhoneni. Izivakashi azihambanga kwaze kwaba ngemva kwesidlo sakusihlwa, lapho uthisha wami engibizela everanda yendlu yakhe enama-octagonal. Wangikhuluma nami, ebheka kude futhi ehambahamba emuva naphambili, ngezinye izikhathi evimba ukukhanya kwenyanga:

"Ngicabanga ukuthi ufike ngenxa yesifo sakho sesibindi. Ube nobuhlungu izinsuku ezingamashumi amabili nane, akunjalo?"

Ngaphendula: "Yebo, mnumzane"

Wathi, "Ngicela wenze ukuzivocavoca kwesisu engikufundisile"

Ngaphendula ngathi, "Ukube ubuwazi, mnumzane, ubukhulu bokuhlupheka kwami, ubungeke ungicele ukuthi ngizivocavoce." Noma kunjalo, ngenza umzamo omncane wokulalela umyalo wakhe. Uthisha wangibheka ngokubuza imibuzo.

"Uthi uzwa ubuhlungu, mina ngithi abukho ubuhlungu. Lokhu kungqubuzana kungaba khona kanjani?"

Ngazizwa ngididekile, kwabe sekuba nomuzwa wenjabulo, futhi angibange ngisakuzwa ukuhlushwa okuqhubekayo okwakungiphuce isibusiso sokulala amasonto amaningi kangaka. Lapho nje kukhulunywa ngamagama athi "Sri Yuktsur," ubuhlungu baphela ngokuphelele, njengokungathi abukaze bube khona.

Ngaqala ukukhothama ezinyaweni zakhe ngibonga, kodwa wangimisa wathi:

"Khohlwa ngalokho Vuka ujabulele ubuhle benyanga phezu kweGanges" Amehlo kathisha akhanya ngenjabulo njengoba ngimi buthule eceleni kwakhe Ngaqonda ngokwendlela yakhe yokuziphatha ukuthi wayefuna ngizizwe sengathi uNkulunkulu ongiphilisile, hhayi yena

Futhi kuze kube namuhla, ngisagqoka isongo lesiliva elisindayo njengesikhumbuzo salolo suku, inkumbulo ethandekayo lapho ngiqaphela ukuthi ngangihlala nomuntu ongavamile ngempela futhi ovelele Kamuva, ngangiletha abangani bami eSri Yuktiswar ukuze baphulukiswe, futhi wayehlala encoma ukusetshenziswa kwamatshe ayigugu noma amasongo, edumisa ukusetshenziswa kwawo njengomkhuba wokuhlakanipha kweplanethi.

Kusukela ebuntwaneni, ngangizizwa ngingathandi ukufunda izinkanyezi ngezizathu ezimbili: okokuqala, ukubona abaningi ababethanda ukufunda izinkanyezi ngokuzidela nangokuzithoba, kanti okwesibili, isiprofetho esenziwa yisazi sezinkanyezi somndeni: "Uzoshada kathathu futhi ube ngumfelokazi kabili" Ngangizohlala kulokhu isikhathi eside futhi ngizizwe njengewundlu elihlatshelwe umhlatshelo e-altare lomshado kathathu Ngolunye usuku, umfowethu omdala u-Ananta wathi kimi:

"Kungcono kakhulu kuwe ukwamukela isiphetho sakho, njengoba ishadi lakho lezinkanyezi selivele libonisile ukuthi eminyakeni yakho yokuqala uzobaleka ekhaya uye eHimalaya bese uphoqeleka ukubuya. Ngokufanayo, isiprofetho esiphathelene nemishado yakho sizogcwaliseka nakanjani"

Ngobunye ubusuku, ebona ukuthi lesi siprofetho singelona iqiniso, washisa imephu yombhoshongo wabeka umlotha wayo emvilophini lapho abhala khona ukuthi: "Imbewu ye-karma edlule ayinakuhluma uma ishiswa yimililo yokuhlakanipha okungcwele." Wabe esebeka imvilophi endaweni evelele u-Ananta wafunda le nselele esobala wahleka usulu, ethi:

"Awukwazi ukubhubhisa iqiniso kalula njengoba ushise leli phepha"

Ngempela, izikhathi ezintathu ngaphambi kokuba ngibe yindoda, umndeni wami wazama ukuhlela umshado wami, futhi ngenqaba isikhathi ngasinye, ngazi ukuthi uthando lwami ngoNkulunkulu lunamandla kunanoma yiziphi izinto zezwe ezisele esikhathini esidlule. Ngangihlala ngicabanga ngamazwi ahlakaniphile kathisha wami:

"Lapho umuntu efunda kabanzi ngokuzazi yena, kulapho ithonya lakhe liba likhulu khona endaweni yonke ngokusebenzisa ukudlidliza kwakhe okungokomoya okusobala, futhi ngesikhathi esifanayo kulapho ethinteka kancane khona yizenzakalo zangaphandle."

Ngezinye izikhathi ngangicela izazi zezinkanyezi ukuba zibikezele izikhathi zami ezimbi kakhulu ngokwendlela amaplanethi ahamba ngayo, kodwa ngangisakwazi ukufeza noma yini engangiyicabanga ngalezo zikhathi. Kuyiqiniso ukuthi impumelelo yami kulezo zikhathi yayigcwele ubunzima obungavamile, kodwa ukuzethemba kwami kwakusekelwe ngokuqinile. Ukholo ekuqondisweni kwaphezulu kanye nokusetshenziswa okufanele kwamandla okuzimisela—isipho sikaNkulunkulu esintwini—kungamandla amakhulu, amakhulu kakhulu kunamagagasi angaphandle avela emaplanethi nasezinkanyezini.

Ngaqaphela ukuthi lokho izinkanyezi ezikuqophayo ekuzalweni akusho ukuthi umuntu uyipopi yesikhathi sakhe esidlule Kunalokho, amathonya eplanethi ayizimbangela zokukhula Izidalwa zasezulwini zisebenza ukuvusa intando yomuntu yokugqashula kuzo zonke izithiyo UNkulunkulu wadala wonke umuntu enomphefumulo ohlukile nophiwe wona, ngakho-ke umuntu ngamunye unendima ebalulekile ekudalweni okuphelele, kungakhathaliseki ukuthi leyo ndima iwukusekela noma ukuthembela ekusindisweni Insindiso yomuntu ayixhomekile ekunqobeni kwangaphandle kodwa ekunqobeni kwangaphakathi ngokomoya

intuthuko engokomoya

Kusukela ezimfundisweni zikaMaster Paramhansa Yogananda

Uma sibheka umhlaba namuhla, nazo zonke izinkinga zawo, ubunzima bawo, ukudideka, isiyaluyalu, ukungazi, kanye nezingxabano, kunzima ukukholelwa ukuthi isintu singene esigabeni esisha sentuthuko kanye nenqubekela phambili. Kodwa-ke, isintu sishiye ngemuva izikhathi ezinzima, zokuthanda izinto ezibonakalayo futhi sathatha izinyathelo ezisheshayo nezisheshayo eziya emngceleni walesi sigaba esisha sokuthuthuka kwaso okuya phezulu.

Njengoba sisondele kakhulu kule nkathi yama-athomu, amandla amaningi emvelo ayengaziwa eNkathini Yobumnyama manje ayatholakala futhi asetshenziswa, okusiza ukusheshisa ijubane lokuxhumana komhlaba wonke kanye nentuthuko kwezokwelapha, ezolimo, ezokuthutha, kanye neminye imikhakha.

Ngempela, izindlela zobuchwepheshe zesimanje zishintshe kakhulu indlela yokuphila yansuku zonke njengoba besikwazi futhi sikwazi

Kodwa izikhathi zobumnyama isintu esizibekezelele zisasebenzisa ithonya elinamandla nelisakazekile kubantu. Yingakho abantu besebenzisa izindlela zesayensi ezithuthukisiwe hhayi nje kuphela ngokuhle kodwa futhi nokondla nokuqinisa imvelo eyisisekelo, yezinto ezibonakalayo njengobugovu, ukubhubhisa, kanye nobugovu. Ngakho-ke, umthelela

wezikhathi zobumnyama uzoqhubeka iminyaka eminingi ezayo.

Lesi sikhathi esikhulayo sinikeze induduzo enkulu ngenxa yezindlela namathuluzi obuchwepheshe obuthuthukisiwe, futhi sinikeze abantu isikhathi esithile samahhala esasingatholakali ngaphambilini. NgeNkathi Yobumnyama, abantu bachitha yonke imizuzu yokuvuka kanye nawo wonke amandla abo ekuqinisekiseni izidingo zabo eziyisisekelo nasekuphileni. Ingxenye encane kakhulu yabantu kuphela eyayinesikhathi esanele sokuzinikela emisebenzini ephakeme.

Manje - okungenani emazweni athuthukile - wonke umuntu ungaphansi kwaleso sigaba. Kodwa abantu benzani ngesikhathi sabo samahhala kanye nokuzilibazisa?

Ngenxa yokuthi abazi injongo yokuphila, bachitha isikhathi namandla abo ekuzijabuliseni okungapheli Umuntu ovamile eNtshonalanga uchitha cishe amahora angamashumi amahlanu ngesonto ebuka ithelevishini Cabanga ukuthi abantu bebeyojabula kangakanani nokuthi umhlaba ubuyoba ngcono kangakanani ukube lawo mahora amade abechithwa emisebenzini engokomoya ethela izithelo!

Labo abazindlayo basebenzisa isikhathi sabo ngokuhlakanipha nangempumelelo Ngeshwa, abantu abaningi baphambukile kuNkulunkulu nemithetho yaKhe

Yingakho umhlaba usesimweni sawo samanje esibi Sifisa sengathi ngabe siphile ezweni lokulondeka, ukuchuma, nokuthula Kodwa ngisho nokuphila ezweni elinezinxushunxushu kunezifundo

**zalo kulabo ababonakalisa izimo ezinzima

**Ezikhathini zokuthula nokuchuma, lapho
kungekho khona ukungasebenzi noma izinkinga

ezimpilweni zethu futhi siphuthelwe ithuba eliyigugu
lokuxhumana naye futhi sijabulele isivikelo sakhe.**

Abantu bafuna ukwazi kahle ukuthi kuzokwenzekani esikhathini esizayo. Kungani? Ukuze bandise ukukhathazeka kwabo?

Ukube besiwuqonda ngempela umthwalo omkhulu esiwubeka ezingqondweni zethu lapho sinqotshwa ukwesaba nokukhathazeka, besizomangala ngokukhuthazela kwethu kuze kube manje. Ukukhathazeka nokukhathazeka kwenza ingqondo ibe buthaka, kuvumele ukwesaba kungene emphefumulweni, futhi ngenxa yalokho, silahlekelwa ukulinganisela kwethu kwengqondo nokwangokomoya. Inkinga yethu isemizamweni yethu yokuphila esikhathini esizayo nesikhathi esidlule ngasikhathi sinye, esikhundleni sokuphila esikhathini samanje. Le mithwalo inzima kakhulu ukuba ingqondo ingayithwala.

Kumelwe sihlaziye imicabango yethu Esikhathini esiningi, sibalekela esikhathini esizayo noma esikhathini esidlule Lokhu kuwukuchitha konke. Kumelwe siphile esikhathini samanje futhi sigcwalise isikhathi samanje ngemicabango kaNkulunkulu.

Akukho ndawo emhlabeni ephephile noma evikelekile ngempela ezenzakalweni nasezingozini Isivikelo sangempela sisekuphileni ngokwethembeka nangobuqotho, ukusebenzelana nabanye ngeqiniso nangobuqotho, kanye nomthandazo, ukuzindla, kanye nokuzwana noNkulunkulu.

Ngenxa yalesi sizathu, kumelwe senze konke okusemandleni ethu ukuze sibe nokuthula noNkulunkulu. Lokhu kuvumelana kuyikhambi lazo zonke izifo kanye nokuphulukiswa ekushayweni kwempilo kanye nemivimbo yesikhathi.

Akufanele sesabe yizehlakalo ezimbi zempilo kanye namaphupho amabi Akufanele sesabe ukugula, ubumpofu, noma izingozi Uma sizithola siphakathi kwezilingo nezinsizi, masiqaphele ukuthi lokhu okuhlangenwe nakho kuyinkohliso futhi siqonde ukuthi singanqoba izimo ezimbi ngokucabanga okuhle, ukwahlulela okuhle, kanye nokuzwana ngokomoya noNkulunkulu, umthombo wazo zonke usizo nesivikelo

Akukho sivikelo noma ukuphepha ngaphandle kukaNkulunkulu Kumelwe siphendukele kuYe ngokuphelele uma sifisa ukuphepha nokuthula kwengqondo

Kunzima ukuthola ukwaneliseka okuphelele kuleli zwe, okungelona ikhaya lethu langempela Ukuphila kwethu kulo mhlaba kungokwesikhashana Silapha esikoleni sokufunda izifundo zokuphila Uma sikhohlwa leli qiniso, izinkinga zethu ziyaqala, futhi izinkinga zisizungezile nxazonke

Akukho okufanele ukuphilelwa ngaphandle kukaNkulunkulu Konke okunye kuzodlula kusishiye sodwa Kumelwe sifune okuphakade nokuhlala njalo Uthando lomuntu luyadlula futhi luyaphela kancane kancane Ngemuva kothando lomuntu kukhona uthando lwaphezulu, futhi yilolo uthando olukhulu kunawo wonke, olwanelisa izifiso zenhliziyo futhi lucime ukoma komphefumulo Masijabulele konke uNkulunkulu asinika kona ngaphandle kokulangazelela okunye Size kulo mhlaba ukuzofunda ukuthi singamazi kanjani uNkulunkulu Akukho okunye okusihlosele ukuba khona kwethu lapha

Abafuni abaqotho bazomthola uNkulunkulu, futhi izimpilo zabo zizogcwala ukuthula, ukuthula, umusa,

nenjabulo. Isifiso sokumazi kumelwe sibe namandla futhi siqhubeke, futhi imiphumela izoqinisekiswa (lowo ongqongqozayo uzozwa) Labo abamaziyo uNkulunkulu bathola injabulo nenjabulo eqhubekayo.

Ukufuna uNkulunkulu akuhambisani nobungane babantu, umshado, noma ukuphishekela impumelelo yezinto ezibonakalayo Lezi zinto nazo ziyizingxenye ezibalulekile zezifundo zokuphila Okubalulekile ukuhlukanisa phakathi kweqiniso nokukhohlisa, nokuqaphela ukuthi imigomo nezinto ezibonakalayo azikwazi ukusinika injabulo esiyilangazelelayo futhi esilwela ukuyifinyelela ngayo yonke imicabango nezenzo zethu.

Le filosofi ayenzi impilo ibe mnyama noma ibe nembi

Ukuthula makube phezu kwakho

Iqiniso kanye neqiniso ngokujulile

Iqiniso liyigama elimbozwe ukungacaci futhi elifihlwe ukungacaci okuningi. Kungumqondo onzima ukuwuchaza nokuwucacisa Wonke umuntu unezinkolelo nezinkolelo, efunga ngokholo lwakhe ukuthi ziyiqiniso eliphelele. Kodwa umuntu anganquma kanjani ngokuqinisekile ukuthi yini eyiqiniso nengokoqobo phakathi kwalolu hlu olukhulu lwemibono?

Iqiniso lihlobene futhi liphelele. Lidlula ezigabeni eziningi zentuthuko kanye nokucwengwa ngaphambi kokufinyelela esimweni salo esiphelele. Isibonelo, abantu ababili baxoxa ngephrojekthi yebhizinisi. Omunye uphakamisa umbono oqinisekisa impumelelo,

kanti omunye unikeza impikiswano ephikisayo efinyelela umgomo ofanayo kodwa onezinzuzo ezengeziwe. Bese omunye umuntu eza nomqondo ongcono, njalo njalo. Zonke izindlela eziphakanyisiwe "zazilungile" ngokungenakuphikwa, kodwa ngomqondo olinganiselwe kuphela.

Iqiniso yilona eliletha injabulo ehlala njalo

Ngomqondo wayo ophelele, konke okuphikisana nenjabulo yangempela kungamanga, futhi okuletha injabulo ehlala njalo kuyiqiniso Injabulo yangempela akuyona injabulo yesikhashana ehambisana nempumelelo yezinto ezibonakalayo noma injabulo yesikhashana, kodwa kunalokho injabulo evela ekuvumelaneni komphefumulo nomthombo wawo: UNkulunkulu Ngale ndlela, ungahlulela noma yisiphi isenzo osenzayo ngomphumela waso nokuthi sizokulethela injabulo ehlala njalo noma cha (ngoba empeleni, izenzo zahlulelwa ngeziphetho zazo!)

Iqiniso Eliphelele nguNkulunkulu, futhi uNkulunkulu uyiqiniso eliphelele Indawo yonke isekelwe kuleli qiniso ngemithetho kaNkulunkulu yaphakade. Le mithetho ingamaqiniso ayisisekelo, angaphelelwa yisikhathi, awanakuguqulwa nhlobo futhi angaphezu kwanoma yikuphi ukuphathwa noma ukuhlanekezelwa komuntu. Isibonelo, ilungelo eliphelele ukugwema ukubulala noma ukulimaza, kodwa ububi obuncane phakathi kwamabili ukusebenzisa amandla ukuvikela abangenacala kwababi noma ukuvikela izidalwa ezithuthukile kakhulu kwabangathuthukile. Nokho, ukubhubhisa noma yini ngenxa nje yesifiso sokubulala akulungile.

Umthetho wendawo yonke uqondisa ukuvumelana nokusondelana ngothando, okusho uthando

nokubekezelelana Uma sifisa ukuthola iqiniso, kubalulekile ukuthi imicabango nezenzo zethu zibe ziphilile, ngokwezinto ezibonakalayo, ngokokuziphatha nangokomoya, ngokuvumelana nemithetho yaphakade yeqiniso laphezulu.

Iqiniso liwumongo oyinhloko Kodwa likuphi lelo gama, futhi lingatholakala kanjani?

Kunezindlela ezintathu zokufinyelela eqinisweni: ngokuqonda imizwa, ngokucabanga okunengqondo, nangokuqonda noma ukuqonda komphefumulo.

Uma ukuqonda kwakho kwezinzwa kungalungile, ukuqonda kwakho okunengqondo nakho kuzoba okungalungile. Ungase ubheke ngasemkhathizwe ubone okubonakala sengathi umlilo ngoba ubona intuthu; kodwa njengoba usondela endaweni, uthola ukuthi lokho okwakubonakala sengathi intuthu kwakungelutho ngaphandle kwefu lothuli. Ukuze wazi iqiniso lanoma yini, uthembele ekuboneni nasekuzweni kwakho, kanye nasezinzweni zakho zokuhogela, zokunambitha, nezokuthinta, ngaphezu kwamandla okucabanga. Kodwa lezi zinto ezihlanganisiwe azikwazi ukuba ubufakazi obuphelele beqiniso, ngoba uma izinzwa ziqamba amanga, khona-ke ukucabanga kuzoqamba amanga. Ukuqonda kwakha imibono yakho futhi kufinyelele eziphethweni nasezinkolelweni ngokusekelwe emibikweni eyitholayo ezinzweni, kodwa izinzwa zinqunyelwe kakhulu ngokwemvelo yazo. Yingakho abaprofethi babekhuluma nabantu ngokwezinga labo lokuqonda nengqondo, ngoba bona—abantu—bayabona kodwa ababoni, bezwa kodwa abaqondi noma baqonde (bayizithulu, abayizithulu, futhi abayizimpumputhe, ngakho abacabangi)!

Indlebe yomuntu ingakwazi ukubona kuphela uhla oluthile lokudlidliza; ayikwazi ukuzwa imisindo ephezulu kakhulu noma ebuthakathaka kakhulu Uma ukuzwa kwakho bekukhuliswe ngokwanele, ubungazwa umsindo omangalisayo, omuhle kakhulu okhiqizwa yindawo yonke njengoba idlula esikhaleni esingenamkhawulo Konke okukhona kuyanyakaza, futhi lokhu kunyakaza kuhambisana nomsindo Akukho lutho olukhona ngaphandle kokunyakaza ngaphandle kwendawo yomoya we-cosmic ongaphezu kwamandla, lapho kungekho khona ukunyakaza noma ukudlidliza Uma amandla omoya womuntu ethuthuke ngokwanele, umuntu ubengazwa imisindo ecashile ngendlebe engokoqobo—imisindo engamandla acacile, enika umzimba umuzwa wokuzwa ophakeme

Ngokufanayo, uma amandla amehlo akho ebekhuliswa, ubungabona ukukhanya kwawo wonke umbala nomusa Amehlo akho angokwenyama akukhombisa ububanzi obulinganisewe bokukhanya, kuyilapho iso lakho elingokomoya (eliyi-etheric) libona ubunjalo beqiniso bezinto njengezithombe ezakhiwe ukukhanya okudala kukaNkulunkulu Umzimba wakho wonke, owubona njengenqwaba yenyama eningi, awulutho ngaphandle kwamagagasi kagesi UDkt. Cryle ubonise ukuthi ubuchopho bethole elifile, kanye nobuchopho bomuntu ofile, bukipha imisebe kagesi eminingi Uma uvala amehlo akho, uvame ukubona ubumnyama kuphela Kodwa ngokuthuthuka ngokomoya, uzokwazi ukubona ukukhanya okumangalisayo futhi ukukhanya kukhanya ebumnyameni, futhi ubumnyama abukubonanga (ukukhanya kwamazulu nomhlaba)

Lawa amaqiniso ayisisekelo abantu abangawaqondi ngoba izinzwa zabo zihambisana

kuphela nobubanzi obulinganiselwe bokudlidliza okukhulu.

Ukuqonda noma ukwambulwa: amandla omoya wolwazi ohlanganisa konke

Pho-ke singalazi kanjani iqiniso elifihliwe ngemuva kwezinzwa kanye nokuqonda kwazo? Lokhu akunakwenzeka ngokuhlaziya noma ngencazelo enengqondo, ngoba ingqondo iboshelwe ezinzwa futhi ingakhipha kuphela lokho izinzwa ezikunikezayo Ayinawo amandla okubona amandla angenamkhawulo ayizungezile Kuphela ngokuhlakulela ukuqonda komphefumulo noma ukuqonda okuthile lapho iqiniso lingaziwa khona Ukuqonda kungukuqonda okuqondile, hhayi ngezinzwa—umuzwa omsulwa, oyiqiniso, futhi ohlala unembile womphefumulo

Ungathola umbono wohlobo lwalo mqondo kulezo mizwa ozizwayo kodwa ongakwazi ukuyichaza, ngezinye izikhathi ebizwa ngokuthi "inhliziyo yomuntu iyisiqondiso sakhe" Uzwa ukuthi kukhona okuzokwenzeka ngaphandle kobufakazi bemizwa Kuyiqiniso elizibonakalisa ngaphandle kokuxhumana okunengqondo nemicimbi Ungase uhleli buthule ucabanga ngomuntu ongakaze umbone noma uxhumane naye isikhathi eside, bese ngokuzumayo uhlangana naye noma uzwe kuye Kwenzeka kanjani lokho? Kwenzeka ngokukhanya okudlulayo komqondo Wonke umuntu uke wabhekana nokukhanya okunjalo

Amaphutha ekwahluleleni avela ekwentuleni umuzwa wokuqonda Iningi labantu lizizwa lijulile ukuthi liyakwazi ukwenza izinto ezinkulu nokufeza izinto ezinkulu empilweni, kodwa ngenxa yokuthi alinawo amandla okuqonda, lawo mandla afihliwe ahlala engasebenzi Ukuze uphumelele futhi ugweme

ukungajabuli okubangelwa amaphutha, umuntu kumelwe alwele ukuqonda iqiniso eliyisisekelo kukho konke Lokhu kungenzeka kuphela ngokuhlakulela ukuqonda okunengqondo Lelo iqiniso elingokoqobo lendaba Ngakho-ke, ngeluleka wonke umuntu ukuba afune iqiniso kuzo zonke izinto, kungaba sebhlotsheni bakhe nabanye, emsebenzini, emshadweni wakhe—ngamafuphi, kuzo zonke izici zokuphila Umuzwa wokuqonda ubalulekile; ubalulekile futhi awunakuqedwa

Ukuntuleka kokuqonda kuholela ezinqumweni ezimbi kanye nezenzo zokunganaki, ikakhulukazi ekukhetheni abalingani bebhizinisi abangathembekile noma ekuhilelekeni ebuhlotsheni bomuntu siqu obungafanele. Njengoba ukucabanga kulinganiselwe futhi kuvinjelwe ulwazi olunikezwa yizinzwa, uma izinzwa zikhohliswa, umuntu angabona umuntu njengomuhle kakhulu ngaphandle kokwazi uhlobo lwakhe lwangempela.

Noma ungase ucabange ukuthi usuthole umlingani wakho wokuphila (umlingani wakho womphefumulo) bese ushada nalowo muntu, kodwa ubuhlobo benu buphela ngesehlukaniso noma isihogo sokungezwani ngenxa yokungavumelani kanye nokuntuleka kokuzwana. Kodwa umuzwa wangaphakathi awuwenzi amaphutha anjalo. Awuboni amandla okudonsela avela emehlweni noma ebusweni obuhle, obukhazimulayo; kunalokho, uzwa futhi ubona ngokunemba okuqondile lokho okusenhliziyweni yalowo muntu futhi uyamazi ukuthi ungubani ngempela.

Ngenxa yomuzwa engiwuthuthukisile ngosizo lothisha wami omkhulu, uSri Yuktiswar, angikaze

ngibe nephutha ngesimo somuntu. Umqondo wami wangaphakathi uhlale uwusizo olukhulu kimi kulokhu. Kodwa angizami ukubona uhlangothi olubi lwabantu. Ukuze ngisize abanye, ngibanika uthando lwami olungenamibandela, ngisho noma ngazi ukuthi bangase basebenzise ukwethenjwa kwami njengenzuzo yabo siqu.

Abaningi abangenalo ulwazi lokuqonda batshala imali emabhizinisini ezezimali ahlulekayo, futhi ngenxa yalokho, balahlekelwa yikho konke. Ngiphumelele kuzo zonke izinqumo engizenzile ngenxa yolwazi lwami olungenaphutha.

Njengoba umuntu ekhula futhi ethuthuka, umuzwa uvela njengomzwelo ohlukile noma izwi elithulile. Ngenxa yokuthi abesifazane bajwayelene kakhulu nomuzwa kunabesilisa, ngokuvamile banomuzwa omkhulu, ngaphandle uma benqotshwa imizwelo. Amadoda ngokuvamile aqondiswa ukucabanga, kuyilapho abesifazane beqondiswa umuzwa. emhlabeni: ukuphefumula nokudla. Ngesikhathi sokulala, umuntu akanandaba nesidingo sokuphefumula noma sokudla ngoba umphefumulo uhlukaniswe nokuqonda komzimba. Ukuzila ukudla kuphakamisa ingqondo ngendlela efanayo. Ngokuzila ukudla, ingqondo ithembela emandleni ayo angokwemvelo. Lapho la mandla ebonakala, amandla okuphila emzimbeni akhuliswa amandla aphakade ageleza njalo esuka ku-ether yendawo yonke aye emzimbeni ngobuchopho nomgogodla.

Uma amandla okuphila ehlukaniwe emithonjeni yangaphandle esekela umzimba, uzizwa usekelwa ngaphakathi, futhi ingqondo iyaqaphela ukuthi izinto eziqinile umzimba othembele kuzo zimane nje ziyizibonakaliso zamandla eziqinile neziqinile. Ingqondo ingabe isisebenzisana ngqo namandla okuphila, iyiyale ukuba ilethe izinguquko ezifiselekayo emzimbeni.

Ingqondo inamandla okwenza noma yini Yingakho uJesu Kristu akwazi ukuguqula amatshe abe yisinkwa, njengoba nje amanzi ayegeleza phakathi kweminwe yoMprofethi, ukuthula makube kuye, lapho efaka isandla sakhe esitsheni esinamanzi amancane wathi: Wozani ekuhlanzweni okubusisiwe nasesibusisweni esivela kuNkulunkulu.

Ngakho-ke, ukuthembela ngokuphelele ekudleni kuwukungalungi engqondweni kanye namandla okuphila angaphakathi kumuntu. Ngokuzila ukudla isikhathi eside, umuntu ozila ukudla uyaqaphela ukuthi konke kuwukuhlakanipha.

Wonke amandla, umzimba, noma into kule ndawo yonke ingumkhiqizo wengqondo yaphezulu, njengoba nje zonke izinto ozibonayo ephusheni zidalwe yingqondo engaphansi kokuqonda.

Ingqondo ilawula umzimba Ngesikhathi sokuzila ukudla, uma ucabanga ukuthi umzimba wakho uzoba buthaka ngenxa yalokho, uzoba buthaka ngempela. Futhi uma ucabanga ukuthi ukuzila ukudla kuzonciphisa amandla akho, uzozizwa ubuthakathaka ngenxa yalowo mcabango.

Kodwa uma uziqinisekisa ukuthi umzimba wakho unamandla, ngeke uzizwe ukhathele; kunalokho, uzozizwa unamandla amakhulu, aqabulayo Abantu abaningi abakwazi lokhu ngoba abakaze bakuzwe

Ingqondo ngeke iveze izimangaliso zayo ngaphandle kokuthi usebenzise amandla ayo Futhi ngeke isebenze uma nje uthembele kakhulu ezintweni ezibonakalayo. Ngakho-ke, izimangaliso zayo zihlala zifihliwe ekubonweni okuvamile.

Kodwa uma ufunda - ngokuzila ukudla - ukuthembela ekucabangeni, uzokuthola kusebenza kukho konke, kungaba ekunqobeni ukugula, ekuletheni ukuchuma kanye nobuningi, noma ekufezeni umgomo wokugcina wokuphila: ukuthola uNkulunkulu

Noma ubani ongalawula ingqondo yakhe uzokwazi nokulawula imizimba yakhe nezidingo zayo, futhi uzothola ukuthula okungokomoya nokukhululwa ezinkingeni zasemhlabeni ezibopha umphefumulo nomzimba ndawonye.

Ngakolunye uhlangothi, inkolelo yokuthi izinto azikho kanye nokuthi umoya ukhona emhlabeni wonke akufanele isekelwe ezinkolelweni ezingacacile noma emibonweni engenakuchazeka ngokunengqondo, kodwa kunalokho kufanele isekelwe ezisekelweni ezisebenzayo kanye nokuzazi okujulile.

Abantu bavame ukuzihlanganisa nomzimba osekelwa ukudla, kodwa bayahluleka ukuqaphela

ukuthi umthombo oyinhloko womzimba amandla okuphila. Ukudla noma ezinye izindlela zangaphandle azikwazi ukuvuselela umzimba lapho ugesi wendawo yonke ukhishwe khona.

Ubudlelwano phakathi komzimba womuntu ongokwenyama nengqondo buyi-energy, noma amandla okuphila. Izazi zasendulo zaseNdiya zathola la mandla (i-prana) futhi zathuthukisa isayensi ebizwa ngokuthi i-pranayama , okusho ukulawula ngamabomu amandla okuphila emzimbeni.

UJesu Kristu wazila ukudla ehlane izinsuku ezingamashumi amane. UMprofethi, ukuthula makube kuye, wayevame ukuzila ukudla athi: “Zila ukudla uzophila kahle”

Labo abangazili ukudla abakwazi ukwazi ngokuhlangenwe nakho ukuthi ukuphila kungenzeka ngaphandle kokudla

Ezigabeni zokuqala zokuzila ukudla isonto lonke, indlala iba khona. Kodwa-ke, njengoba izinsuku zidlula, umuzwa wendlala uyancipha, futhi umuntu ozilile uzwa ukukhanya, amandla, ubungqabavu, kanye nomuzwa wokukhululeka ekuvinjelweni komzimba. Kungani? Ngoba ukuncisha umzimba ukudla okungokwenyama kuwuphoqa ukuba uthembele ekudleni okungeyona into ebonakalayo: amandla, umsebenzi, noma amandla okuphila.

Intando yomuntu ingumkhiqizi omkhulu wamandla Ngamandla okuzimisela kanye nesifiso esizenzakalelayo, umuntu angathola amandla angokomoya ngokushesha echibini elingenamkhawulo

Umuntu ongazimisele ukwenza imisebenzi yakhe yansuku zonke uzizwa engenawo amandla namandla. Ngakolunye uhlangothi, umuntu osebenza ngenkuthalo, ngentshiseko, futhi onesifiso sangempela sokusebenza ugcwele umsinga wendawo

yonke, futhi umzimba nomoya wakhe kugcwaliswa ngezinto zamandla.

Noma ubani owazi futhi asebenzise izindlela zokuphila ngamandla okuzimisela, futhi owazi ukuthi angadonsa kanjani amandla okuphila ngamabomu emthonjeni wawo ongapheli wendalo yonke, ukhululiwe ezinkingeni eziningi zomzimba.

Izazi nama-yogi aseNdiya athi izinto ziwumqondo ogxile kakhulu Abanye babo bafakazele leli qiniso ngokubonisa ikhono lokuguqula imizimba yabo nezinye izinto ngokuthanda kwabo.

Isayensi yanamuhla ifakazele ukuthi izinto zakhiwe ngamandla okudlidliza Izinto zamakhemikhali ezakha zonke izinhlobo nezimo endaweni yonke, kusukela emadwaleni nasemaplanethi kuya kubantu, azilutho ngaphandle kwezinhlobo ezahlukeneyo kanye nokuhlukahluka kokudlidliza kwama-electron. Iqhwa, isibonelo, libonakala ngokubanda kwalo, isisindo, kanye nesimo. Lingabonakala futhi lithinteke. Uma sincibilikisa iqhwa, liphenduka amanzi. Uma sibilisa amanzi, liphenduka umusi bese liba lingabonakali. Ngakho-ke, ngokombono wesayensi, iqhwa noma iqhwa alikho ngempela, yize libonakala ezinzwa zethu. Inggikithi yalo ama-electron angabonakali, noma izinhlobo zamandla.

Ngamanye amazwi, lokho okungancibilikiswa noma kuncibilikiswe esimweni esingabonakali akunakushiwo ukuthi kunokuphila kwangempela. Kusukela kulo mbono, izinto zingabhekwa njengezingekho, kodwa ukuba khona kwazo kuyahambisana.

Izinto zikhona maqondana nezingqondo zethu. Kodwa empeleni, zingamandla angabonakali angabhubhi futhi angashintshi ngaphandle kokubukeka nesimo somzimba.

Ngokufanayo, ingqondo yomuntu kanye nendaba kuyizibonakaliso zokuqonda kwaphezulu, okukhona kuphela ngesimo. Iqiniso liwukuthi ingqondo yendawo yonke kuphela ekhona ngempela.

Njengoba nje ingane izalwa ngabazali, kanjalo nendaba incike engqondweni ukuze ibe khona. Indaba ingumkhiqizo wengqondo yaphezulu futhi ibonakala iqondakala engqondweni yomuntu. Ngokwayo, indaba ayinalo iqiniso ngoba ayinakho ukuba khona kwangaphakathi.

Amandla kagesi ezinto, nakuba ehlanya, aqukethe ukudlidliza kwamandla okuphila asezulwini azibonayo, nawo avela emthonjeni waphezulu.

UNkulunkulu wathi, “Ukukhanya kwamazulu nomhlaba,” ngakho-ke makube khona ukukhanya, kwaba khona ukukhanya. Lokhu kusho ukuthi ukugxila kwengqondo yaphezulu kanye nentando yaphezulu kwaba ukukhanya noma amandla adlidlizayo.

Umsinga wokuphila wendalo yonke kanye nama-electron kamuva anyakaza ngamandla amakhulu aba amandla emvelo ahlukahlukene, asobala. Lawa mandla abonakala njengezinto eziyisisekelo ezibonakalayo lapho indawo yonke ebonakalayo yakhiwa khona.

Izinto zingokoqobo futhi ziyabonakala engqondweni yomuntu. Kodwa ngokuhlangenwe nakho, ukucabanga, kanye nokuhlolwa okuthile kwelebhu, isintu sithole ukuthi kumele kube namandla okudala ahlala njalo futhi angaguquki ngemuva kwazo zonke izithombe nezinhlabo zomhlaba obonakalayo.

Leli qiniso lingaqondwa ngokuqonda uhlobo lolwandle, olukhona yize amagagasi alo eyizibonakaliso zesikhashana zesimo esisodwa

esikhulu: ulwandle uqobo Amagagasi awakwazi ukuba khona ngaphandle kolwandle, kodwa ulwandle lukhona kanye namagagasi futhi alukho.

Le mibono ingaqondwa ngokwengqondo, kodwa ayinakuqondwa ngempela ngaphandle kokuba umuntu afunde ukuguqula izinto zibe amandla okuphila, kanye namandla okuphila abe ukuqonda kwendawo yonke, njengoba abaprofethi, abanye abantu abakhulu, kanye nalabo abanolwazi ngokwabo benze futhi baqhubeka bekwenza. Kulaba bantu abakhanyiselwe, izinto azikho zodwa, ngoba bayazi ngokuqiniseka ukuthi ngaphansi kwamagagasi endalo kukhona ulwandle lomoya olungaguquki nolungaguquki.

Kumafilosofi e-Vedanta ne-Yoga, indawo yonke iyiphupho ngaphakathi kokuqonda okuphakade nokuvuka kukaNkulunkulu (onganqotshwa ubuthongo noma ubuthongo). Izinto kanye nengqondo, indawo yonke enezinkanyezi namaplanethi ayo, amaza aminyene ebusweni kanye nemisinga engabonakali, ecacile yokudalwa kwezinto ezibonakalayo, amandla omuntu okuzwa, intando, kanye nokwazi, kanye nezimo zokuphila nokufa, ubusuku nemini, impilo nokugula, impumelelo nokwehluleka, konke kuyiqiniso ngokomthetho wokuhlobana olawula leli phupho lendawo yonke.

Konke okubonwa ngeso lokuhlobana kungokoqobo kuphela kumuntu ophuphayo, odlala indima yakhe encane ephusheni elikhulu lendawo yonke Ukuze abalekele inkohliso yendawo yonke, noma umthetho wokuhlobana, isintu kumele sivuke kuleli phupho siye ekuqondeni okuphakade kukaNkulunkulu

Asikwazi ukushintsha leli phupho ngokucabanga noma ukuphika, ngokwamukela ukuphila ngenkathi

senqaba ukufa, noma ngokuvuma impilo ngenkathi singanaki ukugula. Isimo ngasinye siyingxenye ebalulekile yesimo esiphambene naso, njengolunye uhlangothi lwemali noma indwangu. Izinto ezimbili azihlukene kodwa zixhumene. Umfuni weqiniso akazami ukuzihlukanisa engqondweni yakhe, kodwa kunalokho uzidlula ngolwazi nangokuhlakanipha.

Noma ubani ofuna ukwamukela izici ezinhle, ezijabulisayo neziwusizo kuphela njengamaqiniso emvelo ephindwe kabili ungumuntu ocwiliswe emicabangweni yezwe eliphuphayo.

Njengoba nje umuntu enamaphupho abonakala engokoqobo okwesikhashana, kodwa alahlekelwe ukusebenza kwawo lapho eguqukela esimweni sokuphaphama, kungenzeka ukuthi umuntu avuke ephusheni lezinto ezibonakala zingokoqobo futhi aphile ezweni lomoya langempela nelingashintshi.

Umuntu ophelele kuphela, ofunde ukwandisa nokuguqula ukuqonda kwakhe kube yi-Absolute engapheli ngokuzindla nokuzindla, ongabona indalo njengephupho laphezulu. Yibo kuphela abangamemezela ngokuqiniseka ukuthi izinto azikho Ngokuzithiba okuqhubekayo, ukuthuthukiswa kwamandla angaphakathi, kanye nomkhuba wokuzindla nge-yoga yesayensi, noma iyiphi enye indlela eya ekufezekeni okungokomoya—kungaba ukholo, uthando, inkonzo, ukuzidela, noma ukukhulekela okuqotho—umfuni kaNkulunkulu angaqeda izinto ezimbili futhi abone ubunye baphakade ngemuva kwazo zonke izibonakaliso zobuningi nokwehlukahlukana.

Noma ubani okhululiwe ekukhohlisweni kwendawo yonke uyazi ukuthi uNkulunkulu uSomandla uyikho konke kukho konke, futhi ngaleyo

ndlela uthinta ukuqonda kwakhe kwaphezulu futhi aqaphele ingqikithi yeqiniso.

Ukuthula makube phezu kwakho

Ocebileyo yilowo uNkulunkulu amcebisile

Njengoba kulandiswa uthisha uParamhansa Yogananda

UMbusi u-Akbar (1556-1609 CE) wayengomunye wababusi baseMughal baseNdiya futhi engomunye wababusi abakhulu kakhulu bezwekazi lase-Asia kuwo wonke umlando. Wathola isihloko esithi "uMvikeli Wobuntu" ngenxa yobulungiswa bakhe kanye nokulunga kwakhe kubantu bakhe kanye nokukhathalela kwakhe kwangempela inhlalakahle yabo. Wasebenza ngenkuthalo ukubuyisa izindawo zaseNdiya ezilahlekile futhi wazihlanganisa zibe umbuso oqinile, ophakathi.

U-Akbar wayengummeli omkhulu wokubekezelelana phakathi kwezinkolo ezahlukene eNdiya Ngesikhathi sokubusa kwakhe, ubuHindu nobuSulumane bachuma ndawonye ngokuvumelana okuphelele. Umbusi wamaSulumane (u-Akbar) wayegqoka izingubo zobuSulumane ngezinye izikhathi futhi aye kothandaza emosque, kanti ngezinye izikhathi wayegqoka izingubo zamaNdiya futhi aye ethempelini lamaHindu ukuze azindle futhi akhulekele.

Lo mbusi onenhliziyi enhle nophanayo akazange ayeke ngisho nosuku olulodwa enikeza izipho neminikelo kwabaswele kanye nezikhungo zomphakathi kulo lonke izwe.

Kwakuwumkhuba wakhe ukugibela inqola yasebukhosini ebizayo edonswa amahhashi ayisishiyagalombili amahle. Abalindi nabamemezeli babememezela ukufika kodwendwe lwakhe oluhle kakhulu bephethe izigubhu, amasimbali namacilongo kulo lonke idolobha.

Naphezu kwalo lonke lolu dumo nobukhazikhazi, kwakukhona imiyalo eqinile evela kumuntu omkhulu kunabo bonke ukuba amise udwendwe nganoma yisiphi isikhathi nanoma iyiphi indawo uma kukhona umuntu owayefisa ukwenza isicelo kuye noma ukucela usizo kuye.

Ngolunye usuku, njengoba udwendwe olukhulu lwasebukhosini lwaludlula emgwaqweni omkhulu ogcwele izihlahla nhlangothi zombili, umbusi wabona amadoda amabili ayizimpumputhe ehleli amamitha ambalwa ukusuka komunye nomunye, ememeza ecela usizo kanye nosizo.

Umdala wayala inqola ukuba ime phambi kwendoda yokuqala eyimpumputhe, eyayimemeza:

"Abacebile yilabo abacebiswa yinkosi"

Ngemva kokulalela ngokucophelela lelo binzana, wacela umshayeli ukuba asondele kwenye indoda eyimpumputhe eyayimemeza:

"Umuntu ocebile ngempela yilowo uNkulunkulu amcebisile"

Inyanga yonke, umbusi wayezwa imisho emibili efanayo njalo lapho edlula eduze kwamadoda amabili ayizimpumputhe, ayecela ingcebo kuye nakuNkulunkulu Ekugcineni, umuzwa wozwela wavuka ngaphakathi kuye, futhi wafuna ukusiza

indoda yokuqala, eyayinesiqubulo esithi: "Ocebile kakhulu yilowo umbusi amcebisayo"

Ngolunye usuku, u-Akbar wacela umbhaki wesigodlo ukuba ambhakele isinkwa esikhulu (sohlobo lwe-kamaj olujiyile) esinephakathi eligcwele igolide elicwengekileyo u-Akbar wanikeza lesi sinkwa indoda yokuqala eyimpumputhe futhi wangayinaki nhlobo eyesibili, eyayinethemba lengcebo kuNkulunkulu, hhayi kumbusi.

Ngemva nje kwalokho, u-Akbar waya ohambweni lokuzingela, kwathi lapho ebuya wadlula emgwaqweni ofanayo wabona indoda eyimpumputhe eyayimnike isinkwa segolide isasesikhundleni sayo, imemeza njengakuqala ithi: 'Ocebileyo yilowo umbusi amcebisile'.

Wacela ukuthi inqola yasebukhosini ime phambi kwendoda eyimpumputhe, wathi kuyo: "Wenzeni ngesinkwa engikunike sona?"

Indoda yaphendula:

'Nkosi, isinkwa ongiphe sona ngomusa sasisikhulu kakhulu futhi asibhakwanga kahle ngoba sasisinda kakhulu, ngakho ngasithengisela enye indoda eyimpumputhe ngama-fils ayishumi futhi ngiyabonga ngokuthola lawo ma-fils ayevela ekupheni kwakho'.

U-Akbar wabheka nxazonke efuna enye indoda eyimpumputhe kodwa akayitholanga Ngemva kokubuza ngaye, wezwa ukuthi wayenike umkakhe isinkwa, kwathi lapho nje esisika, wathola igolide. Ngalo, bathenga indlu encane, futhi isimo sabo sathuthuka ngemva kokuba uNkulunkulu enikeze

isifiso sabo futhi wabacebisa ngomusa waKhe omkhulu.

Lapho ezwa lokhu, umbusi waqonda ukubaluleka okukhulu kwalesi sigameko. Ngokuthobeka okungenakuqhathaniswa, wazenza isiyaluyalu nentukuthelo wabe eseqhubeka nokusola indoda yokuqala eyimpumputhe, ethi:

'Wenzeni, siwula? Unike umngane wakho isinkwa sami esigcwele igolide owayethembele kuNkulunkulu hhayi kimi ukuze athole ingcebo Kusukela manje kuqhubeke kufanele wamukele isiqubulo sakhe futhi umemezele njengoba ayevame ukumemezela: Ocebile yilowo uNkulunkulu amcebisile'

Ukuthula makube phezu kwakho

Ukudla okune-magnetic noma okunengqondo

Uma abantu bekhuluma ngokudla noma ngokudla okunempilo, bavame ukusho ukudla okungokwenyama okusetshenziselwa ukusekela umzimba. Kodwa kunezinye izinhlobo zokudla ezingabalulekile njengokudla okungokwenyama, futhi ezivame ukuba zibaluleke nakakhulu.

Phakathi kwalokho kudla okungokwengqondo noma okungokomoya:

abafisa injabulo yalo yesikhashana**

Ukuthula makube phezu kwakho

**UNkulunkulu akabalahli labo abamthandayo
Kusukela encwadini ethi Yogi's Memoirs: An
Autobiography (Ifilosofi YaseNdiya Empilweni
Yomuntu Oyi-Yogi)**

"Ukube ubaba wethu wayekuphuce ifa, Mukunda⁽¹⁾, ngabe ukufanele ngempela, ngoba uchitha impilo yakho ngobuwula nangobuwula!"

Yileyo ndlela intshumayelo yomfowethu omdala eyafika ngayo ezindlebeni zami. Ngangisanda kubuya nojitendra esitimeleni, egcwele uthuli lapho sifika endlini ka-Ananta, owayesethuthele edolobheni elidala lase-Agra. Umfowethu omdala wayesebenza njengomgcinimabhuku emnyangweni wemisebenzi yomphakathi kahulumeni, ngakho ngathi kuye, "Uyazi, mfowethu Ananta, ukuthi ngicela ifa lami kuNkulunkulu"

Waphendula wathi: "Imali iza kuqala, kanti uNkulunkulu uza kamuva! Kwazi bani? Impilo ingase ibe yinde!"

Ngathi: "UNkulunkulu uza kuqala, futhi imali iyinceku Yakhe! Futhi ubani ongabikezela? Ukuphila kungaba kufushane!"

Impendulo yami yavela ngokungazelelwe, ngaphandle kokuba ngizizwe sengathi kukhona okuzokwenzeka (Kodwa maye! U-Ananta wahamba kuleli zwe esemncane)

Amehlo omfowethu akhanya ngokwaneliseka, njengoba ayesanethemba lokubuyela kwami esidlekeni somndeni, wathi:

"Ngicabanga ukuthi kuwukuhlakanipha okuvela endaweni yokuhlala. Kodwa kimi kubonakala sengathi usushiyile eBenares!"

Ngakho ngathi kuye, "Ukuhlala kwami eBenares akubanga yize, ngoba ngithole lapho konke okwakufiswa yinhliziyi yami! Futhi ungaqiniseka

ukuthi engikutholile kwakungesiye lowo (isazi) owahlangana naye, noma indodana yakhe"

U-Ananta wahleka nami ekhumbula okwenzekile, evuma ukuthi isazi esihlakaniphile ayesikhethele ukuba ngumqondisi wami, uBenares, empeleni sasingenalo ulwazi oluningi nokuqonda. Wangibuza:

"Pho liyini icebo lakho, mfowethu olahlekile nozulazulayo?"

Ngaphendula, ngachaza: "UJitendra ungicele ukuba ngimphelezele siye e-Agra ukuze ajabulele izimangaliso zeTaj Mahal, bese kuthi ngemva kwalokho siye kumqondisi wami engimthole muva nje, onekhaya elihlala eVaranasi"

U-Ananta wasiphatha kahle kakhulu, futhi kusihlwa wayelokhu engibheka ngokuphindaphindiwe ngamehlo ahlolisisayo, ngakho ngazitshela:

"Ngiyazi ukuthi yini ebangela lokho kubuka! Upheka okuthile!"

Futhi ngempela, lokho engangikubikezele kwenzeke ngesikhathi sokudla kwasekuseni u-Ananta wayebukeka emsulwa njengoba eqoqa izingxoxo zangozolo, ethi, "Ngakho-ke, nansi indlela ozizwa ngayo ukuthi awuyidingi imali kababa wethu!"

Ngathi: "Esikhundleni salokho, ukuthembela kwami kuNkulunkulu kuphela"

Waphendula wathi: "Amazwi ashibhile, Mukanda! Isiphetho sikuvikele kuze kube manje. Kodwa yeka ukuthi isimo sakho singaba namahloni kangakanani uma kungadingeka uthembele kuleso sandla esingabonakali ukuze sikunikeze ukudla nendawo

yokuhlala! Ngokuqinisekile ubungaphendukela ekuceleni emigwaqweni!"

Ngathi: "Ake ngivume! Ngeke ngibeke ithemba lami kubantu abadlulayo esikhundleni sikaNkulunkulu, ovula iminyango yokondla labo abamkhulekelayo nabamthembayo, futhi abanikeze imithombo eminingi yokuphila, ngaphandle kokucela nokucela!"

Wathi: "Konke lokhu kuyinkulumo yokukhuluma kanye nolimi oluqhakambisayo! Ake sithi ngikucele ukuthi ubeke ifilosofi yakho, oziqhenya ngayo futhi oziqhayisa ngayo, esivivinyweni sokuhlangenwe nakho kwangempela kuleli zwe elibonakalayo, ubungayamukela?"

Ngathi: "Yebo, ngiyakwamukela! Ingabe kuvunyelwe ukuvalela uNkulunkulu endaweni yombono kuphela?"

Wathi, "Sizobona Namuhla uzothola ithuba lokwandisa imibono yami noma ukuvuma ukuthi iyiqiniso."

U-Ananta wama kancane kakhulu isikhashana, wabe eseqhubeka ekhuluma kancane nangokuzola, ethi:

"Ngiphakamisa ukuthi ungithumele nomngane wakho uJitendra namuhla ekuseni siye edolobheni eliseduze laseBrindbane, ngombandela wokuthi ungahambi nelilodwa i-rupee nawe, ungaceli ukudla noma imali, ungatsheli muntu ngesimo sakho, futhi ungahlali ungenakudla noma uvaleleke eBrindbane Uma ubuyela endlini yami lapha ngaphambi kwamabili ngaphandle kokwephula noma yimiphi imibandela

yalolu vivinyo, ngizoba umuntu omangale kakhulu e-Agra!"

Ngathi, "Futhi ngiyayamukela inselele"

Kwakungekho ukungabaza emazwini ami noma enhliziyweni yami. Izinkumbulo ezijabulisayo zokungenelela kwaphezulu zakhanya phambi kwami: ukuphulukiswa kwami ekholera ebulalayo ngokunxusa kuNkulunkulu phambi komfanekiso kaLahiri Mahasya; isipho sama-kite amabili endiza phezu kophahla lwendlu yaseLahore; i-amulet eyafika ngesikhathi esifanele phakathi kokuphelelwa yithemba nokukhungatheka kukaBareilly; umlayezo oqondile ovela e-hospit engaziwa yaseBanaras ngaphandle kwegceke likaPandit; umbono kaMama oNgcwele nokuzwa amazwi akhe amangalisayo othando kanye nokuphendula kwakhe ngokushesha ezifisweni zami ngoGuru Mahasya; isiqondiso esafika ngomzuzu wokugcina futhi sangisiza ukuthola idiploma yami yesikole samabanga aphezulu; bese kuba uthisha wami womakhelwane, isibusiso sokugcina esafika kimi phakathi kwenkungu yamaphupho empilo yonke angisoze ngavumela "ifilosofi" yami ukuba inganele ukulwa kuleli zwe elinzima, izwe elikholelwa kuphela ebufakazini obuphathekayo kanye nobufakazi.

Umfowethu waphendula wathi, "Ukwamukela inselele kuyilungelo kuwe, futhi ngizokuphelezela uye esitimeleni njengamanje"

U-Ananta wabe esephendukela kujitendra, owayemangele, wakhuluma naye, wathi: "Kumelwe uhambe naye njengofakazi, futhi cishe njengesisulu!"

Kungakapheli nesigamu sehora, mina noJitendra sasiphethe amathikithi okuhamba ngemoto eyodwa

kulolu hambo oluzumayo, ngemva kokuba u-Ananta esihlolisile ekhoneni lesiteshi futhi waqinisekisa ukuthi asinayo imali, nokuthi izingcezu zendwangu esasizibophe okhalweni lwethu zazingafihli okungaphezu kwalokho okudingekayo.

"Ananta, nginike i-rupee noma amabili njenge-reserve ukuze ngikuthumelele i-telegram uma kwenzeka kuba neshwa," kusho umngane wami ekhononda phakathi kwengxabano ekhulayo phakathi kwemali nokholo.

Ngammemeza ngokumhlambalaza: "Jitendra, ngeke ngiqhubeke nalolu vivinyo uma uphatha imali njengesiqinisekiso sokugcina"

UJitendra waphendula wathi, "Ukungqongqoza kwezinhlamvu zemali kuyaduduza" Kodwa wayengenakho okunye ngaphandle kokuthula lapho umkakhe emkhuza kanzima.

Umfowethu omdala wathi, "Mukanda, angisiye umuntu ongenahliziyo"

Izwi lika-Ananta lakhala ngezwi lokuthobeka, mhlawumbe unembeza wakhe wawumshaya ngokuthumela abafana ababili abangenamali edolobheni angalazi, noma ngenxa yokuntula kwakhe ukholo emandleni kaNkulunkulu, wabe esenezela:

"Uma, nganoma iyiphi indlela noma ngomusa, ngikwazile ukuphumelela ekuhluphekeni kukaBrandyban, ngizokucela ukuthi ungingcwelise njengomfundi wakho"

Lesi sithembiso sasingavamile futhi asihambisani namasiko namasiko amisiwe Emindenini yamaNdiya, umfowabo omdala akavamile ukukhothamela

abancane kunaye; ulandela uyise kuphela ngokuthola inhlonipho nokulalelwa yilabo abancane kunaye. Kodwa-ke, kwakungekho isikhathi esisele sokuphawula ngalokho ayekushilo, njengoba isitimela sase siqalile ukuhamba.

UJitendra wahlala ethule ngokudabukisayo njengoba isitimela siqhubeka ngesivinini, wabe eseshintsha esihlalweni sakhe wangicindezela kakhulu endaweni ebuhlungu, ethi:

"Angiboni lutho olubonisa ukuthi uNkulunkulu uzosinika ukudla okulandelayo!"

Ngakho ngathi, "Thula, ungabaza, ngoba uNkulunkulu usebenza ngasese"

Waphendula wathi: "Ungamsheshisa? Ngilambile ngicabanga nje ngalokho okusilindele. Ngishiye iVaranasi ukuze ngijabulele ukubona iTaj Mahal, hhayi ukungena ethuneni lami!"

Ngakho ngathi, "Yiba nesibindi ujabule, Jitendra! Asikho yini endleleni yethu yokuyobona izimangaliso ezingcwele zaseBrindiban?" Ngigcwele ukulangazelela umcabango nje wokuthi ngizobeka unyawo ezweni elibusiswe yizinyawo zeNkosi uKrishna.

Ngaleso sikhathi umnyango wegumbi lethu wavuleka kwangena amadoda amabili. Indawo elandelayo yayingeyokugcina.

Umuntu engingamazi owayehlezi ngakimi wangiphendula ngesithakazelo esibonakalayo, ebuza: "Sawubona bafana, ninabo abangane eBrandenburg?"

Ngaphenduka amehlo ami kuye ngokunganaki, ngathi, "Akuyona indaba yakho leyo"

Wathi, "Mhlawumbe nibalekile emindenini yenu ngaphansi kwesiphonso seNhliziyo Sesela, nami ngingumuntu onezifiso ezingokomoya, futhi ngizoqinisekisa ukuthi nithola ukudla nendawo yokukhosela kulokhu kushisa okukhulu."

Ngaphendula ngathi: "Cha, mnumzane, siyeke thina. Unomusa, kodwa uphambukile ngokucabanga ukuthi singababaleki."

Ingxoxo yethu yaphela lapho Ngokushesha nje lapho isitimela sima futhi mina noJitendra sehla epulatifomu, abangane bethu ababili ababengalindele basigona base bebiza itekisi.

Sehla phambi kwesonto elihle kakhulu endaweni enhle phakathi kwezihlahla ezihlala ziluhlaza. Kwakusobala ukuthi abenzi bomusa bayaziwa kakhulu lapho, njengoba umfana omomothekayo esondela kithi wasiholela ngaphandle kokuphawula egumbini lokwamukela izivakashi lapho isalukazi esihloniphekile nesikhazimulayo sasamukela khona.

Omunye wamadoda wakhuluma nomninikhaya, wathi, "Mama Gauri, izikhulu ezimbili ngeke zikwazi ukuya Ngomzuzu wokugcina uhlelo lwazo lushintshile futhi zikuthumela ukubonga kwazo okuqotho kanye nokuxolisa okujulile. Kodwa silethe ezinye izivakashi ezimbili engazizwa, lapho sihlangana esitimeleni, ukuba zibe abafundi beNkosi uKrishna."

Abangane ababili baqonda emnyango, bethi: "Siyanivalelisa, bangane bethu ababili abancane Sizophinde sihlangane, uma uNkulunkulu evuma."

Umama uJouri wamomotheka kamnandi, omnene ezivakashini zakhe ezingalindelekile njengoba ethi,

"Siyakwamukela! Ubungeke uze lapha ngosuku olungcono kunalolu. Bengilindele ukuthi izikhulu ezimbili zize kule ndawo yokuhlala. Ngijabule kakhulu ukuthi ufikile, ngaphandle kwalokho bengizoncibilika ngamahloni ukube ukudla engikulungiselele ngokucophelela kangaka bekungamtholanga umuntu wokukunambitha nokukujabulela!"

La mazwi anomusa aba nomphumela omangalisayo kujitendra, owakhala izinyembezi. Inhlekelele ayeyesaba eBrindbane yayisiphenduke idili elifanele amakhosi nezikhulu. Lokhu kuguquka kwezenzakalo ngokuzumayo kwakumsinda kakhulu. Umninikhaya wambheka ngelukuluku kodwa ngaphandle kokuphawula, mhlawumbe eqaphela ukuqhuma kwemizwa kwentsha.

Samenywa esidlweni sasemini, uMama uJouri wasiyisa ekamelweni lokudlela, elalinephunga elimnandi, wabe esenyamalala ekhishini eliseduze.

Futhi bengilinde lesi sikhathi, ngakho ngakhetha indawo efanelekile emzimbeni kaJitendra ngamcindezela ngendlela efanayo nendlela angicindezela ngayo esitimeleni, ngithi:

"UNkulunkulu uyasebenza, futhi ngokushesha, nina eninokholo oluncane!"

Umninikhaya wabuya ephethe ifeni, asiphefuzela ngendlela yendabuko yaseMpumalanga ngaphandle kokuphumula, njengoba sasihleli ezingutsheni ezifekethisiwe. Ama-monks aletha cishe izinhlobo ezingamashumi amathathu zokudla. Lokhu kwakungesona isidlo sasemini esivamile, kodwa kwakuyidili elimnandi! Selokhu safika kule planethi, sasingakaze sinambithe izibiliboco ezinjalo.

Wakhuluma nomninikhaya wethu, wathi: "Lezi ngempela izitsha ezifanele izikhulu, mama ohloniphekile! Angazi ukuthi iyiphi into ephuthumayo izivakashi zakho zasebukhosini eziyibheka njengebaluleke kakhulu kunokuya kuleli dili! Usinike inkumbulo yempilo yethu esingasoze sayikhohlwa!"

Njengoba izimo zika-Ananta zasivimbela ukudalula okwengeziwe, asikwazanga ukuchazela owesifazane ohloniphekile ukuthi ukubonga kwethu kunencazelo ekabili, kodwa ukuzinikela kwethu kwakucacile. Sahamba nezibusiso zakhe kanye nesimemo esifudumele sokuphindela endaweni yokuhlala.

Ukushisa ngaphandle kwakunamandla kakhulu, ngakho mina nomngane wami safuna indawo yokukhosela emthunzini wesihlahla se-kadamba eduze kwesango lezindela. Lokhu kwalandelwa amazwi abuhlungu, njengoba uJitendra, okwesibili, eveza ukwesaba kwakhe nokusola kwakhe, ethi:

"Yeka inkinga ongifake kuyo! Isidlo sethu sasemini sibe yinhlanhla! Manje singakujabulela kanjani ubuhle baleli dolobha singenalo nohlamvu lwemali olulodwa ezandleni zethu? Bese-ke, ungangitshela ukuthi sizokwazi kanjani ukubuyela endlini ka-Ananta?"

Ngakho ngathi: "Manje njengoba isisu sakho sesigcwele, yeka ukuthi usheshe kangakanani ukukhohlwa uNkulunkulu!"

Amazwi ami ayengewona aqatha, kodwa ayehlambalaza Yeka ukuthi inkumbulo yomuntu imfushane kangakanani uma kukhulunywa ngezibusiso zasezulwini! Akekho noyedwa umuntu

kuleli zwe ongakatholi impendulo ethile yezicelo zakhe

UJitendra waphendula wathi, "Angisoze ngabukhohlwa ubuwula bami bokuthatha ingozi nomuntu ongenandaba njengawe!"

Ngathi, "Sekwanele, Jitendra, ngoba uNkulunkulu osondle nguyena uNkulunkulu osinakekelayo eBrindban futhi ozosibuyisela e-Agra!"

Ngisanda kuqeda ukukhuluma, insizwa ethile, ubuso bayo obukhazimula ngokuqiniseka nenduduzo, yasondela kithi ngokushesha, yema ngaphansi kwesihlahla sethu, yakhothama phambi kwami yathi:

"Mngane wami othandekayo, wena nomngane wakho kumelwe ukuba ningabantu ongabazi lapha, ngakho-ke ngivumele ngibe ngumamukeli wakho nomqondisi wakho"

Nakuba ubuso bendoda yaseNdiya babungavamile ukufiphala, ubuso bukaJitendra bashintsha ngokushesha baba phuzi ngenxa yokugula. Ngenqaba ngenhlonipho lesi siphso. Kodwa le nsizwa yacasuka kakhulu, ngendlela eyayingahle ihlekiseke kakhulu, ngaphansi kwezinye izimo. Waphendula:

"Ngeke ukwazi ukungisusa!"

Ngathi, "Kungani kungenjalo?"

Wangibheka ngokuzethemba wathi, "Ngoba ungumfundisi wami Ngesikhathi ngizindla emini, ngabona iNkosi uKrishna ebusisiwe embonweni, wangibonisa izithombe ezimbili ngaphansi kwalesi sihlahla. Esinye sazo kwakuwubuso bakho, umfundisi wami, engivame ukububona ekuzindleni kwami! Yeka

**Ukuqaliswa kwenzeka ngesigamu sehora, futhi
ngakhuluma nomfundi omusha, ngathi: "I-Kriya izoba

buciko, obubona bulula, buqukethe indlela
yokuthuthuka ngokomoya okusheshayo. Imibhalo

noMhlahlandlela Wabaqondisi"**

UPratap wathi ngokucabangela, "Ngizizwa ngijabule kakhulu ngokuthola lesi sihluthulelo se-yogic esibusisiwe ebengisifuna isikhathi eside. Ithonya laso elingokomoya lizongikhulula ekuvinjelweni yizinzwa futhi lingiqhubele ezindaweni eziphakeme. Ukubona iNkosi uKrishna namuhla kuyisibusiso esikhulu empilweni yami."

Sahlala isikhashana siqondana buthule, sabe sesihamba kancane siya esiteshini uJoy wangigcwalisa njengoba ngigibela isitimela, kuyilapho uJitendra ekhala Ukuvalelisa kwami kuPratap kwakubuhlungu, kugcwele ukububula nokukhala okuvela kubangane bami bobabili. Futhi, uJitendra wagcwala usizi, hhayi ngenxa yakhe kulokhu, kodwa ngenxa yakhe, futhi waqala ukuthi:

"O, yeka ukuthi ukholo lwami kuNkulunkulu lwalubuthakathaka kangakanani! Inhliziyo yami yayilukhuni, kodwa manje angisoze ngakungabaza ukunakekelwa kukaNkulunkulu"

Kwathi nje lapho kuqala ubusuku, izihambi ezimbili ezazithunywe zingenalo ngisho nesenti zangena endlini ka-Ananta. Ubuso bakhe babunjengoba babethembisile, bugcwele ukumangala. Ngokuthula, ama-rupee awela etafuleni. Wathi ngokuhleka, "Khuluma iqiniso, Jitendra! Le nsizwa ayizange yini isebenzise ukuphanga emgwaqweni omkhulu?"

Kodwa ngokushesha nje lapho ezwa imininingwane yendaba, umfowethu waba nesibindi wabe esecindezeleka, wakhuluma ngentshiseko engokomoya engangingakaze ngiyibone ngaphambili:

"Umthetho wokuhlinzeka kanye nesidingo ufinyelela ezingeni elicacile kakhulu kunalokho ebengikucabanga. Futhi okokuqala ngiyaqonda ukuthi kungani ungenandaba nemali kanye nokuqoqwa kwayo okungcolile kuleli zwe."

Nakuba kwase kuhlwile, umfowethu waphikelela ekunikeleni lokhu ku-Kriya Yoga Ngakho-ke, uMaster Mukanda kwadingeka athwale umthwalo wemfanelo "wabafundi" ababili ayengabacelanga ngosuku olulodwa.

Ngakusasa ekuseni sadla isidlo sasekuseni esimweni sokuthula nokuzwana esasingekho ngosuku olwandulele. Ngamomotheka uJitendra ngathi:

"Ngeke uphucwe ithuba lokubona iTaj Mahal Ake siyibuke ngaphambi kokuba siye eSerampur"

Sivalelisa i-Ananta futhi sibheke isikhumbuzo esihle nesiziqhenyayo se-Agra: iTaj Mahal, imabula yayo emhlophe ekhanya elangeni njengephupho lokuzwana okuphelele. Izungezwe izihlahla ze-cypress ezimnyama, amadlelo aluhlaza, kanye nechibi elizolile, ingaphakathi layo lalihlotshiswe ngemidwebo eyinkimbinkimbi ehlotshiswe ngamatshe ayigugu aphakathi. Imihlobiso emihle nemidwebo yayihlanganisa futhi ihlanganisa imabula ensundu nensomi, kuyilapho ukukhanya okuvela edongeni kuhlaza amathuna oMbusi uShah Jahan noMumtazi Mahal, indlovukazi yombuso wakhe kanye nento ayithandayo.

Nginomuzwa wokuthi sengibone okwanele futhi ngilangazelela ukubona uthisha wami, ngasuka ngokushesha noJitendra ngaya eningizimu eBengal. Umngane wami wathi, "Mukanda, angikaze ngibone

umndeni wami izinyanga eziningi ngishintshe izinhlelo zami futhi ngingavakashela uthisha wakho eSerampur kamuva"

Umngane wami - ongachazwa ngomusa njengomuntu ohlubukayo - wangishiya eCalcutta, futhi ngafika ngesitimela sendawo eCebrampur, amakhilomitha ayishumi nambili ukuya enyakatho.

Ngazizwa ngimangala kakhulu lapho ngiqaphela ukuthi sekudlule izinsuku ezingamashumi amabili nesishiyagalombili selokhu ngahlangana nothisha wami eVaranasi futhi wangitshela ukuthi: "Uzobuya emavikini amane!" Futhi lapha ngimi ngenhliziyo eshaya ngamandla egcekeni lendlu yakhe yokuhlala eRai Ghat ethule, ngingena okokuqala endaweni yokuhlala lapho ngangizochitha khona ingxenye enkulu yeminyaka eyishumi ezayo nososayensi omkhulu waseNdiya, uthisha wami uSwami Sri Yukteswar!

Uthisha uParamhansa noTagore

Kusukela encwadini (Ifilosofi yaseNdiya empilweni ye-Yogi)

Okwesazi uParamhansa Yogananda

"URabindranath Tagore wasifundisa ukucula ngokwemvelo nangokuzenzakalela njengendlela yokuziveza, njengezinyoni eziculayo"

Le ncazelo yangifikela ivela ku-Bhola Nat, umfana ohlakaniphile oneminyaka engu-14 ubudala eRanchi School, ngemva kokuba ngimdumise ngokuhlabelela kwakhe okumnandi ngolunye usuku ekuseni Noma ngabe kwenzeka noma cha, umfana wayezogeleza ngezingoma njengomsakazo ovumelanayo. Wayeke wafunda eSantinakitan edumile yaseTagore, okusho ukuthi "ichweba lokuthula," eBulpur

Ngathi kumngane wami, "Izingoma zikaRabindranath bezilokhu zisezindebene zami kusukela ebusheni bami. Bonke abantu baseBengali, ngisho nabantu basemakhaya abangafundile, bayayijabulela kakhulu inkondlo yakhe enhle kakhulu."

Futhi waphinda amavesi athile kaTagore noBhola, owabeka izinkulungwane zezinkondlo zaseNdiya emculweni, ezinye zazo ezaziyingoma zakhe kanti ezinye zazo zazingezesikhathi esidala.

Ngemva kokuqeda ukucula, ngathi, ngihleka, "Ngihlangane noRabindranath ngokushesha ngemuva kokuthola uMklomelo weNobel wezincwadi, ngazizwa nginesifiso esikhulu sokumvakashela ngoba ngangimthanda kakhulu isibindi sakhe esingenandaba nezombusazwe ekusebenzelaneni nabagxeki bakhe."

UBhola wabuza ngentshiseko ngale ndaba, ngakho ngathi: "Izazi zolimi zigxeke kakhulu uTagore ngoba wethule isitayela esisha ezinkondlweni zaseBengali ngokuxuba izinkulumo ezivamile nezakudala ngaphandle kokunaka imingcele yolimi ethandwa yizazi zolimi. Izinkondlo zakhe ziqukethe amaqiniso ajulile efilosofi ezinkondlweni ezikhangayo nezithinta imizwa, ngaphandle kokunamathela ezinhlotsheni zezincwadi ezimisiwe."

"Umgxeki onethonya wake wachaza uRabindranath—ngendelelo nangokudelela—njengo-'mbongi wejuba owathengisa ukucula kwakhe kubashicileli ngemali encane' Kodwa impindiselo kaTagore yayisondela! Umhlaba wonke wezincwadi waseNtshonalanga wamhlonipha lapho ehumusha incwadi yakhe (iGitanjali: Iminikelo Yezingoma) ngesiNgisi. Iqembu elikhulu lezazi, kuhlangukise nabagxeki bakhe bangaphambili, bahamba ngesitimela baya eSantiniketan ukuyohalalisela"

URabindranath wamukela izivakashi zakhe ngemva kokulibala ngamabomu isikhathi eside, wabe eselalela ukunconywa kwazo okuthophayo ngokuthula nangokunganaki. Ekugcineni, waphendukela kubo izikhali zokugxeka kwabo, ethi:

"Madoda, ama-roses anephunga elimnandi lenhlonipho nenhlonipho eninginika lona lapha axubene nephunga elibi lokudelela kwenu kwangaphambilini. Ingabe kukhona ukuxhumana phakathi kokuthola kwami uMklomelo weNobel nalokhu kwaziswa kwenu okungazelelwe? Ngiseyimbongi efanayo eyakucasula lapho nginikela ngezimbali zami ezithobekile endaweni engcwele yaseBengal"

"Amaphephandaba ashicilele isifinyezo sokukhuza kukaTagore ngesibindi, futhi ngayithanda indlela indoda engakhohliswanga ukuthopha nobuzenzisi"

"Ngaziswa kuRabindranath eCalcutta ngunobhala wakhe, uMnu. CF Andrus ⁽¹⁾, owayegqoke izingubo zaseBengali nje, futhi owayebiza uTagore ngothando ngokuthi inkosi yakhe eyingelosi (uGurudeva)"

"URabindranath wangimukela ngemfudumalo, ezungezwe yi-aura yobuhle, isiko elicebile, kanye nenhlonipho yangempela uTagore uphendule umbuzo wami mayelana nemithombo yezincwadi zakhe ngokuthi ugqozi lwakhe oluyinhloko luvela ezindabeni zethu zenkolo nasemisebenzini yembongi uVidyapati, owayephila ngekhulu leshumi nane"

Ngiphefumulelwe yilezi zinkumbulo, ngaqala ukucula ingoma endala yesiBengali uTagore ayeyiguqulele esimweni esisha, ngiqala ngokuthi "Khanyisa isibani sothando lwakho" uBhola wangijoyina ekuhlabeleleni ngenjabulo njengoba sasihambahamba egcekeni lesikole.

Cishe eminyakeni emibili ngemva kokusungulwa kweRanchi School, ngathola isimemo esivela kuRabindranath sokumvakashela eSantiniketan ukuze sixoxe ngemibono yethu yemfundo. Ngayamukela ngenjabulo futhi ngaya kumhlangabeza. Lapho ngifika, wayehleli edeskini lakhe, wangibheka njengophawu lobudoda bangempela, njengoba noma yimuphi umculi ayengacabanga. Ubuso bakhe obuhle, obunobunono babukhanyisa isithunzi nesithunzi, buhlanganiswe izinwele ezinde, intshebe egelezayo, namehlo amakhulu, anomusa, konke kuhlotshe ngokumamatheka kwengelosi. Izwi lakhe elimnandi, njengemisindo yomtshingo, lathumba inhliziyo. Wayemude, enamandla, futhi ezolile, equkethe ubumnene bowesifazane nobumsulwa bengane ejabule. Angingabazi ukuthi noma yimuphi omunye umbono wembongi ophefumulelwe ungathola ukubonakaliswa okuyiqiniso kakhulu kunalo mlandisi onomusa nomphefumulo.

Ngaqala ngokushesha noTagore ocwaningweni oluqhathanisayo nolujulile lwezikhungo zethu zemfundo ezimbili, zombili ezisekelwe ezimisweni ezingavamile. Sathola ukufana okuningi phakathi kwazo, njengokufunda okuvulekile, ubulula, kanye nokukhuthaza ubuciko ezinganeni ezincane. Kodwa-ke, uRabindranath wabeka ukubaluleka okukhulu ekufundeni izincwadi nezinkondlo, kanye nasekuzibonakaliseni ngomculo nengoma, into engangiyibonile kakade ku-Bhola. Abafana baseSantiniketan babenza izikhathi zokuthula, kodwa abazange bathole ukuqeqeshwa okukhethekile kwe-yoga.

Imbongi yalalela ngokucophelela incazelo yezivivinyo zeYogoda ezishaja amangqamuzana omzimba ngomsebenzi namandla, kanye nendlela

yokugxilisa ingqondo yeyoga efundiswa bonke abafundi baseRanchi.

Utagore wangitshela ngezinkinga zakhe zemfundo esemncane, wathi kimi ehleka, "Ngibaleke esikoleni ngemva kweminyaka emihlanu" Ngabona ngokushesha ukuthi imizwa yakhe yobunkondlo ebucayi yayingqubuzana kanjani nesimo esibi sokuqondisa esikoleni.

Imbongi yabonisa ngesibindi iqembu labafundi ababefunda engadini enhle, ithi:

"Ngenxa yalesi sizathu ngasungula iSantinikitian Institute ngaphansi komthunzi wezihlahla kanye nobuhle besibhakabhaka. Ingane izizwa sengathi isendaweni yayo yemvelo phakathi kwezimbali nezinyoni eziculayo ukuze ikwazi ukuveza ingcebo yangaphakathi yamathalente ayo. Ulwazi lweqiniso alukwazi ukupompa noma ukugcwaliswa emithonjeni yangaphandle, kodwa kunalokho ulwazi kufanele lube usizo ekwembuleni ingcebo yokuhlakanipha okungenamkhawulo efihliwe ekujuleni komphefumulo womuntu" ⁽²⁾

Ngavumelana naye futhi nganezela:
"Ukuthambekela kwezingane kokucabanga okuhle kanye nothando lwazo ngamaqhawe kanye nobuqhawe kuyafa ngenxa yendlala ezikoleni ezivamile ngoba kunqunyelwe ekudleni okwenziwe ngezibalo, izenzakalo, kanye nezikhathi zomlando"

Imbongi ikhulume ngothando ngoyise, uDevendranath, owamphefumulela ukuba angene eSantiniketan. Uthe: "Ubaba wanginika le ndawo evundile lapho akha khona ithempeli nendlu yezivakashi Ulwazi lwami lwemfundo lwaqala lapha ngo-1901 nginezingane eziyishumi kuphela. Amaphawundi ayizinkulungwane eziyisishiyagalombili

afika kimi noMklomelo weNobel ngawasebenzisa ekunakekeleni isikole"

UTagore omdala (uDevendranath), owaziwa kabanzi ngokuthi uMaharishi (uSage Omkhulu), wayeyindoda ephawulekayo ngempela, njengoba indaba yakhe yokuphila isikisela. Wachitha iminyaka emibili yobusha bakhe ezindla ezindlini zezindela zaseHimalaya. Ngokufanayo, uyise, uDwarkanath, wayedumile kulo lonke elaseBengal ngokuphana kwakhe emphakathini. Kusukela kule ndawo evundile kwavela umndeni wezinkakha. URabindranath wayengeyedwa ekuvezeni kwakhe ubuciko; izihlobo zakhe zabelana ngethalente lakhe. Abazala bakhe, uGogonendra no-Upanendra, babhekwa njengabanye abaculi abavelele kakhulu eNdiya ⁽³⁾ Umfowabo kaRabindranath, uDwijendra, naye wayeyisazi sefilosofi esijulile esithandwa ngisho yizinyoni nezilwane zasehlathini.

URabindranath wangimema ukuba ngilale ubusuku endlini yakhe yezivakashi Yeka umbono omuhle ngalobo busuku lapho imbongi ihleli neqembu labafundi egcekeni! Isikhathi sabonakala sima, futhi lesi senzakalo sabonakala kimi njengendawo yokuhlala yasendulo, imbongi uTagore izungezwe abafundi bayo, imbongi imbonge umoya wenjabulo nothando olungcwele uTagore wayeluka futhi ephelelisa zonke izibopho zothando ngemicu yokuzwana nokuvumelana Yeka imbali engavamile yezinkondlo ezingokomoya zangempela eyaqhakaza ensimini kaNkulunkulu, idonsela abanye kuyo ngobuhle bayo bemvelo kanye nephunga layo!

Ngezwi lakhe elimnandi, uRabindranath wasifundela ezinye zezinkondlo zakhe ezintsha nezimnandi. Iningi lamaculo akhe nezindaba zakhe, eziqanjwe ukuze kulethe injabulo nenjabulo kubafundi

bakhe, zitholakala ku-Santiniketan. Ubuhle bezinkondlo zakhe, kimi, busekubhekiseleni kuNkulunkulu cishe kuwo wonke amavesi, yize igama elingcwele lingashiwongo ngokucacile. Isibonelo, uthi:

"Uma ngidakiwe ukucula, ngiyazikhohlwa bese ngikubiza ngomngane wami, O wena oyinkosi yami!"

Ngemva kwesidlo sasemini ngosuku olulandelayo, ngavalelisa imbongi ngokungathandi. Ngiyajabula ukuthi isikole sakhe esincane sesikhule saba yilokho manje okuyiVizva Bharati International University ⁽⁴⁾, lapho abafundi abavela kuwo wonke amazwe bethola khona indawo ekahle.

Uma isifiso solwazi olungokomoya sisesigabeni sokuqala, umfuni uthola imfundo engokomoya engavamile evela emithonjeni eyahlukahlukene. Kodwa lapho ukulangazelela uNkulunkulu kukhula, uNkulunkulu umthumelela uthisha ongokomoya osekelwe ngokuqinile kwisayensi yaphezulu, osebenza njengendlela engcwele yokuqondisa umfuni ofisayo abuyele ekhaya elingokomoya—embusweni kaNkulunkulu ngaphakathi komuntu.

Kodwa iNkosi uGnaka yayiyinkosi futhi ingcwele. Yayiphila emhlabeni kodwa yayingeyena owezwe. Njengoba yayithuthuke kangaka ngokomoya, yaqonda ngokufunda ngokuqonda okwakusengqondweni kaSukdeva, owashiya igceke lakhe wabuyela lapho evela khona.

Inkosi-ngcwele yathumela isithunywa emva komfana, simcela ukuba abuye Lapho ebuya, uthisha nomfundi bahlangana ubuso nobuso, lapho inkosi yaxosha abasizi bayo futhi ngokushesha yahlanganyela engxoxweni ethakazelisayo nejulile ngoNkulunkulu nezimangaliso Zakhe.

Kwadlula amahora amane, uSukdeva waqala ukuzulazula futhi wazizwa elambile, kodwa wayengafuni ukuphazamisa iNkosi uGnaka, owayecwiliswe olwandle lukaNkulunkulu futhi edakwe uthando lwakhe.

Kungakapheli nehora elilodwa kwafika izithunywa ezimbili, zimemeza: "Nkosi, wonke umuzi uyasha, futhi amalangabi avuthayo asondela esigodlweni. Ubungaba nomusa kangaka wokuqondisa imizamo yokucima umlilo?"

Ukuthula makube phezu kwakho

Ingabe ukufa kuyisiqalo noma isiphetho?

Eminyakeni nezinyanga, ngenze ucwaningo olunzulu noluqhubekayo kwaze kwaba yilapho ngithola imfihlo yokuphila nokufa nokuthi imiphefumulo iyabuya yini emizimbeni ngemva kokushiya imizimba yayo egugile.

Kubantu abaningi, lokhu kubonakala sengathi akukho lutho olungaphezu kombono, noma nje inkolelo ngenxa yokuntuleka kobufakazi. Kodwa angikhulumi ngokukholwa nje; Ngithole ubufakazi bokuphila ngemva kokufa nokuphindukuzalwa. Ngakho-ke, ngingaqinisekisa leli qiniso ngokuhlangenwe nakho kwami.

Nakuba abantu bebheka ukufa ngokwesaba nangokudabuka, labo abaye bahamba ngaphambi kwethu baya kulezo zimo ezijabulisayo babheka ukufa njengento emangalisayo yenjabulo, ukuthula, nenkululeko.

Yeka ukuthi ukuphila ngemva kokufa kuyoba kuhle kangakanani! Ngeke kube nesidingo sokuthwala lesi sixha esisindayo samathambo nazo zonke izinhlungu nezinkinga ezihambisana naso. Imiphefumulo ezweni lezinto eziphilayo igcina ingqondo yayo futhi ijabule ngenkululeko yayo kuzo zonke izithiyo zomzimba, ezibonakalayo.

Lapho umuntu efa, ukhohlwa ukulinganiselwa komzimba wenyama futhi aqaphele ukuthi ukhululekile kangakanani ngempela. Kukhona umuzwa wokwesaba imizuzwana embalwa: ukwesaba okungaziwa, ukwesaba into engajwayelekile engqondweni yomuntu. Kodwa-ke umphefumulo uthola ulwazi olujulile kanye nenjabulo enkulu ngokukhululwa kuzo zonke izithiyo, ikakhulukazi umuzwa wokuba khona ngaphandle kwekheji elingokwenyama.

Akukho okufanele kwesatshwe, ngoba uma nje umuntu engakafi, usaphila, futhi lapho efa, kuyisiphetho futhi ngeke kusale lutho okufanele lwesatshwe.

Ukufa kuyinto evamile: ushintsho oludlula wonke umuntu. Ake siziduduze ngeqiniso lokuthi ukufa kwenzeka kuwo wonke umuntu, nokuthi kuyisikhathi sokuphumula emithwalweni nasezinkathazweni zokuphila.

Ukufa kuyinto ejabulisayo, kodwa umuntu akufanele akufisele ukubaleka ezifundweni ezinzima zokuphila. Ukubaleka kuyiphutha. Kungakhathaliseki ukuthi umuntu ubhekene nezimo ezinjani emhlabeni, kumelwe abhekane nazo ngesibindi nangesibindi. Lapho umuntu ephumelela ekubhekaneni nezinselele zokuphila, ukufa kuba umvuzo ofanele.

Ukufa akusona isiphetho, kodwa inkululeko yesikhashana enikezwa ngumthetho waphezulu wobulungiswa (karma) emiphefumulweni lapho yenza imisebenzi yayo kahle, noma lapho ubuhlungu buqeda amandla ayo kangangokuthi ayikwazi ukubekezelela ukuphila nokuqhubeka nendlela yayo.

Kulabo abahluphekayo (nalabo abacabangayo), ukufa kuwukukhululwa ekuhluphekeni okubuhlungu komzimba kube sesimweni sokuthula, ukuphaphama, nokuthula Kwasebekhulile, kuyimpesheni efanelwe kahle etholwa ngeminyaka yokusebenza okuqhubekayo kanye nomzabalazo. Kuwo wonke umuntu, kuyikhefu elimukelekayo. Kodwa phakathi nalokhu kuphumula, izifiso ezilele ezingagcwalisekanga ngesikhathi sokuphila kwasemhlabeni ziyavuka, futhi umphefumulo uzizwa isidingo sokuzigcwalisa. Lapho lezi zifiso seziqine ngokwanele, umphefumulo udonselwa emuva emhlabeni futhi uzalwe kabusha.

Ubuwena bethu bangempela, noma umphefumulo, awufi ebuntwini bawo. Singase silale isikhashana ngenxa yalolo shintsho olubizwa ngokuthi ukufa, kodwa ubuwena bethu obubalulekile abusoze bashabalala. Sikhona, futhi ubukhona bethu bungunaphakade. Igagasi liza ogwini bese libuyela olwandle ngaphandle kokulahlekelwa ubunjalo balo; kunalokho, lihlangana nolwandle noma libuye futhi njengelineye igagasi.

Umzimba waphuma olwandle oluyi-cosmic futhi uzoshabalala, kodwa ingqikithi yomphefumulo ohlala emzimbeni ngeke iyeke ukuba khona kuze kube phakade Ngoba ukubhujiswa kwaleyo ngqikithi yaphezulu akunakwenzeka.

Kungani sikhala lapho abathandekayo bethu befa? Ngoba sidabuka ukulahlekelwa kwethu Uma abathandekayo bethu besishiyele ukufunda ezikoleni kangcono kunezikole zokuphila, kufanele sijabule ngabo esikhundleni sokudabuka ngabo Ukudabuka ngemiphefumulo eshonile kuyigcina iboshwe emhlabeni ngezintambo zosizi lwethu, okuvimbela intuthuko yayo emazingeni aphezulu omhlaba kaNkulunkulu ongenamkhawulo

Ukufa kuza kulabo abasebenza kanzima nangokuzikhandla empilweni njengokukhushulelwa esikhundleni esiphakeme kanye nesikhundla. Futhi kulabo abahlulekayo, kuza nokubanika ithuba elisha endaweni entsha lokuzama futhi nokufeza impumelelo.

Labo abangakhanyiselwanga babona ukufa njengodonga oluqinile olufihla abangani babo nabathandekayo babo ngemva kwakho phakade. Kodwa labo abangenazo izinamathiselo nezifiso zobugovu, abathanda abanye njengezibonakaliso zobuntu zikaNkulunkulu, bayaqonda ukuthi ekufeni abathandekayo babo babuyela kuNkulunkulu ukuzophefumula endaweni yaKhe enkulu imimoya yenkululeko nenjabulo emsulwa.

Kufanele sithumele imicabango yothando kulabo abashonile futhi sicele uNkulunkulu ukuba abaphe ukuthula nenduduzo ezweni labo elisha Lokhu kungenziwa ngokugxila kakhulu endaweni ephakathi kwamashiya nokuthumela umlayezo ongokomoya kubathandekayo bethu ekuphileni kwangemva kokufa Kufanele futhi sibathumelele imicabango yesikhuthazo nothando Uma imiyalezo yethu iqhubeka, ngokuqinisekile bazoyizwa futhi

**bayibuyisele imizwa yethu Ngoba nabo, bacabanga

injabulo engokomoya

Okuhlangenwe nakho kwangempela kwenjabulo
engokomoya

UNkulunkulu usiphe amandla okuphefumulelwa
ngokomoya: ikhono lokuzwa injabulo yokuba khona Kwakhe
ngaphakathi kithi Kodwa amandla amabi okuphila aklame
izinhlobo ezahlukene zokulingisa okungamanga
nokukhohlisayo Injabulo yesikhashana yotshwala
nezidakamizwa iwukukhohlisa kokuhlangenwe nakho
kwangempela okungokomoya Ukusetshenziswa kotshwala

kuyiqiniso ukuthi ukwazi owesibili kusho ukwazi**

owokuqala, kodwa kunomehluko endleleni lezi ezimbili ezaziwa ngayo.

Singawazi ngempela umhlaba wezinzwa kuzo zonke izilinganiso zawo ngokusebenzisa ukuqonda kwezinzwa noma ukucabanga kuphela?

Ngokuqinisekile akunjalo Kukhona amaqiniso angenamkhawulo, izenzakalo, imithetho, kanye nobudlelwano, kokubili emvelweni nangaphakathi kwemizimba yethu, okuhlala kuyizincwadi ezivaliwe nezimfihlo ezifihliwe zesintu Ngakho-ke singaziqonda kanjani izindawo ezingokomoya ezilele ngale kwayo yonke imicabango kanye nokuqonda kwezinzwa?

Ukuqonda kuvela futhi kusebenze ngaphakathi komphefumulo, kuyilapho umcabango uvela ngaphandle kokuqonda kusenza sikwazi ukuma sibhekene neqiniso, kuyilapho umcabango usinika isithombe esingaqondile salo.

Ukuqonda kubona iqiniso njengento ephelele ngenxa yokuxhumana okungavamile nokumangalisayo (phakathi kwalo neqiniso), kuyilapho ingqondo isebenza ukuhlukanisa nokuqhekeza iqiniso.

Wonke umuntu unamandla okuqonda, njengoba nje enengqondo Futhi njengoba nje umcabango ungaqeqeshwa futhi ucwengisiswe, kanjalo nokuqonda kungakhuliswa futhi kuthuthukiswe Ekuqondeni, sivumelana ngokuphelele neqiniso Izwe lenjabulo , elinobunye ngenani) kanye nemithetho yangaphakathi ebusa umhlaba ongokomoya, futhi nathi sivumelana noNkulunkulu

Intando Engaguquki: Indaba Yokutholakala Kwe-
Arctic

Ubani umuntu wokuqala amehlo akhe agcwele
izinyembezi (mhlawumbe futhi ngenjabulo
namakhaza) lapho ebona i-Arctic okokuqala
emlandweni?

Kwenzeka kanjani futhi nini lokhu? Yilokho esizozama ukukuthola emigqeni elandelayo

Sekungamakhulu eminyaka abantu bezama ukufinyelela kuleso sifunda esibandayo somhlaba, futhi umlando awukaze ube nohambo olunesibindi njengale mizamo, evame ukubiza izimpilo zabo. Imininingwane yokuqhubekela kwabo enyakatho ilandisa ngezenzo zobuqhawe kanye nezinhlekelele

Emakhulwini eminyaka mhlawumbe ezinkulungwaneni zeminyaka edlule, izakhamuzi zasezindaweni ezizungeze uLwandle iMedithera zazikholelwa ukuthi umhlaba ufana nediski ebushalelezi ezungezwe umfula omkhulu ababewubiza ngokuthi i-Oceanus.

Babengazi okuningi ngezifunda ezikude nabo, kodwa babejabulela ukuphupha nokucabanga ngalezo zindawo ezikude, njengalezo ezingaphesheya kwe-Alps ne-Balkans.

Kulezi zifunda, ithini lalikhishwa ukuze kwenziwe ithuba, kanti i-amber yayimbiwa ukuze kwenziwe ubucwebe kanye nemihlobiso. Kodwa-ke, ulwazi oluthembekile mayelana nenyakatho lwalungekho, ngakho izimbongi zathatha umthwalo wazo wokubhala izindaba ezikhangayo ngalokho okwakungale kwezintaba.

Imbongi yethu edumile nengafi, uHomer, isitshela ngamaCimmerian enyakatho enenkungu, kanye nangeziqhwaga ezihlala lapho, lapho izinsuku zimfushane kakhulu kangangokuthi umalusi obuya kusihlwa wayezohlangana nomunye umalusi ephuma ukuyoklaba ekuseni. Ezinye izindaba zisikisela ukuthi abantu babazi okuthile ngeNorth Pole, kodwa iningi

lemibono yabo ngayo yayingalungile, imvamisa ngisho nephutha.

Ngokuhamba kwesikhathi, abantu bazama ukufinyelela ezigxotsheni Ngo-500 BC, indoda egama layo linguHamilcius waseCarthage yathatha uhambo olukhulu oluya enyakatho, yafika e-Ireland futhi yaqopha uhambo lwayo. Lokhu kwakuwukulandisa kokuqala okuthembekile. Kwalandela imizamo elandelayo, lapho amaScandinavia ewela ulwandle olubandayo futhi ethola i-Iceland. Ukusuka lapho, baqhubeka nokufuna kwabo umhlaba kanye nengcebo eyengeziwe.

Kunamashumi amaningi azamile kodwa ahluleka. Sizoyishaya indiva imininingwane yemizamo yabo bese siqhubekela kumtholi wokuqala weNorth Pole.

URobert Edwin Peary wazalelwa ePennsylvania ngo-1856. Wafunda ubunjiniyela wabe esejoyina i-US Navy. Wayenesifiso esinamandla sokuhlola izindawo ezisenyakatho. Wayezazi zonke izingozi nezithiyo abahloli bamazwe ababengaphambi kwakhe ababebhekane nazo, kodwa wayezimisele ukuqhubeka futhi wayazi ngaphakathi ukuthi wayengeke ahlehle esinqumweni sakhe.

Umhloli wethu, uPeary, wazama ukuthola konke ayengakuthola nge-Arctic, izimo zayo, kanye nemininingwane eyizungezile.

Ngo-1886, wahamba waya enyakatho yeGreenland, kwathi eminyakeni emihlanu kamuva wathatha uhambo lwesibili, ehlola abantu, ewela izinguzunga zeqhwa, futhi efakazela ukuthi iGreenland inogu olusenyakatho, ngaleyo ndlela iqinisekisa isimo sayo njengesiqhingi esikhulu kunazo

zonke emhlabeni. Eminyakeni emibili kamuva, wabuyela eGreenland. Ngo-1898, waqala uhambo lweminyaka emine.

Manje uPerry wazizwa ekulungele ukungena endaweni angayazi. Waqala uhambo lwakhe oluyingozi ngo-1902, kodwa waphoqeleka ukubuya ngenxa yezimo ezingalindelekile. Ngo-1905, wazama futhi, kulokhu wafika enyakatho-mpumalanga. Ekugcineni, ngo-1908, waqala uhambo lwakhe ngomkhumbi iRoosevelt, uhambo lwakhe lwesishiyagalombili ekugcineni lwaba yimpumelelo. Yena nabangane bakhe behla, bathatha izihlibhi zezinja, bahamba baya ePole. Ezindaweni ezahlukene, abanye babangane bakhe babesala ngemuva ukuze bakhe amakamu futhi baqoqe izimpahla zohambo lwakhe lokubuyela emuva, kanye nosizo lwabo.

Waqhubeka nohambo lwakhe ephelezelwa yinceku emnyama nama-Eskimo amane, ephethe ukudla okwanele izinsuku ezingamashumi amane.

UPerry wavalelisa labo abashiya ngemuva esiteshini sokugcina wahamba waya esigxotsheni, wafika kuso ngo-Ephreli 6, 1909, ekugcineni wema esiqongweni somhlaba.

Ngaphambi kokuba uPeary afike eNorth Pole, usomkhathi waseMelika uFrederick Cook wathumela ithelegramu evela eziQhingini zaseShetland ethi ufike eNorth Pole ngonyaka odlule. Kodwa-ke, lapho ososayensi behlola izimangalo zikaCook, bathola ukuthi zingamanga nokuthi wayengakafiki eNorth Pole. Noma kunjalo, bavuma ezinye zezinto azitholile endaweni.

UPerry wayenamandla amakhulu okuzimisela, eziphoqa ukuba ahambe njalo naphezu kobuhlungu obukhulu ezinyaweni zakhe, umphumela wokulahlekelwa yizinzwane zakhe ngo-1898 ngenxa yokushisa, okwadinga ukunqunywa umlenze Kodwa lokhu kukhubazeka akuzange kumvimbele ekuhambeni (kanye nomngane wakhe othembekile nowaziswayo, indoda emnyama uMatthew Henson) amakhilomitha ayi-1,400 (ngonyawo phezu kweqhwa ezimweni ezinzima kakhulu!) ezungeze ingxenye esenyakatho yeGreenland ukuze adale imephu eningiliziwe yesifunda Yeka ubuqhawe obumangalisayo!

UPerry usabhekwa njengomunye wamadoda anesibindi futhi azimisele kakhulu ekufezeni imigomo

Kulesi simo, u-Imam Ali (kwangathi uNkulunkulu angajabula ngaye) uthi:

"Ngakho-ke kumelwe ukhuthale futhi usebenze kanzima, ulungele futhi ulungele, futhi wandise ukudla kwakho"

Ukuthula makube phezu kwakho

Phakathi kuka-Alexander noYogi

Kunezindaba ezithakazelisayo ezilotshwe ngokucophelela izazi-mlando zamaGreki nabanye ababehamba noma abalandela u-Alexander emkhankasweni wakhe wokuya eNdiya. UDkt. McCrendle wahumusha lezi zindaba ukuze akhanyise ngeNdiya yasendulo. Esinye sezici eziphawuleka kakhulu zokunqotshwa kuka-Alexander okuhlulekile kwaba nesithakazelo sakhe esijulile kwifilosofi yamaNdiya kanye nomphakathi wama-yogi namadoda

azinikele ayehlangana nawo ngezikhathi ezithile, ayefisa ngempela ukuzihlanganisa nawo. Lapho efika eTaxila enyakatho yeNdiya, iqhawe lamaGreki lathumela u-Onascritus, umfundi wesikole samaGreki sikaDiogenes, ukuba amlethele inkosi yamaNdiya uDandamus, owayehlala eTaxila ngaleso sikhathi.

U-Oniskertius wathi kuDundamus ngemva kokuthola indawo yakhe yokucasha enhliziyweni yehlathi:

"Sawubona nokuthula, O mfundisi wamaBrahmin! U-Alexander, indodana kankulunkulu omkhulu uZeus kanye nenkosi yayo yonke indalo, ucela ukuthi uye kuye Uma wenza kanjalo, uzokunika umvuzo omkhulu, kodwa uma wenqaba, uzokusika ikhanda lakho"

I-yogi yamukela ngokuthula lesi simemo esiphokelelwe, iphakamisa ikhanda layo embhedeni wayo owenziwe ngamahlamvu, yabe isiphendula:

"Nami ngiyindodana kankulunkulu uZeus, uma u-Alexander eyindodana yami angiceli lutho kulokho u-Alexander anakho, ngoba ngiyaneliseka ngalokho enginakho, kuyilapho ngimbona ehamba ngokungenanjongo namadoda akhe phezu kwamanzi nomhlaba, futhi ukuzulazula kwakhe akupheli nanini."

"Hamba uyotshela u-Alexander ukuthi uNkulunkulu kuphela oyinkosi efaniselwe yiyo yonke inkolo nokuhlonishwa. Uyinkosi ephakeme engalokothi ikhiphe umyalo wobubi obubi ngoba ungumdali wokukhanya, ukuthula, ukuphila, namanzi, futhi ungumdali womzimba womuntu kanye nemiphefumulo yabantu. Bonke abantu babuyela kuye lapho ukufa kubakhulula, ukuze bangabe besabhekana nobubi bezifo."

Indoda ehlakaniphile yaqhubeka nenkulumo yayo ngokubhuqa okuthule:

"U-Alexander akayena unkulunkulu ngoba ngokuqinisekile uzokuzwa ukufa. Futhi umuntu onjengaye angaba kanjani inkosi yokuphila uma engakakhuphukeli esihlalweni sobukhosi sendawo yonke engaphakathi, futhi engakangeni kwalasha ephila, futhi engayazi indlela yelanga phezu kwezindawo ezinkulu zomhlaba, futhi ngaphezu kwalokho, izizwe ezingomakhelwane azikaze zizwe ngaye?!"

Ngemva kwalokhu kukhuzwa, okubhekwa njengokuhlasela okunzima kakhulu ezindlebeni zika (iNkosi yoMhlaba), lo saint wanezela ngokugcona: "Uma amakoloni ka-Alexander amanje enganele ukwanelisa ubugovu bakhe, makawe uMfula iGanges futhi uzothola izwe elikhulu elingahlalisa wonke amadoda akhe"

"Lokho u-Alexander anginika khona kanye nezipho azithembisayo akusizi ngalutho kimi. Izinto engizithanda ngempela futhi engizibheka njengeziwusizo noma eziyigugu yilezi zihlahla engakha ngazo indlu yami, lezi zitshalo eziqhakazayo ezinginika ukudla kwansuku zonke, kanye namanzi aqeda ukoma kwami. Zonke ezinye izinto, eziqoqwe ngokucophelela okukhulu, ziwumthwalo kubanikazi bazo, zibashiya bengenalutho ngaphandle kosizi nokuzisola, impilo yabantu abangakakhanyiselwa. Mina, ngilala ngokuthula phakathi kwamaqabunga notshani behlathi, futhi njengoba ngingenalutho olungigcina ngiphapheme, ngilala kahle, ngijabulela ubuthongo obuhle nobunokuthula. Uma benginokuthile okudinga ukuqapha nokuqapha,

bekuzongiphazamisa ukuphumula futhi kungiphuce injabulo yokulala. Umhlaba unginika konke engikudingayo, njengoba nje umama enikeza usana lwakhe ubisi. Ngizulazula noma kuphi lapho ngifisa khona, futhi anginazo izinkinga zokungikhathaza noma zonakalise impilo yami."

Ngisho noma u-Alexander enganginquma ikhanda, ngeke akwazi ukubhubhisa umoya wami. Ikhanda lami, elizothula ngemva kokufa, nomzimba wami, ozoba njengengubo edabukile, lizosala emhlabathini lapho lenziwe khona.

Mina, njengomoya, ngizobe sengikhuphukela kuNkulunkulu, owasigqokisa imizimba wasibeka kulomhlaba ukuze simbonise—ngesikhathi silapha—ukuthi sizozithoba yini entandweni yaKhe futhi siphile ngokumlalela. Futhi lapho simi phambi kwaKhe, uzofuna ukulandisa ngezenzo zethu. UnguMahluleli olungile olahla bonke ububi, isono, kanye nokweqa umthetho, lapho ukukhala kwabacindezelwe kuba yisijeziso somcindezeli.

Vumela u-Alexander asebenzise lolu songo ukwesabisa labo abafisa ingcebo noma abesaba ukufa. Isikhali sika-Alexander sibuthakathaka ngokumelene ne-yogis

Asiyithandi imali futhi asikwesabi ukufa Hambani nimtshele ukuthi uDundamus akadingi lutho olunalo, ngakho-ke uyenqaba ukuza kuwe. Kodwa uma udinga uDundamus, woza kuye wena ngokwakho" U-Alexander wamukela ngokunaka okukhulu impendulo ye-yogi ngolimi luka-Onesicritus, futhi wezwa isifiso esikhulu sokubona uDundamus, owathi - naphezu kobuze bakhe nokuguga kwakhe - wamthola

ENdiya, uBuddha ubhekwa njengomuntu ozelwe njengoNkulunkulu. Waphila eminyakeni engamakhulu amahlanu ngaphambi kukaJesu Kristu futhi wayeyindodana yenkosi yaseNdiya.

Uyise kaGautama (owaziwa kamuva ngokuthi uBuddha, okusho ukuthi “okhanyiselwe”) wazungeza indodana yakhe yesikhulu kusukela ekuzalweni ngayo yonke into yokunethezeka nobuhle, eyinika injabulo engenamkhawulo. Kuthiwa umshado kaGautama wawumuhle kakhulu futhi ubiza kakhulu kangangokuthi imibuso yasendulo yayingakaze iwubone ofana nawo.

Ngale ndlela, uGautama wakhula futhi wafinyelela ebudodeni, ekholelwa ukuthi izwe elimzungezile liyindawo yemicimbi ejabulisayo engapheli kanye nemicimbi ejabulisayo engapheli.

Kodwa iNkosana uGautama yayilangazelela ukuthola umhlaba ngale kwamasango esigodlo nezingadi ezinhle. Ngolunye usuku, yaphuma izifihle nomshayeli wayo wenqola ukuze izibonele umhlaba mathupha.

Le nsizwa enhle yashaqeka futhi yathinteka kakhulu lapho ibona okokuqala empilweni yayo

esingenampilo**

**Wabheka umzimba wakhe ophilile, ophilayo,
wabuza umshayeli wendiza ukuthi umzimba wakhe
nawo uzoguga yini, ubole, futhi ulahlekelwe yinhansi
yawo yokuphila ngolunye usuku. Umshayeli wendiza
waphendula ngokungathandi:**

**"O Nkosi, yonke imizimba yabantu isengozini
yezifo, ubuthakathaka, nokuguga, ngakho-ke
isiphetho sabo ukufa"**

**Lapho izwa lokhu, inkosana encane yaqala
ukucabanga ngokungathi sína ngemibono yokuphila

belele, uGautama wababheka okokugcina, futhi
ngamehlo agcwele izinyembezi, washiya isigodlo
efuna iqiniso elalizokhulula isintu phakade osizini

lokufinyelela i-nirvana, noma isimo sokuhlukana esikhulula umphefumulo ekuzalweni kabusha.

Kamuva, abalandeli bakhe basakaza izimfundiso zakhe kulo lonke elaseNdiya, eJapan, eShayina nakwezinye izingxenye zomhlaba.

Isimo seNirvana, noma ukungabikho kobubili, kuvame ukungaqondwa kahle njengokubhujiswa komuntu. Kodwa lokho uBuddha ayekusho kwakuwukubhujiswa kobuntu obulinganiselwe noma umuntu wamanga. Lobu buntu obuncane kumele bubhujiswe ukuze umphefumulo ongafi ukwazi ukukhululeka emjikelezweni wokubuyela emzimbeni womuntu.

Imfundiso yobuBuddha yokubhujiswa, eyayibheka njengomgomo wokuphila, kamuva yathathelwa indawo eNdiya yimfundiso yobuSwami kaShankara, umsunguli we-oda lobuSwami eNdiya, owafundisa ukuthi umgomo wokuphila uwukufinyelela ukuhlanguka okujabulisayo nomoya wendawo yonke ngaphandle kokubhujiswa kokuzazi.

UMfundisi uBuddha nabafundi bakhe babengashadile Ngesikhathi behamba eNdiya, kwenzeka isigameko esingajwayelekile kuBuddha esadida abafundi bakhe futhi senza abanye babo bangabaza ukuziphatha komfundisi wabo

Njengoba uBuddha omkhulu ephumule nabo emthunzini wesihlahla, owesifazane wasondela kubo wadonseleka emzimbeni nasebusweni bukaBuddha ngokungenakuvinjelwa, okwakhapha ukukhanya okungavamile. Wamthanda ngokushesha. Egcwele inkanuko, wagijimela kuye ngezingalo ezivulekile ukuyomgona nokumanga, ememeza ethi, "O injabulo

nokukhanya kokuphila, inhliziyo yami ishaya ngothando ngawe!"

Abafundi bamangala lapho bezwa inkosi yabo iphendula umlingi ngokuthi, "Sithandwa sami, nami ngiyakuthanda kodwa ungangithinti manje, ngoba isikhathi asikafiki."

Waphendula wathi: "Uthi 'sthandwa sami' kodwa ungingqabela ukuthi ngikuthinte!"

UBuddha omkhulu waphendula wathi: "Qiniseka, sithandwa sami, ukuthi ngizokuthinta kamuva, kodwa hhayi manje Futhi ngizofakazela ukuthi ngikuthanda kangakanani"

Ethola ukuthi wayengakholwa ngamazwi akhe, wanezela: "Themba amazwi ami, sithandwa sami, futhi ungalokothi uwangabaze Kamuva, lapho izithandwa zakho ezikuthanda manje sezikushiye, ngizoza kuwe"

Abafundi bakhe badideka ukuzwa lezi zindaba zothando ezivela kumphathi wabo, futhi abanye babo bacabanga ukuthi uthisha wabo wayewele ogibeni lowesifazane okhohlisayo ngempela.

Eminyakeni eminingi ngemva kwaleso sigameko, ngesikhathi uBuddha ezindla nabafundi bakhe, wavele wamemeza: "Kumelwe ngihambe, ngoba isithandwa sami esikhangayo siyangibiza ngokuthi Uyangidinga manje, futhi kumelwe ngigcwalise isithembiso engasenza kuye."

Ngokushesha nje lapho esho la mazwi, wasukuma wabaleka, abafundi bamlandela bezama ngamandla onke ukumsindisa esilingweni sowesifazane oyengayo.

Ekugcineni, umfundisi omkhulu nabafundi bakhe bafika esihlahleni esifanayo lapho ahlangana khona nowesifazane olingayo eminyakeni edlule. Babonani ngaphansi kwalowo muthi?

Bambona lona wesifazane elele phansi, umzimba wakhe omuhle ugcwele ingxibongo futhi ugcwele amathumba anuka kabi, aqhumayo.

Abafundi bathuthumela futhi basuka kuye ngokushesha, kodwa uBuddha, ngenhliziyo yakhe enomusa nothando olujulile, wahlala eceleni kwakhe, waphakamisa isidumbu sakhe esasibola, wasibeka emathangeni akhe, wamhlebelala endlebeni:

"Sithandwa sami, ngize ukuzofakazela ukuthi ngikuthanda kangakanani, nokugcwalisa isithembiso sami sokuthi ngizokuthinta. Bengilinde isikhathi eside ukukufakazela uthando lwami oluqotho. Ngiyakuthanda lapho wonke umuntu eyeka ukukuthanda. Futhi ngiyakuthinta lapho abangane bakho - izinsuku zenkazimulo - bengafuni ukukuthinta."

Lapho esho lawo mazwi, wamphulukisa ngokushesha esimweni sakhe esibuhlungu futhi wamcela ukuba ajoyine umndeni wabafundi bakhe, futhi wasabela esicelweni ngokuzimisela okungapheli nenjabulo engenakulinganiswa!

Uma sifunda ngemindeni edumile, sivame ukuqaphela ukuthi izingane zabantu abakhulu azikho ezingeni elifanayo lobuhlakani nabazali bazo Lokhu kwehluleka kwezinto eziphilayo kanye nezakhi zofuzo kubantu kuphakamisa ukusola nemibuzo: Kungani singatholi imiphumela efanayo empilweni yabantu njengoba sibona emibusweni yezitshalo nezilwane, lapho izinhlobo ezinhle zivame ukukhiqiza izinhlobo ezinhle? Kumelwe sihlolisise ukusebenza kwangaphakathi kwempilo yomuntu ukuze sifune impendulo

Akuyona into engavamile ukuthola ingane emndenini ogxile ezincwadini nasesayensi engenaso nhlobo isithakazelo ezincwadini. Kuyiqiniso ukuthi yazalelwa futhi yakhulela endaweni yokubhala

phakathi kwabathandi bezincwadi, kodwa ayinawo amathonya afanayo. Kungani futhi kwenzeka kanjani lokhu kudideka? Indawo kanye nofuzo akunikezi incazelo enengqondo yalesi simo. Kodwa ngemuva kwazo zonke lezi zici kukhona iqiniso lokuphindukuzalwa. Sizalelwa emndenini othile ngenxa yokufana ezicini ezithile. Kodwa ilungu ngalinye lomndenini lingumuntu ozimele, onezimpawu ezilethwa ekuphileni kwabo kwangaphambilini. Ngenxa yalesi sizathu, naphezu kokufana okuthile kwezinto eziphilayo kanye nezakhi zofuzo phakathi kwamalungu omndenini, umuntu ngamunye uhlukile kwabanye ngobuntu nangobuntu.

Umuntu ukhetha ukuzalelwa emndenini othile kanye nendawo ethile yomphakathi noma yesizwe ngezizathu ezithile ezinqunywa yizenzo zakhe zangaphambilini Kusukela kulo mbono, umuntu ungumakhi wekusasa lakhe kanye nomhleli wekusasa lakhe Umuntu angabikezela, ngezinga elithile, ukuthi uzoba yini empilweni yakhe yesikhathi esizayo ngokuhlaziya izifiso zakhe kanye nemikhuba yakhe evelele kulokhu kuphila.

Yilapho ukubaluleka kokuzihlaziya kokukhula ngokomoya kulele khona Abanye abantu bathanda ukufunda amanoveli abuhlungu, bewabheka njengohlobo abaluthandayo futhi benomuzwa wokuthi bazoqhubeka bewajabulela impilo yabo yonke. Kodwa uma bebengazihlaziya, bazothola ukuthi bavame ukucindezeleka nokucasuka ngokufunda njalo lolu hlobo lwezincwadi. Ngenxa yalokhu kucindezeleka, bangase bafune ukuyeka lo mkhuba futhi esikhundleni salokho bahlakulele umkhuba wokufunda izincwadi ezingokomoya eziphefumulela imicabango yabo futhi zondle imizwa yabo ngemibono

ezwakalayo nephakeme. Uma benza lolu shintsho, bazothola ukuthi izimpilo zabo zithathe inkambo entsha emangalisayo ngenxa yokuqonda okuqaphelayo nokuzimisela okuqinile.

Kuyiqiniso ukuthi singazishintsha ngokushesha kakhulu uma sifuna, kodwa ukushintsha amaphethini nemikhuba yeminyaka kudinga umzamo wangempela kanye nentando enamandla.

Ukuze kuqedwe umkhuba ojulile, wonke amandla okuzimisela kumele asetshenziswe ngendlela ehlukile kuze kube yilapho umkhuba omubi ususwa futhi amandla awo eqedwa. Iningi labantu alinaso isineke nokuphikelela okudingekayo kulokhu. Kodwa-ke, umuntu kumelwe aqaphele ukuthi lokho akudalile noma akwenzile kungasulwa noma kwenziwe kube yize.

Uma uzihlaziya, yiba nesifiso esinamandla sokususa ubuthakathaka bakho bese uba umuntu ofanele ube yikho Ungazizwa udikibele noma ukhungathekile lapho uthola amaphutha aqokonyiswa ukuzihlola ngobuqotho; kunalokho, bheka njengethuba lokubona ukuthi yini okudingeka ilungiswe ebuntwini bakho

Kuvele umbono othi umcabango uwumkhiqizo wezindlala ze-endocrine Lo mqondo awunasisekelo Inyama namathambo akukwazi ukukhiqiza umcabango Inggondo ingumakhi omkhulu wazo zonke izinto, kokubili okujwayelekile nokuqondile Njengoba nje amanzi eba yiqhwa ngokupholisa, umcabango uthatha izimo ezibonakalayo ngokujiya Konke endaweni yonke kucatshangwa ngezindlela ezibonakalayo Ngisho nesitho se-endocrine siwukubonakaliswa okubonakalayo kwemodeli encane yomcabango

Isimo somzimba nesengqondo somuntu sihlobene kakhulu Isibonelo, kuye kwaphawulwa ukuthi abantu abanesifo sesibindi bavame ukucasuka futhi bathukuthele. Uma umuntu ehlushwa ukukhiqizwa kwe-bile ngokweqile noma ukungasebenzi kahle kwesibindi, angase angathandi ukumamatheka noma ukujabula nabo bonke abahlangana nabo. Kunalokho, angase azizwe ethukuthele futhi ecasukile. Imicabango nemizwa kuthonywa isimo somzimba.

Uma izitho zomzimba zonakele, lokho kuthinta kabi amandla engqondo, okubuye kube buthaka Labo abadla inyama eningi bavame ukuthukuthele nokucasuka. Uma umuntu ebengadla ujudi wamagilebhisi isonto lonke, ubezozizwa eqabulekile futhi evumelana nawo wonke umuntu.

Ukudla ngokweqile nokudla ukudla okungafanele kudala futhi kugcine inani elikhulu lobuthi emzimbeni, okungangabazeki ukuthi bunomthelela omubi engqondweni, okwenza bube buthaka, buthule, futhi bucasuke kalula Ukuzila ukudla okungapheli ngejudi yamagilebhisi noma yewolintshi kusiza ukuhlanza umzimba, okusiza ukuvuselela ubuchopho futhi kubunike amandla Ngaphezu kwalokho, ukuzila ukudla okwelaphayo usuku olulodwa ngesonto, futhi ngezinye izikhathi izinsuku ezintathu ngesikhathi (ngenathi uphuza amanzi nejudi ngesikhathi sokuzila ukudla), kuye kwabonakala kusiza ukuhlanza umzimba ebuthi obuqongelelekile kanye nemfucuza Ukuzila ukudla izinsuku ezingaphezu kwezintathu ngesikhathi kufanele kwenziwe ngaphansi kokuqondisa kukadokotela noma uchwepheshe wokuzila ukudla

Ngake ngahlangana nendoda eneminyaka engamashumi ayisikhombisa ubudala eyayigqoke izingubo ezilula, ingenajazi, futhi ingenamasokisi, yize kwakubanda kakhulu. Yangiqinisekisa ukuthi ayizizwa ibanda nhlobo! Yayijwayele umzimba wayo isimo sezulu esibandayo. Inggondo ithonya umzimba kakhulu kunomzimba othonya inggondo, yize izakhi zamakhemikhali zomzimba zihlala zithinta inggondo.

(Qaphela: Ucwangingo olunzulu ngomthelela wokudla kanye nokudla okunempilo empilweni yengqondo belulokhu luqhubeka iminyaka eminingi ngaphambi kokuba uParamhansa enze lokhu okuphawuliwe Abantu abakhulele ebumpofwini futhi ababengenazo izakhamzimba ezifanele ngokuqinisekile babonise ukukhula kwengqondo okuphazamisekile kanye nezimpendulo ezihamba kancane. Ngaphezu kwalokho, isayensi ikhombisile ukuthi ezinye izinhlobo zokuhlanya [ezisabhekwa njengezingelapheki] zithuthuke kakhulu ngokusebenzisa amavithamini kalula. Futhi, izimbangela zezinhlobo ezithile zokucindezeleka, ukukhathazeka, kanye neminye imizwa zingalandelelwa emuva ekungalinganini kwezinto zamakhemikhali emzimbeni)

Nakuba inggondo inethonya elikhulu emzimbeni, akuhlakaniphile ukunganaki umzimba Umuntu kufanele abeke phambili ukudla okunempilo kunokudla okungenampilo Uma izimo zidinga ukuthi uhlale nabantu abakwenza ucasuke, kuyalulekwa ukuthi ushintshe indawo okuyo ngezikhathi ezithile Kodwa okungcono kakhulu kunalokhu ukushintsha isimo sakho sengqondo ukuze ungakhathazeki ngezenzo zabanye. Zishintshe, futhi uzokwazi ukuhlala ngokuthula nenjabulo noma kuphi.

ukunethezeka kulungile, umuntu akufanele abavumele ukuba bazenze izigqila. Ukulinganisela kubalulekile, futhi ngaphandle kokuba umuntu alinganisele izimo zakhe zengqondo, zomzimba, nezingokomoya, ngeke azi injabulo. Akuhlakaniphile ukuvumela imvelo yezinto ezibonakalayo ukuthi ibuse ukuhlakanipha nokuqonda komuntu. Izwi lokugcina nesinqumo sokugcina kufanele kube ngokonembeza nokuqonda.

Impilo elula nemicabango ephakeme kufanele kube yimigomo yesintu. Kumelwe sithwale zonke izakhi zenjabulo ngaphakathi kwethu. Lokhu kungenzeka ngokuzindla nokuvumelanisa ukuqonda kwethu nenjabulo engokomoya evuselelwa njalo. UNkulunkulu uyinjabulo yendawo yonke, futhi ngokuvumelana Naye, sizwa injabulo Yakhe futhi sinambithe ubumnandi Bakhe. Akumelwe neze siboleke injabulo yethu kunoma yiliphi ithonya langaphandle. Kungakhathaliseki ukuthi sihlala noma sisebenza kuphi, kumelwe sivikele ukuthula kwethu kwangaphakathi ethonyeni layo. Zihlole futhi ube yilokho okufanele ube yikho nalokho ofuna ukuba yikho. Abantu abavamile ukufunda ukuzithiba kwangempela; kunalokho, benza izinto ezilimaza inhlalakahle yabo kodwa bakholelwa ukuthi bayajabula! Kodwa injabulo yabo iyinkohliso. Isihluthulelo sangempela senjabulo nempumelelo sisekukwenzeni izinto ofuna ukuzenza ngoba kungumsebenzi wakho, futhi ukugwema ukwenza izinto ezilimazayo ngoba ukuzigwema kungcono.

nangokungesabi, uzokwazi ukumelana nokuhlaziywa kwabanye futhi ukugxekwa kwabo ngeke kukuthinte.

Labo abahlala emaphutheni abanye bayizilo. Izwe ligcwele ububi, ngakho-ke umuntu akufanele akhulume okubi, futhi angacabangi okubi, noma enze okubi. Kunalokho, umuntu kufanele abe njengembali, esakaza iphunga lomusa, izinhloso ezimsulwa, nothando lobuzalwane. Mabazizwe sengathi ungumngane weqiniso—umakhi, hhayi umbhubhisi. Uma ufisa ukuba ngcono kunawe, zihlaziye futhi uhlakulele izimfanelo ezinhle ngaphakathi. Umphefumulo onomusa ukhuluma kahle kakhulu ngomnikazi wawo kunamazwi, ngoba ukhipha ukudlidliza okuyingqayizivele abanye abakuzwayo nabakuqondayo ngaphandle kwephutha. Cabanga ngokukhanya, futhi ubumnyama buzonyamalala. Funda, ucabange, futhi wenze konke ongakwenza ukusiza abanye futhi uphakamise umthwalo wokukhathazeka, ubuhlungu, ukwesaba, nokungabi nabulungisa emahlombe abo.

Abantu abaningi bazulazula ngaphandle kwenhloso empilweni, ngaphandle komgomo ocacile Chaza injongo yakho bese usebenza ukuze uyifinyelele Beka eceleni isikhathi sokuzihlola kanye nokuthandaza ngasese Kunezinto eziningi eziphefumulelayo ezilindele ukutholakala, kodwa sivame ukuchitha isikhathi namandla ethu ezintweni ezingabalulekile Injabulo ngeke ifike ngaphandle kokuthi sigxile ekuhlakanipheni kwabantu abakhulu futhi siqondiswa ukukhanya kwabo Imibono yabo itholakala kwezinye izincwadi nemibhalo engokomoya ukuze isisize futhi isiqondise

I-Paramhansa Yogananda

Ngangena endlini yangasese futhi nganikeza uthisha wami, uSirri Yuktsuwar, ubhasikidi wemifino, ngithi:

"Lesi isipho sakho, mnumzane! Lezi zitshalo ezinkulu eziyisithupha ze-cauliflower engizitshale ngezandla zami futhi ngazinakekela kuzo zonke izigaba zazo zokukhula ngothando lukamama ngengane yakhe esanda kuzalwa."

USri Yuktiswar waphendula ngokumomotheka kokubonga, "Ngiyabonga. Sicela uyigcine ekamelweni lakho; ngizoyidinga kusasa ukuze ngidle isidlo sakusihlwa esikhethekile."

**Uthisha wathi, "Masiye ogwini lolwandle"
Wahamba phambili, mina ngamlandela neqembu
labafundi abasebasha. Uthisha wasibheka
ngokuhlambalaza wathi:**

**"Ngicela uhambe ngemigqa emibili, ugcine
izinyathelo zakho zihambisana"**

**Wabe esesihlola njengoba sasimlalela waqala
ukusho okuthile okufana nokuthi:**

**O bafana, yibani namandla futhi nihambe
ngokuhlelekile!**

**Ngahlabeka umxhwele ngendlela uthisha akwazi
ngayo ukuhambisana nezinyathelo ezinhle zabafundi

Uwuvalile yini umnyango wangemuva wendlu
yokuhlala?"**

**Ngaphendula ngathi, "Ngicabanga kanjalo,
mnumzane"**

USeri Yuktsuwar wahlala ethule imizuzu embalwa, ukumamatheka okuncane, okucishe kucindezelwe kudlala ezindebeni zakhe, wabe esegcina ethi:

"Cha, angizange ngikunake ukuthi ukuzindla okungcwele akufanele kusetshenziswe njengezaba zokunganaki ukudla okungokwenyama"

Bengicabanga ukuthi uyadlala, kodwa wanezela: "Izinkomishi zakho eziyisithupha zekholifulawa zizoba zinhlanu maduze nje"

Sabuya njengoba uthisha ayeyalile, kwathi lapho sisondele endaweni yokukhulekela wathi:

"Linda kancane Bheka, Mukunda (Paramhansa), ngakwesobunxele sakho ngaphesheya kwegceke ubheke emgwaqweni. Othile uzofika lapho maduze futhi uzoba imbangela yesijeziso sakho."

Ngafihla ukucasuka kwami ngala mazwi angacacile. Ngokungazelelwe, ngabona isakhamuzi emgwaqweni sidansa ngendlela exakile futhi sibonisa izimpawu ezingacabangeki ngezandla zaso. Ngacishe ngashaywa yilukuluku futhi ngabuka ngokucophelela lesi sithombe esihlekisayo. Njengoba nje le ndoda isizonyamalala emehlweni ethu, uSri Yuktswar wathi, "Manje uzobuya"

Isakhamuzi sashintsha indlela ngokushesha saya ngemuva kwendlu yokuhlala. Ngemva kokuwela indlela enesihlabathi, sangena esakhiweni ngomnyango wangemuva, engangingawukhiyanga, njengoba nje uthisha wami ayemyalile. Ngemva kwesikhashana, waphuma ephethe enye ye-cauliflower yami eyayiyigugu, ukuziqhenya kwakhe

kubonakala njengoba ehamba ngomoya wesithunzi nenhlonipho.

Lesi sigcawu esihlekisayo, lapho ngivele khona njengesisulu, asizange singivimbele ekuxosheni isela, engalixosha ngesivinini esikhulu. Ngangingakafiki ngisho naphakathi nendawo lapho uSri Yuktiswar engibiza, ethuthumela ngokuhleka kusukela ekhanda kuya ezinzwaneni, futhi engicela ukuba ngibuye. Phakathi kokuqhuma kwenjabulo, wachaza:

"Lowo muntu ompofu wayefisa i-cauliflower. Ngakho-ke bengicabanga ukuthi ngeke kube buhlungu ngaye ukuthola enye yama-cauliflower akho ongawanakekelanga kahle!"

Ngaphuthuma ekamelweni lami ngathola ukuthi isela lalithanda imifino, ngoba lalingathinti izindandatho zami zegolide, iwashi lami, noma imali yami, eyayisakazeke engutsheni. Kunalokho, lalingene ngaphansi kombhede laya ebhasikidini elifihliwe le-cauliflower, ligcwalisa isifiso senhliziyo yalo.

Ngalobo busuku ngacela uSri Yuktwar ukuba angichazele leso sigameko, esasingenazo izici ezididayo. Uthisha wanikina ikhanda kancane kancane, ethi:

"Uzoqonda ukuthi ngolunye usuku iSayensi izothola imithetho eminingana engaziwa maduze"

Eminyakeni embalwa kamuva, lapho izimangaliso zomsakazo zifika ngokuzumayo emhlabeni omangazwe yizinto eziningi, isiprofetho sothisha sakhunjulwa. Imibono yakudala mayelana nendawo nesikhathi yanyamalala unomphela, okwamanje

akukho neyodwa ikhaya, noma ngabe lincane kangakanani, elingafinyelelwa yiziteshi eziningi zomsakazo (nezesathelayithi) zomhlaba wonke. Ngisho nezingqondo ezingenangqondo kakhulu zivuliwe futhi zande ngaphambi kobufakazi obungenakuphikiswa besinye sezici ezichaza isintu: ukuphelela kokuba khona.

Indaba ehlekisayo ye-cauliflower ingaqondwa ngokuyiqhathanisa nomsakazo Uthisha wami wayengumthumeli nomemukeli ophelele Imicabango ayilutho ngaphandle kokudlidliza okucashile nokungaqondakali Njengoba nje umsakazo ozwelayo uthatha uhlelo oluthile phakathi kwezinkulungwane ezisakazwa yonke indawo, noSri Yuktiswar wamukela umcabango owodwa—umcabango wesiwula esithanda i-cauliflower—phakathi kwemicabango yabantu eminingi esakazwa kuleli zwe Njengoba sasihamba siya ogwini lolwandle, uthisha wezwa isifiso somuntu ovamile wase ethatha isinyathelo ngokushesha ukuze asigcwalise. Iso elingcwele lothisha wami labona indoda idansa ngaphambi kokuba abafundi benze kanjalo. Ukukhohlwa kwami ukuvala umnyango we-hermitage kwanika uthisha isizathu esilula sokungiphuca esinye sezitshalo zami engizithandayo. Ngakho-ke, uSri Yuktiswar, njengoba esebenze njengomamukeli, naye wasebenza njengomamukeli. Kule ndima, uthisha wakwazi ukuqondisa umuntu wasemakhaya ukuba abuyele emuva ezinyathelweni zakhe aye egumbini elithile ukuze athole i-cauliflower eyodwa.

Ukuqonda kuyisiqondiso somphefumulo futhi kuzibonakalisa ngempela kumuntu ngezikhathi zokuthula Cishe wonke umuntu uke waba nomuzwa wangaphakathi ongachazeki noma wakwazi

ukudlulisela imicabango yakhe komunye umuntu ngempumelelo

Inggondo yomuntu engenazo iziphazamiso zokukhathazeka inamandla okwenza yonke imisebenzi eyinkimbinkimbi yomsakazo: ukudlulisa nokwamukela imicabango, nokuhlunga engafuneki Njengoba nje amandla okudlulisa esiteshi somsakazo encike enanini likagesi esilisebenzisayo, ukusebenza kahle kwengqondo yomuntu, njengomsakazo, kuncike emandleni okuzimisela komuntu ngamunye.

Yonke imicabango ihlala izulazula phakade endaweni yonke Ngokugxilisa ingqondo okujulile, uthisha okhanyiselwe angabamba futhi afunde imicabango yanoma yimuphi umuntu, ophilayo noma ofile Imicabango ingumsuka wendawo yonke, hhayi womuntu ngamunye, Amaqiniso awakwazi ukudalwa kodwa atholakale Imicabango engamanga—emincane noma emikhulu—ivela ekungabini namandla okuqonda anele Umgomo we-yoga ukuthulisa ingqondo ukuze izwe isiqondiso esingenaphutha sezwi langaphakathi, ngaphandle kokuphazamiseka noma ukudideka

Umsakazo kanye nethelevishini kwaletha amazwi nezithombe zabanye abakude ngasikhathi sinye emakhaya ezigidi zabantu. Lokhu kwakuyisibonakaliso sokuqala sesayensi sokuthi isintu singumoya wendawo yonke. Nakuba ukuzithoba okungaboni kuzama ngazo zonke izindlela ukubusa nokubamba ingqikithi yesintu, akusona isidumbu esivalelwe endaweni ethile esikhaleni, kodwa kunalokho umoya wokuphila kwendawo yonke.

Ngokuphathelene nalokhu, uCharles Robert Richet, owathola umklomelo weNobel ku-Physiology, wabhala okulandelayo:

"Kuyamangaza ngempela futhi kuyamangalisa ukuthi izenzakalo zemvelo ezingenakwenzeka zisaqhubeka zenzeka. Uma sezizinzile, ngeke zisasimangaza njengoba kwenza isayensi ekhulwini leminyaka elidlule. Izenzakalo esizamukela kalula manje zicatshangwa ukuthi azisasimangazi ngoba seziyaqondakala. Kodwa akunjalo. Uma zingasasimangazi, akusikho ukuthi siyaziqonda, kodwa ngoba sezijwayelene. ukuzwa imibono eminingi engenamthelela empilweni
yenu. Engikushoyo akuyona inkolelo-mbono, kodwa
iqiniso eliqinisekisiwe, futhi ngizozama ukuninika
umbono walokho okungahlolwa ngempela.**

**Nginenhlanhla yokufunda leli qiniso lesayensi
komunye wezazi ezinkulu zaseNdiya eminyakeni
eminingi edlule. Ungase uzibuze ukuthi kungani
ngikukhuthaza futhi ngidonsela ukunaka kwakho kula
maqiniso. Ingabe nginezisusa zobugovu? Impendulo
yami ayiyona into engiyifunayo nje ukwethula la
maqiniso kuwe, nginethemba lokuthola injabulo
yangempela ngokukusiza ukuthi uthole injabulo
yakho ngokuwasebenzisa nokuzwa injabulo yawo.**

**Manje kumele ngisebenzise ezinye izici ze-
physiology ukuze okungenani ngithole ukuqonda
okujwayelekile kwenqubo Ngizobhekisela
ekusebenzeni kwezikhungo noma ama-axes amakhulu
kanye nogesi ogeleza usuka ebuchosheni—ngalezi
zikhungo—kuya ezithweni zezinzwa zangaphandle
nezangaphakathi, ngizigcine ziphila futhi ziphilile.**

**Kunezikhungo eziyisithupha eziyinhloko lapho
ugesi obalulekile, noma ugesi wokuphila, udluliselwa**

khona ohlelweni lonke lwezinzwa. Lezi zikhungo yilezi:

Isikhungo seMedulla esingu -1

2 Isikhungo Sentamo Yesibeletho

Isikhungo Sezitho Zasezimbotsheni Ezi-3

Isikhungo Sezinhlungu Ezine -4

Isikhungo seSacral esingu -5

Isikhungo se-Coccygeal esingu- 6

Ubuchopho buyisabalalisi sikagesi esiphezulu (isikhungo esiphezulu), futhi zonke izikhungo zixhumene futhi zisebenza ngaphansi kwethonya lesikhungo esiphezulu (amangqamuzana obuchopho). Amangqamuzana obuchopho athumela ugesi obalulekile (noma ugesi) ngalezi zikhungo noma ama-vertebral axons, wona akhipha ishaja yawo kagesi ezinzwaneni ezihambisanayo nezidluliselayo ezithatha imisebenzi yemizwa yokuzwa kanye nemizwa yokuthinta nokubona, njll.

Lo mshini kagesi okhishwa ubuchopho uwukuphila komzimba wenyama (kufaka phakathi izitho zawo zangaphakathi nezangaphandle) Ngale ndlela kagesi, ulwazi lwezinzwa ludluliselwa ebuchosheni, okubangela ukucutshungulwa kwemicabango

Uma umphefumulo ufisa ukuvimba ukugeleza kwemibiko ephazamisayo yemizwa yomzimba (esiza ekuveleni kwezihibe zokucabanga ezixhumene), kumele ulawule ugesi futhi uguqule ukugeleza kwawo kusuka ohlelweni lonke lwezinzwa kuya ezikhungweni eziyisikhombisa eziyinhloko (kufaka phakathi ubuchopho), ukuze ngale ndlela ukwazi ukunikeza

izitho zangaphandle nezangaphakathi ukuphumula okuphelele.

Ngesikhathi sokulala, ukuxhumana kukagesi phakathi kobuchopho nezitho zokuzwa kuyaphazamiseka kancane, okuvimbela imizwa evamile njengokuzwa nokuthinta ukuthi ingafiki ebuchosheni Ngenxa yokuthi lokhu kuphazamiseka akuphelele, noma yisiphi isikhuthazo sangaphandle esinamandla ngokwanele singavuselela lokhu kuxhumana kukagesi, okuvumela isikhuthazo ukuthi sifinyelele ebuchosheni futhi sivuse umuntu. Kodwa-ke, ngesikhathi sokulala, ugesi oqhubekayo ugeleza uye ezithweni zangaphakathi—inhliziyo, amaphaphu, nezinye—uzigcina ziphila futhi zisebenza.

Ngenxa yokuthi umsebenzi kagesi womzimba ngesikhathi sokulala awulawulwa ngokugcwele, imizwa yomzimba efana nokungakhululeki, ukugula, kanye nezinto ezishukumisayo zangaphandle ezinamandla zingaphazamisa umuntu olele. Kodwa-ke, ngokusebenzisa indlela enengqondo ngokwesayensi, singalawula kanyekanye imisebenzi yomzimba yangaphakathi neyangaphandle ngokuphelele—lokhu kuyingqophamlando yokuzijwayeza. Kodwa ukufinyelela ukulawula okuphelele kungadinga iminyaka eminingi yokuzijwayeza okuzinikele.

Njengoba nje izitho zangaphandle zivuselelwa ngemva kokulala, okuwukuphumula komzimba, nezitho zangaphakathi zivuselelwa kakhulu ngenxa yokusebenzisa le ndlela yesayensi, futhi amandla azo ayanda, okusiza ukwandisa impilo.

Njengoba nje singabesabi ubuthongo funa izinzwa zethu zihlale zilele futhi zingakwazi ukusebenza, nathi

akufanele singabaze ukwenza ukufa okuqaphelayo, okungukuthi, ukunikeza izitho zethu zangaphakathi ukuphumula. Khona-ke ukufa kuzoba ngaphansi kokulawula kwethu, ukuze kuthi lapho sithola ukuthi le ndlu yangempela isiwohlokile futhi ingahlalwa muntu, singayishiya ngokuzithandela nangokuqaphela okugcwele "Isitha sokugcina esizonqotshwa ukufa"

Singabonisa le ndlela ngesibonelo esilandelayo:

Uma indawo yokushintshana ngocingo eyinhloko edolobheni ixhunywe ezingxenye ezahlukene zedolobha, abashayela ucingo kulezo zingxenyebangaxhuma njalo endaweni yokushintshana ephakathi ngogesi ogeleza ngezintambo, kungakhathaliseki ukuphathwa noma ukulawulwa kwendawo yokushintshana. Kodwa-ke, uma indawo yokushintshana ngocingo eyinhloko ifisa ukunqamula izindawo zokushintshana ezahlukene, ingavala iswishi kagesi eyinhloko, ngaleyo ndlela imise ukugeleza kukagesi ezingxenye ezahlukene zedolobha.

Ngokufanayo, indlela yesayensi isinikeza inqubo edingekayo yokudonsa ugesi obalulekile—osakazeka emizimbeni yethu yonke—ezindaweni zethu eziphakathi, okungumgogodla nobuchopho. Indlela isebenza ngokudonsa umgogodla nobuchopho, okuqukethe izikhungo zamandla eziyisikhombisa eziyinhloko. Ngenxa yalokho, amandla okuphila asatshalaliswa kuwo wonke umzimba ayadonswa futhi adluliselwe ngomgogodla ebuchosheni. Lapho sifika ebuchosheni, siyawazwa futhi siwazwe njengokukhanya. Kulesi simo, umuntu ongokomoya uyakwazi ukuzikhulula ekuphazamisekeni ngokomzimba nangokwengqondo.

Umuntu ongokomoya uphazanyiswa yimibiko yocingo engenayo—ngokuphambene nentando yakhe —evela ezigabeni ezimbili “zabantu”: isigaba esiphakeme (imicabango) kanye nesigaba esiphansi (imizwa yomzimba) Ukuze ahlukane ubudlelwano nalezi zigaba ezimbili, kumele adonsele ugesi ogeleza ngezintambo zocingo uye ebhethrini eliphakathi ngokucisha iswishi kagesi (okungukuthi, ngokuzijwayeza ukuzindla) ukuze akwazi ukujabulela ukuthula nenkululeko.

Ukunaka kungumqondisi oyinhloko kanye nomsabalalisi wamandla, onesibopho sokudlulisa ugesi obalulekile usuka ebuchosheni uye ezinzwa kanye nasezinzwa. Isibonelo, uma sixosha impukane ecasulayo, sisebenzisa amandla okunaka ukuthumela ugesi ezinzwa, okuholela ekunyakazeni kwesandla okufiswayo. Ngikhuluma ngalokhu ukunikeza umbono wamandla okunaka, lapho ugesi emzimbeni ungalawulwa futhi uqondiswe khona ezikhungweni ezishiwo ngenhla.

Lapha ngingathanda ukuchaza izimo ezilandela ukulawula okuphelele komsinga we-bioelectric Ekuqaleni, umuntu uzwa umuzwa okhangayo kakhulu ngenxa yokudonswa komgogodla. Kodwa-ke, ukuzijwayeza okuqhubekayo nokuqhubekayo kuzoletha isimo senjabulo eqondayo esichitha ukuvuka kwengqondo yomzimba.

Sichaze lesi simo senjabulo njengomgomo wethu wokugcina kanye nesidingo sethu sonke, ngoba kuso sizwa ukuqaphela kwangempela uNkulunkulu noma injabulo futhi sizwa ukwanda kokuqonda kwethu. Lapho sizwa kakhulu lesi simo, ubuntu bethu (ubuncane bethu noma ubugovu) buyancipha futhi

buncibilike, futhi lapho sisondela ngokushesha ekuqondeni kwendawo yonke futhi sixhumane ngokuseduze nangokuqondile noNkulunkulu.

Inkolo, empeleni, ayilutho ngaphandle kokubhujiswa kwethu ngabanye ngaphakathi kokuqonda kwethu kwendawo yonke. Ngakho-ke, kulesi simo senjabulo, sikhuphuka isitebhisi sokholo, sishiya ngemuva isimo esicindezelayo sezinzwa kanye nokuxokozela komcabango, bese singena ezindaweni zenjabulo yaphezulu.

Ngale ndlela siqaphela amaqiniso asemhlabeni, futhi lapho lesi simo esibusisiwe siba ngokoqobo - ngokuzijwayeza okuqhubekayo - sizithola sisebukhoneni beNkosi ebusisiwe ngaphakathi kithi njalo, futhi senza imisebenzi yethu ngendlela engcono ngaphandle kokubheka izithelo zomsebenzi, ngakho-ke sikhathalela kakhulu imisebenzi kunokuzikhathalela thina (i-ego) kanye nemizwa yenjabulo nobuhlungu evezwa yileyo ego.

Ezimfundisweni zazo zonke izinkolo—ubuKrestu, ubuSulumane, nobuHindu—kukhona iqiniso eliyisisekelo: ngaphandle kokuba umuntu eqaphela ubunjalo bakhe njengomoya—umthombo wenjabulo—uzohlala eboshwe ukucabanga okulinganisewe futhi athobele imithetho yemvelo engaguquki nengathetheleli Ukwazi ubunjalo babo bangempela kuletha inkululeko yaphakade Asikwazi ukwazi uNkulunkulu ngaphandle kokuzazi thina, ngoba ubunjalo bemvelo yethu bufana nobakhe Abantu badalwa ngomfanekiso kaNkulunkulu Ngomkhuba wokuzijwayeza ngenkuthalo nangobuqotho wokuzindla kwesayensi kweqiniso, uzozazi wena—

**okungukuthi, uzoqaphela ukuthi ungumoya obusisiwe
—futhi uzomazi uNkulunkulu**

**Izindlela zokuzindla ngokomoya zihlanganisa
zonke izindlela ezidingekayo zokwazi uNkulunkulu.
Azigxili ekwehlukeni kwezinkolo nezinkolelo ngoba
okunye kwalokhu kwehluka kudala ukudideka
ekucabangeni kwabantu.**

**Ukuphakama kokuzindla kwesayensi kunezinye
izindlela kusekuxhumaneni kwayo okuseduze kanye
nesenzo esiqondile nento esibophayo kumuntu wethu
olinganiselwe: amandla okuphila Esikhundleni
sokuqondisa la mandla, okungukuthi, ukuwadlulisela
ngaphakathi nokuwahlanganisa emandleni omoya
akhulayo nabanzi, ageleza ngaphandle, agcina
umzimba nengqondo kuqhubeka njalo, ebangela
ukuphazamiseka komphefumulo ngendlela yemizwa
engokwenyama kanye nemicabango edlulayo.**

**Ngenxa yokuthi amandla okuphila ageleza
ngaphandle, imizwa nemicabango kuhlanekezela
isithombe somphefumulo omsulwa nozolile. Le ndlela
isifundisa ukuthi singaqondisa kanjani amandla
okuphila ngaphakathi. Ngakho-ke, iyindlela eqondile
nesheshayo, esiyisa ngqo ekuqondeni komphefumulo:
ekuqondeni okubusisiwe kukaNkulunkulu, ngaphandle
kwesidingo sanoma yimuphi omunye umzila.**

**Le ndlela iwukulungisa nokuqondisa ukugeleza
kwamandla okuphila ngokulungisa nokulawula enye
yezibonakaliso ezaziwayo ezihlobene ngqo namandla
okuphila uqobo.**

**Kuyafaneleka ukuqaphela ukuthi zonke izindlela
zenkolo emhlabeni zincoma ukusebenzisa indlela
eqondile noma engaqondile, isibonelo noma ecacile,**

ukulawula ukugeleza kwamandla okuphila nokuguqula indlela yawo ukuze sidlule umzimba nengqondo futhi sazi umphefumulo ngokwazi ingqikithi yemvelo yawo kanye nohlobo lwengqikithi yawo.

Ukuba khona kokuphila kumuntu kuwukusinda, kanti ukungabikho kwako kuwukubhujiswa. Ngakho-ke, indlela eqondisa umuntu ukulawula impilo ngqo iyindlela engcono kakhulu.

Amadoda ahlakaniphile ezizukulwane ezahlukene kanye namazwe ahlukenene ancome izindlela ezifanela izingqondo nezimo zabantu ababehlala phakathi kwabo. Amanye agcizelela umthandazo, amanye imizwa, amanye izenzo, amanye uthando, kanti amanye ukucabanga noma ukucabanga nokuzindla. Kodwa izisusa zabo zazifana.

Bonke baqinisekisa isidingo sokudlula ukuqonda ngokomzimba ngokuguqula ukugeleza kwamandla okuphila ukuze kugeleze ngaphakathi. Baphinde bagcizelela isidingo sokuzazi nokuvela kwawo ngemuva kwezimbozo, njengoba nje isithombe selanga sibonakala ngokucacile nangokucacile emanzini athule, azolile. Bonke bagcizelela ukufaneleka nokusebenza kahle kwendlela yokuzindla, ngaphandle kwesidingo sanoma yimuphi omunye umlamuleli.

Kufanele futhi kuqashelwe ukuthi ukusebenzisa le ndlela akuvimbeli ukuthuthukiswa kwamandla engqondo noma omzimba, njengoba nje ingeyona isithiyo emisebenzini yomphakathi ezuzisayo eqondiswa imizwa ebucayi kakhulu necwengekile kanye nezisusa ezinhle kakhulu ezizinikele ekukhonzeni isintu.

**Eqinisweni, sisekela futhi sincoma intuthuko
ephelele yomuntu ngamunye, ngoba le ntuthuko
yenza kube lula umkhuba wale ndlela kunokuba
iyivimbele. Okuwukuphela kwesidingo ukuqonda
nokuzijwayeza ngenkuthalo le ndlela, bese zonke
izenzo nezifiso zizoba wusizo kakhulu kumuntu
ofunayo.**

**Iphuzu elibalulekile kule ndlela ukuqonda
okufanele amandla okuphila asekela umzimba
womuntu futhi awugcine uphila futhi unamandla**

Uthando olumsulwa, uthando olungcwele, lususa izithiyo
phakathi komuntu noMdali wakhe

Ubungane buyayonakala futhi uthando phakathi
kwabantu luyaphela ngenxa yezinto ezinobuthi zokuba
nomona, ubugovu, ubudlelwano bomndeni obusebenza
ngomshini, ukuthanda ucansi ngokweqile, ukunamathela
ezintweni ezibonakalayo, ukuqhuma kwemizwelo, kanye
nokushintshana ngezinto eziwusizo, ngoba izibopho
ezidlulayo zilandelwa inzondo engazelelwe, okuholela
ekufeni kothando lomuntu Kodwa ngaphakathi kwenhliziyo
yawo wonke umuntu kukhona uthando lwaphakade,
olungcwele olungahlala lungasebenzi isikhathi esithile,

ukumangala futhi sizibuze ngemfihlo engemuva kwalesi simo esingavamile Uyini umgomo wokugcina wohambo lwethu? Futhi iyiphi indlela engcono kakhulu yokuwufinyelela?

Iningi lethu lizulazula ngokungenanjongo, ngaphandle kwenhloso noma isiqondiso, njengezimoto ezigijimela ebumnyameni Njengoba sihamba ngezindlela zokuphila ngokunganaki nangokunganaki, asikwazi ukuqonda injongo yohambo lwethu. Asiqapheli ukuthi sihamba emigwaqweni egobile engasiholeli ndawo, noma indlela eqondile eholela ngqo endaweni esiyifisayo. Futhi singayithola kanjani injongo yethu uma singakaze siyicabangele?

Iningi labantu—naphezu kokungazi injongo yokuphila—linokuthatha isinyathelo esanele sokuchaza nokuphishekela imigomo yalo nokubhekana ngokufanele nendawo elikuyo kanye nezimo zalo. Futhi kuyini ukuthatha isinyathelo? Kuyikhono lokudala, inhlansi yoMdali ongenamkhawulo ekhona ngaphakathi kwethu sonke.

Izingqondo zabantu abaningi zinjengezinjini zamandla ehhashi elilodwa! Naphezu kwamandla amakhulu engqondweni yomuntu ngamunye, bambalwa kakhulu abasebenzisa lawo mandla angakasetshenziswa Izintshisekelo zabantu zivame ukukhawulelwa futhi zilinganiselwe ezidingweni zokuphila ezifana nokudla, ukusebenza, ukuzijabulisa, ukulala, nokunye okunjalo

Izazi zengqondo zithi kunomehluko owodwa oyinhloko phakathi kwabantu nezilwane: kuzo zonke izidalwa, abantu yibona kuphela abahlekayo (mhlawumbe ngaphandle kwezinkawu nezimpisi

ezikhalayo) Ukuhleka kuyazuzisa, futhi uma umuntu engasebenzisi lesi siphos, uphuthelwa esinye sezici ezibaluleke kakhulu zentuthuko yomuntu Akufanele sifane nalabo ababheka impilo ngombono oqinile, ongathi sína, abangahleki noma abamomothekayo, futhi ngenxa yalokho, abakaze bayijabulele ngempela impilo

Ngaphezu kwekhono lomuntu eliyinqayizivele lokuhleka, abantu banelinye ikhono elingavamile: elinye elikhulu kunawo wonke, ikhono lokudala noma lokusungula izinto ezintsha. Iyini leli khono eliyimfihlakalo neliyimfihlakalo? INTshonalanga iyizwe lokusungula izinto ezintsha zesayensi okusebenzayo, kwezimboni, nokusetshenziselwe ukusetshenziswa. IMpumalanga iyizwe lokukhanyiselwa nokudala okungokomoya. Ngakho-ke, umoya wokuziqalela yikhono lokudala—ukwenza into okungekho muntu owake wayenza ngaphambili, ngezindlela ezintsha.

Umoya wokudala yikhono lokudala elivela kuMdali

Yini abantu abenze ngayo ngalesi siphos esingcwele? Bangaki abazama ngempela ukusebenzisa amandla abo okudala? Amasonto, izinyanga, neminyaka idlulile futhi iyaqhubeka idlula, futhi ayishintshi, ishintshwa kuphela ubudala. Umuntu odala ukhanya njengenkanyezi ekhazimulayo egijima emkhathini, edala okuthile kusukela ezeni futhi enza okungenakwenzeka kwenzeke ngamandla okudala omoya ophakeme.

Kunezinhlobo ezintathu zabadali:

Kunezigaba ezivelele, ezivelele, nezingavamile; izigaba eziwayelele; kanye nezigaba eziwayelele

Bese kuba namakhulu nezinkulungwane ezingabhekwa njengezingelutho

Zibuze lo mbuzo: "Ngake ngazama ukwenza into okungekho muntu owake wayenza ngaphambili?"

Leso yisiqalo sokuvuselela umoya wokuziqalela nokwenza izinto ngendlela engabonakali.

Ungafani nalabo abakholelwa ukuthi abakwazi ukwenza ngendlela ehlukile kwevamile nejwayelekile. Bafana nabantu abalalayo. Iziphakamiso abazithola engqondweni yabo ziye zabaqinisekisa ukuthi bonke bafana.

Sekuyisikhathi sokuba umuntu azivuse esimweni sakhe sokungazi nokumangala futhi aziqinisekise ukuthi uneziphiwo ezinkulu kakhulu zobuntu: umoya wokudala.

Wonke umuntu unenhansi yamandla angavamile, okumenza akwazi ukudala into engakaze ibonwe ngaphambili. Ngeshwa, abantu bavame ukuba ngaphansi kwethonya elinamandla lendawo abakuyo futhi abenzi mzamo wokugqashula ekudonseleni kwayo okunamandla. Ebusuku, izinkanyezi nenyanga, zisakaza ukukhanya kwazo okunjengesiliva nxazonke zethu, zisikhuthaza ukuba sicabange ngokuqonda okuqondisa lezi zidalwa zasezulwini endaweni enkulu. Ukukhanya okumnene kwenyanga akwanele ukwenza imisebenzi yansuku zonke, ngakho-ke ingqondo ehlakaniphile nemnene isikisela ukuphumula ebusuku. Bese ilanga liphuma, ukukhanya kwalo okukhanyayo okusivumela ukuba sibone umhlaba osizungezile ngokucaca nangokuzola, bese sizithathela umthwalo wokugcwalisa izidingo zethu.

Kunezindlela ezimbili zokugcwalisa izidingo zethu: indlela engokwenyama kanye nendlela engokomoya. Uma impilo yethu iwohloka, isibonelo, singaya kudokotela ukuze sithole ukwelashwa. Kodwa kufika isikhathi lapho kungekho dokotela noma omunye umuntu ongasiza, bese siphendukela endleleni yesibili; emandleni angokomoya adala imizimba yethu, ingqondo nomoya.

Amandla ezinto ezibonakalayo anqunyelwe, futhi uma sehluleka, siphendukela emandleni kaNkulunkulu angenamkhawulo Lokhu kusebenza nasezidingweni zethu zezimali Uma senza konke okusemandleni ethu kodwa singatholi okwanele, siphendukela kulawo mandla

Wonke umuntu ucabanga ukuthi izinkinga zakhe zimbi kakhulu Abanye abantu bazizwa becindezelekile kakhulu kunabanye ngoba ukuqina kwabo kubuthakathaka Ngenxa yokungafani kwamandla engqondo abantu abawasebenzisayo, basebenzisa amandla ahlukenene Uma umuntu ebhekene nobunzima obukhulu futhi ingqondo yakhe ibuthakathaka, ngeke akwazi ukubunqoba Labo abanezingqondo

ngokushesha.**

**Ilanga lanyamalala emehlweni, kwathi inkosana,
eyayihola ikharavani, yafika endlini endala, egugile.
Ngemva kokwehla ehhashini, yavula umnyango
ongavaliwe yangena endlini. Konke
okwakungaphakathi kwakumnyama ngaphandle
kokukhanya okuncane kwelinye lamakhona ayo,
yacabanga ngokuphelelwa yithemba, "Ngisho nendlu
ayisekho."**

**Kodwa eqhutshwa yithemba, wamemeza wathi,
"Ukuthula Ingabe ukhona lapha?"**

**Wamangala kakhulu, wezwa izwi elizolile
limphendula ngokuthula, lithi: "Yebo, ngilapha Ufuna
amanzi?"**

Inkosana yabuka umzuzwana ebumnyameni yaze yabona umoya womuntu, futhi yamangala ukuthi le ndoda yayazi imicabango yayo ngisho nangaphambi kokuba ihlangane nayo noma imazi.

Inkosana yabuza umninindlu wayo, "Ungubani wena?" Umninindlu waphendula wathi, "Ungumuntu ohluphekayo ozinikele kuNkulunkulu"

I-hemit yakhanyisa isibani futhi inkosana yabiza iqembu layo, futhi bazizwa bejabule kakhulu ngokuthola amanzi nezithelo kulelo hlathi elikude.

Inkosana yabuza i-hemit, "Auwesabi yini amahlosi nezinyoka?"

USheikh ohlala yedwa waphendula wathi: "Cha, amahlosi ayizinja zami ezifuywayo, futhi izinyoka zinokuthula kimi. Singabangane abahlala bejabulela ilanga lothando lukaNkulunkulu olukhanyisa konke okukhona kulokhu."

Njengoba inkosana ibhekisisa kakhulu i-hemit, yashaywa uvalo lapho ibona ama-cobra amabili elenga entanyeni ye-hemit. Lapho esondela ukuze aqinisekise lokho ayekubonile, izinyoka zakhala futhi zaqhuma, zishaya amakhanda azo, ngoba zizwa ukuthuthumela kokwesaba kanye nokuziphindiselela okucashe enhliziyweni yenkosana.

Ngaphezu kwalokho, ngaleso sikhathi enye yezingwe zasehlathini yangena endlini yalala buthule ezinyaweni zomhlali. Ngemva kokuba umuntu kaNkulunkulu eyiduduzile futhi eyishaya ikhanda, ingwe yahamba buthule, iya enhliziyweni yehlathi.

Inkosana ezikhukhumezayo yazitshela, "Le ndoda endala kumelwe ukuba ilungile futhi inenhliziyohle, ngoba isivikele ezilwaneni zasendle nasekomeni okubulalayo Njengomvuzo wesenzo sayo, ngizoyicebisa" Yabe isikhuluma nomuntu ohlala yedwa, ithi:

"O Sheikh, ubuso bakho bukhanya ngomusa nangobuqotho, futhi ngiyakwazisa konke okwenzele mina kanye neqembu lami. Ngakho-ke, ngifuna ukukuphathisa imfihlo oyoceba ngayo futhi ucebe. Le mfihlo ngiyayembula okokuqala, futhi kuwe kuphela."

Ngokushesha nje ngemva kokukhuluma la mazwi, inkosana yathatha itshe ngaphansi kwengubo yayo yaqhubeka nokukhuluma, ithi:

"Ngifuna ukukuphathisa leli gugu lomndeni. Liyitshe Lesazi Sefilosofi, futhi mhlawumbe uzoceba ngokulisebenzisa. Leli tshe lenza igolide, futhi lanikwa ubaba ngomunye wososayensi abakhulu be-alchemy. Linamandla okuguqula konke elikuthintayo kube yigolide elihlanzekile. Ungasebenzisa leli tshe unyaka wonke bese uguqula amatshe abe yigolide, bese uwathengisa ukuze uzithengele isigodlo segolide. Ngizobuya kuwe ngemva konyaka ngizokuvakashela futhi ngithathe itshe lami, engilibheka njengeliyigugu ngaphezu kokuphila kwami."

Isihlobo sasingafuni ukwamukela lowo mthwalo wemfanelo, kodwa ngenxa yokuncenga okuqhubekayo kwenkosana, savuma ukugcina itshe lesazi sefilosofi. Isikhulu sabona isihlobo sibeka itshe ngaphansi kwebhande laso ngokunganaki (lapho abantu babevame ukufaka khona imali yabo ngenxa yokwesaba izigebengu!), bese isikhulu saqhubeka nendlela yaso.

Ngemva konyaka, inkosana yabuya neqembu layo, ilindele ukubona isigodlo esihle kakhulu esikhundleni sendlu egugile. Kodwa yadumala lapho ibona ukuthi indlu yayisamile futhi isesimweni esibi kakhulu kunangaphambili. Ngakho yehla ehhashini layo yavula umnyango, yamemeza ngezwi elikhulu yathi:

"Usaphila, mfokazi?"

**I-hemit yaphendula ngezwi elinamandla nelijulile:
"Yebo, makadunyiswe uNkulunkulu, O Nkosana
Siyakwamukela ekhaya lami eliphansi"**

**Ngokushesha futhi ngaphandle kwesandulelo,
inkosana yamemeza: "Kwenzenjani ngawe, ndoda?
Wenzeni ngetshe lesazi sefilosofi engangikushiyele
lona? Kungani ungalisebenzisanga ukuze ucebe?"**

**I-hemit yacabanga isikhashana yabe isiphendula:
"Liyini leli tshe lesazi sefilosofi okhuluma ngalo, futhi
usho ukuthini uma uthi kufanele ngicebe? Eqinisweni,
angifuni ukuceba kunami."**

**Uvalo lwahlasela inkosana, icabanga ukuthi i-
hemit endala yayilahlekelwe yitshe layo ngenxa
yokunganaki kwayo ngalo, yathi ngezwi elinokukhala:
"Ngisho itshe lesazi sefilosofi esingenakuqhathaniswa
owalifaka ngaphansi kwebhande lakho ngonyaka
odlule? [Eddie, ephethe ibhande lakho], ngitshele
ukuthi wenzeni ngalo?"**

**I-hemit yaphendula: "Kulungile lokho kumanje
ngiyalikhumbula itshe lakho eliyigugu. Ngolunye
usuku ngangicabanga kakhulu ngoNkulunkulu lapho
ngiya kogeza emfuleni, futhi ngicabanga ukuthi itshe
laphuma ezingutsheni zami lagwinywa amanzi.
Ungaphepha."**

**Inkosana yamemeza ngezwi elikhulu, "O,
ukulahlekelwa kwami okungenakuphindwa!
Ngilahlekelwe yikho konke!" futhi yacishe yaquleka
ngenxa yokumangala okukhulu. I-hermit yamthela
ngamanzi abandayo ebusweni futhi yamvuselela,
kuyilapho izinceku zenkosana zisondela ku-sheikh,
amehlo azo evutha ulaka, zizama ukumlimaza. Kodwa
i-hermit yahleka yathi, "O, Nkosi, ophakeme kangaka,
bengingazi ukuthi uzovusa umsindo omkhulu ngetshe.
Woza nami siye emfuleni, ngizofuna itshe lakho futhi
ngizame ukulithola."**

Inkosana yaphendula yathi, "Usuphambene ingqondo? Ufuna manje ukufuna itshe elawa kuwe lasuswa umsinga ngonyaka odlule?"

Kodwa u-hemit akazange alalele amazwi akhe, wammemeza, ethi: "Nkosana encane, asikho isidingo salo lonke lolu daba Linda size sifune itshe emfuleni. Wozani nami, nonke."

Njengokungathi ungaphansi kwesiphonso, inkosana kanye neqembu layo basabela kumandla adonsela phansi asobala ale ndlu encane futhi bamlandela buthule baya emfuleni. Lapho, indlu encane yacela inkosana ukuba ikhiphe iduku layo ephaketheni layo, ilibambe ngamakhona alo amane, bese ilicwilisa emfuleni, ithandaza kanje:

"O Nkosi yamaKhosi, Nkosi yamaKhosi, noMenzi wawo wonke amatshe ezazi zefilosofi, buyisela itshe lami kimi"

Ngokushesha nje lapho inkosana isenza kanjalo futhi iphakamisa iduku layo emanzini, yamangala ukubona ngamehlo ayo angakholwa amatshe efilosofi angaphezu kwamashumi amabili, afana nelakuqala elalilahlekile. Lapho ihlola ngalinye, yathola ukuthi ngalinye lingaguqula amatshe avamile asebhishi abe yigolide. Inkosana yabe isibopha amatshe eduku yaphonsa inqwaba emfuleni.

I-housing kanye neqembu layo bamemeza bathi kuye, "Kungani wenze lokho?" Kodwa inkosana yabheka umuntu kaNkulunkulu, yakhothama phambi kwakhe ngenhlonipho, yathi:

"Ngifuna, mnumzane, ukuba nalokho onakho, lowo obheka amatshe enza igolide njengamatshe angenamsebenzi."

Ngakho-ke inkosana yashiya umbuso wayo wasemhlabeni ukuze ifunde endodeni endala

ehlakaniphile ukuthi ingawuthola kanjani umbuso womoya , ongaphethwe yisikhala futhi ongabhujiswa.

Imfundiso yendaba iwukuthi ingcebo yasemhlabeni, noma ngabe ingase ibonakale iyigugu kangakanani, iyadlula futhi kumele ishiywe kuleli zwe eliphansi lapho umzimba uba isidumbu esibandayo nesingenampilo.

Esikhundleni sokusebenzisa itshe lesazi sefilosofi, elifanekisela ikhono lokuqongelela ingcebo edlulayo kuphela, kufanele sibe njengomuntu ozidelayo onikele ngesikhathi sakhe nekhono lakhe ekutholeni ingcebo yaphezulu engapheli nengabhubhi.

Noma ubani othola ulwazi ngoNkulunkulu uzoba nengcebo engaphezu kwamaphupho, futhi uma kudingeka, uzodela ingcebo yezinto ezibonakalayo njengokungathi ngamatshe, ngethemba lokuthola ingcebo engokomoya nokujabulela ingcebo yangempela.
